GORDON SAMUELS, Governor

I, the Honourable Gordon Samuels AC, CVO, Governor of the State of New South Wales, with the advice of the Executive Council, and in pursuance of section 2 of the *Workers Compensation Legislation Amendment Act 2000*, do, by this my Proclamation, appoint 16 February 2001 as the day on which Schedule 8 to that Act commences.

Signed and sealed at Sydney, this 7th day of February 2001.

By His Excellency's Command,

JOHN DELLA BOSCA, M.L.C.,
Special Minister of State

GOD SAVE THE QUEEN!

Explanatory note

The object of this proclamation is to commence amendments to the *Workplace Injury Management and Workers Compensation Act 1998* and the *Workers Compensation Act 1987* relating to exchange of information about disputes that have been referred for conciliation.

Regulations

Rail Safety Amendment (Monorail) Regulation 2001

under the

Rail Safety Act 1993

His Excellency the Governor, with the advice of the Executive Council, has made the following Regulation under the *Rail Safety Act 1993*.

The Hon EDWARD OBEID, M.L.C.,
Acting Minister for Transport

Explanatory note

The *Darling Harbour (Monorail) Regulation 1995* made under the *Darling Harbour Authority Act 1984* deals with matters relating to the operation of the Darling Harbour monorail, including the payment of fares, the behaviour of passengers and other matters. As such that monorail has been excepted from the operation of the *Rail Safety Regulation 1999*.

However, on and from the commencement of Schedule 4.10 to the *Sydney Harbour Foreshore Authority Act 1998* (being 1 January 2001), the *Rail Safety Act 1993* is amended to make it explicit that that Act is to govern and regulate the Darling Harbour monorail as a railway. The *Darling Harbour (Monorail) Regulation 1995* is therefore taken to be a regulation under the *Rail Safety Act 1993*.

The object of this Regulation is to repeal the *Darling Harbour (Monorail) Regulation 1995* and to amend the *Rail Safety Regulation 1999* so that its provisions regulate the operation of the Darling Harbour monorail as a railway.

This Regulation also makes an amendment to clause 40 of the *Rail Safety Regulation 1999* in relation to vehicles driving across railway level crossings.

Rail Safety Amendment (Monorail) Regulation 2001

Explanatory note

This Regulation is made under the *Rail Safety Act 1993*, including sections 79B (offences relating to passengers or vehicles), 88 (penalty notices for certain offences) and 100 (the general regulation making power).

Threatened Species Conservation Act 1995 No 101

Notice of Final Determination and Amendment of Schedule 1 to Act

The Scientific Committee established under the *Threatened Species Conservation Act 1995* has, in pursuance of Division 3 of Part 2 of that Act, made a final determination to insert the following species of plant in Part 1 of Schedule 1 to that Act (Endangered species) and, accordingly, that Schedule is amended as set out in Annexure "A" to this Notice:

Plants

Orchidaceae

Diuris sp. (Oaklands, D.L. Jones 5380)

The final determination to insert this species in Part 1 of Schedule 1 has been made because the Scientific Committee is of the opinion that the species is likely to become extinct in nature in New South Wales unless the circumstances and factors threatening its survival or evolutionary development cease to operate.

Copies of the final determination may be inspected at:

The National Parks Centre
102 George St
The Rocks
Sydney

and at all District Offices of the National Parks and Wildlife Service during business hours.

Signed and sealed at Sydney, this 25th day of January 2001.

NSW SCIENTIFIC COMMITTEE

Final Determination

The Scientific Committee, established by the Threatened Species Conservation Act, has made a Final Determination to list the McKies Stringybark/Blackbutt Open Forest in the Nandewar and New England Tableland Bioregions as an ENDANGERED ECOLOGICAL COMMUNITY on Part 3 of Schedule 1 of the Act. The listing of Endangered Ecological Communities is provided for by Part 2 of the Act.

The Scientific Committee has found that:

1. McKies Stringybark/Blackbutt Open Forest is the name given to the plant community that is characterised by the following assemblage of species:

<i>Acacia buxifolia</i>	<i>Acacia filicifolia</i>	<i>Acacia neriifolia</i>
<i>Angophora floribunda</i>	<i>Austrodanthonia eriantha</i>	<i>Austrostipa rudis</i>
<i>Brachyloma daphnoides</i> subsp. <i>glabrum</i>	<i>Callitris endlicheri</i>	<i>Calotis cuneifolia</i>
<i>Cassinia uncata</i>	<i>Cheilanthes sieberi</i> subsp. <i>sieberi</i>	<i>Clematis glycinoides</i>
<i>Desmodium varians</i>	<i>Dianella revoluta</i>	<i>Dichondra repens</i>
<i>Digitaria breviglumis</i>	<i>Echinopogon caespitosus</i>	<i>Echinopogon ovatus</i>
<i>Eucalyptus andrewsii</i>	<i>Eucalyptus banksii</i>	<i>Eucalyptus crebra</i>
<i>Eucalyptus mckieana</i>	<i>Eucalyptus melliodora</i>	<i>Eucalyptus stannicola</i>
<i>Euchiton sphaericus</i>	<i>Gahnia aspera</i>	<i>Galium gaudichaudii</i>
<i>Glycine clandestina</i>	<i>Hardenbergia violacea</i>	<i>Hibbertia acicularis</i>
<i>Hibbertia obtusifolia</i>	<i>Hybanthus monopetalus</i>	<i>Hypericum gramineum</i>
<i>Imperata cylindrica</i>	<i>Indigofera australis</i>	<i>Lagenifera stipitata</i>
<i>Lepidosperma laterale</i>	<i>Leptospermum brevipes</i>	<i>Leucopogon biflorus</i>
<i>Leucopogon lanceolatus</i>	<i>Leucopogon muticus</i>	<i>Lissanthe strigosa</i>
<i>Melichrus urceolatus</i>	<i>Microlaena stipoides</i>	<i>Monotoca scoparia</i>
<i>Myoporum montanum</i>	<i>Olearia elliptica</i>	<i>Opercularia aspera</i>
<i>Persoonia cornifolia</i>	<i>Pomaderris angustifolia</i>	<i>Pomax umbellata</i>
<i>Poranthera microphylla</i>	<i>Pteridium esculentum</i>	<i>Styphelia triflora</i>
<i>Vernonia cinerea</i>	<i>Veronica calycina</i>	<i>Viola betonicifolia</i>

2. The total species list of the community is considerably larger than that given in 1 (above), with many species present in only one or two sites or in very small quantity. In any particular site not all of the assemblage listed in 1 may be present. At any one time, seeds of some species may only be present in the soil seed bank with no above-ground individuals present. The species composition of the site will be influenced by the size of the site, local conditions (eg. topography & rainfall) and by its recent disturbance history. The number of species and the above-ground composition of species will change with time since fire, and may also change in response to changes in fire frequency.

NSW SCIENTIFIC COMMITTEE

3. Characteristic tree species include *Eucalyptus andrewsii*, *E. mckieana* and *Callitris endlicheri*. The community is found on lateritic soils in low lying areas on hill slopes and open depressions.
4. The McKies Stringybark/Blackbutt Open Forest Community has a restricted distribution occurring between Clayton Chase in the north and areas south of Gilgai. It is currently known from Inverell LGA, but may occur in Guyra and Uralla and possibly other LGAs. These areas are included in the Nandewar and New England Tableland Bioregions.
5. The vegetation over much of the area supporting this community is severely fragmented. Many examples of the community occur on private property although small patches occur in Kings Plains National Park (J.T. Hunter 1999, Vegetation and floristics of Kings Plains National Park, Unpublished report to NSW National Parks and Wildlife Service) and on the boundary of Severn River Nature Reserve.
6. Many current stands of the McKies Stringybark/Blackbutt Open Forest Community exist as narrow remnants on roadsides and travelling stock routes. These remnants occur as narrow linear patches, and are subject to weed invasion and the possibility of being further reduced by road widening. Weeds occur throughout the community. Other substantial stands are fragmented as a result of fenceline and trail clearing. Clearing and fragmentation are continuing threats as a result of further subdivision, fenceline and trail work and maintenance of paddocks. Selective logging has occurred in some northern stands.
7. In view of the size and fragmented nature of existing remnants, the continuing threat of further fragmentation, clearing and other threatening processes, the Scientific Committee is of the opinion that the McKies Stringybark/Blackbutt Open Forest in the Nandewar and New England Tableland Bioregions is likely to become extinct in nature in New South Wales unless the circumstances and factors threatening its survival or evolutionary development cease to operate and is eligible for listing as an endangered ecological community.

CHARITABLE TRUSTS ACT 1993

Notice Under Section 12

Proposed Cy-Pres Scheme Relating to the
Leichhardt-Lilyfield Flag Mortality Fund

THE Leichhardt-Lilyfield Flag Mortality Fund ('the Fund') was created on an informal basis as the 'Flag Fund' circa 1932, and was operated by an unincorporated association of ex-servicemen and women who applied the proceeds towards the cost of funerals of ex-service persons and their families in need.

By the 1970s subscriptions to the Fund had lapsed and discussions commenced as to the dissolution of the Fund and disbursement of the remaining funds to charity. In or about 1992, Fund beneficiaries were canvassed as to their willingness to accept an amount of \$60.00 at the time, rather than at death, and as to whether they held any views in relation to the payment of the balance of the Fund to charity. Inquiries were initiated as to suitable organisations to which the Fund might be paid on a cy-pres basis.

I have formed the view that the Fund was a charitable trust and have approved a recommendation that the Attorney General establish a cy-pres scheme pursuant to section 12 (1) (a) of the Charitable Trusts Act 1993.

The scheme is to be applied to give effect to the Fund as a half share to the Society of St Vincent de Paul Vincentian Village, East Sydney, to be applied for the purpose of upgrading emergency family accommodation at the Vincentian Village, East Sydney including, but not limited to, the purchase of any necessary equipment or furniture for such emergency family accommodation, and a half share to Claffey House, Croydon, which provides homeless women and their children with crisis accommodation. The funds to Claffey House are to be applied for resettling costs for
