Nature Reserves

IN pursuance of section 75 of the National Parks and Wildlife Act 1974, it is hereby notified that a Plan of Management Amendment for Myall Lakes National Park, Little Broughton Island and Stormpetrel Nature Reserves has been prepared.

The amendment is a revision of the "camping" and "picnic area" sections of the full draft plan of management that was placed on exhibition in late 2001. This revision has been necessary because of a risk assessment of relevant visitor facility areas following the identification of a tree fall risk in the park. A Review of Environmental Factors (REF) relating to the development of new visitor facility sites, and redevelopment of some existing sites, has been prepared. To assist the public in understanding the proposed changes to camping and day use areas, and to provide an opportunity for comment on the assessment of the environmental impact of the proposed work, the REF will be placed on public exhibition concurrently with this amendment.

The amendment and complete version of the REF will be on public display from 29 May 2002 until 26 June 2002. Copies of the amendment and REF may be inspected during office hours at:
