New South Wales

Annual Reports (Statutory Bodies) Amendment Regulation 2003

under the

Annual Reports (Statutory Bodies) Act 1984

Her Excellency the Governor, with the advice of the Executive Council, has made the following Regulation under the *Annual Reports (Statutory Bodies) Act 1984*.

MICHAEL EGAN, M.L.C.,
Treasurer

Explanatory note

Clause 8 (2) (c) of the *Annual Reports (Statutory Bodies) Regulation 2000* provides that the annual report of a statutory body must comprise the number of copies printed of the annual report and the average cost of producing each copy, if known, or if not, the estimated average cost of producing each copy, based on the external costs (such as fees for consultants or printing costs) incurred in the production of the report.

The object of this Regulation is to amend the *Annual Reports (Statutory Bodies) Regulation 2000* to remove the requirement set out in clause 8 (2) (c) of that Regulation and instead provide that the annual report of a statutory body must comprise:

- (a) a statement of the total external costs (such as fees for consultants and printing costs) incurred in the production of the report, and
- (b) a statement as to whether the report is available in non-printed formats (such as on the Internet or on CD ROM), and
- (c) if the report is available on the Internet, particulars of the Internet address at which the report may be accessed.

This Regulation is made under the *Annual Reports (Statutory Bodies) Act 1984*, including section 7 (1) (a) (v) and (b) and section 17 (the general regulation-making power).

Annual Reports (Departments) Amendment Regulation 2003

under the

Annual Reports (Departments) Act 1985

Her Excellency the Governor, with the advice of the Executive Council, has made the following Regulation under the *Annual Reports (Departments) Act 1985*.

MICHAEL EGAN, M.L.C.,
Treasurer

Explanatory note

Clause 5 (e) of the *Annual Reports (Departments) Regulation 2000* provides that the annual report of a Department must show the number of copies printed of the annual report and the average cost of producing each copy, if known, or if not, the estimated average cost of producing each copy, based on the external costs (such as fees for consultants or printing costs) incurred in the production of the report.

The object of this Regulation is to amend the *Annual Reports (Departments) Regulation 2000* to remove the requirement set out in clause 5 (e) of that Regulation and instead provide that the annual report of a Department must show:

- (a) the total external costs (such as fees for consultants and printing costs) incurred in the production of the report, and
- (b) whether the report is available in non-printed formats (such as on the Internet or on CD ROM), and
- (c) if the report is available on the Internet, the Internet address at which the report may be accessed.

Protection of the Environment Operations (General) Amendment (Load-based Licensing) Regulation 2003

under the

Protection of the Environment Operations Act 1997

Her Excellency the Governor, with the advice of the Executive Council, has made the following Regulation under the *Protection of the Environment Operations Act 1997*.

BOB DEBUS, M.P.,
Minister for the Environment

Explanatory note

Division 5 of Part 2.1 of the *Protection of the Environment Operations (General) Regulation 1998* provides for load reduction agreements as a means for holders of environment protection licences to make savings on load-based licence fees in exchange for future reductions on the discharge of pollutants.

The object of this Regulation is to provide for the following matters to be determined by reference to the actual or weighted load for an assessable pollutant that a licensee reports to the EPA (rather than by reference to the reported actual load only):

- (a) the load limits for pollutants to be imposed on termination or expiration of load reduction agreements,
- (b) whether savings on fees are to be paid to the EPA on the termination or expiration of such agreements and, if they are to be paid, the calculation of those savings.

This Regulation is made under the *Protection of the Environment Operations Act 1997*, including section 323 (the general regulation-making power) and clause 9 of Schedule 2.

(Clause 2)

[1] Clause 24A Definitions

Omit the definition of *reported actual load*. Insert instead:

reported load means:

- (a) the actual load that is reported to the EPA by a licensee for an assessable pollutant for a licence fee period (unless paragraph (b) applies), or
- (b) if a weighted load is reported to the EPA by the licensee for the assessable pollutant for the licence fee period—the weighted load.

[2] Clause 26 Content of load reduction agreements

Omit “reported actual load” wherever occurring in clause 26 (1) (e).

Insert instead “reported load”.

[3] Clause 28 Termination of agreement

Omit “reported actual load” wherever occurring in clause 28 (4) and (5).

Insert instead “reported load”.

[4] Clause 28A Liability of licensee on expiration of agreement

Omit “reported actual load” from clause 28A (2) and (3).

Insert instead “reported load”.

[5] Clause 28B Amounts payable on termination or expiration

Omit “reported actual load” wherever occurring in clause 28B (1).

Insert instead “reported load”.

Parliamentary Contributory Superannuation Regulation 2003

under the

Parliamentary Contributory Superannuation Act 1971

Her Excellency the Governor, with the advice of the Executive Council, has made the following Regulation under the *Parliamentary Contributory Superannuation Act 1971*.

JOHN DELLA BOSCA, M.L.C.,
Special Minister of State

Explanatory note

The object of this Regulation is to repeal and remake, without any changes in substance, the provisions of the *Parliamentary Contributory Superannuation Regulation 1998*, which was due to be repealed under the *Subordinate Legislation Act 1989* on 1 September 2003.

The new Regulation deals with the following matters:

- (a) meetings of trustees (clause 4),
- (b) signing of cheques (clause 5),
- (c) applications for pensions and other benefits (clause 6),
- (d) proof of age and marriage (clause 7),
- (e) notification of change of address (clause 8),
- (f) provision of further information to trustees (clause 9),
- (g) declarations as to certain matters (clause 10),
- (h) notification of changes in circumstances (clause 11),
- (i) the keeping of records (clause 12),
- (j) other minor, consequential or ancillary matters (clauses 1, 2, 3, 13 and 14).

Parliamentary Contributory Superannuation Regulation 2003

Explanatory note

This Regulation is made under the *Parliamentary Contributory Superannuation Act 1971*, including sections 13, 16, 19A and 33 (the general regulation-making power).

This Regulation comprises or relates to matters of a machinery nature.

This Regulation is made in connection with the staged repeal of subordinate legislation under the *Subordinate Legislation Act 1989*.

Clause 1 Parliamentary Contributory Superannuation Regulation 2003

Parliamentary Contributory Superannuation Regulation 2003

under the

Parliamentary Contributory Superannuation Act 1971

1 Name of Regulation

This Regulation is the *Parliamentary Contributory Superannuation Regulation 2003*.

2 Definitions

In this Regulation:

the Act means the *Parliamentary Contributory Superannuation Act 1971*.

Note. Section 11 of the *Interpretation Act 1987* provides that expressions defined in the Act have the same meanings in this Regulation.

3 Notes

Notes included in this Regulation do not form part of the Regulation.

4 Meetings of trustees

- (1) Meetings of the trustees are to be held on such dates, and at such times and places, as the chairperson may appoint.
- (2) The procedure for calling a meeting is for the chairperson to notify the other trustees as to the date, time and place of the meeting.
- (3) The chairperson is to ensure that a written record is kept of each meeting of the trustees.
- (4) The functions conferred on the chairperson by this clause are, in the absence of the chairperson, to be exercised by the vice-chairperson.

5 Signing of cheques

Any cheque drawn on the Fund:

- (a) must be signed by at least 2 persons authorised by the trustees for that purpose, and

(b) must be drawn to order and crossed “not negotiable”.

6 Applications for pensions and other benefits

An application for a pension or other benefit under the Act must be made in writing addressed to the trustees.

7 Proof of age and marriage

- (1) The trustees may require a member or former member to furnish documentary evidence of one or more of the following:
 - (a) his or her age,
 - (b) if the person is married, his or her marriage,
 - (c) if the person is in a de facto relationship, his or her de facto relationship.
- (2) The trustees may require the spouse or de facto partner of a member or former member to furnish documentary evidence of one or more of the following:
 - (a) his or her marriage to the member or former member,
 - (b) his or her de facto relationship with the member or former member.

8 Pensioner to inform trustees of change of address

Any person who is receiving a pension under the Act must inform the trustees of any change in the person’s address.

9 Trustees may require information concerning entitlement to pension

The trustees may require a person to furnish specified particulars as to the person’s entitlement to receive a pension under the Act.

Note. This provision gives the trustees authority to require information from persons applying for a pension under the Act in order to satisfy the trustees that they are eligible for the pension.

10 Trustees may require pensioner to sign declaration

The trustees may from time to time require a person who is receiving a pension under the Act to furnish a signed declaration, in a form approved by the trustees, to the effect that during the period in respect of which the pension has been paid:

- (a) the person has not become a Member of the Parliament of the Commonwealth or of any other State or Territory, and

Clause 11 Parliamentary Contributory Superannuation Regulation 2003

- (b) in the case of a person who is receiving a pension as the spouse or de facto partner of a member or former member who has died:
 - (i) the person has not become entitled to payment of any other pension because of having been a member of the Parliament of the Commonwealth or of any other State or Territory, and
 - (ii) the person has not become entitled to payment of any other pension as the spouse or de facto partner of a member of the Parliament of the Commonwealth or of any other State or Territory.

11 Trustees to be notified if entitlement to pension ceases

A person who ceases to be entitled to receive a pension under the Act must at once notify the trustees of that fact and of the date on which the person ceased to be so entitled.

12 Records

The trustees must cause records to be kept in respect of each member and person who is receiving or is entitled to receive a pension or other benefit under the Act showing all amounts paid into or from the Fund in respect of the member or person.

13 Repeal

The *Parliamentary Contributory Superannuation Regulation 1998* is repealed.

14 Savings

Any act, matter or thing that, immediately before the repeal of the *Parliamentary Contributory Superannuation Regulation 1998*, had effect under that Regulation continues to have effect under this Regulation.

**ALTERATION OF PURPOSE OF A WESTERN
LANDS LEASE**

IT is hereby notified that in pursuance of the provisions of section 18J, Western Lands Act 1901, the purpose and conditions of the undermentioned Western Lands Leases have been altered as shown.

CRAIG KNOWLES, M.P.,
 Minister for Infrastructure and Planning
 and Minister for Natural Resources

*Administrative District and Shire – Wentworth;
 Parish – Tarangara; County – Wentworth.*

The purpose of Western Lands Lease 658, being the land contained within Folio Identifier 5644/768543 has been altered from "Grazing" to "Grazing and Cultivation" effective from 28 July 2003.

The lease conditions remain unaltered as a consequence of the change of purpose except for the addition of the special conditions following.

**SPECIAL CONDITIONS ATTACHED TO
WESTERN LANDS LEASE 658**

1. The Lessee shall restrict cultivation to the area of 85 hectares shown hatched on the diagram below. Any proposed cultivation beyond those boundaries will require a review of environmental factors by the Department of Infrastructure, Planning and Natural Resources.

2. The Lessee shall take any measures directed by the Commissioner to rectify or ameliorate any on or off site natural resource degradation associated with land use on the lease. The Commissioner's directions will only require the Lessee's rectification to be commensurate with the Lessee's contribution to the degradation issue(s) in question.
3. The Lessee shall ensure that all access tracks to the area to be cultivated must be arranged in such a manner as to minimise the disturbance of any land surface or native vegetation and ensure direct access through the area.
4. Disposal of tailwater into creeks and rivers is controlled by the Protection of the Environment Operations Act 1997. Before disposing of any tailwater or water which may be contaminated with fertiliser, herbicide or pesticide the Environmental Protection Authority must be contacted.
5. Aboriginal sites are protected under the National Parks and Wildlife Act 1974, and are extremely vulnerable to many kinds of agricultural development. Should any Aboriginal archaeological material be unearthed during cultivation operations, all work is to immediately stop and the Local Aboriginal Land Council and National Parks and Wildlife Services are to be contacted.
6. Stubble shall be retained on the soil surface and shall not be burnt, except with the approval of the Commissioner. Where such approval is granted and stubble burning is carried out, a six (6) metre fire-break must be prepared around all the areas to be burnt.
7. Livestock are to be excluded from cultivated fallows unless the Commissioner or the Rangeland Management Officer otherwise provide approval in writing.
8. The lessee(s) shall undertake any appropriate measures, at his/her own expense, ordered by the Commissioner to rehabilitate any degraded cultivated areas.
9. Trees are to be established around the circumference of the centre pivot between the irrigated land and the adjoining dryland cultivation. Locally endemic tree species such as river red gum (*Eucalyptus camaldulensis*) and black box (*Eucalyptus largiflorens*) are required. Tree placement should provide adequate windbreak protection and take up of water percolation to the water table from both irrigation and the fallow phase of dryland cultivation.
10. The Lessee shall ensure that a 150 metre buffer is retained along the Darling River, and that no further development will occur in this buffer.
11. The Lessee shall ensure that any areas currently irrigated within the 150 metre buffer along the Darling River, will have a double row of locally endemic tree species planted such as black box (*E. largiflorens*) and river red gum (*E. camaldulensis*) to assist with seepage and spray drift from the development.
12. The change of purpose of this lease from "Grazing" to "Grazing and Cultivation" does not confer any greater right to the exclusive occupation of the land than was conferred by the original grant of the lease for "Grazing".

CONTAMINATED LAND MANAGEMENT ACT 1997

Section 21
 Declaration of Remediation Site
 Declaration Number 21044

THE Environment Protection Authority ("EPA") declares the following land to be a remediation site under the Contaminated Land Management Act 1997 ("the Act"):

1. Land to which this declaration applies ("the site")

The site is located at 95 Bay Road, Waverton. It comprises Lot 4 of DP 1098 in the local government area of North Sydney.

A map of the site is available for inspection at the EPA's offices located at 59-61 Goulburn Street, Sydney.

2. Nature of the substances causing the contamination:

- (i) lead;
- (ii) benzo(a)pyrene (BaP); and
- (iii) petroleum aromatic hydrocarbons ("PAH's").

3. Nature of harm that the substance may cause:

The EPA has considered the matters in s.9 of the Act and found that:

The levels of lead, BaP, and PAHs in the fill material at the site exceed relevant health based criteria for land used for standard residential use with gardens/accessible soil.

The EPA has found that the contamination of the fill material on the site presents a significant risk of harm to human health and the environment. In particular:

- The International Agency for Research on Cancer (IARC) has classified benzo(a)pyrene as Group 2A (Agents probably carcinogenic to humans) and lead as Group 2B (Agents possibly carcinogenic to humans).

4. Further action under the Act

The making of this declaration does not prevent the carrying out of a voluntary remediation of the site and any person may submit a voluntary remediation proposal for the site to the EPA. If the proposal satisfies the

requirements of s.26 of the Act, the EPA may agree not to issue a remediation order to the person or persons bringing the proposal.

5. Submissions invited

The EPA advises that the public may make written submissions to the EPA on:

- (i) Whether the EPA should issue a remediation order in relation to the site; or
- (ii) Any other matter concerning the site.

Submissions should be made in writing to:

Director Contaminated Sites
 Environment Protection Authority
 PO Box A290
 Sydney South NSW 1232

or faxed to: 02 9995 5999

by not later than 29 August 2003.

CAROLYN STRANGE,
 Director,
 Contaminated Sites,
 Environment Protection Authority
 (by delegation).

Dated: 30 July 2003.

NOTE:

Remediation order may follow

If remediation of the site or part of the site is required, the EPA may issue a remediation order under s.23 of the Act.

Variation/Revocation

This declaration remains in force until it is otherwise varied or revoked. A declaration may only be revoked when the EPA does not have reasonable grounds to believe that land is contaminated in such a way as to present a significant risk of harm (s.44 of the Act).

Information recorded by the EPA

Section 58 of the Act requires the EPA to maintain a public record. A copy of this remediation declaration will be included in the public record.

Information recorded by councils

Section 59 of the Act requires the EPA to give a copy of this declaration to the relevant local council. The council is then required to note on its planning certificate issued pursuant to s.149 (2) of the Environmental Planning and Assessment Act that the land is currently within a remediation site. The EPA is required to notify council as soon as practicable when the declaration is no longer in force and the notation on the s.149 (2) certificate is removed.

Relationship to other regulatory instrument

This declaration does not derogate from the provisions of any relevant environmental planning instruments which may control the land on which the land is located or provisions of any other environmental protection legislation administered by the EPA.

**CONTAMINATED LAND MANAGEMENT ACT
1997**

Section 21
Declaration of Remediation Site
Declaration Number 21039

THE EPA declares the following land to be a remediation site under the Contaminated Land Management Act 1997 ("the Act"):

1. Land to which this declaration applies ("the site")

Lot 121 in Deposited Plan 876790, which includes part of the southern bank of the Orara River, Coramba, NSW, in the local government area of Coffs Harbour.

2. Nature of the substance causing the contamination

Benzene.

3. Nature of harm that the substance may cause

The EPA has considered the matters in section 9 of the Act and found that:

- Benzene has been identified in fuel seeps into a backwater channel of the Orara River located at the rear of the site, and, in the Coramba drinking water supply which is extracted from the Orara River downstream of the site;
- Benzene is a human carcinogen;
- Benzene has the potential to bioaccumulate;
- Benzene has been detected in the Orara River at concentrations exceeding the ANZECC (2000) Australian and New Zealand Guidelines for Fresh and Marine Water Quality criteria for the protection of human health (recreational use) and aquatic ecosystems;
- Benzene has been detected in the Coramba drinking water supply at concentrations exceeding the Australian Drinking Water Guidelines criteria; and
- Benzene may continue to discharge into the Orara River if left unchecked.

The EPA has found that the site is contaminated with benzene in such a way as to present a significant risk of harm to human health and the environment. In particular:

- The presence of benzene in the Orara River has impaired the use of the river as a resource and required upgrade of the drinking water treatment plant;
- The contamination may impact aquatic ecosystems of the Orara River; and
- There are human exposure pathways to the contamination.

4. Further action under the Act

The making of this declaration does not prevent the carrying out of a voluntary remediation of the site and any person may submit a voluntary remediation proposal for the site to the EPA. If the proposal satisfies the requirements of section 26 of the Act, the EPA may agree not to issue a remediation order to the person or persons bringing the proposal.

5. Submissions invited

The EPA advises that the public may make written submissions to the EPA on:

- Whether the EPA should issue a remediation order in relation to the site; or
- Any other matter concerning the site.

Submissions should be made in writing to:

Director Contaminated Sites
Environment Protection Authority
PO Box A290
Sydney South NSW 1232

or faxed to: 02 9995 5930

by not later than 22 August 2003.

(by delegation).

Dated: 1 August 2003.

NOTE:

Remediation order may follow

If remediation of the site or part of the site is required, the EPA may issue a remediation order under s.23 of the Act.

Variation/Revocation

This declaration remains in force until it is otherwise varied or revoked. A declaration may only be revoked when the EPA does not have reasonable grounds to believe that land is contaminated in such a way as to present a significant risk of harm (s.44 of the Act).

Information recorded by the EPA

S.58 of the Contaminated Land Management Act 1997 requires the EPA to maintain a public record. A copy of this remediation declaration will be included in the public record.

Information recorded by councils

S.59 of the Act requires the EPA to give a copy of this declaration to the relevant local council. The council is then required to note on its planning certificate issued pursuant to s.149 (2) of the Environmental Planning and Assessment Act that the land is currently an area covered by a declaration issued under the Act. The EPA is required to notify council as soon as practicable when the declaration is no longer in force and the notation on the s.149 (2) certificate is removed.

STATUTORY AND OTHER OFFICES REMUNERATION TRIBUNAL

Report and Determination Travel Allowances for NSW Magistrates

Report

1. On 29 April 2003, the Premier of New South Wales, the Hon. BOB CARR, M.P., directed the Tribunal, pursuant to section 14 of the Statutory and Other Offices Remuneration Act 1975 (the Act), to make a determination on domestic travelling allowances for NSW Magistrates when travelling throughout Australia on official business. The Premier required the Tribunal's Report and Determination by 31 May 2003. This date was later extended to 31 July 2003 by the Premier following a request from the Tribunal.
2. The Tribunal is generally precluded from determining travelling allowances for office holders listed in the Schedules of the Act. In 2002, however, the Act was amended to provide the Tribunal with the statutory authority to determine travelling allowances for judges or other judicial office holders nominated by the Minister. The Act now provides:

10A Definitions

In this Part:

allowance does not include a travelling or subsistence allowance, but includes a travelling or subsistence allowance for travel within Australia by the holder of an office specified in Schedule 1 who is:

a Judge or Acting Judge of a court, or

any other judicial officer (within the meaning of the Judicial Officers Act 1986) nominated by the Minister by notice in writing to the Tribunal for the purposes of this definition.

3. Magistrates are holders of offices specified in Schedule 1 and are judicial officers within the meaning of the Judicial Officers Act 1986.

Submissions Received:

4. The Chief Magistrate has advised that the Local Court conducts approx. 160 weeks pa of sittings in country locations with each such Court sitting for 49 weeks per year. This is achieved by using regional relieving

magistrates (4) or sending magistrates from Sydney. Other Magistrates who regularly visit country locations include, Children's Magistrates, State Coroner, Chief Industrial Magistrate Mining Warden and four members of the Licensing Court.

5. The Chief Magistrate considers that the capacity of the Court to provide this extensive service comes with all the social and economic dislocation experienced by judges in superior courts. He adds that the conclusions drawn by the Tribunal in respect of the need for anonymity and avoiding contact with jurors and accused persons and the impracticality of a reimbursement of actual costs is equally relevant to the Magistracy.
6. The Chief Magistrate also considers that the guiding principles should also be adopted for the Local Court and that the abolition of the full rate for the final part day introduced by the Tribunal for Judges would save approx \$76,000 pa.
7. The Chief Magistrate recommends that the Local Court be brought into line with the arrangements that pertain to judges "...in all respects." This includes the conditions and the rates applicable to judges.
8. The Tribunal also received a submission from one Magistrate seeking rental assistance. The Magistrate advised that all Magistrates are required to undertake country postings for a period of two years. In these circumstances Magistrates are required to maintain their primary place of residence and also incur additional housing costs in the town where they have been posted to work. The Magistrate felt that some relief for these additional costs should be provided.
9. While the Tribunal understands the circumstances which have led to the submission being made it is not prepared to consider this matter. The Tribunal would note that country postings for Magistrates is a policy of the Local Court and any applicant for the position of Magistrate should be aware that country service for at least two years is mandatory. Any assistance for Magistrates in these circumstances should be considered by the Local Court.

Review:

10. The Tribunal has examined travelling allowance arrangements for public servants in NSW including the Chief and Senior Executive Services, for Magistrates in States other than NSW and in particular the conditions for Federal Magistrates as determined by the Commonwealth Remuneration Tribunal.
11. As with Judges, travelling allowances are intended to meet the costs necessarily incurred by Magistrates who are required to travel away from home/place of work on official business. Such costs cover accommodation, meals and incidental expenses. The rates are determined by the Director General of the Premier's Department and are consistent with the reasonable rates determined from time to time by the Commissioner of Taxation.
12. The Director General of the Premier's Department also determines the rules under which these allowances are paid. These rules are consistent with the long standing principle that travel allowances are provided to ensure that an officer is not financially disadvantaged as a result of having to travel on official business.

Considerations:

13. As with judges, the Tribunal in this determination will be setting rates for overnight stays in capital cities, for overnight stays in areas other than capital cities and meal rates for day or part of day absences from headquarters. The Tribunal will also determine the conditions upon which the rates are to be paid.
14. The Tribunal has examined carefully the submission of the Chief Magistrate and compared his comments to the determination made on travel allowances for Judges. Many of the considerations applicable to Judges' country travel are equally applicable to the Magistracy. There are, however, some significant differences between the Local Court and the District Court.
15. Unlike Judges, Magistrates are located in country centres. There are 36 regional locations in non metropolitan NSW where 44 magistrates reside and work. From these locations Magistrates undertake 39 circuits to smaller and more remote locations within their particular region. In Dubbo, for example, there are two Magistrates. One Magistrate sits daily in Dubbo and receives no travel allowance whereas the second Magistrate travels each day to a different location (Cobar Narromine Warren) and receives daily travel allowance. For some locations eg Bourke, Gunnedah and Wentworth, Magistrates fly in from Sydney to conduct sittings.
16. Advice from the Local Court is that Magistrates sit in 151 locations most of which are in rural NSW whereas the District Court sits in 20 locations. Travel allowances are also incurred in circumstances where there are periods of relief required, additional sittings and ad hoc requirements eg illness or special visits from the Coroner, Children's Magistrate etc. Advice from the Local Court is that travel allowances paid for the circuit work comprise the major proportion of the Local Court travel expenditure.
17. While NSW Magistrates may travel to other capital cities on official business, their most frequent travel is to non metropolitan NSW for hearings. This can be either direct from Sydney or as part of a regional circuit.
18. Currently NSW Magistrates receive identical capital city travel allowance rates as the Judges. The current 'other than capital city' travel allowance for Judges is \$246.65 per overnight stay whereas the rate for the SES and Magistrates is \$193.05 per overnight stay.
19. In its initial determination on Judges' travel dated 11 April 2002, the Tribunal noted that by longstanding arrangement Judges received the capital city rate for travel when travelling to 'other than capital city' locations. The Tribunal noted that this rate was generous but could not reduce it because Section 21 of the Act required that:

"Notwithstanding any other section of this Act, a determination does not operate so as to reduce the rate at which remuneration is payable to the holder of an office specified in Schedule 1."

"Remuneration" for the purposes of the Act includes salary and allowances.

20. Because of the particular circumstances that led to the current 'other than capital city' travel allowance rate for Judges, the Tribunal does not intend to extend it to Magistrates. It is then a question of what would be an appropriate rate, particularly when much of the travel and associated expenses for Magistrates, unlike Judges, is to smaller rural centres where costs generally would be expected to be lower.
21. After reviewing the survey of accommodation and meal costs both inter and intra state, the Tribunal considers that the current capital city rates are appropriate. In relation to country NSW the current daily rate of \$193.05 is also appropriate. For Newcastle and Wollongong, however, the same survey conducted by the Tribunal suggests that the current public rate is not sufficient and an increase is appropriate.
22. For reasons similar to those applicable to Judges, the Tribunal considers that the need for full certification of all expenses, accommodation, meals and incidentals is not appropriate for Magistrates' travel expenses. Magistrates will, therefore, continue to receive the full daily rate of travel allowance as determined here.
23. The Tribunal has also reviewed the arrangement where a Magistrate who has been absent for at least one night, receives a full day's travel allowance for the second day where the officer has not incurred any accommodation expenses. This is inappropriate and will be discontinued but, if the Magistrate is absent for more than a day across a meal break then the appropriate meal allowance would be paid.
24. In future the Tribunal intends making an annual determination for travel allowances for Judges and Magistrates, particularly as all the conditions applicable to both groups will be identical as will the principles which underpin them. These Principles are set out hereunder. The actual rates will be as specified in the determination for each Group.

Principles Adopted:

25. In making its determinations on travel allowance rates the Tribunal has adopted a number of guiding principles as set out hereunder:
- Travelling allowances are intended to meet the costs necessarily incurred by Magistrates who are required to travel away from home/place of work on official business. Such costs cover accommodation, meals and incidental expenses.
 - Allowances are provided to ensure that an officer is not financially disadvantaged as a result of having to travel on official business.
 - Office holders are not expected to gain or lose financially as a result of travelling on official business.
 - Where an office holder is accommodated in private, non-commercial accommodation such as the home of a family member or friend, a rate of one third of the specified rate is payable, rounded upwards to the nearest dollar.
 - The rates for accommodation across NSW vary considerably from town to town. There will be some country towns where the country daily rate will be of financial advantage to the Judge and there will be some (a much lesser number) where the Judge could

be financially disadvantaged. On balance, the Tribunal is persuaded that with the exception of Newcastle and Wollongong a common rate should be applied for the remainder of NSW in the knowledge that across a year a Magistrate will most likely be neither financially advantaged or disadvantaged.

26. Having regard to the amount and duration of travel, and the importance of the Local Court to the delivery of justice to rural NSW the rates travel allowance for capital city and non metropolitan travel and daily meal allowances is as determined hereunder.
