New South Wales

Auburn Local Environmental Plan 2000 (Amendment No 17)

under the

Environmental Planning and Assessment Act 1979

I, the Minister for Planning, make the following local environmental plan under the *Environmental Planning and Assessment Act 1979*. (SRW0000052/S69)

FRANK SARTOR, M.P.,
Minister for Planning

Clause 1 Auburn Local Environmental Plan 2000 (Amendment No 17)

Auburn Local Environmental Plan 2000 (Amendment No 17)

under the

Environmental Planning and Assessment Act 1979

1 Name of plan

This plan is *Auburn Local Environmental Plan 2000 (Amendment No 17)*.

2 Aim of plan

This plan aims to rezone the land to which this plan applies to Zone No 6 (a)—the Public Recreation Zone under *Auburn Local Environmental Plan 2000* to allow the land to be used for those purposes which are permissible within that zone.

3 Land to which plan applies

This plan applies to land known as 181 Chisholm Road, Auburn, being part Lot 12, DP 1071843, as shown coloured green, edged heavy black and lettered “6 (a)” on the map marked “Auburn Local Environmental Plan 2000 (Amendment No 17)” deposited in the office of Auburn Council.

4 Amendment of Auburn Local Environmental Plan 2000

Auburn Local Environmental Plan 2000 is amended by inserting in appropriate order in the definition of *The map* in Schedule 1 the following words:

Auburn Local Environmental Plan 2000 (Amendment No 17)

New South Wales

Bankstown Local Environmental Plan 2001 (Amendment No 24)

under the

Environmental Planning and Assessment Act 1979

I, the Minister for Planning, make the following local environmental plan under the *Environmental Planning and Assessment Act 1979*. (SRE0000133/S69)

FRANK SARTOR, M.P.,
Minister for Planning

Clause 1 Bankstown Local Environmental Plan 2001 (Amendment No 24)

Bankstown Local Environmental Plan 2001 (Amendment No 24)

under the

Environmental Planning and Assessment Act 1979

1 Name of plan

This plan is *Bankstown Local Environmental Plan 2001 (Amendment No 24)*.

2 Aims of plan

This plan aims:

- (a) to rezone the land to which this plan applies to Zone 4 (b)—Light Industrial under *Bankstown Local Environmental Plan 2001*, and
- (b) to set the maximum floor space ratio for the development at 1:1.

3 Land to which plan applies

This plan applies to land situated in the City of Bankstown, being Lot 2, DP 208588, and known as 56 Gibson Avenue, Padstow, as shown coloured purple on the map marked “Bankstown Local Environmental Plan 2001 (Amendment No 24)” deposited in the office of Bankstown City Council.

4 Amendment of Bankstown Local Environmental Plan 2001

Bankstown Local Environmental Plan 2001 is amended as set out in Schedule 1.

Bankstown Local Environmental Plan 2001 (Amendment No 24)

New South Wales

Hornsby Shire Local Environmental Plan 1994 (Amendment No 90)

under the

Environmental Planning and Assessment Act 1979

I, the Minister for Planning, make the following local environmental plan under the *Environmental Planning and Assessment Act 1979*. (SRE0000051/S69)

FRANK SARTOR, M.P.,
Minister for Planning

Clause 1 Hornsby Shire Local Environmental Plan 1994 (Amendment No 90)

Hornsby Shire Local Environmental Plan 1994 (Amendment No 90)

under the

Environmental Planning and Assessment Act 1979

1 Name of plan

This plan is *Hornsby Shire Local Environmental Plan 1994 (Amendment No 90)*.

2 Aims of plan

This plan aims to permit, with the consent of Hornsby Shire Council, the carrying out of development of the land to which this plan applies for the purpose of plant and equipment hire premises on land within the Business A (General) Zone, the Business B (Special) Zone, the Business E (Service Centre) Zone, the Business F (Town Centre) Zone, the Business G (Town Centre Support) Zone, the Industrial A (General) Zone and the Industrial B (Light) Zone under *Hornsby Shire Local Environmental Plan 1994*.

3 Land to which plan applies

This plan applies to all land within the local government area of Hornsby.

4 Amendment of Hornsby Shire Local Environmental Plan 1994

Hornsby Shire Local Environmental Plan 1994 is amended as set out in Schedule 1.

Hornsby Shire Local Environmental Plan 1994 (Amendment No 90)

Amendments

Schedule 1

Schedule 1 Amendments

(Clause 4)

[1] Clause 7 Zoning control table

Insert “plant and equipment hire premises;” before “public buildings;” wherever occurring under the heading “**Only With Development Consent**” in the matter relating to the Business A (General) Zone, the Business B (Special) Zone, the Business E (Service Centre) Zone, the Business G (Town Centre Support) Zone, the Industrial A (General) Zone and the Industrial B (Light) Zone in the table to the clause.

[2] Clause 7, table

Insert “plant and equipment hire premises;” before “public buildings;” under the heading “**Only With Development Consent**” where firstly occurring in the matter relating to the Business F (Town Centre) Zone.

[3] Clause 7, table

Omit the heading “**Only With Development Consent**” where secondly occurring in the matter relating to the Business F (Town Centre) Zone.

Insert instead “**Prohibited**”.

[4] Clause 23 Dictionary

Insert in alphabetical order in clause 23 (1):

plant and equipment hire premises means a building or place where plant, machinery, tools and equipment are stored and displayed and are available for hire or lease to persons for temporary use, and for the repair, service and maintenance of such items, but does not include a building or place used for one or more of the following purposes:

- (a) home entertainment equipment, such as stereo sound systems, televisions, audio visual equipment and the like,
- (b) party and function equipment, such as catering equipment, music players, tables, seating and the like,
- (c) motor showrooms.

New South Wales

Marrickville Local Environmental Plan 2001 (Amendment No 32)

under the

Environmental Planning and Assessment Act 1979

I, the Minister for Planning, make the following local environmental plan under the
Environmental Planning and Assessment Act 1979. (9039286/S69)

FRANK SARTOR, M.P.,
Minister for Planning

Clause 1 Marrickville Local Environmental Plan 2001 (Amendment No 32)

Marrickville Local Environmental Plan 2001 (Amendment No 32)

under the

Environmental Planning and Assessment Act 1979

1 Name of plan

This plan is *Marrickville Local Environmental Plan 2001 (Amendment No 32)*.

2 Aims of plan

This plan aims:

- (a) to broaden the range of permissible uses on the land to which this plan applies under *Marrickville Local Environmental Plan 2001* so as to allow, with consent, the land to be used for the purpose of vehicular and pedestrian access to and egress from the commercial properties fronting New Canterbury Road, Dulwich Hill, and
- (b) to promote the economic use of the land.

3 Land to which plan applies

This plan applies to land situated in the local government area of Marrickville, being Lot 1, DP 84386, and known as 43 Dulwich Street, Dulwich Hill, as shown coloured magenta on the map marked “Marrickville Local Environmental Plan 2001 (Amendment No 32)—Additional Uses Development and Site Specific Controls Map” deposited in the office of Marrickville Council.

4 Amendment of Marrickville Local Environmental Plan 2001

Marrickville Local Environmental Plan 2001 is amended as set out in Schedule 1.

43 Dulwich Street, Dulwich Hill

Lot 1, DP 84386, as shown coloured magenta on the map marked “Marrickville Local Environmental Plan 2001 (Amendment No 32)—Additional Uses Development and Site Specific Development Controls Map”.

Development for the purpose of vehicular and pedestrian access to and egress from the commercial properties fronting New Canterbury Road, Dulwich Hill.

New South Wales

Newcastle Local Environmental Plan 2003 (Amendment No 3)

under the

Environmental Planning and Assessment Act 1979

I, the Minister for Planning, make the following local environmental plan under the *Environmental Planning and Assessment Act 1979*. (N03/00248/PC)

FRANK SARTOR, M.P.,
Minister for Planning

Clause 1 Newcastle Local Environmental Plan 2003 (Amendment No 3)

Newcastle Local Environmental Plan 2003 (Amendment No 3)

under the

Environmental Planning and Assessment Act 1979

1 Name of plan

This plan is *Newcastle Local Environmental Plan 2003 (Amendment No 3)*.

2 Aims of plan

This plan aims to amend *Newcastle Local Environmental Plan 2003* to enable development for the purposes of seniors housing to be carried out with development consent in accordance with *State Environmental Planning Policy (Seniors Living) 2004* on the land to which this plan applies.

3 Land to which plan applies

This plan applies to Lot 101, DP 1041014, known as 178 Lake Road, Elernmore Vale, as shown edged heavy black on the map marked "Newcastle Local Environmental Plan 2003 (Amendment No 3)" deposited in the office of Newcastle City Council.

4 Amendment of Newcastle Local Environmental Plan 2003

Newcastle Local Environmental Plan 2003 is amended as set out in Schedule 1.

New South Wales

Pittwater Local Environmental Plan 1993 (Amendment No 78)

under the

Environmental Planning and Assessment Act 1979

I, the Minister for Planning, make the following local environmental plan under the *Environmental Planning and Assessment Act 1979*. (SRE0000089/S69)

FRANK SARTOR, M.P.,
Minister for Planning

Pittwater Local Environmental Plan 1993 (Amendment No 78)

Clause 1

Pittwater Local Environmental Plan 1993 (Amendment No 78)

under the

Environmental Planning and Assessment Act 1979

1 Name of plan

This plan is *Pittwater Local Environmental Plan 1993 (Amendment No 78)*.

2 Aims of plan

This plan aims to amend *Pittwater Local Environmental Plan 1993* to permit, with the consent of Pittwater Council, the carrying out of development on the land to which this plan applies for the purposes of a veterinary clinic and an ancillary dwelling.

3 Land to which plan applies

This plan applies to Lot 2, DP 37857, No 22 Park Street, Mona Vale, as shown edged heavy black on the map marked “Pittwater Local Environmental Plan 1993 (Amendment No 78)” deposited in the office of Pittwater Council.

4 Amendment of Pittwater Local Environmental Plan 1993

Pittwater Local Environmental Plan 1993 is amended by inserting at the end of Schedule 10 the following words:

Lot 2, DP 37857, No 22 Park Street, Mona Vale, as shown edged heavy black on the map marked “Pittwater Local Environmental Plan 1993 (Amendment No 78)”—
veterinary clinic and ancillary dwelling.

New South Wales

Port Stephens Local Environmental Plan 2000 (Amendment No 20)

under the

Environmental Planning and Assessment Act 1979

I, the Minister for Planning, make the following local environmental plan under the *Environmental Planning and Assessment Act 1979*. (NEW0000157/S69)

FRANK SARTOR, M.P.,
Minister for Planning

Clause 1 Port Stephens Local Environmental Plan 2000 (Amendment No 20)

Port Stephens Local Environmental Plan 2000 (Amendment No 20)

under the

Environmental Planning and Assessment Act 1979

1 Name of plan

This plan is *Port Stephens Local Environmental Plan 2000 (Amendment No 20)*.

2 Aims of plan

This plan aims:

- (a) to rezone part of the land to which this plan applies (being all land in the village of Hinton that is currently within Zone No 2 (a) (the Residential "A" Zone)) to Zone No 1 (c3) (the Rural Small Holdings "C3" Zone) under *Port Stephens Local Environmental Plan 2000 (the 2000 plan)*, and
- (b) to rezone part of the land so as to adjust the zone boundary between Zone No 1 (a) (the Rural Agriculture "A" Zone) and Zone No 1 (c3) (the Rural Small Holdings "C3" Zone) under the 2000 plan in certain locations to match the physical boundaries, and
- (c) to prohibit any further development for the purposes of dual occupancy housing and urban housing in the village of Hinton within Zone No 1 (c3) (the Rural Small Holdings "C3" Zone) because of the risk of flooding in, and around, the village of Hinton.

3 Land to which plan applies

- (1) To the extent that this plan rezones land, it applies to land in the local government area of Port Stephens in the village of Hinton, as shown edged heavy black and lettered "1 (a)" or "1 (c3)" on the map marked "Port Stephens Local Environmental Plan 2000 (Amendment No 20)" deposited in the office of Port Stephens Council.
- (2) To the extent that this plan prohibits certain development, it applies to land in the village of Hinton within Zone No 1 (c3) (the Rural Small Holdings "C3" Zone) under the 2000 plan.

Port Stephens Local Environmental Plan 2000 (Amendment No 20)

Clause 4

4 Amendment of Port Stephens Local Environmental Plan 2000

Port Stephens Local Environmental Plan 2000 is amended as set out in Schedule 1.

Port Stephens Local Environmental Plan 2000 (Amendment No 20)

Schedule 1 Amendments

Schedule 1 Amendments

(Clause 4)

[1] Clause 14B

Insert after clause 14A:

14B Development in Zone No 1 (c3) in Hinton

- (1) This clause applies to all land within Zone No 1 (c3) in the village of Hinton.
- (2) Despite any other provision of this plan, the consent authority may consent to the erection of one but not more than one dwelling on a lot of land to which this clause applies:
 - (a) that is less than 3,500 square metres in area, and
 - (b) that was created by a subdivision for which development consent was granted before the commencement of *Port Stephens Local Environmental Plan 2000 (Amendment No 20)*.

[2] Dictionary

Insert in appropriate order in the definition of *the map*:

Port Stephens Local Environmental Plan 2000 (Amendment No 20)

New South Wales

Richmond River Local Environmental Plan 1992 (Amendment No 30)

under the

Environmental Planning and Assessment Act 1979

I, the Minister for Planning, make the following local environmental plan under the *Environmental Planning and Assessment Act 1979*. (GRA6323315/PC)

FRANK SARTOR, M.P.,
Minister for Planning

Clause 1 Richmond River Local Environmental Plan 1992 (Amendment No 30)

Richmond River Local Environmental Plan 1992 (Amendment No 30)

under the

Environmental Planning and Assessment Act 1979

1 Name of plan

This plan is *Richmond River Local Environmental Plan 1992 (Amendment No 30)*.

2 Aims of plan

This plan aims to insert a definition of **storey** into *Richmond River Local Environmental Plan 1992* so as to allow for the provision of basement level carparking to be taken into consideration in the definition.

3 Land to which plan applies

This plan applies to all land to which *Richmond River Local Environmental Plan 1992* applies.

4 Amendment of Richmond River Local Environmental Plan 1992

Richmond River Local Environmental Plan 1992 is amended by inserting in clause 5 (1) in alphabetical order the following definition:

STOREY means the space within a building between one floor level and the floor level next above or, if there is no floor level next above, the ceiling or roof above, but does not include:

- (a) space used for carparking, laundries or storerooms, if the ceiling space does not protrude more than 1.2 metres as measured vertically above the natural ground level immediately below, or
- (b) the whole or any part of a roof used as an uncovered garden, terrace or deck.

For the purpose of counting the number of storeys in a building, the number is to be the maximum number of storeys of the building which may be intersected by the same vertical line, not being a line which passes through any wall of the building.

New South Wales

Warringah Local Environmental Plan 2000 (Amendment No 15)

under the

Environmental Planning and Assessment Act 1979

I, the Minister for Planning, make the following local environmental plan under the *Environmental Planning and Assessment Act 1979*. (SRE0000012/S69)

FRANK SARTOR, M.P.,
Minister for Planning

Clause 1 Warringah Local Environmental Plan 2000 (Amendment No 15)

Warringah Local Environmental Plan 2000 (Amendment No 15)

under the

Environmental Planning and Assessment Act 1979

1 Name of plan

This plan is *Warringah Local Environmental Plan 2000 (Amendment No 15)*.

2 Aims of plan

This plan aims to ensure that residential subdivision is carried out in a way that facilitates the use of solar power on the resulting allotments and to omit certain requirements as to conservation of water and energy that duplicate those of the BASIX scheme for residential development.

3 Land to which plan applies

This plan applies to the whole of the land to which *Warringah Local Environmental Plan 2000* applies.

4 Amendment of Warringah Local Environmental Plan 2000

Warringah Local Environmental Plan 2000 is amended as set out in Schedule 1.

Warringah Local Environmental Plan 2000 (Amendment No 15)

Amendments

Schedule 1

Schedule 1 Amendments

(Clause 4)

[1] Clause 68 Conservation of energy and water

Omit the sixth and seventh dot point paragraphs, beginning “the consent authority must consider ...” and “Hot water systems installed ...”, respectively.

Insert instead:

- subdivision of land must be generally in accordance with the guidelines set out in the document published by the former Sustainable Energy Development Authority under the title *Solar Access for Lots: Guidelines for Residential Subdivision*, copies of which are available at the offices of the Council.

[2] Schedule 12 Requirements for complying development

Omit from Part A the heading **Energy efficiency** and the matter appearing under that heading.

[3] Schedule 12, Part A

Insert in appropriate order in the matter appearing under the heading **Compliance with general principles**:

- clause 68—Conservation of energy and water

New South Wales

Warringah Local Environmental Plan 2000 (Amendment No 16)

under the

Environmental Planning and Assessment Act 1979

I, the Minister for Planning, make the following local environmental plan under the *Environmental Planning and Assessment Act 1979*. (SRE0000022/S69)

FRANK SARTOR, M.P.,
Minister for Planning

Clause 1 Warringah Local Environmental Plan 2000 (Amendment No 16)

Warringah Local Environmental Plan 2000 (Amendment No 16)

under the

Environmental Planning and Assessment Act 1979

1 Name of plan

This plan is *Warringah Local Environmental Plan 2000 (Amendment No 16)*.

2 Aim of plan

The aim of this plan is:

- (a) to remove the public open space identification from certain land to which *Warringah Local Environmental Plan 2000* applies, and identify it differently, and
- (b) to identify certain other land to which that plan applies as public open space.

3 Land to which plan applies

This plan applies to those parts of the lands known as the following that are shown edged heavy black on the map marked “Warringah Local Environmental Plan 2000 (Amendment No 16) Sheet 1–32” deposited in the office of Warringah Council:

- (a) Bushey Place, Dee Why,
- (b) Carrington Avenue, Cromer,
- (c) Carrington Parade, Curl Curl,
- (d) Devitt Street, Narrabeen,
- (e) Edgar Street, Curl Curl,
- (f) Edgecliffe Boulevard, Collaroy Plateau,

1. revoke the Order published in *New South Wales Government Gazette* No. 82 of 1 July 2005 on pages 3559-3560, and any order revived as a result of this revocation; and
2. exempt from the application of Part 3 Division 2 of the Regulation the sale or purchase or sending of stock in the circumstances specified in Schedule 1.

SCHEDULE 1

1.1 Stock consigned directly for export;

OR

1.2 Stock consigned directly from a property to an abattoir that receives stock exclusively from that property;

OR

1.3 Stock that:

- (i) is from a cattle herd accredited under the National Feedlot Accreditation Scheme, or the European Union Cattle Accreditation Scheme, or CATTLE CARE, or from a dairy farm within the meaning of the Food Regulation 2004, and
- (ii) is consigned directly to an abattoir from the property, and
- (iii) has a management tag securely attached to the animal’s ear, and
- (iv) the relevant property identification code is legibly printed on the management tag;

OR

1.4 Stock that is:

- (i) a bobby calf, being a calf of less than 6 weeks of age that is not accompanied by its dam, and
- (ii) identified with a permanent identifier in accordance with Part 3 Division 4 of the Regulation;

OR

1.5 Stock that is:

- (i) identified with a permanent identifier in accordance with Part 3 Division 4 of the Regulation, and
- (ii) sent, sold or purchased as store or breeding stock for the purposes of restocking a property in accordance with the prior approval of a Senior Regional Animal Health Manager or Regional Animal Health Leader;

OR

1.6 Stock that is:

- (i) identified with a permanent identifier in accordance with Part 3 Division 4 of the Regulation, and
- (ii) sent directly to an abattoir with the prior approval of a food inspector or a person employed by the Australian Quarantine and Inspection Service.

Note: This order applies to cattle and pigs. It ceases to apply to cattle on and after 1 July 2006.

This Order commences on 1 January 2006.

Dated this 20th day of December 2005.

B. D. BUFFIER,
Director-General

STOCK DISEASES REGULATION 2004

Order Pursuant to Clauses 20 and 21

Approval and Use of Permanent Identifiers for Cattle

I, BARRY DESMOND BUFFIER, Director-General of the NSW Department of Primary Industries, pursuant to clauses 20 and 21 of the Stock Diseases Regulation 2004 (“the Regulation”) do hereby:

1. revoke the Order published in *New South Wales Government Gazette* No. 111 of 1 July 2004 on page 5579, and any order revived as a result of this revocation; and
2. order that the types of identifiers to be permanently attached to cattle specified in Schedule 1 are approved; and
3. order that the manner of attachment and use of identifiers for the permanent identification of cattle specified in Schedule 2 are approved.

Definitions

“breeder device” means a permanent identifier which carries the property identification code of the property of birth

“post-breeder device” means a permanent identifier which carries a property identification code of a property other than the property of birth.

“standard” means the permanent identification device standard for cattle as approved from time to time by the standards committee.

“standards committee” means the SAFEMEAT NLIS standards committee.

SCHEDULE 1

Type and Specifications of Identifiers for the Permanent
Identification of Cattle

Pursuant to Clause 20(1) of the Regulation, devices that are approved by the standards committee for use as breeder or post-breeder devices for cattle are approved as identifiers for cattle for the purposes of Division 4 of Part 3 of the Regulation.

SCHEDULE 2

Manner of Attachment and Use of Identifiers for the
Permanent Identification of Cattle

1. Pursuant to Clauses 20(2) and 21 of the Regulation, an identifier approved pursuant to Schedule 1 of this Order must be attached and used in the following manner:
 - (i) a breeder device may only be attached to cattle:

- (a) that does not already have a permanent identifier attached, and
 - (b) that has been born on the property to which the property identification code on the identifier has been assigned, and
 - (c) that is located on that property at the time the identifier is attached to the stock; and
 - (d) by securely attaching the permanent identifier to an ear of the stock in accordance with the manufacturer's instructions.
- (ii) a post-breeder device may only be attached to cattle:
- (a) that does not already have a permanent identifier attached, and
 - (b) that is located on the property to which the property identification code on the identifier has been assigned at the time the identifier is attached to the stock, and
 - (c) by securely attaching the permanent identifier to an ear of the stock in accordance with the manufacturer's instructions.

Note: It is strongly recommended that the identifier be attached to the right (off-side) ear of the cattle.

2. (i) A person may use an approved identifier in a manner other than that specified in paragraph 1(i) or (ii) of this Order if an inspector or district registrar has authorised the identification of cattle with a permanent identifier that contains a property identification code assigned to a property other than the property on which the cattle are now located and the cattle are identified in accordance with the inspector's or district registrar's authorisation.
- (ii) Any such inspector's or district registrar's authorisation must specify
- (a) the type of identifier to be used and the property identification code on that identifier, and
 - (b) if the cattle is already identified with a permanent identifier, that that permanent identifier must first be removed, and
 - (c) the period of time within which the cattle must be identified.

This Order commences on 1 January 2006.

Dated this 20th day of December 2005.

B. D. BUFFIER,
Director-General

STOCK DISEASES REGULATION 2004

Order Pursuant to Clauses 20 and 21

Approval and Use of Permanent Identifiers for Sheep and Goats

I, BARRY DESMOND BUFFIER, Director-General of the NSW Department of Primary Industries, pursuant to Clauses 20 and 21 of the Stock Diseases Regulation 2004 ("the Regulation") do hereby:

1. revoke the Order pursuant to Clause 18 published in the *New South Wales Government Gazette* No. 111 of 1 July 2004 on page 5580, and the Order pursuant

to Clause 18 and Clause 40 published in *New South Wales Government Gazette* on 17 December 2004, on page 9495, and any order revived as a result of these revocations; and

2. order that the types of identifiers to be permanently attached to sheep and goats specified in Schedule 1 are approved; and
3. order that the manner of attachment and use of identifiers for the permanent identification of sheep and goats specified in Schedule 2 are approved.

Definitions

"breeder tag" means a permanent identifier which carries the property identification code of the property of birth

"post-breeder tag" means a permanent identifier which carries a property identification code of a property other than the property of birth.

"standard" means the tag standard for sheep as approved from time to time by the SAFEMEAT NLIS standards committee.

"T-tag" means a permanent identifier that is printed with a property identification code and the symbol "T".

"terminal cross-bred lamb" means a lamb that is the progeny of a mating between sheep of different breeds, is of no more than 50% merino extraction, has not yet cut its first permanent tooth, and is either a desexed male or a female that is not destined for breeding.

"V-tag" means a permanent identifier that is printed with a property identification code and the symbol "V".

SCHEDULE 1

Type and Specifications of Identifiers for the Permanent Identification of Sheep and Goats

Pursuant to Clause 20(1) of the Regulation, identifiers for the permanent identification of sheep or goats must:

- (i) be made of durable plastic, and
- (ii) have the property identification code of the property to which the identifier relates, and the "T" or "V" symbol (if applicable), machine imprinted in a contrasting colour in characters at least 5 millimetres high on a face that will be readable when the tag is attached to an animal, and
- (iii) if a post-breeder tag, be pink in colour, and
- (iv) be designed to be securely attached to the ear of a sheep or goat.

Note: The use of the year of birth colour scheme for breeder tags, as specified in the standard, is strongly recommended.

SCHEDULE 2

Manner of Attachment and Use of Identifiers for the Permanent Identification of Sheep and Goats

1. Pursuant to Clauses 20(2) and 21 of the Regulation, an identifier approved pursuant to Schedule 1 of this Order must be used in the following manner:

- (i) a breeder tag may only be attached only to sheep or goats that
 - (a) do not already have a permanent identifier attached, and

- (b) have been born on the property to which the property identification code on the identifier has been assigned, and
- (c) are located on that property at the time the identifier is attached to the sheep or goat;
- (ii) a post-breeder tag may only be attached to sheep or goats that are located on the property to which the property identification code on the identifier has been assigned at the time the identifier is attached to the sheep or goat

Note: a post-breeder tag may be attached to a sheep or goat that already has a breeder tag or one or more post-breeder tags.

- (iii) a T-tag may only be attached to a terminal cross-bred lamb;
 - (iv) a V-tag may only be attached to a sheep that has been vaccinated against Johnne's disease in accordance with an order under the Stock Medicines Act 1989;
 - (v) the identifier must be securely attached to an ear of the sheep or goat in a way that allows the property identification code and the "T" or "V" symbol (if applicable) to be read once the identifier is attached.
2. (i) A person may use an approved identifier in a manner other than that specified in paragraph 1(i) or (ii) of this Order if an inspector or district registrar has authorised the identification of a sheep or goat with a permanent identifier that contains a property identification code assigned to a property other than the property on which the sheep or goat are now located and the sheep or goat are identified in accordance with the inspector's or district registrar's authorisation.
- (ii) The inspector's or district registrar's authorisation must specify:
- (a) the type of identifier to be used and the property identification code on that identifier, and
 - (c) if the sheep or goat is already identified with a permanent identifier or identifiers, whether that permanent identifier or those identifiers must first be removed, and
 - (d) the period of time within which the sheep or goat must be identified.

This Order commences on 1 January 2006.

Dated this 20th day of December 2005.

B. D. BUFFIER,
Director-General

STOCK DISEASES REGULATION 2004

Order Pursuant to Clause 26

Exemptions from the Requirement for Goats to be Identified with a Permanent Identifier and for Information to be Provided on Arrival of Goats at a Saleyard, Abattoir or Property

I, BARRY DESMOND BUFFIER, Director-General of the NSW Department of Primary Industries pursuant to Clause 26 of the Stock Diseases Regulation 2004 ("the Regulation")

do hereby order that a person or class of persons specified in Schedule 1 are exempt from the specified provisions in that Schedule.

SCHEDULE 1

1. The following persons or class of persons are exempt from Clause 22(1) of the Regulation (requirement to identify goats):

- (i) owners or persons in charge of goats,
- (ii) stock and station agents,
- (iii) sellers and buyers of goats, and
- (iv) owners or persons in charge of an abattoir

where those persons are dealing with or handling goats that are:

- 1.1 (i) moved directly from the property on which the goats are born to an abattoir for slaughter, and
- (ii) the owner of the goats is paid by the processor on the basis of the weight and grade of the carcass ('over the hooks');

OR

- 1.2 (i) moved directly from the property on which the goats are born (the 'previous property') to a depot, and
- (ii) subsequently moved directly from the depot to an abattoir for slaughter, and
- (iii) the owner of the goats at the time the stock left the previous property is paid by the processor on the basis of weight and grade of the carcass ('over the hooks');

OR

- 1.3 (i) moved directly from a property in the Western Division of New South Wales to
- (a) another place within the Western Division, or
- (b) an abattoir, directly or via a depot, for slaughter;

OR

- 1.4 (i) moved directly between different parts of the same property across or along a public road, and
- (ii) moved in accordance with the provisions of the Rural Lands Protection Act 1998, either
- (a) in a vehicle and accompanied by a transported stock statement, or
- (b) by walking in accordance with a stock permit, or
- (c) as otherwise authorised under that Act;

OR

- 1.5 (i) moved to a contiguous property and returned to the original property within 7 days;

OR

- 1.6 (i) a single goat moved directly from a property to an abattoir for slaughter and the carcass is returned to the owner of the goat for their personal consumption or use;

OR

- 1.7 (i) moved directly to a knackery that is licensed under the Food Act 2003;

OR

- 1.8 (i) owned by a mobile exhibition or animal display establishment that is licensed under the Exhibited Animals Protection Act 1986, and
 (ii) not moved to a saleyard or abattoir, and
 (iii) not sold;

OR

- 1.9 (i) both unweaned and unmarked, and
 (ii) moved with its doe in accordance with a permit under section 7(6) of the Stock Diseases Act 1923;

OR

- 1.10 (i) located on a property that either does not have a property identification code or where it is not reasonably practical to attach a permanent identifier, and
 (ii) moved directly from the property to another place in accordance with a permit under section 7(6) of the Stock Diseases Act 1923 or a stock permit under section 101 of the Rural Lands Protection Act 1998, and
 (iii) identified after arrival at the other place with a permanent identifier in accordance with clause 21 of the Regulation before the goat is sold or slaughtered, or within 7 days of arrival, or before the goat leaves that place, whichever is the sooner;

OR

- 1.11 (i) born while on agistment on a property that is not owned or occupied by the owner of the goat, and
 (ii) moved directly to a property owned or occupied by the owner of the goat (the 'current property') in accordance with a permit under section 7(6) of the Stock Diseases Act 1923, and
 (iii) identified after arrival at the current property with a permanent identifier in accordance with clause 21 of the Regulation within 7 days of arrival, or before the goat leaves the current property, whichever is the sooner;

OR

- 1.12 (i) sent to a saleyard for sale or to any other place, and
 (ii) identified in accordance with clause 21 of the Regulation at the time the goat was sent but has subsequently lost that identifier;

OR

- 1.13 (i) located on a property that is affected by an emergency that necessitates the urgent movement of goat from the property, and
 (ii) moved directly from the property to another place in accordance with a permit under section 7(6) of the Stock Diseases Act 1923, and
 (iii) identified after arrival at the other place with a permanent identifier in accordance with clause 21 of the Regulation before the goat is sold or slaughtered, or before the goat leaves that place, unless the goat is returned directly to the previous property.

2. The following persons or class of persons are exempt from Part 3 Division 4 Subdivision 4 of the Regulation (Information in relation to goats):

- (i) owners or persons in charge of goats;

where those persons are dealing with or handling goats that is or are:

- 2.1 (i) moved to a contiguous property and returned to the original property within 7 days;

OR

- 2.2 (i) owned by a mobile exhibition or animal display establishment that is licensed under the Exhibited Animals Protection Act 1986, and
 (ii) not moved to a saleyard or abattoir, and
 (iii) not sold.

This Order commences on 1 January 2006 and expires on 31 December 2008.

Dated this 20th day of December 2005.

B. D. BUFFIER,
 Director-General

STOCK DISEASES (GENERAL) REGULATION 2004

Order Pursuant to Clause 26

Exemptions from the Requirement for Sheep to be Identified with a Permanent Identifier and for Information to be Provided on Arrival of Sheep at a Saleyard, Abattoir or Property

I, BARRY DESMOND BUFFIER, Director-General of the NSW Department of Primary Industries, pursuant to Clause 26 of the Stock Diseases Regulation 2004 ("the Regulation"), do hereby order that a person or class of persons specified in Schedule 1 are exempt from the specified provisions in that Schedule.

SCHEDULE 1

1. The following persons or class of persons are exempt from Clause 22(1) of the Regulation (requirement to identify sheep):

- (i) owners or persons in charge of sheep,

- (ii) stock and station agents,

- (iii) sellers and buyers of sheep, and

- (iv) owners or persons in charge of an abattoir;

where those persons are dealing with or handling sheep that is or are:

- 1.1 (i) moved directly from the property on which the sheep are born to an abattoir for slaughter, and

- (ii) the owner of the sheep is paid by the processor on the basis of the weight and grade of the carcass ('over the hooks');

OR

- 1.2 (i) moved directly between different parts of the same property across or along a public road, and

- (ii) moved in accordance with the provisions of the Rural Lands Protection Act 1998, either

- (a) in a vehicle and accompanied by a transported stock statement, or
- (b) by walking in accordance with a stock permit, or
- (c) as otherwise authorised under that Act;

OR

- 1.3 (i) moved to a contiguous property and returned to the original property within 7 days;

OR

- 1.4 (i) a single sheep moved directly from a property to an abattoir for slaughter and the carcass is returned to the owner of the sheep for their personal consumption or use;

OR

- 1.5 (i) moved directly to a knackery that is licensed under the Food Act 2003;

OR

- 1.6 (i) owned by a mobile exhibition or animal display establishment that is licensed under the Exhibited Animals Protection Act 1986, and
- (ii) not moved to a saleyard or abattoir, and
- (iii) not sold;

OR

- 1.7 (i) both unweaned and unmarked, and
- (ii) moved with its ewe in accordance with a permit under section 7(6) of the Stock Diseases Act 1923;

OR

- 1.8 (i) born while on agistment on a property that is not owned or occupied by the owner of the sheep, and
- (ii) moved directly to a property owned or occupied by the owner of the sheep (the 'current property') in accordance with a permit under section 7(6) of the Stock Diseases Act 1923, and
- (iii) identified after arrival at the current property with a permanent identifier in accordance with clause 21 of the Regulation within 7 days of arrival, or before the stock leaves the current property, whichever is the sooner;

OR

- 1.9 (i) located on a property that either does not have a property identification code or where it is not reasonably practical to attach a permanent identifier, and
- (ii) moved directly from the property to another place in accordance with a permit under section 7(6) of the Stock Diseases Act 1923 or a stock permit under section 101 of the Rural Lands Protection Act 1998, and
- (iii) identified after arrival at the other place with a permanent identifier in accordance with clause 21 of the Regulation before the sheep is sold or slaughtered, or within 7 days of arrival, or before the sheep leaves that place, whichever is the sooner;

OR

- 1.10 (i) sent to a saleyard for sale or to any other place, and
- (ii) identified in accordance with clause 21 of the Regulation at the time the sheep was sent but has subsequently lost that identifier;

OR

- 1.11 (i) located on a property that is affected by an emergency that necessitates the urgent movement of sheep from the property, and
- (ii) moved directly from the property to another place in accordance with a permit under section 7(6) of the Stock Diseases Act 1923, and
- (iii) identified after arrival at the other place with a permanent identifier in accordance with clause 21 of the Regulation before the sheep is sold or slaughtered, or before the sheep leaves that place, unless the sheep is returned directly to the previous property.

- 2. The following persons or class of persons are exempt from Part 3 Division 4 Subdivision 4 of the Regulation (Information in relation to sheep):

- (i) owners or persons in charge of sheep;

where those persons are dealing with or handling sheep that is or are:

- 2.1 (i) moved to a contiguous property and returned to the original property within 7 days;

OR

- 2.2 (i) owned by a mobile exhibition or animal display establishment that is licensed under the Exhibited Animals Protection Act 1986, and
- (ii) not moved to a saleyard or abattoir, and
- (iii) not sold.

This Order commences on 1 January 2006 and expires on 31 December 2008.

Dated this 20th day of December 2005.

B. D. BUFFIER,
Director-General

STOCK DISEASES REGULATION 2004

Order Pursuant to Clause 13A(2)

Forms to be Used to Provide Information

I, BARRY DESMOND BUFFIER, Director-General of the NSW Department of Primary Industries, pursuant to Clause 13A(2) of the Stock Diseases Regulation 2004 ("the Regulation"), do hereby order that information required to be provided to a person other than the authorised administrator under Part 3 of the Regulation must be provided in the form specified in Schedule 1.

SCHEDULE 1

Forms to be Used to Provide Information to Persons other than the Authorised Administrator

- (i) a transported stock statement that is approved in accordance with Part 10A of the Rural Lands Protection Act 1998, or

- (ii) a national vendor declaration and waybill that is approved from time to time by SAFEMEAT, or
- (iii) a health statement that is approved for use under the Stock Diseases Act 1923 or that is published on the Department of Primary Industries web site at the time or during the six months preceding the commencement of the movement of the stock, or
- (iv) a post-sale summary that contains the information prescribed in clause 25F(1) and that has been provided in accordance with clause 25F(4) of the Regulation, or
- (v) a stock permit that has been issued under section 101 of the Rural Lands Protection Act 1998, or
- (vi) a permit that has been issued under section 7(6) of the Stock Diseases Act 1923.

Note: The Department of Primary Industries web site is www.dpi.nsw.gov.au.

This Order commences on 1 January 2006.

Dated this 20th day of December 2005.

B. D. BUFFIER,
Director-General

STOCK DISEASES REGULATION 2004

Order Pursuant to Clause 26

Exemptions from the Requirement for Cattle to be Identified with a Permanent Identifier and for Information to be Provided to the Authorised Administrator of the Permanent Identification Register

I, BARRY DESMOND BUFFIER, Director-General of the NSW Department of Primary Industries, pursuant to Clause 26 of the Stock Diseases Regulation 2004 ("the Regulation"), do hereby:

1. revoke the Order published in *New South Wales Government Gazette* No. 77 on 24 June 2005, at pages 3121-3122 and any order revived as a result of this revocation; and
2. order that a person or class of persons specified in Schedule 1 are exempt from the specified provisions in that Schedule.

SCHEDULE 1

1. The following persons or class of persons are exempt from Clause 22(3) of the Regulation (requirement to identify cattle):
 - (i) owners or persons in charge of cattle,
 - (ii) sellers or buyers or persons in possession of cattle,
 - (iii) owners or persons in charge of a saleyard,
 - (iv) owners or persons in charge of an abattoir, and
 - (v) stock and station agents;

where those persons are dealing with or handling cattle that is or are:

- 1.1 (i) a bull that was born before 1 July 2004 and weighs more than 750 kilograms, and

- (ii) (if sent to a saleyard for sale or an abattoir for slaughter) identified with a tail tag that is printed with the property identification code of the last property on which the animal was kept, or a special identifier that is a tail tag;

OR

- 1.2 (i) of such a size or disposition that it is impractical or unsafe to attach a permanent identifier, and
- (ii) moved in accordance with a permit under section 7(6) of the Stock Diseases Act 1923, and
- (iii) (if sent to a saleyard for sale or an abattoir for slaughter) identified with a tail tag that is printed with the property identification code of the last property on which the animal was kept, or a special identifier that is a tail tag;

OR

- 1.3 (i) moved directly between different parts of the same property across or along a public road, and
- (ii) moved in accordance with the provisions of the Rural Lands Protection Act 1998, either
 - (a) in a vehicle and accompanied by a transported stock statement, or
 - (b) by walking in accordance with a stock permit; or
 - (c) as otherwise authorised under that Act;

OR

- 1.4 (i) moved to a contiguous property and returned to the original property within 7 days;

OR

- 1.5 (i) moved to a cattle tick dip in accordance with a permit issued under section 7(6) of the Stock Diseases Act 1923 or with the conditions of quarantine imposed under that Act;

OR

- 1.6 (i) a single animal moved directly from a property to an abattoir for slaughter, and
- (ii) identified with a special identifier before movement or slaughter, and
- (iii) the carcass is returned to the owner of the animal for their personal consumption or use;

OR

- 1.7 (i) owned by a mobile exhibition or animal display establishment that is licensed under the Exhibited Animals Protection Act 1986, and
- (ii) not moved to a saleyard or abattoir, and
- (iii) not sold;

OR

- 1.8 (i) located on a property that either does not have a property identification code or where it is not reasonably practical to attach a permanent identifier, and
- (ii) moved directly from the property to another place in accordance with a permit under section 7(6) of the Stock Diseases Act 1923 or a stock permit under section 101 of the Rural Lands Protection Act 1998, and

- (iii) identified after arrival at the other place with a permanent identifier in accordance with clause 21 of the Regulation before the stock is sold or slaughtered, or within 7 days of arrival, or before the stock leaves that place, whichever is the sooner;

OR

- 1.9 (i) sent from a property to a saleyard for sale or to any other place, and
- (ii) identified in accordance with Clause 21 of the Regulation at the time the cattle was sent but has subsequently lost that identifier, and
- (iii) identified after arrival at the saleyard or other place in accordance with Clause 21 of the Regulation
 - (a) with a special identifier before the cattle leaves the saleyard, or
 - (b) with a permanent identifier before the cattle leave the other place unless the cattle is returned directly to the property;

OR

- 1.10 (i) located on a property that is affected by an emergency that necessitates the urgent movement of cattle from the property, and
- (ii) moved directly from the property to another place in accordance with a permit under section 7(6) of the Stock Diseases Act 1923, and
- (iii) identified after arrival at the other place with a permanent identifier in accordance with clause 21 of the Regulation before the cattle is sold or slaughtered, or before the cattle leaves that place, unless the cattle is returned directly to the property.

2. The owners or persons in charge of an abattoir are exempt from Clause 25A of the Regulation (information in relation to cattle at abattoir) where those persons:

- 2.1 (i) are dealing with or handling cattle that is sent to an abattoir that is licensed as a knackery in accordance with the Food Act 2003, and
- (ii) provide the relevant identification particulars of the cattle and the property identification or address of the property where the cattle was last kept, to the Department of Primary Industries or to a Rural Lands Protection Board within 7 days of the receipt of the cattle;

OR

- 2.2 (i) have processed a single head of cattle that is:
 - (a) identified with a tail tag that is printed with the property identification code of the last property on which the cattle was kept, or a special identifier that is a tail tag, and
 - (b) has been moved directly from a property to an abattoir for slaughter, and
- (ii) have made and kept a record as set out in clause 39 of the Regulation, and
- (iii) are returning the carcass to the owner of the cattle for their personal consumption or use.

3. The owners or persons in charge of cattle are exempt from clause 25B of the Regulation (information in relation to cattle arriving at property) where those persons are dealing with or handling cattle that is or are:

- 3.1 (i) moved without a permanent identifier in accordance with this Order;

OR

- 3.2 (i) are in transit for no more than 7 days;

OR

- 3.3 (i) the relevant information is provided to a Rural Lands Protection Board with the prior approval of the district registrar or district veterinarian.

This Order commences on 1 January 2006.

Dated this 20th day of December 2005.

B. D. BUFFIER,
Director-General

STOCK DISEASES ACT 1923

Proclamation No. 560

Declaration of Diseases for the Purposes of the
Stock Diseases Act 1923

Her Excellency Professor MARIE BASHIR, A.C.,
Governor

I, Professor MARIE BASHIR, A.C., Governor of the State of New South Wales, with the advice of the Executive Council:

1. pursuant to section 3(2)(a) of the Stock Diseases Act 1923, revoke Proclamation No. 547 published in *Government Gazette* No. 197 of 19 December 2003, pages 11457-11458; Proclamation No. 548 published in *Government Gazette* No. 63 of 26 March 2004, page 1554; Proclamation No. 558 published in *Government Gazette* No. 90 of 15 July 2005, page 3759 and Proclamation No. 559 published in *Government Gazette* No. 86 of 8 July 2005, page 3626, and any Proclamation revived as a result of this revocation; and
2. pursuant to section 4(1) of the Stock Diseases Act 1923, declare that the diseases specified in Column 1 of the Schedule, being diseases in stock, are diseases in respect of which the provisions of the Stock Diseases Act 1923 or such of them as specified in Column 2 of the Schedule apply.

SCHEDULE

Diseases in stock recognised as exotic

Column 1	Column 2
African horse sickness	
Africanised honeybees	
African swinefever	
Asian honeybee (<i>Apis cerana</i>)	
Aujeszký's disease	
Australian bat lyssavirus	
Avian influenza	

Column 1	Column 2
Bluetongue	
Borna	
Bovine brucellosis (<i>Brucella abortus</i>)	
Bovine spongiform encephalopathy	
Braula fly (Bee louse, <i>Braula coeca</i>)	
Caprine and ovine brucellosis caused by <i>Brucella melitensis</i>	
Chagas disease	
Chronic wasting disease of deer	
Classical swine fever	
Contagious agalactia	
Contagious bovine pleuropneumonia	
Contagious caprine pleuropneumonia	
Contagious equine metritis	
Dourine	
Duck virus enteritis (duck plague)	Only section 9
Duck virus hepatitis	Only section 9
Dwarf honeybee (<i>Apis florea</i>)	
East Coast fever (<i>theileriosis</i>)	
Encephalitides (<i>tick borne</i>)	
Enterovirus encephalomyelitis (<i>porcine polioencephalomyelitis, Teschen</i>)	
Epizootic lymphangitis	
Equine babesiosis (<i>piroplasmosis</i>)

Signed and sealed at Sydney this 14th day of December 2005.

By Her Excellency's Command,

IAN MACDONALD, M.L.C.,
Minister for Primary Industries

GOD SAVE THE QUEEN!

GAME AND FERAL ANIMAL CONTROL ACT 2002**PUBLIC ADVERTISEMENT**

NOTICE is given in accordance with section 20 of the Game and Feral Animal Control Act 2002, of the intention to make a declaration that game animals on Riamukka State Forest may be hunted by persons duly licensed and subject to the terms contained in the proposed declaration.

Comments on this proposed declaration should be directed to Mr Brian Boyle, Acting Chief Executive Officer, Game Council NSW on (02) 6360 5100.

Comments close 30 days after the publication of:

1. of this notice, or
2. notice in a newspaper circulating throughout the State, or
3. notice in a newspaper circulating in the district in which the land proposed is situated, whichever is the later.

GAME AND FERAL ANIMAL CONTROL ACT 2002**PROPOSED ORDER**

Proposed declaration of public lands for hunting for the purposes of the Game and Feral Animal Control Act 2002

I, IAN MACDONALD, M.L.C., Minister for Primary Industries, pursuant to section 20 of the Game and Feral Animal Control Act 2002, after having had regard to the matters set out in section 20(4), declare that game animals on public land described in Schedule 1 may be hunted by persons duly licensed, subject to the terms contained in Schedule 1.

SCHEDULE 1**Terms****1. Duration of the declaration**

This declaration shall remain in force for a period of five (5) years from 4 February 2006.

2. The land declared is limited to Riamukka State Forest

Riamukka State Forest is located approximately 40 km South East of the township of Walcha. A Locality map is attached at Appendix 'A' and a location map is attached at Appendix 'B'. Riamukka State Forest area: 18,338 hectares

3. Authority of this declaration

This declaration does not confer authority to do anything that is inconsistent with the requirements of any other Act or law.

4. Variation or revocation of the declaration

The Minister may vary or revoke this declaration under section 20(11) of the Game and Feral Animal Control Act 2002.

5. Written permission to access the declared area

Written permission from Forests NSW or the Game Council is required to access the declared area. The written permission may vary access to the declared area from time to time. The written permission may also vary other conditions that apply to the declared area from time to time.

6. Requirements of the declaration

A person who hunts on the lands declared must:

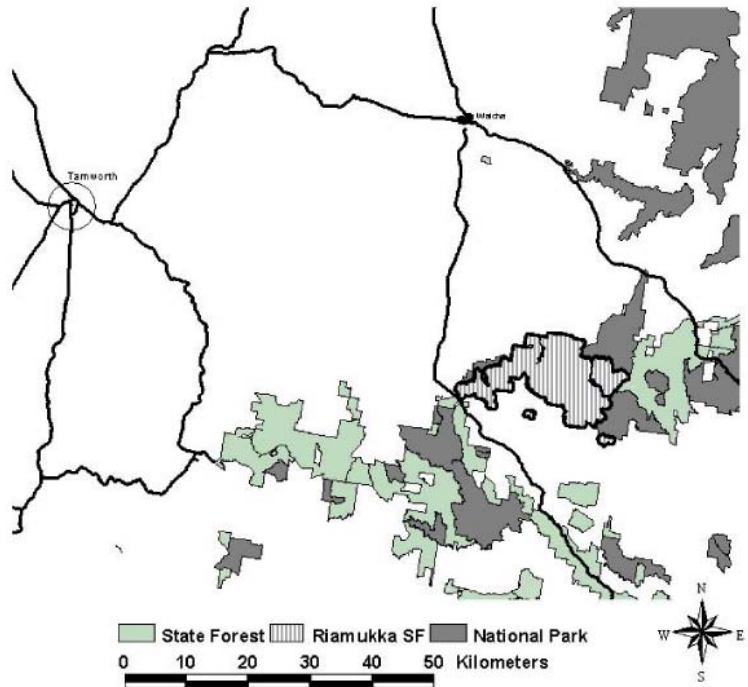

- (a) Gain written permission from Forests NSW or the Game Council on behalf of Forests NSW;
- (b) Comply with all conditions in the written permission; and
- (c) Comply with any sign erected by Forests NSW or any sign approved by Forests NSW and erected by the Game Council.

Note: This declaration is limited to game animals as prescribed in section 5(1) and section 5(2) of the Game and Feral Animals Control Act 2002.

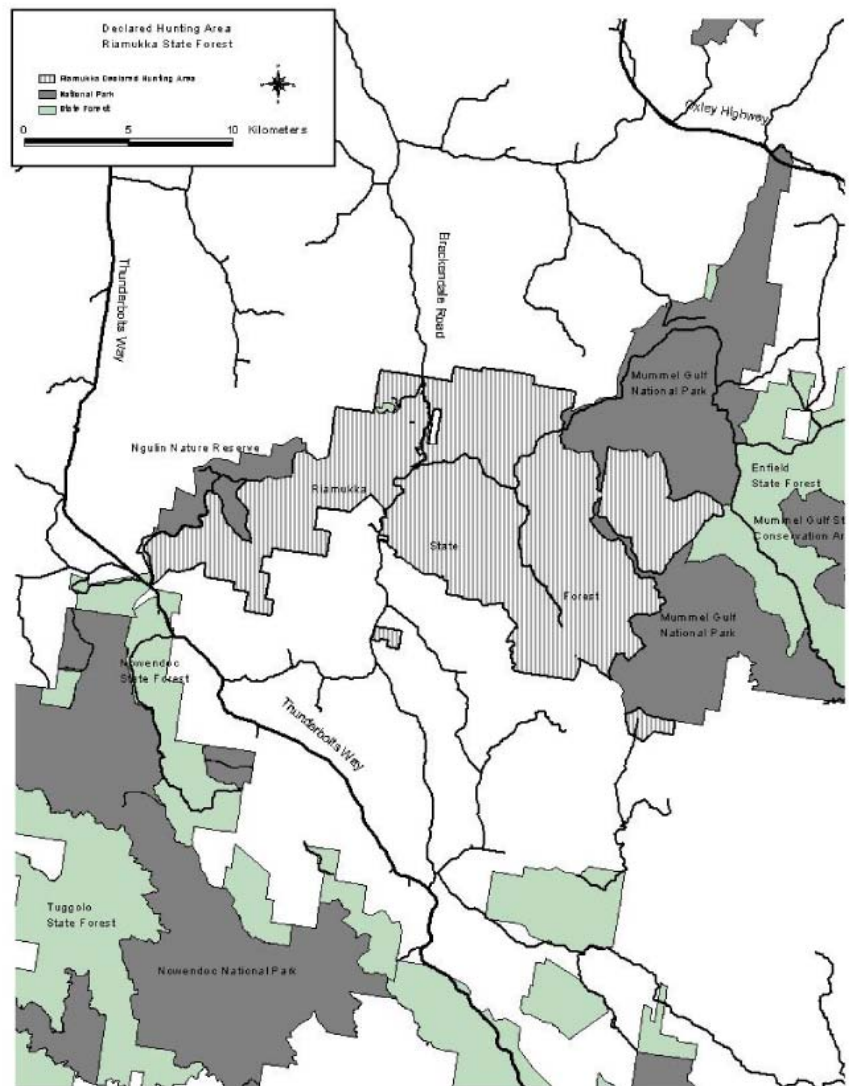

Dated this day of 200x

IAN MACDONALD, M.L.C.,
Minister for Primary Industries

NOXIOUS WEEDS ACT 1993**WEED CONTROL ORDER No. 19****Order declaring certain plants to be noxious weeds.**

I, IAN MACDONALD MLC, Minister for Primary Industries, pursuant to sections 7 and 8 of the *Noxious Weeds Act 1993*, hereby:

1. revoke all orders made pursuant to section 7 and 8 of the Act and any order revived as a result of this revocation;
2. declare the plants listed in column 1 of Schedules 1, 2, 3, 4 and 5, and alternatively described in columns 2 and 3 of those Schedules, to be noxious weeds;
3. apply the following weed control classes to these plants:
 - a. A weed control class of 1 is applied to all plants listed in Schedule 1;
 - b. A weed control class of 2 is applied to all plants listed in Schedule 2;
 - c. A weed control class of 3 is applied to all plants listed in Schedule 3;
 - d. A weed control class of 4 is applied to all plants listed in Schedule 4;
 - e. A weed control class of 5 is applied to all plants listed in Schedule 5;
4. specify that, in respect of each plant listed in column 1 of Schedules 1, 2, 3, 4 and 5, the land to which the order applies in respect of each such plant is that land described in column 4 of those Schedules opposite the relevant entry in column 1;
5. specify that, in respect of each plant listed in column 1 of Schedules 1, 2, 3, 4 and 5, the control measures that are to be applied to each such plant are as described in column 5 of those Schedules opposite the relevant entry in column 1;
6. specify the control objectives for the plants as follows:
 - a. the control objective for weed control class 1 is to prevent the introduction and establishment of those plants in NSW.
 - b. the control objective for weed control class 2 is to prevent the introduction and establishment of those plants in parts of NSW.
 - c. the control objective for weed control class 3 is to reduce the area and the impact of those plants in parts of NSW.
 - d. the control objective for weed control class 4 is to minimise the negative impact of those plants on the economy, community or environment of NSW.
 - e. the control objective for weed control class 5 is to prevent the introduction of those plants into NSW, the spread of those plants within NSW or from NSW to another jurisdiction.

This order commences on 1 March 2006 and will remain in force for a period of five (5) years unless otherwise amended or revoked.

IAN MACDONALD MLC
Minister for Primary Industries

Schedule 1 – Class 1 Noxious Weeds

Common name	Scientific name	Alternate scientific name	Area to Which the Weed Control Order Applies	Control measures	Control Class
Anchored water hyacinth	<i>Eichhornia azurea</i>		Whole of NSW	The plant must be eradicated from the land and the land must be kept free of the plant	1
Black knapweed	<i>Centaurea nigra</i>		Whole of NSW	The plant must be eradicated from the land and the land must be kept free of the plant	1
Broomrapes	Orbanche species except the native <i>O. cernua</i> variety <i>australiana</i> and <i>O. minor</i>		Whole of NSW	The plant must be eradicated from the land and the land must be kept free of the plant	1
Chinese violet	<i>Asystasia gangetica</i> subspecies <i>micrantha</i>		Whole of NSW	The plant must be eradicated from the land and the land must be kept free of the plant	1
East Indian hygrophila	<i>Hygrophila polysperma</i>		Whole of NSW	The plant must be eradicated from the land and the land must be kept free of the plant	1
Eurasian water milfoil	<i>Myriophyllum spicatum</i>		Whole of NSW	The plant must be eradicated from the land and the land must be kept free of the plant	1
Hawkweed	<i>Hieracium</i> species		Whole of NSW	The plant must be eradicated from the land and the land must be kept free of the plant	1
Horsetail	<i>Equisetum</i> species		Whole of NSW	The plant must be eradicated from the land and the land must be kept free of the plant	1
Hymenachne	<i>Hymenachne amplexicaulis</i>		Whole of NSW	The plant must be eradicated from the land and the land must be kept free of the plant	1
Karoo thorn	<i>Acacia karroo</i>		Whole of NSW	The plant must be eradicated from the land and the land must be kept free of the plant	1
Kochia	<i>Bassia scoparia</i>	<i>Kochia scoparia</i>	Whole of NSW	The plant must be eradicated from the land and the land must be kept free of the plant	1
Lagarosiphon	<i>Lagarosiphon major</i>		Whole of NSW	The plant must be eradicated from the land and the land must be kept free of the plant	1
Mexican feather grass	<i>Nassella tenuissima</i>	<i>Stipa tenuissima</i>	Whole of NSW	The plant must be eradicated from the land and the land must be kept free of the plant	1
Miconia	<i>Miconia</i> species		Whole of NSW	The plant must be eradicated from the land and the land must be kept free of the plant	1
Mimosa	<i>Mimosa pigra</i>		Whole of NSW	The plant must be eradicated from the land and the land must be kept free of the plant	1
Parthenium weed	<i>Parthenium hysterophorus</i>		Whole of NSW	The plant must be eradicated from the land and the land must be kept free of the plant	1
Pond apple	<i>Annona glabra</i>		Whole of NSW	The plant must be eradicated from the land and the land must be kept free of the plant	1
Prickly acacia	<i>Acacia nilotica</i>		Whole of NSW	The plant must be eradicated from the land and the land must be kept free of the plant	1
Rubbervine	<i>Cryptostegia grandiflora</i>		Whole of NSW	The plant must be eradicated from the land and the land must be kept free of the plant	1
Senegal tea plant	<i>Gymnocoronis spilanthoides</i>		Whole of NSW	The plant must be eradicated from the land and the land must be kept free of the plant	1

Siam weed	<i>Chromolaena odorata</i>	Whole of NSW	The plant must be eradicated from the land and the land must be kept free of the plant	1
Spotted knapweed	<i>Centaurea maculosa</i>	Whole of NSW	The plant must be eradicated from the land and the land must be kept free of the plant	1
Water caltrop	<i>Trapa</i> species	Whole of NSW	The plant must be eradicated from the land and the land must be kept free of the plant	1
Water lettuce	<i>Pistia stratiotes</i>	Whole of NSW	The plant must be eradicated from the land and the land must be kept free of the plant	1
Water soldier	<i>Stratiotes aloides</i>	Whole of NSW	The plant must be eradicated from the land and the land must be kept free of the plant	1
Witchweed	<i>Striga</i> species except native species and <i>Striga parviflora</i>	Whole of NSW	The plant must be eradicated from the land and the land must be kept free of the plant	1
Yellow burrhead	<i>Limnocharis flava</i>	Whole of NSW	The plant must be eradicated from the land and the land must be kept free of the plant	1

Schedule 2 - Class 2 Noxious Weeds

Common name	Scientific name	Alternate scientific name	Area	Control measures	Class
Alligator weed	<i>Alternanthera philoxeroides</i>		Albury City Council	The plant must be eradicated from the land and the land must be kept free of the plant	2
Alligator weed	<i>Alternanthera philoxeroides</i>		Bairnald Shire Council	The plant must be eradicated from the land and the land must be kept free of the plant	2
Alligator weed	<i>Alternanthera philoxeroides</i>		Bega Valley Shire Council	The plant must be eradicated from the land and the land must be kept free of the plant	2
Alligator weed	<i>Alternanthera philoxeroides</i>		Bellingen Shire Council	The plant must be eradicated from the land and the land must be kept free of the plant	2
Alligator weed	<i>Alternanthera philoxeroides</i>		Bland Shire Council	The plant must be eradicated from the land and the land must be kept free of the plant	2

Water hyacinth	<i>Eichhornia crassipes</i>		Mid-Western Regional Council	The plant must be eradicated from the land and the land must be kept free of the plant	2
Water hyacinth	<i>Eichhornia crassipes</i>		Moree Plains Shire Council	The plant must be eradicated from the land and the land must be kept free of the plant	2
Water hyacinth	<i>Eichhornia crassipes</i>		Mosman Municipal Council	The plant must be eradicated from the land and the land must be kept free of the plant	2
Water hyacinth	<i>Eichhornia crassipes</i>		Murrumbidgee Shire Council	The plant must be eradicated from the land and the land must be kept free of the plant	2
Water hyacinth	<i>Eichhornia crassipes</i>		Narrabri Shire Council	The plant must be eradicated from the land and the land must be kept free of the plant	2
Water hyacinth	<i>Eichhornia crassipes</i>		Narrandera Shire Council	The plant must be eradicated from the land and the land must be kept free of the plant	2
Water hyacinth	<i>Eichhornia crassipes</i>		Narramine Shire Council	The plant must be eradicated from the land and the land must be kept free of the plant	2
Water hyacinth	<i>Eichhornia crassipes</i>		New England Tablelands County Council	The plant must be eradicated from the land and the land must be kept free of the plant	2
Water hyacinth	<i>Eichhornia crassipes</i>		North Sydney Council	The plant must be eradicated from the land and the land must be kept free of the plant	2
Water hyacinth	<i>Eichhornia crassipes</i>		Orange City Council	The plant must be eradicated from the land and the land must be kept free of the plant	2
Water hyacinth	<i>Eichhornia crassipes</i>		Palerang Council	The plant must be eradicated from the land and the land must be kept free of the plant	2
Water hyacinth	<i>Eichhornia crassipes</i>		Parkes Shire Council	The plant must be eradicated from the land and the land must be kept free of the plant	2
Water hyacinth	<i>Eichhornia crassipes</i>		Parramatta City Council	The plant must be eradicated from the land and the land must be kept free of the plant	2
Water hyacinth	<i>Eichhornia crassipes</i>		Pittwater Council	The plant must be eradicated from the land and the land must be kept free of the plant	2
Water hyacinth	<i>Eichhornia crassipes</i>		Queanbeyan City Council	The plant must be eradicated from the land and the land must be kept free of the plant	2

Water hyacinth	<i>Eichhornia crassipes</i>		Randwick City Council	The plant must be eradicated from the land and the land must be kept free of the plant	2
Water hyacinth	<i>Eichhornia crassipes</i>		Rockdale City Council	The plant must be eradicated from the land and the land must be kept free of the plant	2
Water hyacinth	<i>Eichhornia crassipes</i>		Ryde City Council	The plant must be eradicated from the land and the land must be kept free of the plant	2
Water hyacinth	<i>Eichhornia crassipes</i>		Snowy River Shire Council	The plant must be eradicated from the land and the land must be kept free of the plant	2
Water hyacinth	<i>Eichhornia crassipes</i>		Southern Slopes County Council	The plant must be eradicated from the land and the land must be kept free of the plant	2
Water hyacinth	<i>Eichhornia crassipes</i>		Strathfield Municipal Council	The plant must be eradicated from the land and the land must be kept free of the plant	2
Water hyacinth	<i>Eichhornia crassipes</i>		Sutherland Shire Council	The plant must be eradicated from the land and the land must be kept free of the plant	2
Water hyacinth	<i>Eichhornia crassipes</i>		Council of the City of Sydney	The plant must be eradicated from the land and the land must be kept free of the plant	2
Water hyacinth	<i>Eichhornia crassipes</i>		Tamworth Regional Council	The plant must be eradicated from the land and the land must be kept free of the plant	2
Water hyacinth	<i>Eichhornia crassipes</i>		Temora Shire Council	The plant must be eradicated from the land and the land must be kept free of the plant	2
Water hyacinth	<i>Eichhornia crassipes</i>		Tumbarumba Shire Council	The plant must be eradicated from the land and the land must be kept free of the plant	2
Water hyacinth	<i>Eichhornia crassipes</i>		Tumut Shire Council	The plant must be eradicated from the land and the land must be kept free of the plant	2
Water hyacinth	<i>Eichhornia crassipes</i>		Unincorporated, Western Lands Commission	The plant must be eradicated from the land and the land must be kept free of the plant	2
Water hyacinth	<i>Eichhornia crassipes</i>		Upper Hunter County Council	The plant must be eradicated from the land and the land must be kept free of the plant	2
Water hyacinth	<i>Eichhornia crassipes</i>		Upper Lachlan Shire Council	The plant must be eradicated from the land and the land must be kept free of the plant	2
Water hyacinth	<i>Eichhornia crassipes</i>		Upper Macquarie County Council	The plant must be eradicated from the land and the land must be kept free of the plant	2
Water hyacinth	<i>Eichhornia crassipes</i>		Urana Shire Council	The plant must be eradicated from the land and the land must be kept free of the plant	2
Water hyacinth	<i>Eichhornia crassipes</i>		Wagga Wagga City Council	The plant must be eradicated from the land and the land must be kept free of the plant	2
Water hyacinth	<i>Eichhornia crassipes</i>		The Council of the Shire of Wakool	The plant must be eradicated from the land and the land must be kept free of the plant	2
Water hyacinth	<i>Eichhornia crassipes</i>		Warringham Council	The plant must be eradicated from the land and the land must be kept free of the plant	2
Water hyacinth	<i>Eichhornia crassipes</i>		Waverley Council	The plant must be eradicated from the land and the land must be kept free of the plant	2
Water hyacinth	<i>Eichhornia crassipes</i>		Weddin Shire Council	The plant must be eradicated from the land and the land must be kept free of the plant	2
Water hyacinth	<i>Eichhornia crassipes</i>		Wellington Council	The plant must be eradicated from the land and the land must be kept free of the plant	2

Water hyacinth	<i>Eichhornia crassipes</i>		Wentworth Shire Council	The plant must be eradicated from the land and the land must be kept free of the plant	2
Water hyacinth	<i>Eichhornia crassipes</i>		Willoughby City Council	The plant must be eradicated from the land and the land must be kept free of the plant	2
Water hyacinth	<i>Eichhornia crassipes</i>		Wingecarribee Shire Council	The plant must be eradicated from the land and the land must be kept free of the plant	2
Water hyacinth	<i>Eichhornia crassipes</i>		Woollahra Municipal Council	The plant must be eradicated from the land and the land must be kept free of the plant	2

Schedule 3 – Class 3 Noxious Weeds

Common name	Scientific name	Alternate scientific name	Area	Control measures	Class
Alligator weed	<i>Alternanthera philoxeroides</i>		The Council of the Municipality of Ashfield	The plant must be fully and continuously suppressed and destroyed	3
Alligator weed	<i>Alternanthera philoxeroides</i>		Auburn Council	The plant must be fully and continuously suppressed and destroyed	3
Alligator weed	<i>Alternanthera philoxeroides</i>		Bankstown City Council	The plant must be fully and continuously suppressed and destroyed	3
Alligator weed	<i>Alternanthera philoxeroides</i>		The Council of the City of Botany Bay	The plant must be fully and continuously suppressed and destroyed	3
Alligator weed	<i>Alternanthera philoxeroides</i>		Burwood Council	The plant must be fully and continuously suppressed and destroyed	3
Alligator weed	<i>Alternanthera philoxeroides</i>		Camden Council	The plant must be fully and continuously suppressed and destroyed	3
Alligator weed	<i>Alternanthera philoxeroides</i>		Campbelltown City Council	The plant must be fully and continuously suppressed and destroyed	3
Alligator weed	<i>Alternanthera philoxeroides</i>		City of Canada Bay Council	The plant must be fully and continuously suppressed and destroyed	3
Alligator weed	<i>Alternanthera philoxeroides</i>		Canterbury City Council	The plant must be fully and continuously suppressed and destroyed	3
Alligator weed	<i>Alternanthera philoxeroides</i>		Cessnock City Council	The plant must be fully and continuously suppressed and destroyed	3
Alligator weed	<i>Alternanthera philoxeroides</i>		Fairfield City Council	The plant must be fully and continuously suppressed and destroyed	3
Alligator weed	<i>Alternanthera philoxeroides</i>		Gosford City Council	The plant must be fully and continuously suppressed and destroyed	3
Alligator weed	<i>Alternanthera philoxeroides</i>		Hawkesbury River County Council	The plant must be fully and continuously suppressed and destroyed	3
Alligator weed	<i>Alternanthera philoxeroides</i>		Holroyd City Council	The plant must be fully and continuously suppressed and destroyed	3
Alligator weed	<i>Alternanthera philoxeroides</i>		The Council of the Shire of Hornsby	The plant must be fully and continuously suppressed and destroyed	3
Alligator weed	<i>Alternanthera philoxeroides</i>		The Council of the Municipality of Hunters Hill	The plant must be fully and continuously suppressed and destroyed	3
Alligator weed	<i>Alternanthera philoxeroides</i>		Hurstville City Council	The plant must be fully and continuously suppressed and destroyed	3
Alligator weed	<i>Alternanthera philoxeroides</i>		Kogarah Municipal Council	The plant must be fully and continuously suppressed and destroyed	3
Alligator weed	<i>Alternanthera philoxeroides</i>		Ku-ring-gai Council	The plant must be fully and continuously suppressed and destroyed	3
Alligator weed	<i>Alternanthera philoxeroides</i>		Lake Macquarie City Council	The plant must be fully and continuously suppressed and destroyed	3
Alligator weed	<i>Alternanthera philoxeroides</i>		Lane Cove Municipal Council	The plant must be fully and continuously suppressed and destroyed	3

Alligator weed	<i>Alternanthera philoxeroides</i>		Leichhardt Municipal Council	The plant must be fully and continuously suppressed and destroyed	3
Alligator weed	<i>Alternanthera philoxeroides</i>		Liverpool City Council	The plant must be fully and continuously suppressed and destroyed	3
Alligator weed	<i>Alternanthera philoxeroides</i>		Maitland City Council	The plant must be fully and continuously suppressed and destroyed	3
Alligator weed	<i>Alternanthera philoxeroides</i>		Manly Council	The plant must be fully and continuously suppressed and destroyed	3
Alligator weed	<i>Alternanthera philoxeroides</i>		Marrickville Council	The plant must be fully and continuously suppressed and destroyed	3
Alligator weed	<i>Alternanthera philoxeroides</i>		Mosman Municipal Council	The plant must be fully and continuously suppressed and destroyed	3
Alligator weed	<i>Alternanthera philoxeroides</i>		Newcastle City Council	The plant must be fully and continuously suppressed and destroyed	3
Alligator weed	<i>Alternanthera philoxeroides</i>		North Sydney Council	The plant must be fully and continuously suppressed and destroyed	3
Alligator weed	<i>Alternanthera philoxeroides</i>		Parramatta City Council	The plant must be fully and continuously suppressed and destroyed	3
Alligator weed	<i>Alternanthera philoxeroides</i>		Pittwater Council	The plant must be fully and continuously suppressed and destroyed	3
Alligator weed	<i>Alternanthera philoxeroides</i>		Port Stephens Council	The plant must be fully and continuously suppressed and destroyed	3
Alligator weed	<i>Alternanthera philoxeroides</i>		Randwick City Council	The plant must be fully and continuously suppressed and destroyed	3
Alligator weed	<i>Alternanthera philoxeroides</i>		Rockdale City Council	The plant must be fully and continuously suppressed and destroyed	3
Alligator weed	<i>Alternanthera philoxeroides</i>		Ryde City Council	The plant must be fully and continuously suppressed and destroyed	3
Alligator weed	<i>Alternanthera philoxeroides</i>		Strathfield Municipal Council	The plant must be fully and continuously suppressed and destroyed	3
Alligator weed	<i>Alternanthera philoxeroides</i>		Sutherland Shire Council	The plant must be fully and continuously suppressed and destroyed	3
Alligator weed	<i>Alternanthera philoxeroides</i>		Council of the City of Sydney	The plant must be fully and continuously suppressed and destroyed	3
Alligator weed	<i>Alternanthera philoxeroides</i>		Warringah Council	The plant must be fully and continuously suppressed and destroyed	3
Alligator weed	<i>Alternanthera philoxeroides</i>		Waverley Council	The plant must be fully and continuously suppressed and destroyed	3
Alligator weed	<i>Alternanthera philoxeroides</i>		Willoughby City Council	The plant must be fully and continuously suppressed and destroyed	3
Alligator weed	<i>Alternanthera philoxeroides</i>		Wollondilly Shire Council	The plant must be fully and continuously suppressed and destroyed	3
Alligator weed	<i>Alternanthera philoxeroides</i>		Woolahra Municipal Council	The plant must be fully and continuously suppressed and destroyed	3
Alligator weed	<i>Alternanthera philoxeroides</i>		Wyong Shire Council	The plant must be fully and continuously suppressed and destroyed	3

Arundinaria reed	Arundinaria species		Lord Howe Island Board	The plant must be fully and continuously suppressed and destroyed	3
Black willow	<i>Salix nigra</i>		Albury City Council	The plant must be fully and continuously suppressed and destroyed	3
Black willow	<i>Salix nigra</i>		Bellingen Shire Council	The plant must be fully and continuously suppressed and destroyed	3
Black willow	<i>Salix nigra</i>		Blue Mountains City Council	The plant must be fully and continuously suppressed and destroyed	3
Black willow	<i>Salix nigra</i>		Clarence Valley Council	The plant must be fully and continuously suppressed and destroyed	3
Black willow	<i>Salix nigra</i>		Greater Hume Shire Council	The plant must be fully and continuously suppressed and destroyed	3
Black willow	<i>Salix nigra</i>		Gundagai Shire Council	The plant must be fully and continuously suppressed and destroyed	3
Black willow	<i>Salix nigra</i>		June Shire Council	The plant must be fully and continuously suppressed and destroyed	3
Black willow	<i>Salix nigra</i>		Narrandera Shire Council	The plant must be fully and continuously suppressed and destroyed	3
Black willow	<i>Salix nigra</i>		Tumbarumba Shire Council	The plant must be fully and continuously suppressed and destroyed	3
Black willow	<i>Salix nigra</i>		Turnut Shire Council	The plant must be fully and continuously suppressed and destroyed	3
Black willow	<i>Salix nigra</i>		Wagga Wagga City Council	The plant must be fully and continuously suppressed and destroyed	3
Bitou bush	<i>Chrysanthemoides monilifera subsp. rotunda</i>		Bankstown City Council	The plant must be fully and continuously suppressed and destroyed	3
Bitou bush	<i>Chrysanthemoides monilifera subsp. rotunda</i>		Bega Valley Shire Council	The plant must be fully and continuously suppressed and destroyed	3
Bitou bush	<i>Chrysanthemoides monilifera subsp. rotunda</i>		Burwood Council	The plant must be fully and continuously suppressed and destroyed	3
Bitou bush	<i>Chrysanthemoides monilifera subsp. rotunda</i>		Canterbury City Council	The plant must be fully and continuously suppressed and destroyed	3
Bitou bush	<i>Chrysanthemoides monilifera subsp. rotunda</i>		Fairfield City Council	The plant must be fully and continuously suppressed and destroyed	3
Bitou bush	<i>Chrysanthemoides monilifera subsp. rotunda</i>		Holroyd City Council	The plant must be fully and continuously suppressed and destroyed	3
Bitou bush	<i>Chrysanthemoides monilifera subsp. rotunda</i>		The Council of the Shire of Hornsby	The plant must be fully and continuously suppressed and destroyed	3
Bitou bush	<i>Chrysanthemoides monilifera subsp. rotunda</i>		Hurstville City Council	The plant must be fully and continuously suppressed and destroyed	3
Bitou bush	<i>Chrysanthemoides monilifera subsp. rotunda</i>		Kogarah Municipal Council	The plant must be fully and continuously suppressed and destroyed	3
Bitou bush	<i>Chrysanthemoides monilifera subsp. rotunda</i>		Ku-ring-gai Council	The plant must be fully and continuously suppressed and destroyed	3
Bitou bush	<i>Chrysanthemoides monilifera subsp. rotunda</i>		Liverpool City Council	The plant must be fully and continuously suppressed and destroyed	3

Bitou bush	<i>Chrysanthemoides monilifera subspecies rotunda</i>		Marrickville Council	The plant must be fully and continuously suppressed and destroyed	3
Bitou bush	<i>Chrysanthemoides monilifera subspecies rotunda</i>		Parramatta City Council	The plant must be fully and continuously suppressed and destroyed	3
Bitou bush	<i>Chrysanthemoides monilifera subspecies rotunda</i>		Rockdale City Council	The plant must be fully and continuously suppressed and destroyed	3
Bitou bush	<i>Chrysanthemoides monilifera subspecies rotunda</i>		Strathfield Municipal Council	The plant must be fully and continuously suppressed and destroyed	3
Boneseed	<i>Chrysanthemoides monilifera subspecies monilifera</i>		Bankstown City Council	The plant must be fully and continuously suppressed and destroyed	3
Boneseed	<i>Chrysanthemoides monilifera subspecies monilifera</i>		Bega Valley Shire Council	The plant must be fully and continuously suppressed and destroyed	3
Boneseed	<i>Chrysanthemoides monilifera subspecies monilifera</i>		Burwood Council	The plant must be fully and continuously suppressed and destroyed	3
Boneseed	<i>Chrysanthemoides monilifera subspecies monilifera</i>		Canterbury City Council	The plant must be fully and continuously suppressed and destroyed	3
Boneseed	<i>Chrysanthemoides monilifera subspecies monilifera</i>		Fairfield City Council	The plant must be fully and continuously suppressed and destroyed	3
Boneseed	<i>Chrysanthemoides monilifera subspecies monilifera</i>		Holroyd City Council	The plant must be fully and continuously suppressed and destroyed	3
Boneseed	<i>Chrysanthemoides monilifera subspecies monilifera</i>		The Council of the Shire of Hornsby	The plant must be fully and continuously suppressed and destroyed	3
Boneseed	<i>Chrysanthemoides monilifera subspecies monilifera</i>		Hurstville City Council	The plant must be fully and continuously suppressed and destroyed	3
Boneseed	<i>Chrysanthemoides monilifera subspecies monilifera</i>		Kogarah Municipal Council	The plant must be fully and continuously suppressed and destroyed	3
Boneseed	<i>Chrysanthemoides monilifera subspecies monilifera</i>		Ku-ring-gai Council	The plant must be fully and continuously suppressed and destroyed	3
Boneseed	<i>Chrysanthemoides monilifera subspecies monilifera</i>		Liverpool City Council	The plant must be fully and continuously suppressed and destroyed	3
Boneseed	<i>Chrysanthemoides monilifera subspecies monilifera</i>		Marrickville Council	The plant must be fully and continuously suppressed and destroyed	3
Boneseed	<i>Chrysanthemoides monilifera subspecies monilifera</i>		Parramatta City Council	The plant must be fully and continuously suppressed and destroyed	3
Boneseed	<i>Chrysanthemoides monilifera subspecies monilifera</i>		Rockdale City Council	The plant must be fully and continuously suppressed and destroyed	3
Boneseed	<i>Chrysanthemoides monilifera subspecies monilifera</i>		Strathfield Municipal Council	The plant must be fully and continuously suppressed and destroyed	3
Broad-leaf pepper tree	<i>Schinus terebinthifolius</i>		Bellingen Shire Council	The plant must be fully and continuously suppressed and destroyed	3
Broad-leaf pepper tree	<i>Schinus terebinthifolius</i>		Clarence Valley Council	The plant must be fully and continuously suppressed and destroyed	3
Broad-leaf pepper tree	<i>Schinus terebinthifolius</i>		Coffs Harbour City Council	The plant must be fully and continuously suppressed and destroyed	3
Broad-leaf pepper tree	<i>Schinus terebinthifolius</i>		Far North Coast County Council	The plant must be fully and continuously suppressed and destroyed	3

Broad-leaf pepper tree	<i>Schinus terebinthifolius</i>		Greater Taree City Council	The plant must be fully and continuously suppressed and destroyed	3
Broad-leaf pepper tree	<i>Schinus terebinthifolius</i>		Kempsey Shire Council	The plant must be fully and continuously suppressed and destroyed	3
Broad-leaf pepper tree	<i>Schinus terebinthifolius</i>		Nambucca Shire Council	The plant must be fully and continuously suppressed and destroyed	3
Broad-leaf pepper tree	<i>Schinus terebinthifolius</i>		Port Macquarie-Hastings Council	The plant must be fully and continuously suppressed and destroyed	3
Cape broom	<i>Genista monspessulana</i>		Blue Mountains City Council	The plant must be fully and continuously suppressed and destroyed	3
Cape broom	<i>Genista monspessulana</i>		The Council of the Shire of Hornsby	The plant must be fully and continuously suppressed and destroyed	3
Cape broom	<i>Genista monspessulana</i>		The Council of the Municipality of Hunters Hill	The plant must be fully and continuously suppressed and destroyed	3
Cape broom	<i>Genista monspessulana</i>		Ku-ring-gai Council	The plant must be fully and continuously suppressed and destroyed	3
Cape broom	<i>Genista monspessulana</i>		Lane Cove Municipal Council	The plant must be fully and continuously suppressed and destroyed	3
Cape broom	<i>Genista monspessulana</i>		Manly Council	The plant must be fully and continuously suppressed and destroyed	3
Cape broom	<i>Genista monspessulana</i>		North Sydney Council	The plant must be fully and continuously suppressed and destroyed	3
Cape broom	<i>Genista monspessulana</i>		Parramatta City Council	The plant must be fully and continuously suppressed and destroyed	3
Cape broom	<i>Genista monspessulana</i>		Ryde City Council	The plant must be fully and continuously suppressed and destroyed	3
Castor oil plant	<i>Ricinus communis</i>		Lord Howe Island Board	The plant must be fully and continuously suppressed and destroyed	3
Cherry guava	<i>Psidium cattleianum</i>		Lord Howe Island Board	The plant must be fully and continuously suppressed and destroyed	3
Chilean needle grass	<i>Nassella neesiana</i>		Albury City Council	The plant must be fully and continuously suppressed and destroyed and the plant may not be sold, propagated or knowingly distributed	3
Chilean needle grass	<i>Nassella neesiana</i>		Balranald Shire Council	The plant must be fully and continuously suppressed and destroyed and the plant may not be sold, propagated or knowingly distributed	3
Chilean needle grass	<i>Nassella neesiana</i>		Bland Shire Council	The plant must be fully and continuously suppressed and destroyed and the plant may not be sold, propagated or knowingly distributed	3
Chilean needle grass	<i>Nassella neesiana</i>		Carrathool Shire Council	The plant must be fully and continuously suppressed and destroyed and the plant may not be sold, propagated or knowingly distributed	3
Chilean needle grass	<i>Nassella neesiana</i>		Central Murray County Council	The plant must be fully and continuously suppressed and destroyed and the plant may not be sold, propagated or knowingly distributed	3
Chilean needle	<i>Nassella neesiana</i>		Coolamoon Shire Council	The plant must be fully and continuously suppressed and destroyed and the plant may not be sold, propagated or knowingly distributed	3

grass					and destroyed and the plant may not be sold, propagated or knowingly distributed	
Chilean needle grass	<i>Nassella neesiana</i>			Cootamundra Shire Council	The plant must be fully and continuously suppressed and destroyed and the plant may not be sold, propagated or knowingly distributed	3
Chilean needle grass	<i>Nassella neesiana</i>			Corowa Shire Council	The plant must be fully and continuously suppressed and destroyed and the plant may not be sold, propagated or knowingly distributed	3
Chilean needle grass	<i>Nassella neesiana</i>			Greater Hume Shire Council	The plant must be fully and continuously suppressed and destroyed and the plant may not be sold, propagated or knowingly distributed	3
Chilean needle grass	<i>Nassella neesiana</i>			Griffith City Council	The plant must be fully and continuously suppressed and destroyed and the plant may not be sold, propagated or knowingly distributed	3
Chilean needle grass	<i>Nassella neesiana</i>			Gundagai Shire Council	The plant must be fully and continuously suppressed and destroyed and the plant may not be sold, propagated or knowingly distributed	3
Chilean needle grass	<i>Nassella neesiana</i>			Hay Shire Council	The plant must be fully and continuously suppressed and destroyed and the plant may not be sold, propagated or knowingly distributed	3
Chilean needle grass	<i>Nassella neesiana</i>			Jerilderie Shire Council	The plant must be fully and continuously suppressed and destroyed and the plant may not be sold, propagated or knowingly distributed	3
Chilean needle grass	<i>Nassella neesiana</i>			Juneee Shire Council	The plant must be fully and continuously suppressed and destroyed and the plant may not be sold, propagated or knowingly distributed	3
Chilean needle grass	<i>Nassella neesiana</i>			Leeton Shire Council	The plant must be fully and continuously suppressed and destroyed and the plant may not be sold, propagated or knowingly distributed	3
Chilean needle grass	<i>Nassella neesiana</i>			Lockhart Shire Council	The plant must be fully and continuously suppressed and destroyed and the plant may not be sold, propagated or knowingly distributed	3
Chilean needle grass	<i>Nassella neesiana</i>			Murrumbidgee Shire Council	The plant must be fully and continuously suppressed and destroyed and the plant may not be sold, propagated or knowingly distributed	3
Chilean needle grass	<i>Nassella neesiana</i>			Narrandera Shire Council	The plant must be fully and continuously suppressed and destroyed and the plant may not be sold, propagated or knowingly distributed	3
Chilean needle grass	<i>Nassella neesiana</i>			Temora Shire Council	The plant must be fully and continuously suppressed and destroyed and the plant may not be sold, propagated or knowingly distributed	3
Chilean needle grass	<i>Nassella neesiana</i>			Tumbarumba Shire Council	The plant must be fully and continuously suppressed and destroyed and the plant may not be sold, propagated or knowingly distributed	3
Chilean needle grass	<i>Nassella neesiana</i>			Turnut Shire Council	The plant must be fully and continuously suppressed and destroyed and the plant may not be sold, propagated or knowingly distributed	3

Chilean needle grass	<i>Nassella neesiana</i>		Urana Shire Council	propagated or knowingly distributed The plant must be fully and continuously suppressed and destroyed and the plant may not be sold, propagated or knowingly distributed	3
Chilean needle grass	<i>Nassella neesiana</i>		Wagga Wagga City Council	The plant must be fully and continuously suppressed and destroyed and the plant may not be sold, propagated or knowingly distributed	3
Chilean needle grass	<i>Nassella neesiana</i>		The Council of the Shire of Wakool	The plant must be fully and continuously suppressed and destroyed and the plant may not be sold, propagated or knowingly distributed	3
Chilean needle grass	<i>Nassella neesiana</i>		Wentworth Shire Council	The plant must be fully and continuously suppressed and destroyed and the plant may not be sold, propagated or knowingly distributed	3
Chinese celtis	<i>Celtis sinensis</i>		Bellingen Shire Council	The plant must be fully and continuously suppressed and destroyed	3
Chinese celtis	<i>Celtis sinensis</i>		Clarence Valley Council	The plant must be fully and continuously suppressed and destroyed	3
Chinese celtis	<i>Celtis sinensis</i>		Coffs Harbour City Council	The plant must be fully and continuously suppressed and destroyed	3
Chinese celtis	<i>Celtis sinensis</i>		Far North Coast County Council	The plant must be fully and continuously suppressed and destroyed	3
Chinese celtis	<i>Celtis sinensis</i>		Greater Taree City Council	The plant must be fully and continuously suppressed and destroyed	3
Chinese celtis	<i>Celtis sinensis</i>		Kempsey Shire Council	The plant must be fully and continuously suppressed and destroyed	3
Chinese celtis	<i>Celtis sinensis</i>		Nambucca Shire Council	The plant must be fully and continuously suppressed and destroyed	3
Chinese celtis	<i>Celtis sinensis</i>		Port Macquarie-Hastings Council	The plant must be fully and continuously suppressed and destroyed	3
Chinese tallow tree	<i>Triadica sebifera</i>		Bellingen Shire Council	The plant must be fully and continuously suppressed and destroyed	3
Chinese tallow tree	<i>Triadica sebifera</i>		Clarence Valley Council	The plant must be fully and continuously suppressed and destroyed	3
Chinese tallow tree	<i>Triadica sebifera</i>		Coffs Harbour City Council	The plant must be fully and continuously suppressed and destroyed	3
Chinese tallow tree	<i>Triadica sebifera</i>		Far North Coast County Council	The plant must be fully and continuously suppressed and destroyed	3
Chinese tallow tree	<i>Triadica sebifera</i>		Nambucca Shire Council	The plant must be fully and continuously suppressed and destroyed	3
Columbus grass	<i>Sorghum x alimum</i>		Bogan Shire Council	The plant must be fully and continuously suppressed and destroyed	3
Columbus grass	<i>Sorghum x alimum</i>		Bourke Shire Council	The plant must be fully and continuously suppressed and destroyed	3
Columbus grass	<i>Sorghum x alimum</i>		Brewarrina Shire Council	The plant must be fully and continuously suppressed and destroyed	3

Columbus grass	<i>Sorghum x almum</i>		Broken Hill City Council	The plant must be fully and continuously suppressed and destroyed	3
Columbus grass	<i>Sorghum x almum</i>		Cabonne Shire Council	The plant must be fully and continuously suppressed and destroyed	3
Columbus grass	<i>Sorghum x almum</i>		Castlereagh Macquarie County Council	The plant must be fully and continuously suppressed and destroyed	3
Columbus grass	<i>Sorghum x almum</i>		Central Darling Shire Council	The plant must be fully and continuously suppressed and destroyed	3
Columbus grass	<i>Sorghum x almum</i>		Cobar Shire Council	The plant must be fully and continuously suppressed and destroyed	3
Columbus grass	<i>Sorghum x almum</i>		Cowra Shire Council	The plant must be fully and continuously suppressed and destroyed	3
Columbus grass	<i>Sorghum x almum</i>		Dubbo City Council	The plant must be fully and continuously suppressed and destroyed	3
Columbus grass	<i>Sorghum x almum</i>		Forbes Shire Council	The plant must be fully and continuously suppressed and destroyed	3
Columbus grass	<i>Sorghum x almum</i>		Lachlan Shire Council	The plant must be fully and continuously suppressed and destroyed	3
Columbus grass	<i>Sorghum x almum</i>		Mid-Western Regional Council	The plant must be fully and continuously suppressed and destroyed	3
Columbus grass	<i>Sorghum x almum</i>		Narramine Shire Council	The plant must be fully and continuously suppressed and destroyed	3
Columbus grass	<i>Sorghum x almum</i>		Orange City Council	The plant must be fully and continuously suppressed and destroyed	3

Salvinia	<i>Salvinia molesta</i>		Lake Macquarie City Council	The plant must be fully and continuously suppressed and destroyed	3
Salvinia	<i>Salvinia molesta</i>		Maitland City Council	The plant must be fully and continuously suppressed and destroyed	3
Salvinia	<i>Salvinia molesta</i>		Nambucca Shire Council	The plant must be fully and continuously suppressed and destroyed	3

Salvinia	<i>Salvinia molesta</i>		Newcastle City Council	and destroyed The plant must be fully and continuously suppressed and destroyed	3
Salvinia	<i>Salvinia molesta</i>		Port Macquarie-Hastings Council	The plant must be fully and continuously suppressed and destroyed	3
Salvinia	<i>Salvinia molesta</i>		Port Stephens Council	The plant must be fully and continuously suppressed and destroyed	3
Salvinia	<i>Salvinia molesta</i>		Wollondilly Shire Council	The plant must be fully and continuously suppressed and destroyed	3
Salvinia	<i>Salvinia molesta</i>		Wyong Shire Council	The plant must be fully and continuously suppressed and destroyed	3
Serrated tussock	<i>Nassella trichotoma</i>		Albury City Council	The plant must be fully and continuously suppressed and destroyed and the plant may not be sold, propagated or knowingly distributed	3
Serrated tussock	<i>Nassella trichotoma</i>		Bairnald Shire Council	The plant must be fully and continuously suppressed and destroyed and the plant may not be sold, propagated or knowingly distributed	3
Serrated tussock	<i>Nassella trichotoma</i>		Bland Shire Council	The plant must be fully and continuously suppressed and destroyed and the plant may not be sold, propagated or knowingly distributed	3
Serrated tussock	<i>Nassella trichotoma</i>		Carrathool Shire Council	The plant must be fully and continuously suppressed and destroyed and the plant may not be sold, propagated or knowingly distributed	3
Serrated tussock	<i>Nassella trichotoma</i>		Central Murray County Council	The plant must be fully and continuously suppressed and destroyed and the plant may not be sold, propagated or knowingly distributed	3
Serrated tussock	<i>Nassella trichotoma</i>		Coolamon Shire Council	The plant must be fully and continuously suppressed and destroyed and the plant may not be sold, propagated or knowingly distributed	3
Serrated tussock	<i>Nassella trichotoma</i>		Cootamundra Shire Council	The plant must be fully and continuously suppressed and destroyed and the plant may not be sold, propagated or knowingly distributed	3
Serrated tussock	<i>Nassella trichotoma</i>		Corowa Shire Council	The plant must be fully and continuously suppressed and destroyed and the plant may not be sold, propagated or knowingly distributed	3
Serrated tussock	<i>Nassella trichotoma</i>		Glen Innes Severn Shire Council	The plant must be fully and continuously suppressed and destroyed and the plant may not be sold, propagated or knowingly distributed	3
Serrated tussock	<i>Nassella trichotoma</i>		Greater Hume Shire Council	The plant must be fully and continuously suppressed and destroyed and the plant may not be sold, propagated or knowingly distributed	3
Serrated tussock	<i>Nassella trichotoma</i>		Griffith City Council	The plant must be fully and continuously suppressed and destroyed and the plant may not be sold, propagated or knowingly distributed	3
Serrated tussock	<i>Nassella trichotoma</i>		Gundagai Shire Council	The plant must be fully and continuously suppressed and destroyed and the plant may not be sold, propagated or knowingly distributed	3

Serrated tussock	<i>Nassella trichotoma</i>		Gwydir Shire Council	propagated or knowingly distributed The plant must be fully and continuously suppressed and destroyed and the plant may not be sold, propagated or knowingly distributed	3
Serrated tussock	<i>Nassella trichotoma</i>		Hay Shire Council	The plant must be fully and continuously suppressed and destroyed and the plant may not be sold, propagated or knowingly distributed	3
Serrated tussock	<i>Nassella trichotoma</i>		Inverell Shire Council	The plant must be fully and continuously suppressed and destroyed and the plant may not be sold, propagated or knowingly distributed	3
Serrated tussock	<i>Nassella trichotoma</i>		Jerilderie Shire Council	The plant must be fully and continuously suppressed and destroyed and the plant may not be sold, propagated or knowingly distributed	3
Serrated tussock	<i>Nassella trichotoma</i>		Junee Shire Council	The plant must be fully and continuously suppressed and destroyed and the plant may not be sold, propagated or knowingly distributed	3
Serrated tussock	<i>Nassella trichotoma</i>		Leeton Shire Council	The plant must be fully and continuously suppressed and destroyed and the plant may not be sold, propagated or knowingly distributed	3
Serrated tussock	<i>Nassella trichotoma</i>		Liverpool Plains Shire Council	The plant must be fully and continuously suppressed and destroyed and the plant may not be sold, propagated or knowingly distributed	3
Serrated tussock	<i>Nassella trichotoma</i>		Lockhart Shire Council	The plant must be fully and continuously suppressed and destroyed and the plant may not be sold, propagated or knowingly distributed	3
Serrated tussock	<i>Nassella trichotoma</i>		Murrumbidgee Shire Council	The plant must be fully and continuously suppressed and destroyed and the plant may not be sold, propagated or knowingly distributed	3
Serrated tussock	<i>Nassella trichotoma</i>		Narrandera Shire Council	The plant must be fully and continuously suppressed and destroyed and the plant may not be sold, propagated or knowingly distributed	3
Serrated tussock	<i>Nassella trichotoma</i>		New England Tablelands County Council	The plant must be fully and continuously suppressed and destroyed and the plant may not be sold, propagated or knowingly distributed	3
Serrated tussock	<i>Nassella trichotoma</i>		Tamworth Regional Council	The plant must be fully and continuously suppressed and destroyed and the plant may not be sold, propagated or knowingly distributed	3
Serrated tussock	<i>Nassella trichotoma</i>		Temora Shire Council	The plant must be fully and continuously suppressed and destroyed and the plant may not be sold, propagated or knowingly distributed	3
Serrated tussock	<i>Nassella trichotoma</i>		Tenterfield Shire Council	The plant must be fully and continuously suppressed and destroyed and the plant may not be sold, propagated or knowingly distributed	3
Serrated tussock	<i>Nassella trichotoma</i>		Tumbarumba Shire Council	The plant must be fully and continuously suppressed and destroyed and the plant may not be sold, propagated or knowingly distributed	3

Serrated tussock	<i>Nassella trichotoma</i>		Tumut Shire Council	The plant must be fully and continuously suppressed and destroyed and the plant may not be sold, propagated or knowingly distributed	3
Serrated tussock	<i>Nassella trichotoma</i>		Upper Hunter County Council	The plant must be fully and continuously suppressed and destroyed and the plant may not be sold, propagated or knowingly distributed	3
Serrated tussock	<i>Nassella trichotoma</i>		Urana Shire Council	The plant must be fully and continuously suppressed and destroyed and the plant may not be sold, propagated or knowingly distributed	3
Serrated tussock	<i>Nassella trichotoma</i>		Wagga Wagga City Council	The plant must be fully and continuously suppressed and destroyed and the plant may not be sold, propagated or knowingly distributed	3
Serrated tussock	<i>Nassella trichotoma</i>		The Council of the Shire of Wakool	The plant must be fully and continuously suppressed and destroyed and the plant may not be sold, propagated or knowingly distributed	3
Serrated tussock	<i>Nassella trichotoma</i>		Wentworth Shire Council	The plant must be fully and continuously suppressed and destroyed and the plant may not be sold, propagated or knowingly distributed	3
Silk forage sorghum	<i>Sorghum</i> species hybrid cultivar		Bogan Shire Council	The plant must be fully and continuously suppressed and destroyed	3
Silk forage sorghum	<i>Sorghum</i> species hybrid cultivar		Cabonne Shire Council	The plant must be fully and continuously suppressed and destroyed	3
Silk forage sorghum	<i>Sorghum</i> species hybrid cultivar		Castlereagh Macquarie County Council	The plant must be fully and continuously suppressed and destroyed	3
Silk forage sorghum	<i>Sorghum</i> species hybrid cultivar		Cowra Shire Council	The plant must be fully and continuously suppressed and destroyed	3
Silk forage sorghum	<i>Sorghum</i> species hybrid cultivar		Dubbo City Council	The plant must be fully and continuously suppressed and destroyed	3
Silk forage sorghum	<i>Sorghum</i> species hybrid cultivar		Forbes Shire Council	The plant must be fully and continuously suppressed and destroyed	3
Silk forage sorghum	<i>Sorghum</i> species hybrid cultivar		Mid-Western Regional Council	The plant must be fully and continuously suppressed and destroyed	3
Silk forage sorghum	<i>Sorghum</i> species hybrid cultivar		Narromine Shire Council	The plant must be fully and continuously suppressed and destroyed	3
Silk forage sorghum	<i>Sorghum</i> species hybrid cultivar		Parkes Shire Council	The plant must be fully and continuously suppressed and destroyed	3
Silk forage sorghum	<i>Sorghum</i> species hybrid cultivar		Wellington Council	The plant must be fully and continuously suppressed and destroyed	3
Silver-leaf nightshade	<i>Solanum elaeagnifolium</i>		Gunnedah Shire Council	The plant must be fully and continuously suppressed and destroyed	3
Silver-leaf nightshade	<i>Solanum elaeagnifolium</i>		Gwydir Shire Council	The plant must be fully and continuously suppressed and destroyed	3
Silver-leaf nightshade	<i>Solanum elaeagnifolium</i>		Inverell Shire Council	The plant must be fully and continuously suppressed and destroyed	3
Silver-leaf nightshade	<i>Solanum elaeagnifolium</i>		Liverpool Plains Shire Council	The plant must be fully and continuously suppressed and destroyed	3

Silver-leaf nightshade	<i>Solanum elaeagnifolium</i>		Moree Plains Shire Council	The plant must be fully and continuously suppressed and destroyed	3
Silver-leaf nightshade	<i>Solanum elaeagnifolium</i>		Narrabri Shire Council	The plant must be fully and continuously suppressed and destroyed	3
Silver-leaf nightshade	<i>Solanum elaeagnifolium</i>		Tamworth Regional Council	The plant must be fully and continuously suppressed and destroyed	3
Silver-leaf nightshade	<i>Solanum elaeagnifolium</i>		Tenterfield Shire Council	The plant must be fully and continuously suppressed and destroyed	3
St. John's wort	<i>Hypericum perforatum</i>		Bega Valley Shire Council	The plant must be fully and continuously suppressed and destroyed	3
St. John's wort	<i>Hypericum perforatum</i>		Bland Shire Council	The plant must be fully and continuously suppressed and destroyed	3
St. John's wort	<i>Hypericum perforatum</i>		Carrauthool Shire Council	The plant must be fully and continuously suppressed and destroyed	3
St. John's wort	<i>Hypericum perforatum</i>		Central Murray County Council	The plant must be fully and continuously suppressed and destroyed	3
St. John's wort	<i>Hypericum perforatum</i>		Clarence Valley Council	The plant must be fully and continuously suppressed and destroyed	3
St. John's wort	<i>Hypericum perforatum</i>		Corowa Shire Council	The plant must be fully and continuously suppressed and destroyed	3
St. John's wort	<i>Hypericum perforatum</i>		Dungog Shire Council	The plant must be fully and continuously suppressed and destroyed	3
St. John's wort	<i>Hypericum perforatum</i>		Eurobodalla Shire Council	The plant must be fully and continuously suppressed and destroyed	3
St. John's wort	<i>Hypericum perforatum</i>		Glen Innes Severn Shire Council	The plant must be fully and continuously suppressed and destroyed	3
St. John's wort	<i>Hypericum perforatum</i>		Gloucester Shire Council	The plant must be fully and continuously suppressed and destroyed	3
St. John's wort	<i>Hypericum perforatum</i>		Goulburn Mulwaree Council	The plant must be fully and continuously suppressed and destroyed	3
St. John's wort	<i>Hypericum perforatum</i>		Great Lakes Council	The plant must be fully and continuously suppressed and destroyed	3
St. John's wort	<i>Hypericum perforatum</i>		Greater Taree City Council	The plant must be fully and continuously suppressed and destroyed	3
St. John's wort	<i>Hypericum perforatum</i>		Griffith City Council	The plant must be fully and continuously suppressed and destroyed	3
St. John's wort	<i>Hypericum perforatum</i>		Gunnedah Shire Council	The plant must be fully and continuously suppressed and destroyed	3
St. John's wort	<i>Hypericum perforatum</i>		Gwydir Shire Council	The plant must be fully and continuously suppressed and destroyed	3
St. John's wort	<i>Hypericum perforatum</i>		Inverell Shire Council	The plant must be fully and continuously suppressed and destroyed	3
St. John's wort	<i>Hypericum perforatum</i>		Jerilderie Shire Council	The plant must be fully and continuously suppressed and destroyed	3
St. John's wort	<i>Hypericum perforatum</i>		The Council of the Municipality of Kiama	The plant must be fully and continuously suppressed and destroyed	3

St. John's wort	<i>Hypericum perforatum</i>		Leeton Shire Council	The plant must be fully and continuously suppressed and destroyed	3
St. John's wort	<i>Hypericum perforatum</i>		Lockhart Shire Council	The plant must be fully and continuously suppressed and destroyed	3
St. John's wort	<i>Hypericum perforatum</i>		Moree Plains Shire Council	The plant must be fully and continuously suppressed and destroyed	3
St. John's wort	<i>Hypericum perforatum</i>		Murrumbidgee Shire Council	The plant must be fully and continuously suppressed and destroyed	3
St. John's wort	<i>Hypericum perforatum</i>		Narrabri Shire Council	The plant must be fully and continuously suppressed and destroyed	3
St. John's wort	<i>Hypericum perforatum</i>		Narrandera Shire Council	The plant must be fully and continuously suppressed and destroyed	3
St. John's wort	<i>Hypericum perforatum</i>		New England Tablelands County Council	The plant must be fully and continuously suppressed and destroyed	3
St. John's wort	<i>Hypericum perforatum</i>		Palerang Council	The plant must be fully and continuously suppressed and destroyed	3
St. John's wort	<i>Hypericum perforatum</i>		Port Macquarie-Hastings Council	The plant must be fully and continuously suppressed and destroyed	3
St. John's wort	<i>Hypericum perforatum</i>		Queanbeyan City Council	The plant must be fully and continuously suppressed and destroyed	3
St. John's wort	<i>Hypericum perforatum</i>		Shellharbour City Council	The plant must be fully and continuously suppressed and destroyed	3
St. John's wort	<i>Hypericum perforatum</i>		Shoalhaven City Council	The plant must be fully and continuously suppressed and destroyed	3
St. John's wort	<i>Hypericum perforatum</i>		Temora Shire Council	The plant must be fully and continuously suppressed and destroyed	3
St. John's wort	<i>Hypericum perforatum</i>		Tenterfield Shire Council	The plant must be fully and continuously suppressed and destroyed	3
St. John's wort	<i>Hypericum perforatum</i>		Urana Shire Council	The plant must be fully and continuously suppressed and destroyed	3
St. John's wort	<i>Hypericum perforatum</i>		The Council of the Shire of Wakool	The plant must be fully and continuously suppressed and destroyed	3
St. John's wort	<i>Hypericum perforatum</i>		Wollongong City Council	The plant must be fully and continuously suppressed and destroyed	3
Sweet pittosporum	<i>Pittosporum undulatum</i>		Lord Howe Island Board	The plant must be fully and continuously suppressed and destroyed	3
Tussock paspalum	<i>Paspalum quadrifarium</i>		Ku-ring-gai Council	The plant must be fully and continuously suppressed and destroyed	3
Tussock paspalum	<i>Paspalum quadrifarium</i>		Lane Cove Municipal Council	The plant must be fully and continuously suppressed and destroyed	3
Tussock paspalum	<i>Paspalum quadrifarium</i>		North Sydney Council	The plant must be fully and continuously suppressed and destroyed	3
Tussock paspalum	<i>Paspalum quadrifarium</i>		Warringah Council	The plant must be fully and continuously suppressed and destroyed	3
Tussock paspalum	<i>Paspalum quadrifarium</i>		Willoughby City Council	The plant must be fully and continuously suppressed and destroyed	3

Water hyacinth	<i>Eichhornia crassipes</i>		Bellingen Shire Council	The plant must be fully and continuously suppressed and destroyed	3
Water hyacinth	<i>Eichhornia crassipes</i>		Campbelltown City Council	The plant must be fully and continuously suppressed and destroyed	3
Water hyacinth	<i>Eichhornia crassipes</i>		Coffs Harbour City Council	The plant must be fully and continuously suppressed and destroyed	3
Water hyacinth	<i>Eichhornia crassipes</i>		Gloucester Shire Council	The plant must be fully and continuously suppressed and destroyed	3
Water hyacinth	<i>Eichhornia crassipes</i>		Gosford City Council	The plant must be fully and continuously suppressed and destroyed	3
Water hyacinth	<i>Eichhornia crassipes</i>		Great Lakes Council	The plant must be fully and continuously suppressed and destroyed	3
Water hyacinth	<i>Eichhornia crassipes</i>		Greater Taree City Council	The plant must be fully and continuously suppressed and destroyed	3
Water hyacinth	<i>Eichhornia crassipes</i>		Hawkesbury River County Council	The plant must be fully and continuously suppressed and destroyed	3
Water hyacinth	<i>Eichhornia crassipes</i>		Kempsey Shire Council	The plant must be fully and continuously suppressed and destroyed	3
Water hyacinth	<i>Eichhornia crassipes</i>		The Council of the Municipality of Kiama	The plant must be fully and continuously suppressed and destroyed	3
Water hyacinth	<i>Eichhornia crassipes</i>		Nambucca Shire Council	The plant must be fully and continuously suppressed and destroyed	3
Water hyacinth	<i>Eichhornia crassipes</i>		Port Macquarie-Hastings Council	The plant must be fully and continuously suppressed and destroyed	3
Water hyacinth	<i>Eichhornia crassipes</i>		Shellharbour City Council	The plant must be fully and continuously suppressed and destroyed	3
Water hyacinth	<i>Eichhornia crassipes</i>		Shoalhaven City Council	The plant must be fully and continuously suppressed and destroyed	3
Water hyacinth	<i>Eichhornia crassipes</i>		Tenterfield Shire Council	The plant must be fully and continuously suppressed and destroyed	3
Water hyacinth	<i>Eichhornia crassipes</i>		Wollondilly Shire Council	The plant must be fully and continuously suppressed and destroyed	3
Water hyacinth	<i>Eichhornia crassipes</i>		Wollongong City Council	The plant must be fully and continuously suppressed and destroyed	3
Yellow bells	<i>Tecoma stans</i>		Bellingen Shire Council	The plant must be fully and continuously suppressed and destroyed	3
Yellow bells	<i>Tecoma stans</i>		Clarence Valley Council	The plant must be fully and continuously suppressed and destroyed	3
Yellow bells	<i>Tecoma stans</i>		Coffs Harbour City Council	The plant must be fully and continuously suppressed and destroyed	3
Yellow bells	<i>Tecoma stans</i>		Far North Coast County Council	The plant must be fully and continuously suppressed and destroyed	3
Yellow bells	<i>Tecoma stans</i>		Nambucca Shire Council	The plant must be fully and continuously suppressed and destroyed	3

Schedule 4 – Class 4 Noxious Weeds

Common name	Scientific name	Alternate scientific name	Area	Control measures	Class
African boxthorn	<i>Lycium ferocissimum</i>		Albury City Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
African boxthorn	<i>Lycium ferocissimum</i>		Bairnald Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
African boxthorn	<i>Lycium ferocissimum</i>		Bland Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
African boxthorn	<i>Lycium ferocissimum</i>		Blue Mountains City Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
African boxthorn	<i>Lycium ferocissimum</i>		Bogan Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
African boxthorn	<i>Lycium ferocissimum</i>		Bombala Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
African boxthorn	<i>Lycium ferocissimum</i>		Bourke Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
African boxthorn	<i>Lycium ferocissimum</i>		Brewarrina Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
African boxthorn	<i>Lycium ferocissimum</i>		Broken Hill City Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
African boxthorn	<i>Lycium ferocissimum</i>		Cabonne Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
African boxthorn	<i>Lycium ferocissimum</i>		Camden Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4

African boxthorn	<i>Lycium ferocissimum</i>		Campbelltown City Council	management plan published by the local control authority The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
African boxthorn	<i>Lycium ferocissimum</i>		Carrathool Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
African boxthorn	<i>Lycium ferocissimum</i>		Castlereagh Macquarie County Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
African boxthorn	<i>Lycium ferocissimum</i>		Central Darling Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
African boxthorn	<i>Lycium ferocissimum</i>		Central Murray County Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
African boxthorn	<i>Lycium ferocissimum</i>		Cessnock City Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
African boxthorn	<i>Lycium ferocissimum</i>		Cobar Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
African boxthorn	<i>Lycium ferocissimum</i>		Coolamon Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
African boxthorn	<i>Lycium ferocissimum</i>		Cooma-Monaro Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
African boxthorn	<i>Lycium ferocissimum</i>		Cootamundra Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
African boxthorn	<i>Lycium ferocissimum</i>		Corowa Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4

African boxthorn	<i>Lycium ferocissimum</i>		Cowra Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
African boxthorn	<i>Lycium ferocissimum</i>		Dubbo City Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
African boxthorn	<i>Lycium ferocissimum</i>		Dungog Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
African boxthorn	<i>Lycium ferocissimum</i>		Eurobodalla Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
African boxthorn	<i>Lycium ferocissimum</i>		Forbes Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
African boxthorn	<i>Lycium ferocissimum</i>		Glen Innes Severn Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
African boxthorn	<i>Lycium ferocissimum</i>		Gloucester Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
African boxthorn	<i>Lycium ferocissimum</i>		Gosford City Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
African boxthorn	<i>Lycium ferocissimum</i>		Goulburn Mulwaree Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
African boxthorn	<i>Lycium ferocissimum</i>		Great Lakes Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
African boxthorn	<i>Lycium ferocissimum</i>		Greater Hume Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
African boxthorn	<i>Lycium ferocissimum</i>		Griffith City Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4

African boxthorn	<i>Lycium ferocissimum</i>		Gundagai Shire Council	authority The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
African boxthorn	<i>Lycium ferocissimum</i>		Gunnedah Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
African boxthorn	<i>Lycium ferocissimum</i>		Gwydir Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
African boxthorn	<i>Lycium ferocissimum</i>		Hawkesbury River County Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
African boxthorn	<i>Lycium ferocissimum</i>		Hay Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
African boxthorn	<i>Lycium ferocissimum</i>		Inverell Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
African boxthorn	<i>Lycium ferocissimum</i>		Jerilderie Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
African boxthorn	<i>Lycium ferocissimum</i>		June Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
African boxthorn	<i>Lycium ferocissimum</i>		The Council of the Municipality of Kiama	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
African boxthorn	<i>Lycium ferocissimum</i>		Lachlan Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
African boxthorn	<i>Lycium ferocissimum</i>		Lake Macquarie City Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
African boxthorn	<i>Lycium ferocissimum</i>		Leeton Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4

African boxthorn	<i>Lycium ferocissimum</i>		Liverpool Plains Shire Council	controlled according to the measures specified in a management plan published by the local control authority The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
African boxthorn	<i>Lycium ferocissimum</i>		Lockhart Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
African boxthorn	<i>Lycium ferocissimum</i>		Lord Howe Island Board	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4

St. John's wort	<i>Hypericum perforatum</i>		Wollondilly Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
St. John's wort	<i>Hypericum perforatum</i>		Woollahra Municipal Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4

St. John's wort	<i>Hypericum perforatum</i>		Wyong Shire Council	authority The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Star thistle	<i>Centaurea calcitrapa</i>		Bombala Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Star thistle	<i>Centaurea calcitrapa</i>		Carrauthool Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Star thistle	<i>Centaurea calcitrapa</i>		Cootamundra Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Star thistle	<i>Centaurea calcitrapa</i>		Forbes Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Star thistle	<i>Centaurea calcitrapa</i>		Griffith City Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Star thistle	<i>Centaurea calcitrapa</i>		Gundagai Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Star thistle	<i>Centaurea calcitrapa</i>		June Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Star thistle	<i>Centaurea calcitrapa</i>		Lachlan Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Star thistle	<i>Centaurea calcitrapa</i>		Leeton Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Star thistle	<i>Centaurea calcitrapa</i>		Liverpool Plains Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Star thistle	<i>Centaurea calcitrapa</i>		Lockhart Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4

Star thistle	<i>Centaurea calcitrapa</i>		Narrandera Shire Council	controlled according to the measures specified in a management plan published by the local control authority The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Star thistle	<i>Centaurea calcitrapa</i>		New England Tablelands County Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Star thistle	<i>Centaurea calcitrapa</i>		Parkes Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Star thistle	<i>Centaurea calcitrapa</i>		Tamworth Regional Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Star thistle	<i>Centaurea calcitrapa</i>		Temora Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Star thistle	<i>Centaurea calcitrapa</i>		Tumbarumba Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Star thistle	<i>Centaurea calcitrapa</i>		Upper Hunter County Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Star thistle	<i>Centaurea calcitrapa</i>		Upper Macquarie County Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Star thistle	<i>Centaurea calcitrapa</i>		Urana Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Star thistle	<i>Centaurea calcitrapa</i>		Wagga Wagga City Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Star thistle	<i>Centaurea calcitrapa</i>		The Council of the Shire of Wakool	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4

Star thistle	<i>Centaurea calcitrapa</i>		Weddin Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Sweet briar	<i>Rosa rubiginosa</i>		Albury City Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Sweet briar	<i>Rosa rubiginosa</i>		Bombala Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Sweet briar	<i>Rosa rubiginosa</i>		Cabonne Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Sweet briar	<i>Rosa rubiginosa</i>		Camden Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Sweet briar	<i>Rosa rubiginosa</i>		Campbelltown City Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Sweet briar	<i>Rosa rubiginosa</i>		Castlereagh Macquarie County Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Sweet briar	<i>Rosa rubiginosa</i>		Coolamon Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Sweet briar	<i>Rosa rubiginosa</i>		Cooma-Monaro Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Sweet briar	<i>Rosa rubiginosa</i>		Cootamundra Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Sweet briar	<i>Rosa rubiginosa</i>		Corowa Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Sweet briar	<i>Rosa rubiginosa</i>		Cowra Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4

Sweet briar	<i>Rosa rubiginosa</i>		Dubbo City Council	authority The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Sweet briar	<i>Rosa rubiginosa</i>		Glen Innes Severn Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Sweet briar	<i>Rosa rubiginosa</i>		Goulburn Mulwaree Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Sweet briar	<i>Rosa rubiginosa</i>		Greater Hume Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Sweet briar	<i>Rosa rubiginosa</i>		Gundagai Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Sweet briar	<i>Rosa rubiginosa</i>		Gwydir Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Sweet briar	<i>Rosa rubiginosa</i>		Inverell Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Sweet briar	<i>Rosa rubiginosa</i>		Junee Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Sweet briar	<i>Rosa rubiginosa</i>		Leeton Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Sweet briar	<i>Rosa rubiginosa</i>		Liverpool Plains Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Sweet briar	<i>Rosa rubiginosa</i>		Lockhart Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Sweet briar	<i>Rosa rubiginosa</i>		Mid-Western Regional Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4

Sweet briar	<i>Rosa rubiginosa</i>			New England Tablelands County Council	controlled according to the measures specified in a management plan published by the local control authority The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Sweet briar	<i>Rosa rubiginosa</i>			Orange City Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Sweet briar	<i>Rosa rubiginosa</i>			Palerang Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Sweet briar	<i>Rosa rubiginosa</i>			Queanbeyan City Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Sweet briar	<i>Rosa rubiginosa</i>			Snowy River Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Sweet briar	<i>Rosa rubiginosa</i>			Southern Slopes County Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Sweet briar	<i>Rosa rubiginosa</i>			Tamworth Regional Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Sweet briar	<i>Rosa rubiginosa</i>			Temora Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Sweet briar	<i>Rosa rubiginosa</i>			Tenterfield Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Sweet briar	<i>Rosa rubiginosa</i>			Tumbarumba Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Sweet briar	<i>Rosa rubiginosa</i>			Tumut Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4

Sweet briar	<i>Rosa rubiginosa</i>		Upper Hunter County Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Sweet briar	<i>Rosa rubiginosa</i>		Upper Lachlan Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Sweet briar	<i>Rosa rubiginosa</i>		Upper Macquarie County Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Sweet briar	<i>Rosa rubiginosa</i>		Wagga Wagga City Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Sweet briar	<i>Rosa rubiginosa</i>		Weddin Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Sweet briar	<i>Rosa rubiginosa</i>		Wellington Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Sweet briar	<i>Rosa rubiginosa</i>		Wollondilly Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Taiwan lily/Tiger lily	<i>Lilium formosanum</i>		Lord Howe Island Board	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Trad/Wandering Jew	<i>Tradescantia fluminensis</i>	<i>Tradescantia albiflora</i>	The Council of the Shire of Hornsby	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority and the plant may not be sold, propagated or knowingly distributed	4
Trad/Wandering Jew	<i>Tradescantia fluminensis</i>	<i>Tradescantia albiflora</i>	Ku-ring-gai Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority and the plant may not be sold, propagated or knowingly distributed	4

Tree-of-heaven	<i>Ailanthus altissima</i>		Albury City Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Tree-of-heaven	<i>Ailanthus altissima</i>		Cabonne Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Tree-of-heaven	<i>Ailanthus altissima</i>		Carraooth Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Tree-of-heaven	<i>Ailanthus altissima</i>		Central Murray County Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Tree-of-heaven	<i>Ailanthus altissima</i>		Coolamon Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Tree-of-heaven	<i>Ailanthus altissima</i>		Cootamundra Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Tree-of-heaven	<i>Ailanthus altissima</i>		Dubbo City Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4

Tree-of-heaven	<i>Ailanthus altissima</i>		Gloucester Shire Council	authority The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Tree-of-heaven	<i>Ailanthus altissima</i>		Greater Hume Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Tree-of-heaven	<i>Ailanthus altissima</i>		Griffith City Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Tree-of-heaven	<i>Ailanthus altissima</i>		Gundagai Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Tree-of-heaven	<i>Ailanthus altissima</i>		Gunnedah Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Tree-of-heaven	<i>Ailanthus altissima</i>		Hay Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Tree-of-heaven	<i>Ailanthus altissima</i>		June Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Tree-of-heaven	<i>Ailanthus altissima</i>		Leeton Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Tree-of-heaven	<i>Ailanthus altissima</i>		Lockhart Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Tree-of-heaven	<i>Ailanthus altissima</i>		Mid-Western Regional Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Tree-of-heaven	<i>Ailanthus altissima</i>		Murrumbidgee Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Tree-of-heaven	<i>Ailanthus altissima</i>		Narrandera Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4

Tree-of-heaven	<i>Ailanthus altissima</i>		Queanbeyan City Council	controlled according to the measures specified in a management plan published by the local control authority The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Tree-of-heaven	<i>Ailanthus altissima</i>		Tumbarumba Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Tree-of-heaven	<i>Ailanthus altissima</i>		Tumut Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Tree-of-heaven	<i>Ailanthus altissima</i>		Upper Hunter County Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Tree-of-heaven	<i>Ailanthus altissima</i>		Upper Macquarie County Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Tree-of-heaven	<i>Ailanthus altissima</i>		Urana Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Tree-of-heaven	<i>Ailanthus altissima</i>		Wagga Wagga City Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Tree-of-heaven	<i>Ailanthus altissima</i>		Weddin Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Tree-of-heaven	<i>Ailanthus altissima</i>		Wellington Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Turkey rhubarb	<i>Acetosa sagittata</i>		The Council of the Shire of Hornsby	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority and the plant may not be sold, propagated or knowingly distributed	4
Turkey rhubarb	<i>Acetosa sagittata</i>		Ku-ring-gai Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4

Turkey rhubarb	<i>Acetosa sagittata</i>		Lane Cove Municipal Council	authority and the plant may not be sold, propagated or knowingly distributed The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority and the plant may not be sold, propagated or knowingly distributed	4
Turkey rhubarb	<i>Acetosa sagittata</i>		North Sydney Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority and the plant may not be sold, propagated or knowingly distributed	4
Turkey rhubarb	<i>Acetosa sagittata</i>		Pittwater Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority and the plant may not be sold, propagated or knowingly distributed	4
Turkey rhubarb	<i>Acetosa sagittata</i>		Warringah Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority and the plant may not be sold, propagated or knowingly distributed	4
Turkey rhubarb	<i>Acetosa sagittata</i>		Willoughby City Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority and the plant may not be sold, propagated or knowingly distributed	4
Water hyacinth	<i>Eichhornia crassipes</i>		Cessnock City Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Water hyacinth	<i>Eichhornia crassipes</i>		Clarence Valley Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Water hyacinth	<i>Eichhornia crassipes</i>		Dungog Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Water hyacinth	<i>Eichhornia crassipes</i>		Far North Coast County Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Water hyacinth	<i>Eichhornia crassipes</i>		Lake Macquarie City Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4

Water hyacinth	<i>Eichhornia crassipes</i>		Maitland City Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Water hyacinth	<i>Eichhornia crassipes</i>		Newcastle City Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Water hyacinth	<i>Eichhornia crassipes</i>		Port Stephens Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Water hyacinth	<i>Eichhornia crassipes</i>		Wyong Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Wild radish	<i>Raphanus raphanistrum</i>		Bland Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Wild radish	<i>Raphanus raphanistrum</i>		Cabonne Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Wild radish	<i>Raphanus raphanistrum</i>		Coolamon Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Wild radish	<i>Raphanus raphanistrum</i>		Cootamundra Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Wild radish	<i>Raphanus raphanistrum</i>		Cowra Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Wild radish	<i>Raphanus raphanistrum</i>		Forbes Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Wild radish	<i>Raphanus raphanistrum</i>		Goulburn Mulwaree Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Wild radish	<i>Raphanus raphanistrum</i>		Greater Hume Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4

Wild radish	<i>Raphanus raphanistrum</i>		Gundagai Shire Council	authority The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Wild radish	<i>Raphanus raphanistrum</i>		Gunnedah Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Wild radish	<i>Raphanus raphanistrum</i>		Juneee Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Wild radish	<i>Raphanus raphanistrum</i>		Lachlan Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Wild radish	<i>Raphanus raphanistrum</i>		Lockhart Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Wild radish	<i>Raphanus raphanistrum</i>		Narrandera Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Wild radish	<i>Raphanus raphanistrum</i>		Parkes Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Wild radish	<i>Raphanus raphanistrum</i>		Southern Slopes County Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Wild radish	<i>Raphanus raphanistrum</i>		Temora Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Wild radish	<i>Raphanus raphanistrum</i>		Tumbarumba Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Wild radish	<i>Raphanus raphanistrum</i>		Tumut Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Wild radish	<i>Raphanus raphanistrum</i>		Upper Macquarie County Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4

				controlled according to the measures specified in a management plan published by the local control authority	
Wild radish	<i>Raphanus raphanistrum</i>		Urana Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Wild radish	<i>Raphanus raphanistrum</i>		Wagga Wagga City Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4
Wild radish	<i>Raphanus raphanistrum</i>		Weddin Shire Council	The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority	4

Schedule 5 - Class 5 Noxious Weeds

Common name	Scientific name	Alternate scientific name	Area to Which the Weed Control Order Applies	Control measures	Control Class
African feather grass	<i>Pennisetum macrourum</i>		Whole of NSW	The requirements in the Noxious Weeds Act 1993 for a notifiable weed must be complied with	5
African turnip weed	<i>Sisymbrium runcinatum</i>		Whole of NSW	The requirements in the Noxious Weeds Act 1993 for a notifiable weed must be complied with	5
African turnip weed	<i>Sisymbrium thellungii</i>		Whole of NSW	The requirements in the Noxious Weeds Act 1993 for a notifiable weed must be complied with	5
Annual ragweed	<i>Ambrosia artemisiifolia</i>		Whole of NSW	The requirements in the Noxious Weeds Act 1993 for a notifiable weed must be complied with	5
Arrowhead	<i>Sagittaria montevidensis</i>		Whole of NSW	The requirements in the Noxious Weeds Act 1993 for a notifiable weed must be complied with	5
Artichoke thistle	<i>Cynara cardunculus</i>		Whole of NSW	The requirements in the Noxious Weeds Act 1993 for a notifiable weed must be complied with	5
Athel tree/Athel pine	<i>Tamarix aphylla</i>		Whole of NSW	The requirements in the Noxious Weeds Act 1993 for a notifiable weed must be complied with	5
Bridal creeper	<i>Asparagus asparagoides</i>	<i>Myrsiphyllum asparagoides</i> , <i>Asparagus medeoloides</i>	Whole of NSW	The requirements in the Noxious Weeds Act 1993 for a notifiable weed must be complied with	5
Burr ragweed	<i>Ambrosia confertiflora</i>		Whole of NSW	The requirements in the Noxious Weeds Act 1993 for a notifiable weed must be complied with	5
Cabomba	<i>Cabomba caroliniana</i>		Whole of NSW	The requirements in the Noxious Weeds Act 1993 for a notifiable weed must be complied with	5
Cayenne snakeweed	<i>Stachytarpheta cayennensis</i>	<i>Stachytarpheta urticifolia</i>	Whole of NSW	The requirements in the Noxious Weeds Act 1993 for a notifiable weed must be complied with	5
Clockweed	<i>Gaura lindheimeri</i>		Whole of NSW	The requirements in the Noxious Weeds Act 1993 for a notifiable weed must be complied with	5
Clockweed	<i>Gaura parviflora</i>		Whole of NSW	The requirements in the Noxious Weeds Act 1993 for a notifiable weed must be complied with	5
Corn sowthistle	<i>Sonchus oleraceus</i>		Whole of NSW	The requirements in the Noxious Weeds Act 1993 for a notifiable weed must be complied with	5
Dodder	All <i>Cuscuta</i> species except the native species <i>C. australis</i> , <i>C. tasmanica</i> and <i>C. victoriana</i>		Whole of NSW	The requirements in the Noxious Weeds Act 1993 for a notifiable weed must be complied with	5
Espartillo	<i>Achnatherum brachychaetum</i>	<i>Stipa brachychaetum</i>	Whole of NSW	The requirements in the Noxious Weeds Act 1993 for a notifiable weed must be complied with	5
Fine-bristled burr grass	<i>Cenchrus brownii</i>		Whole of NSW	The requirements in the Noxious Weeds Act 1993 for a notifiable weed must be complied with	5
Fountain grass	<i>Pennisetum setaceum</i>		Whole of NSW	The requirements in the Noxious Weeds Act 1993 for a notifiable weed must be complied with	5
Gallon's curse	<i>Cenchrus biflorus</i>		Whole of NSW	The requirements in the Noxious Weeds Act 1993 for a notifiable weed must be complied with	5

Glaucous star thistle	<i>Carthamus glaucus</i>	Whole of NSW	The requirements in the Noxious Weeds Act 1993 for a notifiable weed must be complied with	5
Golden thistle	<i>Scopolymus hispanicus</i>	Whole of NSW	The requirements in the Noxious Weeds Act 1993 for a notifiable weed must be complied with	5
Lantana	<i>Lantana</i> species	Whole of NSW	The requirements in the Noxious Weeds Act 1993 for a notifiable weed must be complied with	5
Long-leaf willow primrose	<i>Ludwigia longifolia</i>	Whole of NSW	The requirements in the Noxious Weeds Act 1993 for a notifiable weed must be complied with	5
Mexican poppy	<i>Argemone mexicana</i>	Whole of NSW	The requirements in the Noxious Weeds Act 1993 for a notifiable weed must be complied with	5

CASINO CONTROL ACT 1992

Order

PURSUANT to section 66(1) of the Casino Control Act 1992, the Casino Control Authority does, by this Order, approve the following amendments to the rules for the playing of the games of "Baccarat" and "Big Wheel" in the casino operated by Star City Pty Limited under licence granted by the Casino Control Authority on 14 December 1994:

(1) Amendments to the rules for the playing of "Baccarat"

- (a) Within Baccarat sub-rule 1.1 the following new definition of "WRD" is approved:

"WRD" (Winning Result Display) means an electronic display that may, at the discretion of the casino operator, be attached to a table for the purposes of recording and/or displaying the present and most recent winning results at the table;

- (b) Baccarat sub-rule 7.4 is repealed and in substitution therefor, the following new sub-rule 7.4 is approved:

7.4 Notwithstanding rules 12.1.1 and 12.3, a Casino Duty Manager may permit a no bet coup to be dealt at a specific table at the request of a player(s), providing:

- 7.4.1 all other players at the table agree to a no bet coup being dealt; and

- 7.4.2 no more than three no bet coups may be played consecutively.

- (c) The following new Baccarat sub-rule 12.13 is approved:

12.13 The WRD unit must be disregarded if the WRD unit displays a result other than the actual outcome.

(2) Amendments to the rules for the playing of "Big Wheel"

- (a) Big Wheel sub-rule 7 is repealed and in substitution therefor, the following new sub-rule 7 is approved:

7. Rapid Big Wheel

Where the game in play is Rapid Big Wheel, the approved rules of Big Wheel shall apply, except where the rules are inconsistent with the rules of Rapid Big Wheel, in which case the rules of Rapid Big Wheel shall prevail.

This Order shall take effect from the date of publication in the *New South Wales Government Gazette*.

Signed at Sydney, this 21st day of December 2005.

BRIAN FARRELL,
Chief Executive,

for and on behalf of the Casino Control Authority

**REPORTABLE INCIDENT
DEFINITION UNDER SECTION 20L OF THE
HEALTH ADMINISTRATION ACT**

Under the provisions of Division 6C of Part 2 of the Health Administration Act 1982 when a “reportable incident” involving a relevant health services organisation is reported to the chief executive of the organisation, the organisation is to appoint a root cause analysis team in relation to the reportable incident.

Chief executives are required to comply with the root cause analysis provisions of the Act. The Department of Health and Health Administration Regulation 2005 has determined that “reportable incident” is defined as hereunder.

A “Reportable Incident” involves:

- (1) The incident must have had “serious clinical consequences” (as defined below) and the probability of recurrence must fall into one of categories (i) to (iv) listed below; OR
- (2) The incident must have had “major clinical consequences” (as defined below) and the probability of recurrence must fall into one of categories (i) to (ii) listed below;

Under section 20M of the Act, an RCA is required to be conducted once the incident has been reported to the Chief Executive.

The Chief Executive should be notified via a Reportable Incident Brief in accordance with the NSW Health Incident Management Policy.

“*Serious Clinical Consequences*”

An incident with “serious clinical consequences” is one that involves:

- The death of a patient unrelated to the natural course of the illness and differing from the immediate expected outcome of the patient management;
- OR
- Sentinel Events reportable to Australian Council for Safety and Quality in Health Care, those being:
 - Procedures involving the wrong patient or body part
 - Suspected suicide of a person (including a patient or community patient) who has received care or treatment for a mental illness from the relevant health services organization where the death occurs within 7 days of the person’s last contact with the organization or where there are reasonable clinical grounds to suspect a connection between the death and the care or treatment provided by the organisation.

Policy Directive

Title: Reportable Incident Definition Under Section 201 Of The Health Administration Act

- Suspected homicide committed by a person who has received care or treatment for mental illness from the relevant health services organisation within six months of the person's last contact with the organisation or where there are reasonable clinical grounds to suspect a connection between the death and the care or treatment provided by the organisation;
- Retained instruments;
- Unintended material requiring surgical removal;
- Intravascular gas embolism resulting in death or neurological damage;
- Haemolytic blood transfusion;
- Medication error leading to death;
- Maternal death or serious morbidity associated with labour or delivery;
- Infant abduction or discharge to wrong family.

“Major Clinical Consequences”

An incident with “major clinical consequences” is one which involves a patient:

- Suffering a major permanent loss of function (sensory, motor, physiologic or psychologic) unrelated to the natural course of the illness and differing from the expected outcome of patient management;
- Suffering significant disfigurement as a result of the incident;
- At significant risk due to being absent against medical advice/absconding patient;

Probability of Recurrence

- (i) Frequent expectation that the incident will recur immediately or within weeks or months;
- (ii) Likely probability incident will recur more than once within 12 months;
- (iii) Possible possibility incident may recur at some time every 1 to 2 years;
- (iv) Unlikely possibility incident may recur at some time in 2 to 5 years.

Director-General

**WORKERS COMPENSATION (MEDICAL PRACTITIONER FEES)
ORDER 2006**

Under the Workers Compensation Act 1987

I, JON BLACKWELL, Chief Executive Officer of the WorkCover Authority of New South Wales, revoke the Workers Compensation (Medical Practitioner Fees) Order 2005 No. 1 and the Workers Compensation (Medical Practitioner Fees) Order 2005 No. 1 (Amendment No 1), and make the following Order pursuant to subsection 61(2) of the *Workers Compensation Act 1987*.

Dated this 21st day of December 2005

JON BLACKWELL
Chief Executive Officer
WorkCover Authority

EXPLANATORY NOTE

Treatment by a registered medical practitioner is one of the categories of medical or related treatment covered under the *Workers Compensation Act 1987*. This Order sets the maximum fees for which an employer is liable under the Act for treatment by medical practitioners of an injured worker's work-related injury.

The effect of the Order is to prevent medical practitioners from recovering from the injured worker any extra charge for treatments covered by the Order.

The Order does not apply to services provided by specialist surgeons.

The Order adopts the *List of Medical Services and Fees* published by the Australian Medical Association.

Workers Compensation (Medical Practitioner Fees) Order 2006

1. Name of Order

This Order is the *Workers Compensation (Medical Practitioner Fees) Order 2006*.

2. Commencement

This Order commences on 1 January 2006.

3. Application of Order

This Order applies to treatment provided on or after the commencement of this Order, whether it relates to an injury received before, on or after that date.

4. Repeal

The Workers Compensation (Medical Practitioner Fees) Order 2005 No. 1 and the Workers Compensation (Medical Practitioner Fees) Order 2005 No. 1 (Amendment No 1) are repealed.

5. Maximum fees for medical practitioners

- (1) This clause applies to medical and related treatment provided by a medical practitioner in respect of which a fee is specified in the AMA List, except:
 - (a) medical services identified in the AMA List by AMA numbers AC500, AC510, AC520 and AC530 (Professional Attendances by a Specialist) if these medical services are provided by a specialist surgeon;
 - (b) medical services identified in the AMA List by AMA numbers EA010 to MZ500 (Surgical Operations) if these medical services are provided by a specialist surgeon;
 - (c) medical services identified in the AMA List by AMA numbers OP200, OP210 and OP220 (magnetic resonance imaging – MRI);
- (2) The maximum amount payable for magnetic resonance imaging (MRI) is \$700 for a single region or 2 contiguous regions, and \$1050 for more than 2 contiguous regions.
- (3) The maximum amount payable for a medical certificate is \$16.
- (4) The maximum hourly rate payable to a General Practitioner is \$195. The hourly rate may cover, for example, preparation of reports, case conferences and visits to worksites.
- (5) Subject to subclauses (1), (2), (3) and (4), the maximum amount for which an employer is liable under the Act for any claim for medical or related treatment to which this clause applies is the fee listed, in respect of the medical or related treatment concerned, in the AMA List.

6. Goods and Services Tax

- (1) An amount fixed by this Order may be increased by the amount of any GST payable in respect of the service to which the cost relates, and the cost so increased is taken to be the amount fixed by this Order.
- (2) This clause does not permit a medical practitioner to charge or recover, in respect of GST payable in respect of a service, an amount that is greater than:
 - (a) 10% of the maximum amount payable under this Order to the medical practitioner in respect of the medical or related treatment apart from this clause, or
 - (b) the amount permitted under the New Tax System Price Exploitation Law, whichever is the lesser.

7. Definitions

In this Order:

AMA List means the document entitled *List of Medical Services and Fees* published by the Australian Medical Association and dated 1 November 2005.

the Act means the *Workers Compensation Act 1987*.

GST has the same meaning as in the *A New Tax System (Goods and Services Tax) Act 1999* of the Commonwealth.

New Tax System Price Exploitation Law means:

- (a) the *New Tax System Price Exploitation Code* as applied as a law of New South Wales by the *Price Exploitation Code (New South Wales) Act 1999*; and
- (b) Part VB of the *Trade Practices Act 1974* of the Commonwealth.

Specialist surgeon means a medical practitioner who holds a fellowship of the Royal Australian College of Surgeons.

**WORKERS COMPENSATION
(ORTHOPAEDIC SURGEON FEES) ORDER 2004
(AMENDMENT NO 1 2006)**

Under the Workers Compensation Act 1987

I, JON BLACKWELL, Chief Executive Officer of the WorkCover Authority of New South Wales, pursuant to section 61 (2) of the *Workers Compensation Act 1987*, make the following Order.

Dated this 21st day of December 2005

JON BLACKWELL
Chief Executive Officer
WorkCover Authority

Workers Compensation (Orthopaedic Surgeon Fees) Order 2004 (Amendment No 1 2006)

1. Name of Order
