28 Danger of bush fire

- (1) The Council must not grant consent to the carrying out of development on bush fire prone land if it is of the opinion that:
 - (a) the development may have a significant adverse effect on the implementation of:
 - (i) any strategies for bush fire hazard reduction or risk management adopted by the Council, or
 - (ii) any relevant provisions of the Act or the *Rural Fires Act 1997*, and
 - (b) the development, including the arrangements for access to and from the development, may constitute a significant threat to the lives of residents, visitors or emergency services personnel, and
 - (c) the development may give rise to an increased demand for emergency services during bush fire events that will result in a significant decrease in the ability of the emergency services to effectively control major bush fires.

Note. Section 146 of the Act provides that bush fire prone land is land recorded by the Council as such on a map certified by the Commissioner of the NSW Rural Fire Service as a bush fire prone land map for the area of the Council.
- (2) The Council must not grant consent to the carrying out of development on bush fire prone land unless it is satisfied that adequate measures are proposed to avoid or mitigate the threat from bush fire, having regard to:
 - (a) the siting of the development, and
 - (b) the design of, and the materials used in, any structures involved in the development, and
 - (c) the clearing of vegetation, and

In this clause:

acid sulfate soils means actual acid sulfate soils or potential acid sulfate soils.

Acid Sulfate Soils Management Plan means a plan, prepared in accordance with the *Acid Sulfate Soils Manual*, which identifies the extent and nature of acid sulfate soils on a particular site, assesses the likely impacts of any proposed activity upon those acid sulfate soils (including the consequence of no action), and details the prescriptive measures to be taken to minimise environmental impacts resulting from interaction between the acid sulfate soils and the proposed activity or inaction.

Acid Sulfate Soils Manual means the *Acid Sulfate Soils Manual* as published from time to time by the NSW Acid Sulfate Soils Management Advisory Committee.

Acid Sulfate Soils Plan of Management means a plan prepared by the Council, a private drainage board, or public authority in accordance with the *Acid Sulfate Soils Manual*.

Acid Sulfate Soils Planning Map means the map marked “Woollahra Local Environmental Plan 1995 (Amendment No 39)—Acid Sulfate Soils Planning Map” deposited in the office of Woollahra Municipal Council.

Woollahra Local Environmental Plan 1995 (Amendment No 39)

Amendments

Schedule 1

actual acid sulfate soils are soils containing highly acidic soil horizons or layers resulting from the oxidation of soil materials that are rich in sulfides, primarily pyrite. This oxidation produces acidity in excess of the sediment's capacity to neutralise the acidity resulting in soils of pH 4 or less.

emergency works means the repair or replacement of any part of a utility installation or associated infrastructure:

- (a) to address or prevent malfunction or damage resulting from natural disaster, accident, vandalism or similar events, and
- (b) includes works reasonably necessary to prevent or limit any further damage or malfunction.

potential acid sulfate soils are soils which contain iron sulfides or sulphuric material which have not been exposed to air and oxidised. The field pH of these soils in their unoxidised state is pH>4 and may be neutral or slightly alkaline.

routine maintenance works means works occurring on a regular basis which maintain public utility installations and associated infrastructure in good working order, but does not include works intended to increase the design capacity of an installation, extension of reticulation systems or works which involve the deepening of any drain. Such works include periodic inspection, replacement of existing pipes or cable, cleaning, or clearing of drains to a depth or profile specified in an Acid Sulfate Soils Plan of Management.

works includes:

- (a) any disturbance of more than one tonne of soil at or below the depth specified in the Table to subclause (2) (including, but not limited to, the construction or maintenance of drains, dredging, the construction of artificial waterbodies (including canals, dams and detention basins) or building foundations, or flood mitigation works), or
 - (b) any other works that are likely to lower the watertable.
- (2) **Works that require consent**

A person must not, without the consent of the Council, carry out works described in Column 2 of the following Table on land of the class specified in Column 1 of that Table for those works, except as otherwise provided by this clause.

Woollahra Local Environmental Plan 1995 (Amendment No 39)

Schedule 1 Amendments

Column 1 Class of land as shown on Acid Sulfate Soils Planning Map	Column 2 Works
1	Any works
2	Works below existing ground level Works by which the watertable is likely to be lowered
3	Works beyond 1 metre below existing ground level Works by which the watertable is likely to be lowered beyond 1 metre below existing ground level
4	Works beyond 2 metres below existing ground level Works by which the watertable is likely to be lowered beyond 2 metres below existing ground level
5	Works within 500m of adjacent Class 1, 2, 3 or 4 land which are likely to lower the watertable below 1 metre AHD on adjacent Class 1, 2, 3 or 4 land

(3) **Considerations for consent authority**

The Council must not grant consent required by this clause unless it has considered:

- (a) the adequacy of an Acid Sulfate Soils Management Plan prepared for the proposed development in accordance with the *Acid Sulfate Soils Manual*, and
- (b) the likelihood of the proposed development resulting in the discharge of acid water, and
- (c) any comments received from the Department of Infrastructure, Planning and Natural Resources within 21 days of the Council having sent that Department a copy of the development application and the related Acid Sulfate Soils Management Plan, and

Woollahra Local Environmental Plan 1995 (Amendment No 39)

Amendments

Schedule 1

-
- (d) where consent is sought for drainage works or maintenance of open drains—any comments from the Department of Primary Industries received within 21 days of the Council having sent that Department a copy of the development application and the related Acid Sulfate Soils Management Plan.
- (4) **Exceptions following preliminary assessment**
- This clause does not require consent for the carrying out of works as described in subclause (2) if:
- (a) a copy of a preliminary assessment of the proposed works undertaken in accordance with the *Acid Sulfate Soils Manual* has been given to the Council, and
- (b) the Council has provided written advice to the person proposing to carry out the works confirming that results of the preliminary assessment indicate the proposed works need not be carried out pursuant to an Acid Sulfate Soils Management Plan prepared in accordance with the *Acid Sulfate Soils Manual*.
- (5) **Routine maintenance and emergency works**
- Despite subclause (2), routine maintenance works may be carried out by the Council, a public authority or private drainage board without consent where an Acid Sulfate Soils Plan of Management relating to such works has been:
- (a) prepared in accordance with the *Acid Sulfate Soils Manual*, and
- (b) approved by the Council after considering any comments received from the Department of Infrastructure, Planning and Natural Resources and the Department of Primary Industries within 21 days of the Council having sent those Departments a copy of the draft Acid Sulfate Soils Plan of Management.
- (6) An Acid Sulfate Soils Plan of Management, as referred to in subclause (5), must be reviewed at least every 5 years and only has effect for 5 years from the date on which it is made.
- (7) Despite subclause (2), the Council or a public authority may carry out emergency works without consent if the Council or public authority properly deals with those soils in accordance with the *Acid Sulfate Soils Manual* so as to minimise the actual or potential impacts to the environment arising from the disturbance of the soils.

WATER ACT 1912, PART 9

Review of Sydney Water Corporation's Water Management Licence

Submissions are invited from the public to assist with the review of Sydney Water Corporation's (SWC) Water Management Licence (licence).

The licence entitles SWC to take and use water from the Hawkesbury River at North Richmond, and authorises the use of Manly Dam and weirs in Botany Wetlands for flood mitigation and recreational purposes.

The purpose of the review is to provide an opportunity for members of the community to comment on the licence and the activities of SWC under the licence during the period under review, being the first five years of the term of the licence (July 2000 – June 2005).

To obtain an information package, please telephone Richard Nevill or Scott Tinsley on 02 4722 1188 or visit What's New on the Department's website at www.dipnr.nsw.gov.au. The information package contains important material for consideration when providing input to this review. The closing date for submissions is Friday 15 April 2005. Written submissions should be forwarded:

by post to: Manager, Corporate Licence Development
Department of Infrastructure, Planning and Natural Resources
PO Box 651
PENRITH NSW 2751

or by fax to: 02 4722 6463

DPI is calling for written submissions from any person supporting or objecting to any of these oyster lease proposals, citing reasons for the support/objection. DPI is also calling for expressions of interest from persons or corporations interested in leasing any or all of the areas specified above, for the purposes of aquaculture. An expression of interest must be in the form of a written response referring to the relevant lease numbers as listed above, to be signed and dated with a return address. If additional expressions of interest are received, DPI may offer the areas for leasing through a competitive public tender process.

If granted the leases will be subject to standard covenants and conditions of an aquaculture lease and aquaculture permit, under the Fisheries Management Act 1994. Specific details of the proposed leases can be obtained, or enquiries made with DPI, Aquaculture Administration Section, Port Stephens on (02) 4982 1232. Objections or expressions of interest for consideration in the determination of the applications must be received at the address below, within 30 days from the date of publication of this notification.

NOTICE OF RECEIPT OF APPLICATION FOR AQUACULTURE LEASE

Notification under s.163(7) of the Fisheries Management Act 1994 and cl.33 of the Fisheries Management (Aquaculture) Regulation 2002

NSW Department of Primary Industries incorporating NSW Fisheries (DPI) advises that an application has been received for an aquaculture (oyster) lease over submerged State land for the purposes of cultivating Sydney rock oysters.

Location is at Wonboyn River, for an area to be known as AL04/033 (if granted) of approximately 1.0904 hectares over former lease OL59/379. Application by Richard YOUNG and Shirley YOUNG of Langwarrin, Victoria. If granted the lease will be subject to standard covenants and conditions of an aquaculture lease as imposed by DPI, and any other conditions by Council or other approval body.

DPI is calling for written submissions from any person supporting or objecting to the oyster lease proposal, citing reasons for the support/objection.

DPI is also calling for expressions of interest from persons or corporations interested in leasing the area specified above, for the purposes of aquaculture. An expression of interest must be in the form of a written response referring to lease number AL04/033, signed and dated with a return address and telephone number.

Specific details of the proposed lease can be obtained, or enquiries made with the Aquaculture Administration Section, Port Stephens on (02) 4982 1232.

Written submissions including objections or expressions of interest to be considered in the determination of the application must be received at the address below, within 30 days from the date of publication of this notification.

Director, Fisheries Management, Agriculture and Fisheries Division, DPI, Aquaculture Administration Section, Port Stephens Fisheries Centre, Private Bag 1, Nelson Bay NSW 2315.

If additional expressions of interest are received, DPI may offer the area for leasing through a competitive public tender process.

APPRENTICESHIP AND TRAINEESHIP ACT 2001

Notice of Making of a Vocational Training Order

NOTICE is given that the Commissioner for Vocational Training, in pursuance of section 6 of the Apprenticeship and Traineeship Act 2001, has made the following Vocational Training Order in relation to the recognised traineeship vocation of Financial Services.

Citation

The order is cited as the Financial Services Order.

Order

A summary of the Order is given below.

(a) Term of Training

(i) Full-time

Training shall be given for a nominal period of:

Qualification	Nominal Term
All Certificate II	12 months
All Certificate III*	24 months
– By direct entry	18 months
– Includes attainment of 4 industry core units from Certificate II in Financial Services FNS 20104	
All Certificate IV**	24 months

CHARITABLE TRUSTS ACT 1993

Notice Under Section 15

Proposed Scheme Relating to The Reg Waite Award Trust

THE Reg Waite Award Trust was established in 1996 as a charitable trust for the promotion and encouragement of education. The focus of the Award scheme was founded on the late Mr Waite's commitment to education, training and encouraging young people to fulfil their potential and to recognise the achievements of young Australians which benefited the community as a whole.

The original Board of Governors are said to have agreed that more than one award could be made each year and that the awards could be funded from donations, sponsorship or other appropriate means. However, the Trust Deed specifies that only one award may be granted each year and that only the income of the trust fund be used for the provision of such award.

In 2004, the current Board of Governors became aware of the limitations of the original Deed, as drafted, in that it did not accurately reflect the intentions of the original Board of Governors. The current Board of Governors, acting in good faith, had since 1996 granted three awards per year, using the entirety of donations for the payment of these awards. The current Board of Governors has put the payment of any further awards on hold until the Deed is amended to reflect the intentions of the original Board of Governors, as it is not present workable in practice and does not reflect these intentions. It is claimed that the current means provided by the Deed, that is, income only, are insufficient for the practical application of the Trust Fund and its objectives.

The Trust has current assets of \$51,558 and no known liabilities.

The Trustees have submitted their proposed amendments to the Attorney General in a document entitled 'Draft Trust Deed the Reg Waite Award Trust'. The proposed amendments to the Deed would:

- Extend the powers of the Board of Governors to allow application of both capital and income of the Trust Fund to payment of expenses and the making of awards;
- Extend the powers of the Board of Governors so that it can grant more than one award in a given year; and
- Provide for the current Board of Governors to be replaced with a single corporate Trustee.

The Solicitor General, as delegate of the Attorney General in such matters, has determined that the Reg Waite Award Trust is a trust for a valid charitable purpose. Although to vary the Trust Deed clauses as proposed may result in a significant diminishing of the Trust Fund (depending on the amount of further donations received by the Trust Fund), the Solicitor General considers that the proposed amendments would not be contrary to the objectives and purpose of the Trust.

Accordingly, the Solicitor General, has approved the establishment of a scheme pursuant to section 12(1)(b) of the Charitable Trusts Act 1993 to enable the Trustees to amend the Reg Waite Award Trust Deed in accordance with the document entitled 'Draft Trust Deed the Reg Waite Award Trust' which has been submitted to the Attorney General.

Take note that within one month after the publication of this notice any person may make representations or suggestions to the Attorney General in respect of the proposed scheme.

A copy of the proposed scheme may be inspected, by appointment, during business hours at Level 9, Goodsell Building, 8-12 Chifley Square, Sydney. Please telephone (02) 9228-7799 for an appointment.

CONTAMINATED LAND MANAGEMENT ACT 1997

Environment Protection Authority

Notice to End Declaration and Order
(Section 22 of the Contaminated Land Management Act
1997)

Notice Number 22003; Area Number 3374

Background

The land to which this notice applies was declared as a “remediation site” (Declaration No. 21045) and has been the subject of an agreement to a voluntary remediation proposal (Agreement No. 26054) issued by the Environment Protection Authority (“the EPA”)*. The proponent carried out remediation works under the agreement. The remediation has been completed and the results have been made available to the EPA.

Revocation

Having reviewed the results of the remediation, the EPA is satisfied that it no longer has reasonable grounds to believe that the land to which this notice applies is contaminated in such a way as to present a significant risk of harm.

Pursuant to section 22 of the Contaminated Land Management Act 1997, Declaration of remediation site number 21045, dated 3 June 2003, gazetted on 6 June 2003, cease to be in force on the date on which this notice is published in the NSW Government Gazette in so far as the Declaration applies to the land to which this notice applies.

Land to which this notice applies

Description	Address
Factory premises Lot 1 in DP 721721.	60 Charlotte Street, Campsie NSW 2194.
The section of Troy Lane immediately adjoining to the factory premises.	

Dated: 7 March 2005.

CAROLYN STRANGE,
Director,
Contaminated Sites,
Department of Environment and Conservation

NOTE:

Information recorded by the EPA

Section 58 of the Contaminated Land Management Act 1997, requires the EPA to maintain a public record. A copy of this notice will be included in the public record.

Information recorded by councils

Section 59 of the Act requires the EPA to give a copy of this notice to the relevant local council. In light of the notice, the council may choose to modify the planning certificate relating to the land concerned issued pursuant to s.149 of the Environmental Planning and Assessment Act 1979.

Relationship to other regulatory instrument

This revocation notice does not affect the provisions of any relevant environmental planning instruments which apply to the land or provisions of any other environmental protection legislation administered by the EPA.

DUST DISEASES TRIBUNAL OF NEW SOUTH WALES

Practice Note No. 1 of 2005

Single Expert Witness

1. This practice note commences on 1 April 2005.
2. This practice note applies to all proceedings in the Tribunal commenced after its commencement.
3. "Single expert witness" means an expert witness jointly retained by the parties or appointed by the Tribunal pursuant to this Practice Note.
4. Unless cause is otherwise shown, a single expert direction will be made in every proceeding and at the earliest practicable time in the course of case management.
5. A "single expert direction", when made in those terms, means that the following directions are to be taken as having been made, with such variations as may be specified at that time or subsequently:
 - (a) Any expert evidence is confined to that of a single expert witness in relation to any one head of damages, including but not limited to the nature, extent and cost of required nursing care or domestic care (including claims under *Griffiths v Kerkmeyer* and under *Sullivan v Gordon*), physiotherapy, speech therapy, home modification, motor vehicle or aids and equipment, being evidence of the kind customarily given (by way of example) by rehabilitation consultants, occupational therapists, nursing and domestic care providers, architects, builders, motor vehicle consultants, and by aids and equipment suppliers.
 - (b) Evidence may be provided by the same single expert in relation to more than one head of damages provided the expert is appropriately qualified. It is contemplated, however that there may be a number of single expert witnesses retained or appointed in the one proceedings.
 - (c) In relation to any head of damages as to which any party wishes expert evidence to be adduced, the parties are to agree on a single expert to be retained and are to obtain the concurrence of the expert within 14 days from a date specified in the order, as the commencement date of the direction, otherwise within 14 days from the making of the direction.
 - (d) Failing agreement and concurrence within that time, the parties are to notify the Tribunal forthwith, and the Tribunal will, pursuant to Pt 39, appoint a court expert to be the single expert.
 - (e) Within 14 days from the selection or appointment of a single expert witness, the parties are to brief the expert, in such manner as the parties may agree, with materials sufficient to enable the expert to prepare a report. If the parties do not so agree, they are to notify the Tribunal forthwith and the Tribunal will give directions as to how the single expert witness is to be briefed.
 - (f) If the parties agree or the single expert witness so requests, the plaintiff in the proceedings is to submit to clinical examination by the single expert witness.
 - (g) Within 21 days from the date on which a single expert witness is so briefed, the expert is to send his or her report to each of the parties to the proceedings, through their legal representatives.
 - (h) A single expert witness may be requested to provide a supplementary report taking into account any new or omitted factual material. The provisions of this practice note to apply to such supplementary report *mutatis mutandis*.
 - (i) Any party may, within 14 days from the receipt of the report, put a maximum of 10 written questions to the expert, but for the purpose only of clarifying matters in the report unless the Tribunal otherwise grants leave. The expert is to answer the questions within 14 days.
 - (j) The report of a single expert witness and any question put to the expert and the expert's answer thereto may be tendered by any party at the trial subject to all just exceptions.
 - (k) A single expert witness may be cross-examined at the trial by any party.
 - (l) A single expert witness' fee for preparation of the report and any supplementary report and for attending the Tribunal, if required to do so, is to be paid by the parties equally, subject to other agreement or direction and subject to any later order concerning the costs of the proceedings. A single expert witness fee for answering questions put by a party is to be paid by the party, subject to the same qualification.
 - (m) A single expert witness may apply to the Tribunal for directions.
6. Nothing in this Practice Note is intended to require the retaining or appointment of a single expert witness in relation to liability, the nature or extent of injury or disability, or the causation of injury or disability.
