CHARITABLE TRUSTS ACT 1993

Order Under Section 12

Scheme Relating to the Reg Waite Award Trust

THE Reg Waite Award Trust was established in 1996 as a charitable trust for the promotion and encouragement of education. The focus of the Award scheme was founded on the late Mr Waite's commitment to education, training and encouraging young people to fulfil their potential and to recognise the achievements of young Australians which benefited the community as a whole.

The original Board of Governors agreed that more than one award could be made each year and that the awards could be funded from donations, sponsorship or other appropriate means. However, the Trust Deed specifies that only one award may be granted each year and that only the income of the trust fund be used for the provision of such award.

In 2004, the current Board of Governors became aware of the limitations of the original Deed, as drafted, in that it did not accurately reflect the intentions of the original Board of Governors. The current Board of Governors, acting in good faith, had since 1996 granted three awards per year, using the entirety of donations for the payment of these awards. The current Board of Governors has put the payment of any further awards on hold until the Deed is amended to reflect the intentions of the original Board of Governors, as it is not presently workable in practice and does not reflect these intentions. It is claimed that the current means provided by the Deed, that is, income only, are insufficient for the practical application of the Trust Fund and its objectives.

The Trust has current assets of \$51,558 and no known liabilities.

The Trustees have submitted their proposed amendments to the Attorney General in a document entitled 'Draft Trust Deed the Reg Waite Award Trust'. The proposed amendments to the Deed would:

- Extend the powers of the Board of Governors to allow application of both capital and income of the Trust Fund to payment of expenses and the making of awards;
- Extend the powers of the Board of Governors so that it can grant more than one award in a given year; and
- Provide for the current Board of Governors to be replaced with a single corporate Trustee.

I have formed the view that the Reg Waite Award Trust is a trust for a valid charitable purpose. Although to vary the Trust Deed clauses as proposed may result in a significant diminishing of the Trust Fund (depending on the amount of further donations received by the Trust Fund), I consider that the proposed amendments would not be contrary to the objectives and purpose of the Trust.

Therefore, pursuant to section 12(1)(b) of the Charitable Trusts Act 1993, I hereby order that the Reg Waite Award Trust Deed be amended by the Trustees in accordance with the document entitled 'Draft Trust Deed the Reg Waite Award Trust'. Such order is to take effect 21 days after its publication in the *Government Gazette*, in accordance with section 16(2) of the Charitable Trusts Act 1993.

Date of Order: 18 May 2005.

M. G. SEXTON, SC,
Solicitor General,
under delegation from the Attorney General

THE Environment Protection Authority (EPA) declares the following land to be a remediation site under the Contaminated Land Management Act 1997 ("the Act"):

1. Land to which this declaration applies ("the site")

3. Nature of harm that the contaminants has caused:

The EPA has considered the matters in s.9 of the Act and for the following reasons has determined that the site is contaminated in such a way as to present a significant risk of harm to human health and the environment:

- Dissolved phase contaminants are present on the site in concentrations above relevant guidelines and are indicative of phase-separated hydrocarbons (PSH). PSH have previously been detected at the site.
- The contaminants have migrated off-site in the past.
- The source of the contaminants has not been removed and there is the potential for off-site migration of the contaminants to recur.

4. Further action under the Act

The making of this declaration does not prevent the carrying out of a voluntary remediation of the site and any person may submit a voluntary remediation proposal for the site to the EPA. If the proposal satisfies the requirements of s.26 of the Act, the EPA may agree not to issue a remediation order to the person or persons bringing the proposal.

5. Submissions invited

The public may make written submissions to the EPA on:

- Whether the EPA should issue a remediation order in relation to the site; or
- Any other matter concerning the site.

Submissions should be made in writing to:

Director, Contaminated Sites,
Department of Environment and Conservation,
PO Box A290,
Sydney South NSW 1232,
or faxed to (02) 9995 5930,
by not later than 24 June 2005.

CAROLYN STRANGE,
Director,
Contaminated Sites,
Department of Environment and Conservation

Dated: 20 May 2005.

NOTE:

Remediation order may follow

If remediation of the site or part of the site is required, the EPA may issue a remediation order under s.23 of the Act.

Variation/Revocation

This declaration may be varied by subsequent declarations. It remains in force until it is otherwise revoked. A declaration may only be revoked when the EPA does not have reasonable grounds to believe that land is contaminated in such a way as to present a significant risk of harm (s.44 of the Act).

Information recorded by the EPA

Section 58 of the Contaminated Land Management Act 1997 requires the EPA to maintain a public record. A copy of this remediation declaration will be included in the public record.

Information recorded by councils

Section 59 of the Act requires the EPA to give a copy of this declaration to the relevant local council. The council is then required to note on its planning certificate issued pursuant to s.149 (2) of the Environmental Planning and Assessment Act that the land is currently within a remediation site. The EPA is required to notify council as soon as practicable when the declaration is no longer in force and the notation on the s.149 (2) certificate is no longer required.

Relationship to other regulatory instrument

This declaration does not affect the provisions of any relevant environmental planning instruments which apply to the land or provisions of any other environmental protection legislation administered by the EPA.
