STATE OWNED CORPORATIONS ACT 1989

Direction under Section 20N

TO: Dr Thomas Parry AM
Chairman of the Board
Sydney Water Corporation

I, Phillip Costa, MP, Minister for Water, with the approval of the Treasurer, hereby direct Sydney Water Corporation to:

- Extend the Hawkesbury Heights and Yellow Rock service area to include non urban residential properties along Singles Ridge Road and Heather Glen Roads, Yellow Rock.

Reasons:

The Priority Sewerage Program provides improved sewerage services to villages in environmentally sensitive areas. These areas are typically near drinking water catchments, rivers, beaches or national parks. The program provides important environmental and social benefits.

A significant number of on site systems fail to meet community expectations for public health protection and environmental standards. The Priority Sewerage Program eliminates these failing systems.

Yellow Rock predominantly drains to the east through Yellomundee Regional Park to the Nepean River at Castlereagh. A small portion of the suburb drains west to a tributary of Frasers Creek. Frasers Creek discharges to the Nepean River to the north of Yellow Rock. There are a number of natural drainage lines emanating from the residential area. These areas drain directly to the Nepean River through Yellomundee Regional Park. Due to the steep slopes, run-off is high.

Given the nature of the lots in Singles Ridge and Heather Glen Roads and their proximity to the Yellomundee Regional Park and sensitive Blue Mountains' streams that end their way to the Nepean River, it is appropriate that they be provided with a point of connection to a sewerage system.

I am satisfied that these are exceptional circumstances that render it necessary to give the direction in the public interest.

Dated: 24 September 2009.

PHILLIP COSTA, M.P.,
Minister for Water
