Insolvency: Cooperation with Foreign Courts or Foreign
Representatives

THE Cross-Border Insolvency Act 2008 (Cth) (the Act) provides in s 6 that, subject to the Act, the Model Law on Cross-Border Insolvency of the United Nations Commission on International Trade Law (UNCITRAL) (the Model Law), with the modifications set out in Pt 2 of the Act, has the force of law in Australia. The English text of the Model Law is set out in Schedule 1 to the Act.

Chapter IV of the Model Law, comprising Articles 25–27, provides for cooperation with foreign courts and foreign representatives in the cross-border insolvency matters that are referred to in Article 1 of the Model Law.

Articles 25 and 27 of the Model Law, as modified by s 11 of the Act, and as presently relevant, provide:

Article 25

Cooperation and direct communication between [this Court] and foreign courts or foreign representatives

1. In matters referred to in article 1, **the court shall cooperate** to the maximum extent possible with foreign courts or foreign representatives, either directly or through a registered liquidator (within the meaning of section 9 of the *Corporations Act 2001*).
2. The court is entitled to communicate directly with, or to request information or assistance directly from, foreign courts or foreign representatives.

*Article 27**Forms of cooperation*

Cooperation referred to in [article 25] may be implemented by any appropriate means, including:

- (a) Appointment of a person or body to act at the direction of the court;
- (b) Communication of information by any means considered appropriate by the court;
- (c) Coordination of the administration and supervision of the debtor's assets and affairs;
- (d) Approval or implementation by courts of agreements concerning the coordination of proceedings;
- (e) Coordination of concurrent proceedings regarding the same debtor;
- (f) [The enacting State may wish to list additional forms or examples of cooperation].

[Section 18 of the Act provides that no additional forms or examples of cooperation are added.]

The form or forms of cooperation appropriate to each particular case will depend on the circumstances of that case. As experience and jurisprudence in this area develop, it may be possible for later versions of this Practice Note to lay down certain parameters or guidelines.

Cooperation between the Court and a foreign court or foreign representative under Article 25 will generally occur within a framework or protocol that has previously been approved by the Court, and is known to the parties, in the particular proceeding. Ordinarily it will be the parties who will draft the framework or protocol. In doing so, the parties should have regard to:

- the Guidelines Applicable to Court-to-Court Communication in Cross-Border Cases published by The American Law Institute and The International Insolvency Association (available at www.ali.org/doc/Guidelines.pdf); and
- the Draft UNCITRAL Notes on cooperation, communication and coordination in cross-border insolvency proceedings (available at http://www.uncitral.org/uncitral/en/commission/working_groups/5Insolvency.html, by clicking the link under the heading “35th Session, 17-21 November 2008, Vienna” (last item).

The Corporations Judge

5. A Judge of the Equity Division is assigned to corporations matters as Corporations Judge, on a full-time basis.
6. The names of the Judges designated to be the Corporations Judge from time to time, and their periods of service as Corporations Judge, will be displayed in the Court's Corporations Matters webpage. The webpage will be updated from time to time. A Judge will normally sit as the Corporations Judge for a continuous period of several months.
7. The Corporations Matters webpage contains other information about the Corporations List. Go to <http://www.lawlink.nsw.gov.au/sc> (click on Practice & Procedure on the left-hand side menu and then click on the Corporations Matters page link).

Listing arrangements for corporations matters

(a) The Registrar's Corporations List

8. Corporations matters are usually made returnable in the Registrar's Corporations List (see "Registrar's Lists" in Practice Note SC Eq 1). The List commences at 9.15am each weekday.
9. Routine insolvency proceedings and applications are dealt with by the Registrar. Examinations under Part 5.9 of the Act are heard before a Deputy Registrar. Available dates are posted on the Supreme Court website, on the Corporations Matters webpage.
10. Applications are listed before the Registrar each day, in the Registrar's Corporations List. The Registrar has delegated powers in respect of certain corporations matters (such as the winding up of corporations, leave to proceed against a corporation under external administration (where the claim against the corporation is, or includes, a claim for damages for personal injury), the release of a liquidator and dissolution of a corporation, the reinstatement of a corporation and the determination of a liquidator's remuneration), as well as various procedural matters. Final orders for winding up a corporation, setting aside a winding up order or reinstating a corporation are prepared by the Registry and are sent out in the DX later on the day of hearing.
11. At the commencement of the list, the Registrar deals with referrals. Corporations matters are usually referred to the Corporations Judge, but they may be referred to the Duty Judge or (for routine matters) an Associate Judge if appropriate. Where it is appropriate for a corporations matter to be heard or case managed by a Judge, and the matter is sufficiently ready for that purpose, the Registrar will normally refer the matter to the Corporations Judge in the Monday Corporations List. Urgent corporations matters requiring the attention of a Judge are usually referred to the Corporations Judge.

PRACTICE NOTE SC EQ 4

Supreme Court Equity Division - Corporations List

Introduction

1. The purpose of this Practice Note is to explain the operation of the Corporations List, and the hearing arrangements for corporations matters. The Practice Note also contains information about the appointment of liquidators by the court, the use of interlocutory processes and pleadings, and co-operation between the Court and a foreign court on insolvency matters.

Commencement

2. This Practice Note commences on 11 March 2009.

Application

3. This Practice Note applies to new and existing proceedings in, or to be entered in, the Corporations List in the Equity Division.

Definitions

4. In this Practice Note:

Act means the *Corporations Act 2001 (Cth)*;

Corporations matters include proceedings and interlocutory applications that arise out of the Act or the

(b) The Monday Corporations List

12. Corporations matters to be dealt with by a Judge are usually made returnable before the Corporations Judge in the Monday Corporations List. Except in urgent cases, referrals of corporations matters by the Registrar are usually placed in the Monday list.
13. The Monday List operates principally as a callover list for corporations matters, dealing with such matters as general case management, directions for the filing of evidence and resolution of procedural issues.
14. Short procedural applications (for example, disputes about pleadings, discovery, subpoenas and joinder of the parties) will normally be heard in the Monday List, provided that the time estimate is less than two hours, and subject to the other demands of the List. Parties should expect that such applications will proceed on the appointed day and they should prepare accordingly. Where this would assist the Corporations Judge, brief submissions should be sent to his or her Associate in advance, if practicable.
15. Other short applications of two hours or less (for example, liquidators' applications for judicial advice or approval of contracts, termination of winding up, reinstatement of a company (where the matter has been referred to the Judge) and leave to commence a derivative action) will normally come before the Corporations Judge in the Monday List. Such matters may be heard on that day or set down for hearing before the Corporations Judge on other days.
16. If the matter is set down for hearing on another day, directions will normally be given for the provision to the Corporations Judge of working copies of evidentiary materials and written submissions before the hearing. Since it is possible that the matter may be heard forthwith, parties should prepare for hearing on the Monday on which the matter is listed and, where practicable, copies of evidentiary materials and written submissions should be provided to the Corporations Judge's Associate before that day.
17. The Corporations Judge may be assisted on Mondays by another Equity Division Judge.
18. Longer corporations matters (more than two hours) are "case managed" within the Monday Corporations List to prepare them for hearing. When they are ready for hearing they will usually be set down for hearing by the Corporations Judge, although in some cases it may be appropriate to allocate the matter to the Expedition List, the Duty Judge List, the Short Matters List or the General List. As noted above, a Corporations Judge is available on a full-time basis.
19. Long corporations matters (more than three days) will be allocated for hearing by a Judge in the Equity Division after consultation between the Corporations Judge and the Chief Judge in Equity.
20. Since commercial circumstances demand that many corporations matters be heard and resolved swiftly, efforts will be made to allocate a hearing date as soon as practicable after any such matter is ready for hearing. The Court has video-conferencing facilities for corporations matters involving interstate or overseas elements.

(c) Duty applications in corporations matters

21. The Corporations Judge may be approached on any day for abridgment of service and/or interlocutory relief in urgent corporations matters, in cases that would warrant approaching the Duty Judge in other matters (see "Duty Judge List" in Practice Note SC Eq 1).
22. The Corporations Judge will be available to hear or give directions in relation to any duty applications at 10:00 a.m. and 2 p.m. each day, or otherwise by arrangement with the Judge's Chambers. See the Court's Corporations Matters webpage for contact particulars.
23. The Duty Judge or the Registrar may refer duty applications in corporations matters to the Corporations Judge.

(d) Statutory demand matters

24. Statutory demand matters, like other corporations matters, are usually returnable in the Registrar's Corporations List. When the Registrar forms the view that the matter is ready for trial, it is referred to the Monday Corporations List.
25. If satisfied that the matter is ready for hearing, the Corporations Judge sets it down for hearing, either before himself or herself, or another Judge, or an Associate Judge.

Appointment of liquidators by the Court

26. The following arrangements apply to the appointment of a liquidator:
 - the Registrar maintains a list of registered official liquidators who have consented in writing to accept all appointments as liquidator made by the Court. This list is sorted alphabetically by firm for liquidators located in metropolitan Sydney, and by individuals located in regional centres;
 - the plaintiff in winding-up proceedings may nominate for appointment a registered official liquidator whose name appears in the Court's list. A nomination is effected by filing with the originating process a consent in Form 8 of the Rules, signed by the nominee, certifying that he or she is not aware of any conflict of interest or duty and making proper disclosure of fee rates, and serving it in accordance with Rule 5.5(3)(b);
 - the Court appoints the plaintiff's nominee in the normal case, but is not obliged to do so. An obvious ground for the Court declining to appoint the plaintiff's nominee is that the Court considers there is an actual or potential conflict between the duties of a liquidator and the nominee's personal interest or some other duty (for example, a person who has acted as receiver and manager of the company for a secured creditor will almost never be appointed liquidator);
 - unless the consent in proper form of a registered official liquidator whose name appears in the Court's list is filed with the originating process for winding up, the Registry will select a liquidator by rotation from the Court's list. The plaintiff must obtain the consent in proper form of the liquidator selected by the Court, and file and serve that consent in accordance with Rule 5.5(3);
 - if the liquidator declines to consent to the appointment (which the liquidator may do, after having given his or her consent to accept all court appointments, only on grounds such as conflict of interest), the plaintiff must:

- nominate a registered official liquidator, whose name appears on the Court's list, by filing and serving the liquidator's consent in accordance with Rule 5.5(3); or
- approach the Registry for selection of another liquidator by rotation, and then file and serve that liquidator's consent in accordance with Rule 5.5(3).

Interlocutory Process and Pleadings

27. Rule 2.2(1) provides as follows:

'Unless these Rules otherwise provide, a person must make an application required or permitted by the Corporations Act to be made to the Court:

- (a) if the application is not made in a proceeding already commenced in the Court – by filing an originating process; and
 - (b) in any other case, and whether final or interlocutory relief is claimed - by filing an interlocutory process.'
28. The words, 'and whether final or interlocutory relief is claimed', were inserted with effect from 24 June 2005.
29. The purpose of that amendment is to make it clear that the form of interlocutory process under the Rules (Form 3) is required to be used where subparagraph 2.2(1)(b) applies, even where final relief is claimed. Leaving aside the originating process and any amended originating process, all claims for relief properly brought forward in a proceeding already on foot, to which the Rules apply, are required to be made by interlocutory process.
30. Two examples of claims for final relief which are required to be brought by interlocutory process are:
- (a) a claim by a defendant which would, if the general rules of court applied, be brought by way of cross-claim;
 - (b) a claim by the Commissioner of Taxation under s 588FGA(4) of the Act (see *Condon v Commissioner of Taxation* [2004] NSWSC 481).
31. Where a claim for final relief has been made in a proceeding to which the Rules apply, whether the claim is made by originating process or by interlocutory process, any subsequent application for an order for pleadings should be made by interlocutory process. Where a claim for final relief is to be made in a contemplated proceeding to which those Rules will apply, an application for an order for pleadings may be made either in the originating process, or by an accompanying interlocutory process. An originating or interlocutory process should not be amended so as to be converted into a pleading.

CONTAMINATED LAND MANAGEMENT ACT 1997

Environment Protection Authority

Declaration of remediation site

(Section 21 of the Contaminated Land Management Act 1997)

Declaration Number 26103 / Area Number 3254

THE Environment Protection Authority (EPA) declares the following land to be a remediation site under the Contaminated Land Management Act 1997 ("the Act").

1. Land to which this declaration applies ("the site")

The site is an operating Shell Coles Express service station and former fuel depot at 91-93 Kelly Street, Scone, comprising the following areas in the local government area of the Upper Hunter Shire, New South Wales:

- Lot 1 DP158283 and
- Lot 1 DP 997000

As shown by the land enclosed by the thick black line in the attached drawing (Figure 1 Declared Area). A drawing showing the land to which this declaration applies can also be viewed on the Contaminated Land Public Record at www.environment.nsw.gov.au/clm/aboutregister.aspx or can be inspected at 59-61 Goulburn Street, Sydney.

2. Nature of contamination affecting the site:

The EPA has found that the site is contaminated with the following substances ("the contaminants"):

- Benzene, ethylbenzene, toluene and xylene;
- Petroleum Hydrocarbons; and
- Napthalene.

3. Nature of harm that the contaminants may cause:

The EPA has considered the matters in s.9 of the Act and for the following reasons has determined that the site is contaminated in such a way as to present a significant risk of harm to human health and the environment:

- soil and groundwater are contaminated with volatile aromatic hydrocarbons at concentrations exceeding relevant criteria. Groundwater is also contaminated with phase separated hydrocarbons;
- the contaminants include benzene (a known human carcinogen) and are toxic to humans and aquatic organisms;
- the contaminants in groundwater have migrated off the site and may continue to migrate offsite towards residential areas; and
- workers may be accidentally exposed to vapours that may accumulate in excavations and service utilities.

4. Further action under the Act

The making of this declaration does not prevent the carrying out of a voluntary remediation of the site and any person may submit a voluntary remediation proposal for the site to the EPA. If the proposal satisfies the requirements of s.26 of the Act, the EPA may agree not to issue a remediation order to the person or persons bringing the proposal.

5. Submissions invited

The public may make written submissions to the EPA on:

- Whether the EPA should issue a remediation order in relation to the site; or
- Any other matter concerning the site.

Submissions should be made in writing to:

Manager Contaminated Sites
Department of Environment and Climate Change
PO Box A290
SYDNEY SOUTH NSW 1232
or faxed to 02 9995 5930
by not later than 17 April 2009

Date: 12 March 2009.

NIALL JOHNSTON,
Manager Contaminated Sites
Department of Environment and Climate Change

NOTE:**Remediation order may follow**

If remediation of the site or part of the site is required, the EPA may issue a remediation order under s.23 of the Act.

Variation/Revocation

This declaration may be varied by subsequent declarations. It remains in force until it is otherwise revoked. A declaration may only be revoked when the EPA does not have reasonable grounds to believe that land is contaminated in such a way as to present a significant risk of harm (s.44 of the Act).

Information recorded by the EPA

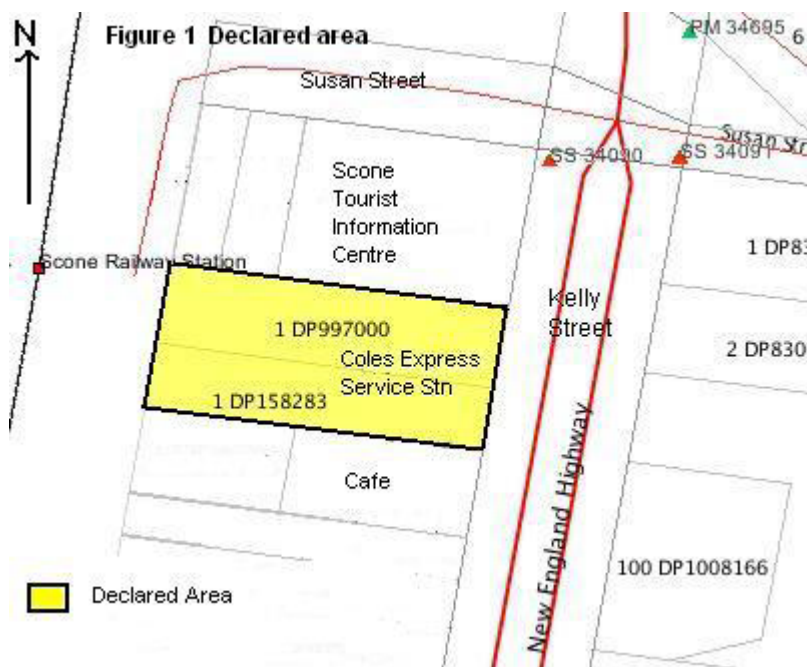

Section 58 of the Contaminated Land Management Act 1997 requires the EPA to maintain a public record. A copy of this remediation declaration will be included in the public record.

Information recorded by councils

Section 59 of the Act requires the EPA to give a copy of this declaration to the relevant local council. The council is then required to note on its planning certificate issued pursuant to s.149 (2) of the Environmental Planning and Assessment Act that the land is currently within a remediation site. The EPA is required to notify council as soon as practicable when the declaration is no longer in force and the notation on the s.149 (2) certificate is no longer required.

Relationship to other regulatory instrument

This declaration does not affect the provisions of any relevant environmental planning instruments which apply to the land or provisions of any other environmental protection legislation administered by the EPA.
