**ALTERATION OF PURPOSE/CONDITIONS OF A
WESTERN LANDS LEASE**

IT is hereby notified that in pursuance of the provisions of section 18J, Western Lands Act 1901, the purpose and conditions of the undermentioned Western Lands Lease have been altered as shown.

TONY KELLY, M.L.C.,
Minister for Lands

*Administrative District – Walgett North; Shire – Walgett;
Parish – Wallangulla; County – Finch*

The purpose/conditions of Western Lands Lease 14253, being the land contained within Folio Identifier 6824/46195 has been altered from “Accommodation Paddock” to “Business, Residence and Grazing” effective from 12 May 2009.

As a consequence of the alteration of purpose/conditions rent will be assessed annually in line with the Western Lands Act 1901 and Regulations.

**CONDITIONS ATTACHED TO WESTERN LANDS
LEASE 14253**

- (1) In the conditions annexed to the leases, the expression “the minister” means the Minister administering the Western Lands Act 1901, and any power, authority, duty or function conferred or imposed upon the Minister by or under those conditions may be exercised or performed either by the Minister or by such officers of the Department of Lands as the Minister may from time to time approve.
- (2) In these conditions and reservations the expression “the commissioner” means the Commissioner charged with the administration of the Western Lands Act 1901 (“the Act”) in accordance with section 4(2) of the Act.
- (3) (a) For the purposes of this clause the term Lessor shall include Her Majesty the Queen Her Heirs and Successors the Minister and the agents servants employees and contractors of the Lessor Her Majesty Her Majesty’s Heirs and Successors and the Minister.
- (b) The lessee covenants with the Lessor to indemnify and keep indemnified the Lessor from and against all claims for injury loss or damage suffered by any person or body using or being in or upon the Premises or any adjoining land or premises of the Lessor arising out of the Holder’s use of the Premises and against all liabilities for costs charges and expenses incurred by the Lessor in respect of the claim of any such person or body except to the extent that any such claims and demands arise wholly from any negligence or wilful act or omission on the part of the Lessor.
- (c) The indemnity contained in this clause applies notwithstanding that this Lease authorised or required the lessee to undertake or perform the activity giving rise to any claim for injury loss or damage.
- (d) The lessee expressly agrees that the obligations of the Holder under this clause shall continue after the expiration or sooner determination of this Lease in respect of any act deed matter or thing occurring before such expiration or determination.
- (4) The rent of the lease shall be assessed in accordance with Part 6 of the Western Lands Act 1901.
- (5) The rent shall be due and payable annually in advance on 1 July in each year.
- (6) (a) “GST” means any tax on goods and/or services, including any value-added tax, broad-based consumption tax or other similar tax introduced in Australia.
“GST law” includes any Act, order, ruling or regulation, which imposes or otherwise deals with the administration or imposition of a GST in Australia.
- (b) Notwithstanding any other provision of this Agreement:
 - (i) If a GST applies to any supply made by either party under or in connection with this Agreement, the consideration provided or to be provided for that supply will be increased by an amount equal to the GST liability properly incurred by the party making the supply.
 - (ii) If the imposition of a GST or any subsequent change in the GST law is accompanied by or undertaken in connection with the abolition of or reduction in any existing taxes, duties or statutory charges (in this clause “taxes”), the consideration payable by the recipient of the supply made under this Agreement will be reduced by the actual costs of the party making the supply that are reduced directly or indirectly as a consequence of the abolition of or reduction in taxes.
- (7) The lessee shall pay all rates and taxes assessed on or in respect of the land leased during the currency of the lease.
- (8) The lessee shall hold and use the land leased bona fide for the lessee’s own exclusive benefit and shall not transfer, convey or assign the land or any portion thereof without having first obtained the written consent of the Minister.
- (9) The lessee shall not enter into a sublease of the land leased unless the sublease specifies the purpose for which the land may be used under the sublease, and it is a purpose which is consistent with the purpose for which the land may be used under this lease.
- (10) If the lessee enters into a sublease of the land leased, the lessee must notify the Commissioner of the granting of the sublease within 28 days after it is granted.
- (11) The land leased shall be used only for the purpose of Business, Residence and Grazing.

- (12) The lessee shall maintain and keep in reasonable repair all improvements on the land leased during the currency of the lease and shall permit the Minister or the Commissioner or any person authorised by the Minister or the Commissioner at all times to enter upon and examine the whole or any part of the land leased and the buildings or other improvements thereon.
- (13) All minerals within the meaning of the Mining Act 1992, and all other metals, gemstones and semiprecious stones, which may be in, under or upon the land leased are reserved to the Crown and the lessee shall permit any person duly authorised in that behalf to enter upon the land leased and search, work, win and remove all or any minerals, metals, gemstones and semiprecious stones in, under or upon the land leased.
- (14) Mining operations may be carried on, upon and in the lands below the land leased and upon and in the lands adjoining the land leased and the lands below those lands and metals and minerals may be removed therefrom and the Crown and any lessee or lessees under any Mining Act or Acts shall not be subject to any proceedings by way of injunction or otherwise in respect of or be liable for any damage occasioned by the letting down, subsidence or lateral movement of the land leased or any part thereof or otherwise by reason of the following acts and matters, that is to say, by reason of the Crown or any person on behalf of the Crown or any lessee or lessees, having worked now or hereafter working any mines or having carried on or now or hereafter carrying in mining operations or having searched for, worked or removed or now hereafter searching for, working, winning or removing any metals or minerals under, in or from the lands lying beneath the land leased or any part thereof, or on, in, under or from any other lands situated laterally to the land leased or any part thereof or the lands lying beneath those lands, and whether on or below the surface of those other lands and by reason of those acts and matters or in the course thereof the Crown reserves the liberty and authority for the Crown, any person on behalf of the Crown and any lessee or lessees from time to time to let down without payment of any compensation any part of the land leased or of the surface thereof.
- (15) The lessee shall comply with the provisions of the Local Government Act 1993, and of the ordinances made thereunder.
- (16) The lessee shall not erect or permit any person to erect any buildings or extend any existing buildings on the land leased except to the satisfaction of the commissioner.
- (17) The lessee shall ensure that the land leased is kept in a neat and tidy condition to the satisfaction of the Commissioner and not permit refuse to accumulate on the land.
- (18) Upon termination or forfeiture of the lease the Commissioner may direct that the former lessee shall remove any structure or material from the land at his own cost and without compensation. Where such a direction has been given the former lessee shall leave the land in a clean and tidy condition free from rubbish and debris.
- (19) The lessee shall, within 1 year from the date of commencement of the lease or such further period as the Commissioner may allow, enclose the land leased, either separately or conjointly with other lands held in the same interest, with a suitable fence to the satisfaction of the Commissioner.
- (20) The lessee shall not obstruct or interfere with any reserves, roads or tracks on the land leased, or the lawful use thereof by any person.
- (21) The lessee shall erect gates on roads within the land leased when and where directed by the Commissioner for public use and shall maintain those gates together with approaches thereto in good order to the satisfaction of the Commissioner.
- (22) The right is reserved to the public of free access to, and passage along, the bank of any watercourse adjoining the land leased and the lessee shall not obstruct access or passage by any member of the public to or along the bank.
- (23) Any part of a reserve for travelling stock, camping or water supply within the land leased shall, during the whole currency of the lease, be open to the use of bona fide travellers, travelling stock, teamsters and carriers without interference or annoyance by the lessee and the lessee shall post in a conspicuous place on the reserve a notice board indicating for public information the purpose of such reserve and, in fencing the land leased, the lessee shall provide gates and other facilities for the entrance and exit of travelling stock, teamsters and others. The notice board, gates and facilities shall be erected and maintained to the satisfaction of the Commissioner. The lessee shall not overstock, wholly or in part, the areas leased within the reserve, the decision as to overstocking resting with the Commissioner.
- (24) The crown shall not be responsible to the lessee or the lessee's successors in title for the provision of access to the land.
- (25) The lessee shall comply with requirements of section 18DA of the Western Lands Act 1901 which provides that except in circumstances referred to in subsection (3) of that section, cultivation of the leased or occupied may not be carried out unless the written consent of the Department has first been obtained and any condition to which the consent is subject under sub section 96) is complied with.
- (26) Notwithstanding any other condition annexed to the lease, the lessee shall, in removing timber for the purpose of building, fencing or firewood, comply with the routine agricultural management activities listed in the Native Vegetation Act 2003.
- (27) The lessee shall not interfere with the timber on any of the land leased which is within a State forest, timber reserve or flora reserve unless authorisation has been obtained under the provisions of the Forestry Act 1916 and shall not prevent any person or persons duly authorised in that behalf from taking timber on the land leased and shall not ringbark, kill, destroy or permit the killing or destruction of any timber unless authorised under the Forestry Act 1916 or unless approval has been issued in accordance with the Native Vegetation Act 2003, but the lessee may take such timber as the lessee

- may reasonably require for use on the land leased, or on any contiguous land held in the same interest, for building, fencing or firewood.
- (28) The lessee shall undertake any fuel management and/or provision of fire trail access in accordance with fire mitigation measures to the satisfaction of the NSW Rural Fire Service.
- (29) The lessee shall, as the Commissioner may from time to time direct, foster and cultivate on the land leased such edible shrubs and plants as the Commissioner may consider can be advantageously and successfully cultivated.
- (30) Whenever so directed by the Commissioner, the lessee shall, on such part or parts of the land leased as shall be specified in the direction, carry out agricultural practices, or refrain from agricultural practices, of such types and for such periods as the Commissioner may in the direction specify.
- (31) The lessee shall not overstock, or permit or allow to be overstocked, the land leased and the decision of the Commissioner as to what constitutes overstocking shall be final and the lessee shall comply with any directions of the Commissioner to prevent or discontinue overstocking.
- (32) The lessee shall, if the Commissioner so directs, prevent the use by stock of any part of the land leased for such periods as the Commissioner considers necessary to permit of the natural reseeding and regeneration of vegetation and, for that purpose, the lessee shall erect within the time appointed by the Commissioner such fencing as the Commissioner may consider necessary.
- (33) The lessee shall furnish such returns and statements as the Commissioner may from time to time require on any matter connected with the land leased or any other land (whether within or outside the Western Division) in which the lessee has an interest.
- (34) The lessee shall, within such time as may be specified by the Commissioner take such steps and measures as the Commissioner shall direct to destroy vermin and such animals and weeds as may, under any Act, from time to time be declared (by declaration covering the land leased) noxious in the Gazette and shall keep the land free of such vermin and noxious animals and weeds during the currency of the lease to the satisfaction of the Commissioner.
- (35) The lessee shall not remove or permit any person to remove gravel, stone, clay, shells or other material for the purpose of sale from the land leased unless the lessee or the person is the holder of a quarry license under regulations made under the Crown Lands Act 1989 or in respect of land in a State Forest, unless the lessee or the person is the holder of a forest materials license under the Forestry Act 1916, and has obtained special authority of the Minister to operate on the land, but the lessee may, with approval of the Commissioner, take from the land such gravel, stone, clay shells or other material for building and other purposes upon the land as may be required by the lessee.
- (36) The lessee must ensure that all loading and unloading activities are located wholly within the boundaries of the lease.
- (37) The lessee must ensure that all equipment, landscaping supplies and other goods stored on the lease are kept in a clean and tidy condition at all times.
- (38) The lessee must ensure that stock piles of landscaping materials and firewood are not within 50 metres from the boundary of the lease.
- (39) The lessee must obtain any relevant planning approvals from Walgett Shire Council prior to erecting any buildings or residential dwellings on the lease.
- (40) The lessee shall effectively prevent any interference with the amenity of the locality by reason of the emission from the land leased of noise, vibration, smell, fumes, smoke, vapour, steam, soot ash, dust, waste water, waste products, grit or oil or otherwise, and when directed by the Commissioner shall abate that interference forthwith.
- (41) The lessee shall ensure that all waste materials will be disposed of within accordance to the Environment Protection & Assessment Act 1979 and Protection of the Environment Operations (POEO) Act 1997 as well as POEO (Waste) Regulation 2005.
- (42) The lessee shall ensure that all noise levels are in accordance with the Environment Protection & Assessment Act 1979 and Protection of the Environment Operations (POEO) act 1997 as well as POEO (Noise Control) regulation 2002.
- (43) The lessee shall ensure that all air levels are in accordance with the Environment Protection & Assessment Act 1979 and Protection of the Environment Operations (POEO) Act 1997 as well as POEO (Clean Air) Regulation 2002.
- (44) The lessee shall take all necessary steps to minimise dust from industry operations.
- (45) The lessee shall, within 12 months from the date of the commencement of the lease or such period as the Minister may allow, erect business premises on the land in accordance with plans and specifications approved by Council of the local government area.
- (46) The lessee will (without in any way limiting the liability of the lessee under any other provision of this lease) forthwith take out and thereafter during the Term keep current a public risk insurance policy for \$10,000,000 for any one claim (or such other reasonable amount as the Minister may from time to time specify in writing to the lessee) whereby the Minister shall during the continuance of this lease be indemnified against all actions suits claims demands proceedings losses damages compensations costs charges and expenses mentioned or referred to in this lease to which the Minister shall or may be liable.
- (47) If the lessee is an Australian registered company then the following conditions shall apply:
- (i) The Lessee will advise the Commissioner of the name, address and telephone number of the Lessee's company secretary, that person being a person nominated as a representative of the company in respect of any dealings to be had with the company. The Lessee agrees to advise the Commissioner of any changes in these details.

- (ii) Any change in the shareholding of the Lessee's company which alters its effective control of the lease from that previously known to the Commissioner shall be deemed an assignment by the Lessee.
- (iii) Where any notice or other communication is required to be served or given or which may be convenient to be served or given under or in connection with this lease it shall be sufficiently executed if it is signed by the company secretary.
- (iv) A copy of the company's annual financial balance sheet or other financial statement which gives a true and fair view of the company's state of affairs as at the end of each financial year is to be submitted to the Commissioner upon request.

SUBORDINATE LEGISLATION ACT 1989

Notice of Intention to Remake the Agricultural Industry Services Regulation 2009

NOTICE is given in accordance with section 5 of Subordinate Legislation Act 1989, of the intention to re-make a regulation under the Agricultural Industry Services Act 1998.

The Agricultural Industry Services Act 1998, authorises the creation of committees for the purpose of performing specified agricultural industry services for a specified class of primary producers within a specified area. These committees are created by Regulation.

The proposed Agricultural Industry Services Regulation 2009, is made under the Agricultural Industry Services Act 1998. The object of the proposed Regulation is to provide for:

- (a) The establishment of the Wine Grapes Marketing Board;
- (b) The establishment of the Riverina Citrus Committee;
- (c) The recognition of interstate arrangements, namely with Victoria; and
- (d) The rules, process and forms for polls and elections for the committees established under Regulation made under the Agricultural Industry Services Act 1998.

The proposed Regulation and Regulatory Impact Statement will be available for public comment from 18 May to 15 June 2009. They can be accessed via the DPI website <http://www.dpi.nsw.gov.au/regulation-review>; at the offices of

Riverina Citrus in Banna Avenue, Griffith and the Wine Grapes Marketing Board in Yambil Street, Griffith; on the websites of Riverina Citrus at www.riverina.citrus.com.au and the Wine Grapes Marketing Board at www.wgmb.net.au or by contacting:

Submissions close at 5pm on 15 June 2009.

SUBORDINATE LEGISLATION ACT 1989

Notice of Intention to Remake the Forestry Regulation 2009

NOTICE is given in accordance with section 5 of Subordinate Legislation Act 1989, of the intention to re-make a regulation under the Forestry Act 1916.

The Forestry Act 1916, establishes the Forestry Commission with the objects of conserving and utilising timber on the lands it controls or manages to the best advantage of the State. The Act further provides for the sustainable use and enjoyment of NSW State forests. This includes the provision of licences for timber harvesting and recreational activities.

The proposed Forestry Regulation 2009, is made under the Forestry Act 1916. The objects of the proposed Regulation are:

- (a) To facilitate the orderly and responsible cutting and removal of timber from Crown timber lands through the licensing system. Furthermore, the licensing system provides for the management of the forest floor in environmentally sensitive areas and for the health and safety of forestry workers and visitors;
- (b) To facilitate the collection of royalty;
- (c) To facilitate the protection of all forest users and the forest environment; and
- (d) To control the use of fire on State forests and flora reserves to protect the forest estate.

The proposed Regulation and Regulatory Impact Statement will be available for public comment from 18 May to 15 June 2009 and can be accessed via the Department of Primary Industries website <http://www.dpi.nsw.gov.au/regulation-review> or by contacting:

ADOPTION ACT 2000

Amended Accreditation Notice

THIS Accreditation Notice is published in accordance with section 15 of the Adoption Act 2000. The notice has been amended to record the name of the new Principal Officer and change of business address. Otherwise all details including the effective date of accreditation are the same as published on 20 June 2008 and 17 October 2008.

Under section 206 of the Adoption Act 2000, the Director-General of the Department of Community Services may delegate the function of accreditation to provide adoption services. The Director-General has delegated this function to me, the Children's Guardian.

In accordance with sections 15 of the Adoption Act 2000, I accredit Barnardos Australia, Barnardos Find-a-Family Adoption Program as an adoption agency under the Act and in accordance with section 17(b) of the Adoption Act 2000, subject the accreditation to the conditions specified below.

I authorise Lynne Patricia Moggach, Principal Officer of Barnardos Find-a-Family Adoption Program at 23 Nelson Street, Annandale, to undertake the following domestic adoption services for children, excluding those with special needs, until 30 June 2013:

- (i) the assessment of the suitability of a person or persons to adopt a child;
- (ii) any decision to place a child with a person or persons to adopt the child; and
- (iii) the transfer of the care of the child to the person or persons wishing to adopt the child.

I specify the following conditions:

1. This agency is to submit indirect evidence of compliance with NSW Adoption Standards 1.1, 1.2, 1.3, 1.4 and 1.5 by 1 October 2009.
2. This agency is to submit indirect evidence of compliance with NSW Adoption Standards 1.6, 1.8, 1.9, and 1.11 by 1 October 2010.
3. This agency is to submit indirect evidence of compliance with NSW Adoption Standards 2.1, 2.2, 3.1, 3.2 and 3.3 by 1 October 2011.
4. This agency is to submit indirect evidence of compliance with NSW Adoption Standards 4.4, 5.1, 5.2, 5.3, 6.1 and 6.2 by 1 October 2012.
5. This agency is to have access to a panel of consultants. The Principal Officer will consider the advice of the panel/experts and will retain the records of panel discussions.
6. This agency is to provide the Children's Guardian with an annual report by 30 June 2009, and each year following, detailing:
 - the status of cases where adoption action has commenced,
 - the status of cases where adoption action has ceased,
 - the number of cases where adoption action has been finalised,
 - the outcome of cases where the panel has been consulted.

7. This agency is to maintain records of practice relevant to the mandatory requirements and applicable Standards showing that the best interests of the child are paramount in adoption proceedings. These records are to be made available to the Children's Guardian for inspection upon request in written form or an electronic format approved by the Children's Guardian.

The Children's Guardian may revoke or vary any condition to which the accreditation of Barnardos Australia, Barnardos Find-a-Family Adoption Program is subject and may attach new conditions to the accreditation. The Children's Guardian may revoke or suspend the accreditation of Barnardos Australia, Barnardos Find-a-Family Adoption Program if it fails to comply with any of these conditions.

KERRY N BOLAND,
Children's Guardian

CONTAMINATED LAND MANAGEMENT ACT 1997

Section 21

Declaration of Remediation Site

Declaration Number 21116; Area Number 3020

THE Environment Protection Authority (EPA) declares the following land to be a remediation site under the Contaminated Land Management Act 1997 ("the Act"):

1. Land to which this declaration applies ("the site")
Lot 2, DP 539890 and Lot 2, DP 615549, located at 39 Grand Avenue, Camellia, in the local government area of Parramatta and shown on the map attached.
2. Nature of contamination affecting the site:
The EPA has found that the site is contaminated with hexavalent Chromium [Cr(VI)] ("the contaminant").
3. Nature of harm that the contaminants may cause:
The EPA has considered the matters in section 9 of the Act and has determined that the contamination at the site warrants regulation under the Act for the following reasons:
 - Investigations reported in April 2007 have indicated high concentrations of Cr(VI) in groundwater and in

stormwater at the site and potentially contaminated surface water flows from the northern border of the site into the Parramatta River.

- Water with a bright yellow discoloration [indicative of Cr(VI) contamination] was observed in stormwater seeping from a drain into the Parramatta River.
- A study undertaken by NSW EPA in 2002-3 found:
 - Cr(VI) to be impacting on the marine ecosystem of the Parramatta River in this vicinity.
 - Cr to be present in oysters over a wide area in Camellia at concentrations significantly higher than those in Lane Cove.
- There is the possibility of unintended human exposure to the Cr(VI) contaminated seeps along the foreshore area if access to the foreshore is not appropriately managed.

4. Further action under the Act

The making of this declaration does not prevent the carrying out of a voluntary remediation of the site and any person may submit a voluntary remediation proposal for the site to the EPA. If the proposal satisfies the requirements of section 26 of the Act, the EPA may agree not to issue a remediation order to the person or persons bringing the proposal.

5. Submissions invited

The public may make written submissions to the EPA on:

- Whether the EPA should issue a remediation order in relation to the site; or
- Any other matter concerning the site.

Submissions should be made in writing to:

Manager,
Contaminated Sites,
Department of Environment and Climate Change,
PO Box A290, Sydney South NSW 1232,
or faxed to (02) 9995 5930,

by not later than 5 June 2009.

Dated: 8 May 2009.

NIALL JOHNSTON,
Manager,
Contaminated Sites,
Department of Environment and Climate Change

NOTE:

Remediation order may follow

If remediation of the site or part of the site is required, the EPA may issue a remediation order under section 23 of the Act.

Variation/Revocation

This declaration may be varied by subsequent declarations. It remains in force until it is otherwise revoked. A declaration may only be revoked when the EPA does not have reasonable grounds to believe that land is contaminated in such a way as to present a significant risk of harm (section 44 of the Act).

Information recorded by the EPA

Section 58 of the Contaminated Land Management Act 1997 requires the EPA to maintain a public record. A copy

of this remediation declaration will be included in the public record.

Information recorded by councils

Section 59 of the Act requires the EPA to give a copy of this declaration to the relevant local council. The council is then required to note on its planning certificate issued pursuant to section 149 (2) of the Environmental Planning and Assessment Act that the land is currently within a remediation site. The EPA is required to notify council as soon as practicable when the declaration is no longer in force and the notation on the section 149 (2) certificate is no longer required.

Relationship to other regulatory instrument

This declaration does not affect the provisions of any relevant environmental planning instruments which apply to the land or provisions of any other environmental protection legislation administered by the EPA.

 Land to which this Declaration Applies

CONTAMINATED LAND MANAGEMENT ACT 1997

Section 21

Declaration of Remediation Site

Declaration Number 21122; Area Number 3221

THE Environment Protection Authority (EPA) declares the following land to be a remediation site under the Contaminated Land Management Act 1997 ("the Act"):

1. Land to which this declaration applies ("the site")

The site to which this declaration relates is part of the former Millers Point gasworks and is described as:

- Part Lot 5 and Part Lot 3 in Deposited Plan (DP) 876514, Hickson Road, Millers Point
- The part of Hickson Road adjacent to:
 - 30-34 Hickson Road being Lot 11, DP 1065410;
 - 36 Hickson Road being Lot 5, DP 873158 and Lot 12, DP 1065410; and
 - 38 Hickson Road being SP72797, Millers Point

in the City of Sydney local government area. The site coincides with the known foot print of the former gasworks facilities. A map of the site is available for inspection at the offices of the Department of the Environment and Climate Change, Level 14, 59-61 Goulburn Street, Sydney NSW.

2. Nature of contamination affecting the site:

The EPA believes that the site is contaminated with gasworks waste and particularly waste tar as a result of the previous use of the site as a gasworks plant. The chemical composition of gasworks waste includes the following substances ("the contaminants"): polycyclic aromatic hydrocarbons (PAHs); benzene, toluene, ethylbenzene and xylenes (BTEX); total petroleum hydrocarbons (TPHs); ammonia; phenol and cyanide.

3. Nature of harm that the contaminants may cause:

The EPA has considered the matters in section 9 of the Act and for the following reasons has determined that the site is contaminated in such a way as to present a significant risk of harm to human health and the environment:

- Groundwater on the site has been found to be contaminated by TPHs, PAHs, BTEX, ammonia, phenol and cyanide at concentrations significantly exceeding the relevant trigger values for the protection of human health and aquatic ecosystems in the Australian and New Zealand Guidelines for Fresh and Marine Water Quality (ANZECC and ARMCANZ, 2000).
- These groundwater contaminants include human carcinogens and substances toxic to aquatic ecosystems.
- The contaminated groundwater is impacting on the surrounding areas including the basement of a residential building adjacent to the site, potentially exposing humans in that building to harmful vapours; however it is currently being effectively controlled.
- Contaminated groundwater is likely to be migrating from the site to Darling Harbour and could ultimately affect aquatic ecosystems.

4. Further action under the Act

The making of this declaration does not prevent the carrying out of a voluntary remediation of the site and any person may submit a voluntary remediation proposal for the site to the EPA. If the proposal satisfies the requirements of section 26 of the Act the EPA may agree not to issue a remediation order to the person or persons bringing the proposal.

5. Submissions invited

The public may make written submissions to the EPA on:

- Whether the EPA should issue a remediation order in relation to the site; or
- Any other matter concerning the site.

Submissions should be made in writing to:

Manager Contaminated Sites,
Department of Environment and Climate Change

or faxed to (02) 9995 5930

by no later than 3 June 2009.

Section 58 of the Contaminated Land Management Act 1997 requires the EPA to maintain a public record. A copy of this remediation declaration will be included in the public record.

Information recorded by councils

Section 59 of the Act requires the EPA to inform the relevant local council that this declaration has been made, as soon as practicable. The council is then required to note on its planning certificate issued pursuant to section 149 (2) of the Environmental Planning and Assessment Act that the land is currently within a remediation area. The EPA is required to notify council as soon as practicable when the declaration is No. longer in force and the notation on the section 149 (2) certificate can be removed.

HERITAGE ACT 1977

Order under Section 57 (2)

Energy Australia – Site Specific Exemptions

I, the Minister for Planning, on the recommendation of the Heritage Council of New South Wales, in pursuance of section 57 (2) of the Heritage Act 1977, do, by this my order:

- (a) under section 57 (2) of the Heritage Act grant exemption from Heritage Council approval under section 57 (1) of the Heritage Act, as outlined in Schedule A, for the following activities described in 1–15 below, subject to review and approval by a person with demonstrated heritage expertise and experience in similar buildings and sites.

1. Replacement of corrugated asbestos roofing systems, box gutters and eaves with corrugated metal roofing system which maintains the general profile of the building roof and does not require replacement of structural fabric of the roof and retains any decorative features of the original roof design (e.g. exposed eaves, decorative soffits or barge boards). The choice of roofing material should not preclude the reinstatement of the original form of rainwater goods.
2. Replacement of non-original switchgear and associated internal building rearrangements to accommodate new switchgear, which does not require the significant removal of building fabric.
3. Replacement of non-original internal and external transformers.
4. Internal installation of fire mitigation apparatus and mechanisms including fire curtains, sheeting of structural members to improve fire rating and replacement of internal fire doors with asbestos cores.
5. Minor works necessary to preserve and enhance the security of the building including the replacement of locks, installation of internal security screens and grilles and the installation of electronic access control devices.
6. Maintenance and minor repairs that are necessary to preserve and maintain the building and are within the limits of the standard exemptions of the Heritage Act.
7. Excavations and reinstatement associated with installation or replacement of conduits, cables, services and pipes, where this will occur within existing cable egress areas or existing cable jointing areas and there are no known or suspected archaeological relics.
8. Minor works internal to the building including:
 - (a) Replacement of Customer Load Control Equipment.
 - (b) Upgrade of non-original toilet / washroom facilities.
 - (c) Upgrade of control room equipment.
 - (d) Refurbishment of battery rooms.
 - (e) The removal of asbestos materials such as interior and external sheet linings, fire proofing, troughing, conduits, window sealant, asbestos fire doors etc.
 - (f) The removal of devices and equipment containing mercury or other heavy metals.
 - (g) Removal of lead-based paint and reinstatement with the original paint scheme.
 - (h) Replacement of non-original lighting fixtures, including electrical controls where they are required for security or safety.
9. Minor internal works necessary to upgrade and enhance the structural integrity of the building which do not impact on the heritage significance of the building including:
 - (a) The internal fitting of improved handrails and or stairs to access higher stories for the reason of safe access.
 - (b) The upgrade of non-original internal lifting / crane equipment in loading docks specifically required for manual handling of equipment to meet WorkCover requirements.
10. Temporary works including containment areas, scaffolding and enclosures necessary for the carrying out of maintenance, enhancement or upgrading works.

11. Installation of safety or information signs, not being for commercial or advertising purposes.
12. Maintenance and painting of finished building surfaces where colour of finish is matched to the original colour.
13. Decommissioning of a substation and removal of non-original equipment.
14. Installation of oil containment systems in order to meet NSW EPA Pollution Licence requirements, in the following circumstances:
 - (a) Masonry or concrete bunding around transformers and within existing transformer bays.
 - (b) Underground oil containment works or systems in areas where there are no known or suspected archaeological relics.
15. Ventilation and air conditioning works limited to:
 - (a) Replacement of existing external vents and louvres in a style consistent with the external appearance of the building.
 - (b) Replacement of non-mechanical rooftop ventilators in a style consistent with the form, scale and position of existing ventilators.
 - (c) Internal air conditioning systems with no externally visible components and which do not require the removal of original building fabric.

**REPORT
and
DETERMINATION
of
THE LOCAL GOVERNMENT
REMUNERATION TRIBUNAL
under
Sections 239 and 241
of the
LOCAL GOVERNMENT ACT 1993**
29 April 2009

EXECUTIVE SUMMARY

The Tribunal is required to report to the Minister by 1 May each year as to its determinations of categories and the maximum and minimum amounts of fees to be paid during the following year to mayors, councillors, and chairpersons and members of county councils.

Categories: As forecast in the 2008 Report, the Tribunal has undertaken a fundamental review of the categories of Councillor and Mayoral officers in accordance with section 239 of the Act.

The Tribunal's review has had regard to issues raised in submissions received from the Local Government and Shires Associations ("Associations") and individual Councils, as well as advice received from the Department of Local Government. The Tribunal also considered the findings of previous reviews and considered the relative merits of a number of alternate models.

After considering all these factors the Tribunal finds that there is no strong case to significantly alter the current categories of Councillor and Mayoral offices or to move individual Councils between categories.

While the groupings remain unchanged, the Tribunal has applied descriptive titles for each of the categories. The descriptive titles for the categories are as follows:

<i>Previous Category</i>	<i>New Category</i>
4	Rural
3	Regional Rural
2	Metropolitan
1	Metropolitan Centres
1A	Metropolitan Major
S2	Major City
S1	Principal City
S3	County Councils
S4	County Council – Water

Fees: The Tribunal has also reviewed the minimum and maximum fees applicable to each category.

The Tribunal has had regard to submissions received and to comments made by the Associations and individual Councils with respect to the level of fees. The Tribunal has also considered broader issues facing local government at this time, including the potential impact of State Government

planning reforms and the challenges posed by the global economic downturn and its likely impact upon local communities.

Having regard to these factors and after taking the views of the Assessors into account the Tribunal considers that an increase of 2.5 per cent in the fees for Councillors and Mayors is appropriate for the current year and so determines.

The Tribunal's findings in respect of this review are outlined in detail in the main body of the report. The Tribunal's determination provides the categories of Councillors and Mayoral offices and the range of fees effective from 1 July 2009.

**LOCAL GOVERNMENT REMUNERATION
TRIBUNAL**

2009 ANNUAL REVIEW

REPORT

BACKGROUND

1. Pursuant to Section 241 of the Local Government Act 1993 (the Act) the Local Government Remuneration Tribunal hereby determines in each category of Council, the maximum and minimum amount of fees to be paid to Mayors and Councillors of Councils, as well as chairpersons and members of County Councils.
2. On 26 November 2008 the Tribunal wrote to all Mayors advising of the commencement of the 2009 annual review. In respect of this review the Tribunal advised Councils that in addition to reviewing the minimum and maximum fee levels it would undertake a fundamental review of the categories. Section 239 of the Act requires the Tribunal to determine the categories of Councils and Mayoral offices at least once every 3 years.
3. The Tribunal last undertook a fundamental review of the categories of councils in 2006. As a result of that review the former categories of 4 and 5 were merged to form a new category 4. The background and findings of that review can be found in the 2006 Report and Determination.

2009 REVIEW OF CATEGORIES

4. Section 239 of the Act requires the Tribunal to determine categories for councils and mayoral offices for the purpose of determining fees, and Section 240 of the Act requires the Tribunal to determine categories according to the following matters:

"240 (1)

- the size of areas
- the physical terrain of areas
- the population of areas and the distribution of the population
- the nature and volume of business dealt with by each Council
- the nature and extent of the development of areas
- the diversity of communities served
- the regional, national and international significance of the Council

- such matters as the Remuneration Tribunal considers relevant to the provision of efficient and effective local government
- such other matters as may be prescribed by the regulations."

5. Prior to undertaking its review of categories the Tribunal, as is its normal practice, invited submissions from Mayors. For the current review the Tribunal requested that any submissions made should address the following matters.

- Should the existing categories be reduced/expanded and if so on what basis.
- Whether the current categorisation is appropriate for your Council. If not, where you consider it should be categorised and on what basis you consider this re-categorisation should be granted.
- Significant changes in the role and responsibilities of Councillors and Mayors since 2006.
- Other matters you may wish the Tribunal to consider as part of this review.

6. The Tribunal also wrote to the Presidents of the Local Government and Shires Associations (LGSA) in similar terms, and subsequently met with the President of the Shires Association and Deputy President of the Local Government Association. The Tribunal wishes to place on record its appreciation to the President and Deputy President for meeting with the Tribunal.

SUBMISSIONS RECEIVED

7. In response to this review the Tribunal received 25 submissions from individual Councils, two combined submissions and a submission from the Local Government and Shires Association. The key points from those submissions are summarised below.

Category 1A

8. Penrith supports the current system of categorisation for Councils. The Council considers it appropriate to reclassify Penrith from 1A to S2 in view of the Council's identified regional planning and service delivery role and its need to put in place policies and programs that transcend the traditional local government boundaries.

Category 1

9. The Tribunal has received a number of individual submissions and a combined submission on behalf of Bankstown, Baulkham Hills, Fairfield, Gosford, Hornsby, Lake Macquarie and Sutherland Councils.
10. The combined submission largely seeks recategorisation to either 1A or S2 or the creation of a new category for this group. It argues that the nature of change for these Councillors and Mayors has been substantial with greater obligations imposed by legislation, compliance and reporting requirements, community expectations, increased reporting and other complexities attaching to the functions of Council.
11. Individual submissions have been received from Gosford, Randwick, Sutherland, The Hills Shire, Willoughby and Wyong Councils. All Councils in this group have sought recategorisation into either categories 1A or S2.

12. Randwick City Council has sought recategorisation into Category 1A on the basis of the complexity of its environment and operations that distinguish it from other Category 1 Councils, these include high population density, large non-resident population and facilities of State importance.
13. Wyong has sought recategorisation to either 1A or S2 on the basis of its regional responsibilities and in particular the operation of a separate Water Authority (with Gosford City Council) and responsibilities associated with this in regard to workload for Councillors.
14. Willoughby also seeks regional recognition to the same status as Parramatta (S2). A number of factors impacting upon the Council area, including increased budget, population growth, visitor numbers, and the impact of the upgrade of the Chatswood Transport Interchange, require additional time and effort from the Mayor and Councillors for setting the policies and direction for the Council.
21. Tamworth Regional, Shoalhaven City and Hawkesbury Councils support the creation of a new category of larger Category 3 Councils or Regional Councils.
22. Tamworth Regional has argued that a case exists to create a new Category for large rural regional Councils. Such a group should reflect the level of responsibility, accountability, services and facilities provided and functions discharged by the Council.
23. Shoalhaven has argued that a case exists to differentiate the smaller Councils in category 3 from the larger Councils like Shoalhaven. Shoalhaven has also suggested an alternative category structure which would provides for a base level of remuneration together with additional incremental payments based upon the level of Council responsibility ie water/sewerage, population density etc.
24. Submissions received from Cessnock and Lismore have not sought change to the current categories but seek to increase fees in recognition of increased workload.

Category 2

15. Auburn, Burwood, Canterbury, Holroyd and Kogarah Councils have all sought recategorisation to Category 1.
16. The submission from Auburn has argued that there are significant demands placed upon Councillors, much of which stems from the needs of constituents of a multi-cultural and socio-economically diverse community. In that respect the demands placed upon Councillors in Auburn may be greater than others in Category 2 and sufficient to differentiate them from this group.
17. Burwood and Holroyd Councils argue that the Tribunal should recognise their regional focus. Burwood has argued that an over emphasis on geographic size and resident population results in Burwood being categorized with its more suburban neighbours rather than amongst its regional centre peers of Hurstville and Bankstown. Similarly, Holroyd has argued that it is now a centre of regional significance and has grown in much the same way as Hurstville, North Sydney and Willoughby grew into regionally dominant local government areas. In addition, Holroyd has argued that Councillors are now required to have broader skills to enable them to address issues such as climate change and changing development trends and community needs.
18. The submission from Canterbury argues that based on the criteria as outlined in section 240 of the Act the Council is more appropriately grouped in Category 1. The submission also requests that the Tribunal consider alternate existing models for categorising Councils, including the ALGA classification scheme.
19. The submission from Kogarah Council also seeks recategorisation to Category 1 on the basis of the growth and importance of Kogarah Town Centre and the impact this has had on the role and functions of Councillors and the Council.

Category 3

20. Submissions have been received from the following Councils in category 3: Cessnock, Hawkesbury, Kempsey, Lismore, Shoalhaven and Tamworth Regional.

Category 4

25. Submissions from Councils in this group were received from Forbes, Moree Plains, Temora, Upper Lachlan, Glen Innes Severn and a combined submission from the Western Division Group of the Shires Association representing the Councils of Balranald, Bogan, Bourke, Brewarrina, Carrathool, Central Darling, Cobar, Hay, Lachlan, Moree Plains, Walgett, Wentworth and Broken Hill City.
26. Glen Innes Severn and Forbes Councils have supported a remuneration model which would provide levels of fees consistent with fees payable by interstate jurisdictions (QLD and VIC).
27. Upper Lachlan has argued for recategorisation to category 3 on the basis of population and the large number of communities within the Council area.
28. The combined submission from the Western Division Group of the Shires Association has sought to recategorise these Councils into category 3. The submission argues that no matter how small the Local Government areas may be in population size or rate base, there remains a very high demand on the services of Councillors and Mayors, most notably on the Mayors themselves.
29. The submission from the Local Government and Shires Association (the Associations) argues that a number of Councils in category 3 should be reviewed by the Tribunal and placed in category 1. Recategorisation is said to be justified for these Councils on the basis of population, population growth, expenditure and revenue.
30. In addition, the Associations have reiterated their long held position that the maximum fees payable to Mayors and Councillors should be substantially increased in order to adequately remunerate Councillors for their roles and responsibilities.
31. As in previous submissions the Associations have argued that Mayoral and Councillor remuneration should be set as a percentage to MPs remuneration. The following arguments are provided to show congruence in roles:

- Mayors undertake activities in representing the interests of their constituents;
- Mayors attend State, Commonwealth and Local Government functions;
- Mayors participate in the activities of recognized political parties, including participation in national, State and regional conferences, branch meetings, electorate Councils meetings, executive meetings and committee meetings;
- Mayors are elected by their communities;
- as with MPs, the community has access to Mayors who receive petitions, complaints and the like.

CATEGORISATION – FINDINGS

32. Underpinning any categorisation scheme, including that developed by the Tribunal, is the basic premise that Councils in each category have a large number of features in common. This is not straightforward as each Council has challenges and issues which are unique.
33. Councils face a broad and diverse range of issues which reflect the differing needs of their communities and the ability of Councils to serve those needs. For example, some Councils face challenges associated with providing services for tourists and/or a large non-resident daily workforce while other Councils have high proportions of disadvantaged, elderly or non-English-speaking residents. Some Councils are experiencing population growth of more than 2% per annum while others have falling populations. Some are facing the challenges associated with development in high density urban areas and others have scattered populations and long distances. Some have inherited ageing infrastructure and others have low incomes.
34. As each Council is different, there will often be anomalies between Councils in different categories while ever there is a requirement to "categorise" them. The Tribunal recognises this explicitly by providing for a fee structure that overlaps between the categories.
35. In its 1995 review the Tribunal established the features of Councils in each of the categories determined. The categories were developed after extensive consultations with Councils throughout the State as well as consideration of local government schemes existing elsewhere at the time. Since then the Tribunal has comprehensively reviewed the categories on a number of occasions and made changes where necessary, including the introduction of new categories S4 in 1999, 1A in 2002 and the merger of categories 4 and 5 in 2006
36. The Tribunal does and will continue to consider recategorisation. But unless there are to be very large numbers of categories, and fine distinctions to be made among different groupings, there will always be room for differences of view on the relative roles and responsibilities of various Councils.
37. There are presently seven categories of Councils and (apart from the City of Sydney) four levels of remuneration. In the absence of any major change in the structure of Local Government in NSW (as has occurred in Victoria and Queensland) there is no apparent merit in attempting to break those categories up into a greater number of categories or subcategories and making fine distinctions between the relative levels of remuneration – bearing in mind that the only legislative purpose of categorisation is to determine remuneration.
38. In reviewing the existing model of categorisation the Tribunal has given extensive consideration to a number of alternatives. A number of submissions requested that the Tribunal have regard to alternative categorisation models such as that used by the NSW Local Government Grants Commission and developed by the Australian Local Government Association (ALGA).
39. Classification schemes are developed for particular purposes and no two schemes are identical. The classification scheme developed for the ALGA has a purpose different from the categorisation required of the Tribunal under the NSW Local Government Act 1993. The categories as developed by the Tribunal are for the sole purpose of setting fees. Had Parliament wanted the Tribunal to adopt an existing scheme the legislation would have reflected that requirement.
40. In considering the relative merits of the alternate models for the purposes of this review the Tribunal examined a large amount of statistical and demographic material, including population and financial data, indices of diversity and socio-economic status, and indicators of regional significance.
41. The Tribunal has also had regard to the findings of previous reviews and the issues raised by the Associations and individual Councils, as well as advice received from the Department of Local Government.
42. After considering all these factors the Tribunal finds that there is no strong case to significantly alter the current categories of Councillor and Mayoral offices.
43. While the groupings will remain unchanged, the Tribunal has applied descriptive titles for each of the categories. The existing system of numbering the categories creates the perception of a ranking system which is not appropriate and which does not adequately indicate the nature of the differences between the various groups.
44. The descriptive titles for the categories are as follows:
- | <i>Existing Category</i> | <i>New Category</i> |
|--------------------------|------------------------|
| 4 | Rural |
| 3 | Regional Rural |
| 2 | Metropolitan |
| 1 | Metropolitan Centres |
| 1A | Metropolitan Major |
| S2 | Major City |
| S1 | Principal City |
| S3 | County Councils |
| S4 | County Council – Water |
45. The characteristics of Councils categorised into each of these groups are outlined in detail in Appendix A.
46. The Tribunal will again review categories of Councils as part of the 2012 review. Until then the Tribunal would not expect to move Councils within categories

unless there is a significant change in the roles and responsibilities of particular Councils.

REVIEW OF FEES

47. As stated in prior determinations, the Tribunal does not consider that poor performance, perceived or otherwise, by a small number of Councils and/or Councillors is representative of local government across the State. The Tribunal is well aware that many Councils are doing an excellent job in and for their communities. The Tribunal would wish to acknowledge this, but its legislated role is limited to determining fees. As outlined in previous determinations and confirmed by the review the Tribunal has conducted for this year, the Tribunal does not consider it either appropriate or practicable to factor in a measure reflecting performance when determining an overall adjustment in fees.
48. The Tribunal has had regard to the submissions received and to comments made by the Associations in regard to the level of fees. Suggestions that fees be set as a percentage of the salary of a Member of Parliament are not supported. The reasons for this have been outlined in previous determinations.
49. A number of submissions have sought an adjustment in fees to reflect the increasing amount of time Councillors are spending on Council business. As the NSW Local Government Act 1993 provides for a high level of delegation to Council staff, the amount of time devoted to local government is largely within the discretion of Councils themselves. and an increase in time spent does not of itself necessarily indicate any change in the roles and responsibilities of Councillors.
50. Technological advances such as the widespread use of the internet, email and mobile telecommunications mean that members of the public have greater access than ever to their elected representatives. and as matters become more complex and legislation specifies more responsibilities, Councillors and Mayors need to have broader and deeper skills, knowledge and experience than may have been expected in the past. The Tribunal is aware that the Department of Local Government, in association with the LGSA, has provided extensive training for Councillors and Mayors to assist in addressing these issues. While these developments undoubtedly place additional demands upon Councillors and Mayors, the demands are not unique to local government but apply throughout all areas of responsibility in society and in workplaces.
51. The Tribunal notes that despite the additional demands, the number of people seeking election to local government continues to increase. During 2008, 4410 persons nominated for election to local government. This is an increase of 28% over the 3,428 persons who nominated for election in 2004.
52. The Tribunal is aware that there are also broader issues facing local government in NSW at the present time – in particular, the impact of State government planning reforms. These reforms will result in a range of Council development and planning responsibilities being transferred to either the Planning Assessment Commission or to Joint Regional Planning Panels. While these changes are still to be fully realised, the Tribunal will monitor over the coming year the likely impact of planning reforms on Councillor roles and responsibilities.
53. The Tribunal is also aware that the global economic downturn poses significant challenges to local government. The downturn in economic activity has affected and will continue to affect all levels of government including local government. The Tribunal will also monitor how Councils manage these challenges. To offset the likely impact on local communities, Councils across Australia have received grants under the Federal Government Community Infrastructure Program to assist Councils to build and renew local infrastructure. The Tribunal notes that Councils in NSW have already received \$85 million and will be eligible for a share of a further \$500 million to be distributed to Councils and Shires across Australia. These grants will pose challenges to Councils given the timeframes imposed to complete grant related projects.
54. Having regard to these factors and after taking the views of the Assessors into account the Tribunal considers that an increase of 2.5 per cent in the fees for Councillors and Mayors is appropriate for the current year and so determines. An increase greater than this amount would be excessive given the current state of the global economy and local economies as indicated by recent key economic indicators and wage movements across the public and private sectors.

Local Government Remuneration Tribunal

Dated: 29 April 2009

• APPENDIX A

CATEGORIES OF COUNCILS AND MAYORAL OFFICES**Principal City**

It is appropriate that the Tribunal retain a separate category for the City of Sydney in recognition of its role as the commercial, cultural, entertainment and ceremonial centre of the City and State. Sydney City Council will be classified as Principal City for this purpose.

Major City

This category includes the large cities of Newcastle City Council, Wollongong City Council and Parramatta City Council.

These Councils are metropolitan in nature with major industrial areas, major residential, commercial and tourism activities and significant education and health care facilities. They may be differentiated from those described as Metropolitan Major and Metropolitan Centres on the basis of their significant regional focus.

Newcastle City Council provides regional services to residents across the Hunter and the Mid North Coast. The Newcastle Port Corporation, which is one of the world's largest coal export ports, is located within the Council area. Ventures such as these, which have a broader State and national focus, impact upon the operations of the Council.

Similarly Wollongong City Council provides regional services to the South Coast region which is an area of significant growth. The City also contains the steel works and the Port Kembla Port Corporation. Traditionally a

commodities good port, the port is currently undergoing major expansion that will see general and bulk cargoes, containers and vehicle handling become increasingly more important.

Parramatta City Council provides a broad range of regional services across the Sydney Metropolitan area with a significant transport hub and hospital and educational facilities. Parramatta is also considered as an alternative CBD for metropolitan Sydney with a number of large public and private sector organisations relocating their head offices to this location.

Metropolitan Major

Blacktown City Council and Penrith City Council are classified as Metropolitan Major. These Councils have a residential population greater than 250,000 or have another special feature of section 240 which the Tribunal considers distinguishes them from other Metropolitan Councils.

Blacktown City Council has the greatest population of all Councils in NSW, with a current population in excess of 280,000. As articulated in the 2001 Report and Determination the Tribunal accepts that such a significant population imposes additional burdens of responsibility on Councillors and Mayors and justifies recognition for remuneration purposes.

The Tribunal recategorised Penrith City Council into the same category as Blacktown City Council in 2002. While Penrith does not have a population greater than 250,000, it provides significant regional services to greater western Sydney, residents of the Blue Mountains and Nepean districts and to residents of the Central West of NSW. The Tribunal's review finds that the unique characteristics of Penrith City Council continue to warrant its inclusion within the category of Metropolitan Major for remuneration purposes. The extent of regional servicing is considered to be greater than those services provided by other Metropolitan Councils.

Metropolitan Centre

These Councils are typically large multi-purpose organisations which serve as regional centres for the interests of a wider number of residents.

They are characterised by large populations, such as Sutherland Shire Council with a population in excess of 200,000, and large revenues, such as Wyong City Council with a total operating revenue in excess of \$200 million per annum. Council business may include significant infrastructure and support for commercial and retail facilities such as Ryde, Willoughby and North Sydney Councils. A number of Councils in this group have high levels of population growth and urban residential development such as The Hills Shire Council. Councils in this category including Randwick City Council also host significant sports/recreation/cultural facilities and major educational and/or health facilities.

The breadth of these operations impacts upon the role and responsibilities of Councillors and Mayors and warrants recognition for remuneration purposes.

Metropolitan

The remaining metropolitan Councils have smaller populations and in some cases smaller areas than other Councils in the metropolitan region. The scale or diversity of operations is less than for the Councils classified as Metropolitan Centres. While a number of the Councils display characteristics similar to those of Councils categorised as

Metropolitan Centres, such as high population densities, the primary activities of these Councils would be expected to be:

- The design and maintenance of public works
- Waste and environmental services
- Upkeep of parks and reserves
- Approval of building and development applications
- Monitoring of services such as building control, health, food etc.
- Strategic planning, child care, community development
- Provision of facilities such as public halls and swimming pools

Other issues for these Councils include environmental issues, ageing infrastructure and urban consolidation, with such activities having neither the scale nor diversity of operation of Metropolitan Centres.

Rural Regional

Characteristics of these Councils are regionalism and growth. The major town centres of regional Council areas are important centres of commerce, trade, work and recreation for thousands of people in and outside the local government area which these towns serve.

This category includes the large rural centres of Wagga Wagga, Tamworth, Armidale, Orange, Albury, Dubbo and Bathurst. These Councils generally have a significant urban population existing alongside their traditional farming sector, and are surrounded by smaller towns and villages. These large rural centres often contain a regional airport and provide significant educational, health, sport and recreational facilities for communities throughout their region. In addition, a number attract large visitor numbers to established tourism ventures, such as the Western Plains Zoo or events, including the Tamworth Country Music Festival and Bathurst Motor races.

This category also contains the large Councils located on or close to the coast. These Councils have high levels of population, including Tweed, Shoalhaven, Port-Macquarie Hastings, Coffs Harbour and Blue Mountains Councils and significant population growth, including Maitland, Tweed and Queanbeyan Councils. These factors impact upon the planning responsibilities of these Councils which are reflected in the high number of development applications, specifically in Tweed, Shoalhaven, Coffs Harbour and Clarence Valley Councils. Several of these areas also provide significant regional services including regional airports and recreation and tourist facilities.

These factors impact upon the roles and responsibilities of Councillors and Mayors and are reflected in the range of remuneration provided for this group.

Rural

These Councils have many of the features of Rural Regional Councils but have smaller populations and are less likely to have a regional focus. They may have one or two significant townships combined with a considerable rural population.

The activities of rural Councils are predominantly concerned with a broad range of community services including the provision of road services and the maintenance of roads, bridge maintenance, weed eradication, rubbish

collection and the maintenance of public conveniences and recreational grounds.

In addition, they are often engaged in tourism promotion on a significant scale and are often involved in industrial development and planning and environment matters.

Categories of County Councils, Chairperson and Member Offices

County Councils Water

These County Councils provide water and/or sewerage functions. While a number of councils provide water and/or sewerage services to their local communities, the joint approach by County Councils in planning and installing large water reticulation and sewerage systems requires additional time and energy of those Councillors who are prepared to accept these additional responsibilities.

County Councils Other

These County Councils are those involved in noxious weed eradication or flood plain management.

County Councils involved in noxious weed eradication are specified as a Local Control Authority under the Noxious Weeds Act 1993. These County Councils are formed to administer, control and eradicate declared noxious weeds.

There is currently one County Council responsible for Flood Plain Management – Richmond River County Council.

Combat Sports Regulation

THE NSW Government has released a public consultation draft of the Combat Sports Regulation, together with a Regulatory Impact Statement.

These documents may be viewed on the website of the Department of the Arts, Sport and Recreation: www.dasr.nsw.gov.au

Public comments should be addressed to Stefan Couani, NSW Sport and Recreation, Locked Bag 1422, Silverwater NSW 2128, or by email to stefan.couani@dasr.nsw.gov.au

The deadline for submission of comments is 10 June 2009.

SUBORDINATE LEGISLATION ACT 1989Marine Parks Authority
Marine Parks Regulation 2009

NOTICE is given in accordance with the Subordinate Legislation Act 1989, of the release of the draft Marine Parks Regulation 2009 and Regulatory Impact Statement for public comment.

The object of the proposed Marine Parks Regulation 2009, is to separate the provisions of the Marine Parks Regulation 1999 into two instruments. The first, the Marine Parks (Zoning Plans) Regulation 1999, will contain the existing zoning plans for all marine parks and related provisions. The second, the Marine Parks Regulation 2009, will contain all other matters prescribed under the Marine Parks Act 1997.

Marine park zoning plans are now subject to statutory review and amendment processes. Consequently, no changes to the substance of any zoning plan will be made by the proposed Regulation. Zoning plan reviews for Jervis Bay and Solitary Islands marine parks remain in progress. If changes to zoning plans are required as an outcome of the current reviews, these will be the subject of separate three-month public exhibition periods as required by the Marine Parks Act 1997.

Copies of the proposed Marine Parks Regulation 2009 and Regulatory Impact Statement are available from the Marine Parks Authority website at www.mpa.nsw.gov.au or by contacting the Environment Line on 131 555.

Written comments and submissions on the proposed Regulation are invited and will be accepted up to 5:00 p.m., on Friday, 12 June 2009. They should be sent via email, post or fax to:

- regulation@mpa.nsw.gov.au.
