The activities the subject of this interim Order may only continue subject to compliance with any applicable fishing regulatory controls imposed by or under the *Act*.

Dated this 10th day of June 2010.

PATRICIA GRUNERT,  
Acting General Manager,  
Compliance and Freight Strategy  
Roads and Traffic Authority

**SCHEDULE****1 Citation**

This Exemption is the Convoy to Canberra Driver Fatigue Management Exemption 2010.

**2 Commencement**

This Exemption takes effect from the date it is published in the Government Gazette.

**3 Effect**

This Exemption remains in effect until Sunday, 27 June 2010.

**4 Interpretation**

Unless stated otherwise, words and expressions used in this Exemption have the same meaning as those defined in the Road Transport (General) Regulation 2005.

**5 Application**

In this Exemption participating drivers means drivers of regulated heavy vehicles who are registered with the Transport Workers' Union to participate in the Convoy to Canberra on Sunday, 20 June 2010.

**6 Participating driver work and rest time limits**

Pursuant to clause 117 of the Road Transport (General) Regulation 2005, a participating driver is exempt from the requirement in clause 64 of the Road Transport (General) Regulation 2005 for a driver to take a period of 24 continuous hours rest time in any period of seven days, for any period of seven days which includes Sunday, 20 June 2010.

This work and rest hours exemption applies on the condition that a participating driver takes six periods of at least seven continuous hours rest time between 10pm and 8am in any period of seven days which includes Sunday, 20 June 2010.

**7 Participating work diary exemption**

Pursuant to clause 118 of the Road Transport (General) Regulation 2005, a participating driver who does not possess a work diary is exempt from Subdivision 2 (Work Diary Requirements) of Division 4 of the Road Transport (General) Regulation 2005 for the day of Sunday, 20 June 2010.

This work diary exemption applies on the condition that the record keeper for the participating driver keeps records required by subclause 5.2 of the Ministerial Exemption (Local Area Work Diary) Order 2009 in relation to the work and rest time of the participating driver on Sunday, 20 June 2010.

**Explanatory Notes:**

This Exemption provides heavy vehicle drivers participating in the Transport Workers' Union Convoy to Canberra on Sunday, 20 June 2010 with exemptions from heavy vehicle driver fatigue regulation requirements to:

- take a full rest day in any seven day period which includes the day of the Convoy; and
- make work diary records for the day of the Convoy, if the driver does not possess a work diary.

To ensure the risk of heavy vehicle driver fatigue is controlled, participating drivers must take six night rest breaks in any seven day period which includes Sunday, 20 June 2010.

To enable compliance with these rest time requirements to be monitored and enforced, records of participating driver work and rest time on the date of the Convoy must be kept, including all records for work within a 100km radius as specified in the Ministerial Exemption (Local Area Work Diary) Order 2009 (available on [www.rta.nsw.gov.au/heavyvehicles](http://www.rta.nsw.gov.au/heavyvehicles)).

It should be noted that:

- This Exemption does not exempt participating drivers from any other heavy vehicle driver work and rest limits. Participating drivers must comply with regulated limits on work time and rest time for any period of 14 days and for any period of 24 hours or less, and must comply with limits on work time in any period of seven days.
- This Exemption does not apply and may not be recognised in other States and Territories.
- Penalties apply for failing to comply with the conditions of this Exemption.

**CONTAMINATED LAND MANAGEMENT ACT 1997**

## Section 11

Declaration of Significantly Contaminated Land  
Declaration Number 20101101; Area Number 3255

THE Environment Protection Authority (EPA) declares the following land to be significantly contaminated land under the Contaminated Land Management Act 1997 ("the Act"):

## 1. Land to which this declaration applies ("the site")

This declaration applies to:

- 10-24 Ralph Street, Alexandria, NSW (Lot 21 in DP 600112 and Lot 101 in DP 874743); and
- 2 Doody Street, Alexandria, NSW (Lot 4 in DP 788131)

in the local government area of Sydney. A map of the site is available for inspection at the offices of the Department of Environment, Climate Change and Water, Level 14, 59 Goulburn Street, Sydney NSW 2000.

## 2. Nature of contamination affecting the site:

The EPA has found that the site is contaminated with the following substances ("the contaminants"):

High concentrations of Total Petroleum Hydrocarbons (TPHs C6-C36), Naphthalene, Phenol and Aluminium have been found in groundwater samples.

## 3. Nature of harm that the contaminants may cause:

The EPA has considered the matters in section 12 of the Act and for the following reasons has determined that the land is contaminated and that the contamination is significant enough to warrant regulation under the Act:

A risk to human health may arise should workers who maintain subsurface utilities or future users of the local groundwater be exposed to the contamination.

## 4. Further action under the Act

The making of this declaration does not prevent the carrying out of voluntary management of the site and any person may submit a voluntary management proposal for the site to the EPA.
