- (b) Notwithstanding any other provision of this Agreement:
- (i) If a GST applies to any supply made by either party under or in connection with this Agreement, the consideration provided or to be provided for that supply will be increased by an amount equal to the GST liability properly incurred by the party making the supply.
  - (ii) If the imposition of a GST or any subsequent change in the GST law is accompanied by or undertaken in connection with the abolition of or reduction in any existing taxes, duties or statutory charges (in this clause "taxes"), the consideration payable by the recipient of the supply made under this Agreement will be reduced by the actual costs of the party making the supply that are reduced directly or indirectly as a consequence of the abolition of or reduction in taxes.
- (7) The lessee shall pay all rates and taxes assessed on or in respect of the land leased during the currency of the lease.
  - (8) The lessee shall hold and use the land leased bona fide for the lessee's own exclusive benefit and shall not transfer, convey or assign the land or any portion thereof without having first obtained the written consent of the Minister.
  - (9) The lessee shall not enter into a sublease of the land leased unless the sublease specifies the purpose for which the land may be used under the sublease, and it is a purpose which is consistent with the purpose for which the land may be used under this lease.
  - (10) If the lessee enters into a sublease of the land leased, the lessee must notify the Commissioner of the granting of the sublease within 28 days after it is granted.
  - (11) The land leased shall be used only for the purpose of **Cultivation (Irrigated)**.
  - (12) The lessee shall maintain and keep in reasonable repair all improvements on the land leased during the currency of the lease and shall permit the Minister or the Commissioner or any person authorised by the Minister or the Commissioner at all times to enter upon and examine the whole or any part of the land leased and the buildings or other improvements thereon.

  - (14) The lessee shall ensure that the land leased is kept in a neat and tidy condition to the satisfaction of the Commissioner and not permit refuse to accumulate on the land.
  - (15) Upon termination or forfeiture of the lease the Commissioner may direct that the former lessee shall remove any structure or material from the land at his own cost and without compensation. Where such a direction has been given the former lessee shall leave the land in a clean and tidy condition free from rubbish and debris.
  - (16) The lessee shall not obstruct or interfere with any reserves, roads or tracks on the land leased, or the lawful use thereof by any person.
  - (17) The lessee shall erect gates on roads within the land leased when and where directed by the Commissioner for public use and shall maintain those gates together with approaches thereto in good order to the satisfaction of the Commissioner.
  - (18) The right is reserved to the public of free access to, and passage along, the bank of any watercourse adjoining the land leased and the lessee shall not obstruct access or passage by any member of the public to or along the bank.
  - (19) Any part of a reserve for travelling stock, camping or water supply within the land leased shall, during the whole currency of the lease, be open to the use of bona fide travellers, travelling stock, teamsters and carriers without interference or annoyance by the lessee and the lessee shall post in a conspicuous place on the reserve a notice board indicating for public information the purpose of such reserve and, in fencing the land leased, the lessee shall provide gates and other facilities for the entrance and exit of travelling stock, teamsters and others. The notice board, gates and facilities shall be erected and maintained to the satisfaction of the Commissioner. The lessee shall not overstock, wholly or in part, the areas leased within the reserve, the decision as to overstocking resting with the Commissioner.
  - (20) The area within the approved cultivation area partly covers Travelling Stock and Camping Reserves 537 and 564 and suitable arrangements must be made with the relevant Livestock, Health and Pest Authority prior to commencement of any development. If suitable arrangements cannot be made with the Livestock Health and Pest Authority, the matter will be determined by the Western Lands Commissioner.
  - (21) The Crown shall not be responsible to the lessee or the lessee's successors in title for provision of access to the land leased.
  - (22) The lessee shall comply with requirements of section 18DA of the Western Lands Act 1901 which provides that except in circumstances referred to in subsection (3) of that section, cultivation of the land leased or occupied may not be carried out unless the written consent of the Authority has first been obtained and any condition to which the consent is subject under sub section (6) is complied with.
  - (23) The lessee shall not interfere with the timber on any of the land leased which is within a State forest, timber reserve or flora reserve unless authorisation has been obtained under the provisions of the Forestry Act 1916 and shall not prevent any person or persons duly authorised in that behalf from taking timber on the land leased. The lessee shall not have any property right in the timber on the land leased and shall not ringbark, kill, destroy or permit the killing or destruction of any timber unless authorised under the Forestry Act 1916 or unless approval has been issued in accordance with the Native Vegetation Act 2003, but the lessee may take such timber as the lessee may reasonably require for use on the land leased, or on any contiguous land held in the same interest, for building, fencing or firewood.

- (24) The lessee shall undertake any fuel management and/or provision of fire trail access in accordance with fire mitigation measures to the satisfaction of the NSW Rural Fire Service.
- (25) The lessee shall, as the Commissioner may from time to time direct, foster and cultivate on the land leased such edible shrubs and plants as the Commissioner may consider can be advantageously and successfully cultivated.
- (26) Whenever so directed by the Commissioner, the lessee shall, on such part or parts of the land leased as shall be specified in the direction, carry out agricultural practices, or refrain from agricultural practices, of such types and for such periods as the Commissioner may in the direction specify.
- (27) The lessee shall not overstock, or permit or allow to be overstocked, the land leased and the decision of the Commissioner as to what constitutes overstocking shall be final and the lessee shall comply with any directions of the Commissioner to prevent or discontinue overstocking.
- (28) The lessee shall, if the Commissioner so directs, prevent the use by stock of any part of the land leased for such periods as the Commissioner considers necessary to permit of the natural reseedling and regeneration of vegetation and, for that purpose, the lessee shall erect within the time appointed by the Commissioner such fencing as the Commissioner may consider necessary.
- (29) The lessee shall furnish such returns and statements as the Commissioner may from time to time require on any matter connected with the land leased or any other land (whether within or outside the Western Division) in which the lessee has an interest.
- (30) The lessee shall, within such time as may be specified by the Commissioner take such steps and measures as the Commissioner shall direct to destroy vermin and such animals and weeds as may, under any Act, from time to time be declared (by declaration covering the land leased) noxious in the Gazette and shall keep the land free of such vermin and noxious animals and weeds during the currency of the lease to the satisfaction of the Commissioner.
- (31) The lessee shall not remove or permit any person to remove gravel, stone, clay, shells or other material for the purpose of sale from the land leased unless the lessee or the person is the holder of a quarry license under regulations made under the Crown Lands Act 1989 or, in respect of land in a State forest, unless the lessee or the person is the holder of a forest materials licence under the Forestry Act 1916, and has obtained the special authority of the Minister to operate on the land, but the lessee may, with the approval of the Commissioner, take from the land such gravel, stone, clay, shells or other material for building and other purposes upon the land as may be required by the lessee.
- (32) The lessee shall not clear any native vegetation within the area shown cross-hatched on the diagram hereunder unless written approval has been granted by the local Catchment Management Authority.

- (35) The lessee shall establish windbreaks at his/her own expense, as may be ordered by the Western Lands Commissioner to provide adequate protection of the soil.
- (36) The lessee shall ensure that stubble and other crop residue is retained on the soil surface and shall not be burnt, except with the written approval of the Western Lands Commissioner or his delegate. Where such approval is granted, stubble burning shall be carried out with the approval as per requirements of the NSW Rural Fire Services.
- (37) The lessee shall undertake any appropriate measures, at his/her own expense, ordered by the Commissioner to rehabilitate any degraded cultivated areas.
- (38) The lessee must ensure that sandhills and other soils with a surface texture of loamy sand or coarser are left uncultivated unless specifically approved by the commissioner.
- (39) Texture contrast (or duplex) soils are soil types which have a sandy to loamy topsoil abruptly overlaying a clay subsoil and are prone to scolding (producing claypans and hummocks). Land within 60 metres of any texture contrast or duplex soil area shall not be cultivated except in accordance with a plan approved by the Commissioner.
- (40) Areas with a slope greater than 2% shall not be cultivated until any soil conservation measures documented in a plan approved by the Commissioner have been implemented at the lessee's expense.
- (41) Cultivation and cropping are not to alter the natural flood regime. Crops are not to be protected by levees.
- (42) There shall be no cultivation within at least 150 metres of the western side of the centre line of the road formation of Main Road 68. The lessee shall ensure that cultivation and associated activities do not interfere with any other road formation within the allowable area.
- (43) The lessee shall ensure that no run-off will escape onto adjoining lands.
- (44) The lessee shall ensure that the installation of any monitoring bores, and the ongoing monitoring and testing of groundwater, as required as a condition of a Water Use Approval/Water Access Licence, is undertaken.

**CONTAMINATED LAND MANAGEMENT ACT 1997**

Declaration of Significantly Contaminated Land  
(Section 11 of the Contaminated Land Management Act 1997)

Declaration Number 20121113; Area Number 3307

THE Environment Protection Authority (EPA) declares the following land to be significantly contaminated land under the Contaminated Land Management Act 1997 ("the Act"):

**1. Land to which this declaration applies ("the site")**

This declaration applies to parts of the land that is located at Lot 3, Jackson Place, Earlwood and is identified as Lot 1 in DP 557246 within the local government area of Canterbury City Council. A map of the site is available for inspection at the offices of the Environment Protection Authority, 59-61 Goulburn Street, Sydney NSW.

**2. Nature of contamination affecting the site:**

The EPA has found that the site is contaminated with the following substances ("the contaminants"):

- Lead;
- DDT (including breakdown products); and
- Asbestos.

**3. Nature of harm that the contaminants may cause:**

The EPA has considered the matters in section 12 of the Act and for the following reason has determined that the land is contaminated and that the contamination is significant enough to warrant regulation under the Act: Volunteer workers and recreational users of the site may become exposed to the lead, DDT (and its breakdown products) and asbestos impacted surface soil localised in hot spot areas.

**4. Further action under the Act**

The making of this declaration does not prevent the carrying out of voluntary management of the site and any person may submit a voluntary management proposal for the site to the EPA. If the proposal satisfies the requirements of section 17 of the Act the EPA may agree not to issue a management order to the person or persons bringing the proposal.

**5. Submissions invited**

The public may make written submissions to the EPA on:

- Whether the EPA should issue a management order in relation to the site; or
- Any other matter concerning the site.

Submissions should be made in writing to:

Manager, Contaminated Sites,  
Environment Protection Authority,  
PO Box A290,  
Sydney South NSW 1232

or faxed to (02) 9995 5930

by not later than 11 June 2012.

Date: 25 May 2012.

JOHN COFFEY,  
Acting Manager, Contaminated Sites,  
Environment Protection Authority

**NOTE:****Management order may follow**

If management of the site or part of the site is required, the EPA may issue a management order under section 14 of the Act.

**Amendment/Repeal**

This declaration may be amended or repealed. It remains in force until it is otherwise amended or repealed. The subsequent declaration must state the reasons for the amendment or repeal (section 44 of the Act).

**Information recorded by the EPA**

Section 58 of the Act requires the EPA to maintain a public record. A copy of this significantly contaminated land declaration will be included in the public record.

**Information recorded by councils**

Section 59 of the Act requires the EPA to give a copy of this declaration to the relevant local council. The council is then required to note on its planning certificate issued pursuant to section 149 (2) of the Environmental Planning and Assessment Act that the land is declared significantly contaminated land. The EPA is required to notify council as soon as practicable when the declaration is no longer in force and the notation on the section 149 (2) certificate is no longer required.

**Relationship to other regulatory instrument**

This declaration does not affect the provisions of any relevant environmental planning instruments which apply to the land or provisions of any other environmental protection legislation administered by the EPA.

Dr MARY FOLEY,  
Director-General

## SCHEDULE

1 In this order:

- “**primary emergency service**” means the provision of ambulance services by road ambulance, fixed wing aircraft or helicopter or a combination of these, from the scene of an accident, illness or injury to a public hospital or other destination nominated by the Ambulance Service of NSW.
- “**primary non-emergency service**” means an ambulance road service that is booked no later than 6pm on the day prior to service delivery with the service to commence and be completed between the hours of 8am and 6pm on the nominated service delivery date, otherwise the primary emergency service charge will apply. [All services provided by a dedicated Patient Transport vehicle, where available, irrespective of time of booking or time of transport, are classified as “non-emergency services”].
- “**inter-hospital emergency service**” means the provision of ambulance services by road ambulance, fixed wing aircraft or helicopter or a combination of these, from one public hospital to another public hospital.
- “**inter-hospital non-emergency service**” means an ambulance road service that is booked no later than 6pm on the day prior to service delivery with the service to commence and be completed between the hours of 8am and 6pm on the nominated service delivery date, otherwise the inter-hospital emergency service charge will apply. [All services provided by a dedicated Patient Transport vehicle, where available, irrespective of time of booking or time of transport, are classified as “non-emergency services”].
- “**treat-not-transport service**” – means a service where a patient is provided with ambulance services at the scene of an accident, illness or injury and does not require ambulance transport to a health facility or any other destination.
- “**standby services**” – means a service where an ambulance or ambulances are required to stand by at scenes such as industrial accidents for the purpose of providing services to emergency workers or others at the scene of the incident. Neither transport nor treatment may be required.

**Fees**

- 2 The fee for a **primary emergency service** by road ambulance and/or fixed wing ambulance and/or helicopter shall be charged on a kilometre basis calculated pursuant to clause 8, on the scale of \$650 callout charge, plus an additional charge of \$5.86 for each kilometre or part thereof.
- 3 The fee for a **primary non-emergency service** by road ambulance shall be charged on a kilometre basis calculated pursuant to clause 8, on the scale of \$261 callout charge, plus an additional charge of \$1.61 for each kilometre or part thereof.
- 4 The fee for an **inter-hospital emergency service** by ambulance shall be charged as follows:
  - road ambulance – on a kilometre basis calculated pursuant to clause 8, on the scale of \$561 callout charge, plus an additional charge of \$5.60 for each kilometre or part thereof.

- fixed wing ambulance – on a kilometre basis calculated pursuant to clause 8, on the scale of \$3,458 callout charge, plus an additional charge of \$1.62 for each kilometre or part thereof (road travel associated with fixed wing cases is charged at the \$5.60 for each kilometre or part thereof).
- helicopter – on a time basis calculated pursuant to clause 9 on the scale of \$5,936 charge for the first thirty (30) minutes or part thereof, with any further period charged at a rate of \$129.91 per six (6) minutes or part thereof.

Charges for road or fixed wing transport under this clause shall be paid by the hospital or health service sending the person being transported. However in the case of helicopter transport under this clause, the transport fee shall be apportioned equally between the hospital or health service sending the person being transported and the hospital or health service receiving that person.

- 5 The fee for an **inter-hospital non-emergency service** by ambulance shall be charged as follows:
  - road ambulance – on a kilometre basis calculated pursuant to clause 8, on the scale of \$257 callout charge, plus an additional charge of \$1.59 for each kilometre or part thereof.
- 6 The fee for a **treat-not-transport service** shall be calculated in accordance with the primary emergency service fee scale under clause 2.
- 7 A **standby service fee**, payable by the owners of premises or vehicles involved in dangerous incidents or events where an ambulance is required to be present (for example at chemical spills or other industrial accidents), shall be calculated in accordance with:
  - the primary emergency service fee scale under clause 2 for the first hour or part thereof; and in addition
  - \$46.80 for every 15 minutes or part thereof after the first hour.

#### Calculation of Transport Kilometres

- 8 The total number of kilometres for the provision of services by ambulance (or ambulances) shall be calculated by determining the total number of kilometres that are travelled by road or, in the case of transportation by fixed wing aircraft or helicopter, that would have been travelled by road had no fixed wing aircraft or helicopter been available, in accordance with the distance –
  - (a) from the base ambulance station nearest to the location where the person was picked up/treated by ambulance, to that pick up/treatment location; and
  - (b) from that pick up location (where transport occurs), to the place where that person disembarked from the ambulance (or, where more than one ambulance was used in the transport, disembarked from the last ambulance used in that transport); and
  - (c) from that place of disembarkation/location of treatment, to the base ambulance station referred to in subclause (a).

#### Calculation of Transport Time for Helicopters (Inter-hospital)

- 9 The number of minutes for a **service by helicopter (other than a primary response service)** shall be calculated from the time the helicopter engine or engines are turned on, or, if the engines are already on, the time at which the

helicopter is dispatched by an air ambulance controller, to the time the helicopter engine or engines are turned off at the helicopter's operational base or the time at which the helicopter is otherwise dispatched by an air ambulance controller or other authority.

#### Charging criteria

- 10 Where **two or more** persons are transported/treated concurrently by the same ambulance or ambulances, each person shall be charged a fee calculated in accordance with clauses 2 (but subject to clause 12), 3 (but subject to clause 13) or 6 as appropriate to the class of the transport used as defined under clause 1.
- 11 Clause 10 shall not apply when **two or more** persons are transferred concurrently by ambulance (or ambulances) between any public hospitals in New South Wales as part of an inter-hospital emergency service or an inter-hospital non-emergency service as defined under clause 1, but subject to the operation of clauses 14 and 15.
- 12 Residents of NSW shall be charged at a rate of 51% of the rate set under this order for a primary emergency service under clause 2, provided that such total fee shall not exceed \$5,433.
- 13 Residents of NSW shall be charged for primary non-emergency services in accordance with clause 3, provided that such total fee shall not exceed \$5,433.
- 14 Public hospitals in NSW shall be charged for inter-hospital emergency services in accordance with clause 4, provided that such total fee shall not exceed \$5,250 in relation to road ambulance and fixed wing ambulance transport.

### HEALTH SERVICES ACT 1997

#### Order Amending the Scale of Fees for Hospital and Other Health Services

PURSUANT to section 69 of the Health Services Act 1997, I, Dr Mary Foley, Director-General of the Ministry of Health, as the duly appointed delegate of the Minister for Health, do by this order hereby amend the currently applying Scale of Fees for hospital services and other health services to the extent and in the manner set forth in the Schedule below to take effect on and from 1 July 2012.

Dr MARY FOLEY,  
Director-General

#### SCHEDULE

Delete in its entirety "**Part 5 – NSW NEWBORN AND PAEDIATRIC EMERGENCY TRANSPORT SERVICES (NETS) CHARGES**" and insert instead the following matter:

#### **PART 5 – NSW NEWBORN AND PAEDIATRIC EMERGENCY TRANSPORT SERVICES (NETS) CHARGES**

- 5.1 This Part sets out the charges for services provided by the unit of Western Sydney Local Health District known as NSW newborn and paediatric Emergency Transport

Service (NETS). For the purposes of this Part 5 only the following terms are defined:

“**inter-hospital emergency service**” means the provision of NETS services by road, fixed wing aircraft or helicopter or a combination of these, from a public hospital to another public hospital;

“**primary emergency service**” means the provision of NETS services by road, fixed wing aircraft or helicopter or a combination of these, from a private hospital to a public hospital or other destination nominated by NETS.

#### Fees

- 5.2 The fee for a **primary emergency service** by road and/or fixed wing service and/or helicopter shall be charged on a kilometre basis calculated pursuant to paragraph 5.4, on the scale of \$650 callout charge, plus an additional charge of \$5.86 for each kilometre or part thereof.
- 5.3 The fee for an **inter-hospital emergency service** by NETS shall be charged as follows:
- 5.3.1 road service – on a kilometre basis calculated pursuant to paragraph 5.4, on the scale of \$561 callout charge, plus an additional charge of \$5.60 for each kilometre or part thereof.
- 5.3.2 fixed wing service – on a kilometre basis calculated pursuant to paragraph 5.4, on the scale of \$3,458 callout charge, plus an additional charge of \$1.62 for each kilometre or part thereof (road travel associated with fixed wing cases is charged at the rate of \$5.60 for each kilometre or part thereof).
- 5.3.3 helicopter service – on a time basis calculated pursuant to paragraph 5.5 on the scale of \$5,936 charge for the first thirty (30) minutes or part thereof, with any further period charged at a rate of \$129.91 per six (6) minutes or part thereof.

Charges for road or fixed wing transport under this clause shall be paid by the hospital or health service sending the person being transported. However in the case of helicopter transport under this clause, the transport fee shall be apportioned equally between the hospital or health service sending the person being transported and the hospital or health service receiving that patient.

#### Calculation of Transport Kilometres

- 5.4 The total number of kilometres for the provision of NETS services shall be calculated by determining the total number of kilometres that are travelled by road or, in the case of transportation by fixed wing aircraft or helicopter that would have been travelled by road had no fixed wing aircraft or helicopter been available, in accordance with the distance:
- 5.4.1 from the NETS base nearest to the location where the patient was picked up or treated by the NETS service; and
- 5.4.2 from that pick up location (where transport occurs), to the place where that patient disembarked from the NETS transport; and
- 5.4.3 from that place of disembarkation (or where no transport occurs, from the treatment location), back to the NETS base referred to in subclause 5.4.1.

#### Calculation of Transport Time for Helicopters (Inter-hospital emergency services only)

- 5.5 The number of minutes for a NETS service by helicopter for the purposes of clause 5.3.3 shall be calculated from the time the helicopter engine or engines are turned on, or, if the engines are already on, the time at which the helicopter is dispatched by an air ambulance controller, to the time the helicopter engine or engines are turned off at the helicopter’s operational base or the time at which the helicopter is otherwise dispatched by an air ambulance controller or other authority.

#### Charging Criteria

- 5.6 Where **two or more** patients are transported/treated concurrently by the same NETS primary emergency service, each patient shall be charged a fee calculated in accordance with clause 5.2 but subject to the operation of clause 5.8.
- 5.7 Paragraph 5.6 shall not apply when two or more patients are transferred concurrently by the same NETS service between any public hospitals in New South Wales, as part of an inter-hospital emergency service, but subject to the operation of clauses 5.3 and 5.9.
- 5.8 Residents of NSW shall be charged at a rate of 51% of the rate for a primary emergency service under clause 5.2 of this order, provided that such total fee shall not exceed \$5,433.
- 5.9 Public hospitals in NSW shall be charged for inter-hospital emergency services in accordance with clause 5.3 of this order, provided that such total fee shall not exceed \$5,250 in relation to road and fixed wing services transport.

#### NATIONAL PARKS AND WILDLIFE ACT 1974

##### Paroo-Darling National Park and State Conservation Area Plan of Management

A plan of management for Paroo-Darling National Park and State Conservation Area was adopted by the Minister for the Environment on 17 April 2012. Copies of the plan may be obtained from the NPWS office at 183 Argent Street, Broken Hill (phone 08 8080 3200) and from the Paroo Darling National Park Visitor Centre, Keraro Road, White Cliffs (phone 08 8083 7900). The plan is also on the website: [www.environment.nsw.gov.au](http://www.environment.nsw.gov.au).

**NATIONAL PARKS AND WILDLIFE ACT 1974****Bellambi Point Aboriginal Place**

IN pursuance of the powers vested in me under section 84 of the National Parks and Wildlife Act 1974, I, the Minister for the Environment, do, by this my order, declare such of the lands described hereunder as an Aboriginal Place. The place shall be known as Bellambi Point Aboriginal Place.

It is my opinion that this place is or was of special significance to Aboriginal culture. The values for which the Aboriginal Place is significant to Aboriginal culture includes, but is not limited to it being part of a substantial coastal "kitchen midden" containing a rich and diverse array of archaeological evidence of the long occupation and use of the area by Aboriginal people. The area is a traditional burial place and is intended to be an area for the repatriation of ancestral remains and cultural materials previously removed from the location.

The area is a rich resource place and acted as a bush schoolroom, a place where children learnt from their Elders about their history and traditional stories as well as about traditional practices such as collecting and using bush foods and natural medicines. The area is highly valued by the Dharawal and Wodi Wodi peoples of the Illawarra region for its natural beauty where elements of the vegetation, rock formations, coastal landscape, and nearby creek and lagoon add to the aesthetic and spiritual value of the place.

Note: under section 86 of the National Parks and Wildlife Act 1974, it is an offence to harm or desecrate (harm includes destroy, deface or damage) an Aboriginal Place.

Should any activities that may cause harm to this Aboriginal Place be contemplated, consent should be sought from the Director General of the Department of Premier and Cabinet. Activities or works for the conservation or protection of this Aboriginal Place that are carried out by an officer of the Office of Environment and Heritage or under the direction of such an officer, in accord with section 87A (a) of the Act may be exempt.

Activities which might harm or desecrate this Aboriginal Place include, but are not limited to, the following: the erection of a building in the area; the carrying out of a work in, on or under the area; the subdivision of the area; and the clearing of native vegetation in the area

**SUBORDINATE LEGISLATION ACT 1989**

The Explosives Regulation 2012 is  
Now Open for Public Comment

ISSUES associated with the draft regulation are outlined in the Regulatory Impact Statement (RIS) and comment is welcome on these and/or any other areas.

The Explosives Regulation 2005 is subject to a staged repeal process under the Subordinate Legislation Act 1989 that is due to occur on 1 September 2012. The draft Explosives Regulation 2012 is a remake of the Explosives Regulation 2005. This remake has been conducted by WorkCover in consultation with key industry stakeholders and has the proposed alterations and improvements:

- Changing the name of the 'Unsupervised Handling Licence' (UHL) to 'Security Clearance' thereby clarifying the role of the security clearance
- Moving some licence conditions into the Regulation for the purpose of clarifying the penalties associated with their breach
- Introducing disqualifying offences, and clarifying who is entitled to make an application for a licence
- Introducing the safety management plan to ensure greater detail is provided on process safety
- Improvements to licencing arrangements including the introduction of a mine operator licence
- Introducing disposal plans
- An exception for research and development. This is a case of making an allowance for activities that currently occur every day (i.e. handling unauthorised

explosives in R&D) but are technically not permitted by the existing Regulation

- Other machinery items that will improve the administration and function of the Regulation

To make comment and view the draft Explosives Regulation and Regulatory Impact Statement visit [workcover.nsw.gov.au](http://workcover.nsw.gov.au). Public comment closes 5pm AEST on Wednesday, 20 June 2012.
