## SPECIAL SUPPLEMENT

### FISHERIES MANAGEMENT ACT 1994

Notification under section 8 – Fishing closure

Pacific Oyster Control

I, GEOFF ALLAN, Executive Director Fisheries NSW, with the delegated authority of the Minister for Primary Industries and the Director-General of the Department of Trade and Investment, Regional Infrastructure and Services pursuant to section 227 and 228 of the Fisheries Management Act 1994 (“the Act”) and pursuant to section 8 of the Act, do by this notification prohibit the taking of oysters (of any species) by any person, from all estuarine waters of NSW which are used for the purposes of oyster cultivation or from any other waters where oysters exist, unless the removal and relocation of such oysters complies with the provisions set out in the Schedules to this notification.

This fishing closure will be effective for a period of six months from 4 December 2013, unless sooner amended or revoked.

In this notification:

1. The term ‘sticks’ includes sticks of timber and all other materials in use as substitutes for timber sticks.
2. The term ‘caught sticks’ includes sticks and the individual components for all other materials used for the purpose of catching natural oyster settlement.
3. The term ‘nail-out sticks’ includes sticks that have been placed on an oyster lease in a single horizontal layer.
4. The term ‘depot sticks’ includes all caught sticks that are older than 12 months other than nail-out sticks.
5. The term ‘stick culture’ includes sticks, caught sticks, nail-out sticks and depot sticks.
6. The term ‘container’ includes all methods used to hold oysters other than by stick or tray.
7. The terms ‘movements of oysters’, and ‘oyster consignments’ do not include those consignments destined for direct sale for human consumption (i.e. packaged, purified, market grade oysters, consigned to a wholesaler or retailer). Nor do these terms include those consignments being moved within an estuary unless otherwise specified.
8. The term ‘random inspection’ is defined as an inspection of an oyster lease, or oysters held for the purpose of relaying, undertaken by a Fisheries Officer at the discretion of a Supervising Fisheries Officer.
9. The taking of oysters (of any species) by any person from all NSW waters is also subject to the provisions of the Fishing Closure QX Disease and Quarantine Order QX Disease established under section 183 of the Fisheries Management Act 1994, due to the presence of a declared disease (Marteiliosis).

#### SCHEDULE 1

##### Pacific Oyster Management Plan

Pacific oysters (*Crassostrea gigas*) are a declared noxious fish in all waters within the State of New South Wales, other than the waters of Port Stephens and its tributaries, under the Fisheries Management Act 1994 (Schedule 6C of the Act).

This schedule outlines a management plan to control the spread of Pacific oysters. For the purposes of this management plan, oyster-producing estuaries have been divided into eleven (11) Zones as specified below. This management plan also applies to all shellfish hatcheries, unless otherwise specified.

- Zone 1. Tweed River, Richmond River and Clarence River.
- Zone 2. Brunswick River.

- Zone 3. Sandon River, Woolli River, Bellinger River, Kalang River.
- Zone 4. Macleay River and Nambucca River.
- Zone 5. Hastings River.
- Zone 6. Camden Haven River, Manning River.
- Zone 7. Wallis Lake.
- Zone 8. Port Stephens and its tributaries.
- Zone 9. Hunter River, Brisbane Waters and Hawkesbury River.
- Zone 10. Georges River.
- Zone 11. Crookhaven River, Shoalhaven River, Clyde River, Moruya River, Tuross Lake, Wagonga Inlet, Lake Wapengo, Bermagui River, Merimbula Lake, Pambula Lake, Wonboyn Lake and all other oyster producing estuaries in NSW south of the Georges River.

The provisions of this management plan are as follows:

1. Each oyster grower in Zones 1, 2, 3, 4, 5 and 6, must notify the local Fisheries Officer immediately of any occurrences of the Pacific oyster on their leases.
2. Inspection criteria for oyster leases in each estuary are prescribed in Schedule 2. If these criteria are exceeded, the noxious fish provisions (section 213) of the Act may be applied to the permit holder or the leaseholder concerned.
3. All movements of oysters between estuaries must be recorded in an Oyster Shipment Log Book as described in Schedule 3.
4. Inspection criteria for inter-estuarine movements of oysters are prescribed in Schedule 4. If the number of Pacific oysters in a consignment exceed these criteria, the consignment will not be permitted to move, or if detected by random inspection in transit the consignment will be required to be returned to the estuary of origin.
5. Movements of oysters from Zone 8 (Port Stephens and its tributaries) will be restricted to culled single oysters larger than a ten (10) cent piece. No movement of stick culture will be permitted from Port Stephens or its tributaries to any other estuary.
6. No movements of oysters are permitted from the Tweed River, Richmond River and Clarence River (Zone 1), the Brunswick River (Zone 2), and the Georges River (Zone 10) to estuaries in any other Zone.
7. No movements of oysters are permitted into Zone 2 and Zone 3 estuaries.
8. No movements of oysters are permitted into Zone 4 from estuaries south of the Manning River (Zone 6).
9. No movement of stick culture is permitted into the Hastings River (Zone 5).
10. No oysters may be removed from a lease subject to a noxious fish order, and placed on any other lease, unless the oysters are first inspected by a Fisheries Officer and comply with the inspection criteria prescribed in Schedule 4.
11. No oysters are to be placed on a lease, subject to a noxious fish order, without the prior agreement of the local Fisheries Officer.
12. No movements of oyster spat and/or larvae are permitted from any hatchery unless the shipment complies with a Shellfish Hatchery Protocol – Production and Movement of Spat approved by the Director, Aquaculture Conservation and Marine Parks.
13. All other movements of oysters will be permitted.
14. Where oysters are required to be inspected, they must be presented for inspection in a suitable condition, on clean trays. The oysters and trays must be cleaned of mud, algae or encrusting organisms. Where oysters are to be moved in bins, the oysters must be presented for inspection on trays.
15. Treatment of oysters to remove Pacific oysters will be a matter for individual growers. Treatment used must kill Pacific oysters to an extent that will result in compliance with the criteria in Schedules 2 and 4.

## SCHEDULE 2

### Inspection Criteria for Oyster Leases

1. Lease inspections may be carried out by a Fisheries Officer or other person authorised by the Director-General, Department of Trade and Investment, Regional Infrastructure and Services.
2. The following Zone criteria apply to the inspection of oyster leases:

#### **Zones 1, 2, 3, 4, 5 and 6.**

Tweed River, Richmond River, Clarence River, Brunswick River, Woolli River, Bellinger River, Kalang River, Sandon River, Macleay River, Hastings River, Nambucca River, Camden Haven River, Manning River.

Leases with caught sticks: Not more than one identifiable Pacific oyster per 100 sticks permitted. Leases with depot sticks: Not more than one (1) identifiable Pacific oyster per 100 sticks permitted.

Leases with nail-out sticks: Not more than one (1) identifiable Pacific oyster per 100 sticks permitted.

All other leases: Not more than one (1) identifiable Pacific oyster on any three (3) trays up to 1.8 metres (6 feet) in length or on any two (2) trays over 1.8 metres (6 feet) in length, permitted. Where other containers are used, not more than one (1) identifiable Pacific oyster per 1,800 oysters, permitted.

**Zone 7. Wallis Lake**

Leases with caught sticks: Not more than three (3) identifiable Pacific oyster per 100 sticks, permitted.

Leases with depot sticks: Not more than three (3) identifiable Pacific oyster per 100 sticks, permitted.

Leases with nail-out sticks: Not more than one (1) identifiable Pacific oyster per 100 sticks, permitted.

All other leases: Not more than one (1) identifiable Pacific oyster on any three (3) trays up to 1.8 metres (6 feet) in length or on any two (2) tray over 1.8 metres (6 feet) in length, permitted. Where other containers are used, not more than one (1) identifiable Pacific oyster per 1,800 oysters, permitted.

**Zone 8. Port Stephens and tributaries**

No limits specified on the number of Pacific oysters permitted on leases.

**Zone 9. Hunter River, Brisbane Waters, Hawkesbury River**

Leases with caught sticks: Not more than four (4) identifiable Pacific oyster per 100 sticks, permitted.

Leases with depot sticks: Not more than four (4) identifiable Pacific oyster per 100 sticks, permitted.

Leases with nail-out sticks: Not more than four (4) identifiable Pacific oyster per 100 sticks, permitted.

All other leases: Not more than one (1) identifiable Pacific oyster on any two (2) tray (irrespective of length), permitted. Where other containers are used, not more than one (1) identifiable Pacific oyster per 600 oysters, permitted.

**Zones 10 and 11**

Georges River, Crookhaven River, Shoalhaven River, Clyde River, Moruya River, Wagonga Inlet, Wapengo Lagoon, Bermagui River, Merimbula Lake, Pambula Lake, Wonboyn Lake and all other oyster producing estuaries in NSW south of the Georges River.

Leases with caught sticks: Not more than five (5) identifiable Pacific oyster per 100 sticks, permitted.

Leases with depot sticks: Not more than five (5) identifiable Pacific oyster per 100 sticks, permitted.

Leases with nail-out sticks: Not more than five (5) identifiable Pacific oyster per 100 sticks, permitted.

All other leases: Not more than one (1) identifiable Pacific oyster on any one (1) tray (irrespective of length), permitted. Where other containers are used, not more than one (1) identifiable Pacific oyster per 600 oysters, permitted.

3. Where an oyster lease inspection in Zones 7, 9, 10 and 11, indicates more than one (1) identifiable Pacific oyster per 100 sticks, or per any two (2) trays (irrespective of length), or where other containers are used, more than one (1) identifiable Pacific oyster per 1,800 oysters, the permit holder or the leaseholder concerned must comply with the directions of the Supervising Fisheries Officer regarding the removal of Pacific oysters from the lease. Where the permit holder or the leaseholder concerned fails to comply with the directions of the Supervising Fisheries Officer, the noxious fish provisions of the Act may be applied to the permit holder or the leaseholder concerned.

---

**SCHEDULE 3**
**Oyster Shipment Log Book System**

All movements of oysters, other than those within an estuary or those destined for direct sale for human consumption, are subject to the Oyster Shipment Log Book system. Oyster Shipment Log Books are available on application from the Department of Trade and Investment, Regional Infrastructure and Services Aquaculture Administration Unit, Locked Bag 1, Nelson Bay, NSW 2315.

1. Details of all shipments of oysters, other than those within an estuary or those destined for direct sale for human consumption must be recorded in an Oyster Shipment Log Book prior to shipment.
2. Prior to the shipment of a consignment of oysters between estuaries, the shipping permit holder must contact the local District Fisheries Office (not less than 2 days prior to shipment) and identify the shipper, the nature of the shipment, its destination and the Oyster Shipment Logbook shipment permit number (top right hand corner). Where an inspection is deemed to be required, the Fisheries Office will contact the shipping permit holder within 24 hours to confirm the inspection.
3. Prior to shipment or inspection, the shipping permit holder must record on all four (4) quadruplicate copies of the Oyster Shipment Log Book sheets, details of the destination (including inter-State), quantity (bag equivalents) and form (trays, sticks etc.) of oysters to be shipped.
4. When an inspection is deemed to be required, the inspecting Fisheries Officer must sign all four quadruplicate copies of the Oyster Shipment Log Book sheets and clearly state in writing on the sheets whether or not the consignment passed inspection. The inspecting Fisheries Officer is to retain the pink copy (copy 2) for the consignment. A record of all shipment notifications and shipment inspections (pink copy 2) will be retained by the local District Fisheries Office.
5. If the consignment passes inspection, it must be kept isolated from all other oysters and shipped within 48 hours of the inspection taking place.
6. Where a shipment has passed inspection, the local Fisheries Office must notify the receiving District Fisheries Office of the shipment details within 24 hours of the inspection.

7. For each shipment, the completed original white copy (copy 1) of the Oyster Shipment Log Book sheets, must accompany the shipment and be retained by the receiving permit holder.
8. Fisheries Officers may examine consignments at random in transit, or prior to the oysters being placed in the water, to ensure that log book details match the consignment. Where notification has not been given, or there is no accompanying log book sheet, in accordance with Schedule 3 (7) of this closure, or if the consignment is in breach of the QX Disease Closure or any other oyster Closure established under the Fisheries Management Act 1994, the consignment may be detained and/or seized.
9. It is the responsibility of the permit holder on who's permit the receiving lease appears, to notify the receiving District Fisheries Office within 7 days of the arrival of the oysters (or subject to prior arrangement made with the Fisheries Officer), of details of the shipment, including, where the oysters have been placed (on which lease and where on that lease).
10. The Oyster Shipment Log Book, or an original white copy (copy 1) of the Oyster Shipment Log Book that has accompanied a shipment, must be made available to a Fisheries Officer for inspection on demand.
11. The holder of an Oyster Shipment Log Book must at the end of each month in which a shipment has occurred, forward all blue copies (copy 3) for those shipments to the Department of Trade and Investment, Regional Infrastructure and Services Aquaculture Management Branch at the address specified above.

#### SCHEDULE 4

##### Inspection Criteria for Oyster Consignments

1. Inspections may be carried out by a Fisheries Officer or other person authorised by the Director-General, NSW Department of Trade and Investment, Regional Infrastructure and Services.
2. No inspections are required for consignments moving into Port Stephens.
3. The Inspection Criteria for other oyster consignments are as follows:

**Consignments into estuaries in Zones 1, 4, 5 and 6:**

Tweed River, Richmond River, Clarence River, Macleay River, Hastings River, Nambucca River, Camden Haven River, Manning River.

Consignments of caught sticks, depot sticks and nail-out sticks (where permitted): Not more than one (1) identifiable Pacific oyster per any 300 sticks.

All other consignments: Not more than one (1) identifiable Pacific oyster in any nine (9) trays up to 1.8 metres (6 feet) in length or on any six (6) trays over 1.8 metres (6 feet) in length. Where other containers are used, not more than one (1) Pacific oyster per 5,400 oysters.

**Consignments into estuaries in Zones 7, 8, 9, 10 and 11:**

Wallis Lake, Hunter River, Brisbane Waters, Hawkesbury River, Georges River, Crookhaven River, Shoalhaven River, Clyde River, Moruya River, Wagonga Inlet, Wapengo Lagoon, Bermagui River, Merimbula Lake, Pambula Lake, Wonboyn Lake and all other oyster producing estuaries in NSW south of the Georges River.

Consignments of caught sticks, depot sticks and nail-out sticks: Not more than one (1) identifiable Pacific oyster per any 100 sticks.

All other consignments: Not more than one (1) identifiable Pacific oyster in any bag or in any three (3) trays up to 1.8 metres (6 feet) in length or on any two (2) trays over 1.8 metres (6 feet) in length. Where other containers are used, not more than one (1) Pacific oyster per 1,800 oysters.

**Consignments of oyster spat and/or larvae from Hatcheries:**

Shipments from hatcheries are subject to the movement criteria for the Zone for which the shipment is destined. All shipments of oyster spat and/or larvae must comply with a Shellfish Hatchery Protocol – Production and Movement of Hatchery Spat approved by the Director, Aquaculture Conservation and Marine Parks.

**Consignments within an estuary:**

Movements of oysters wholly within an estuary are not subject to inspection. However, the leaseholder must take all reasonable action to ensure that the relayed oysters comply with the criteria for movement within the Zone.

4. Where an inspection is required, 20% of the consignment will be inspected unless otherwise specified.
5. The frequency of inspections for oyster consignments are as follows:

**Consignments from hatcheries:**

Random consignments of oyster spat and/or oyster larvae originating from hatcheries will be subject to inspection at the receiving estuary in accordance with the provisions of a Shellfish Hatchery Protocol – Production and Movement of Spat approved by the Director, Aquaculture Conservation and Marine Parks.

**All other consignments:**

Shipments of oyster stock may be inspected when being moved between estuaries. All shipments may be subject to random inspection.

<i>Sending estuary Zone</i>	<i>Receiving estuary Zone</i>	<i>Inspection Requirement</i>
1	1	No inspection required.
2	1	No inspection required.
3	1, 4, 5, 6, 7, 8, 9, 10,11	No inspection required.
4	1, 4, 5, 6, 7, 8, 9, 10, 11	No inspection required.
5	1, 4, 6, 7, 8, 9, 10, 11	All shipments may be subject to random inspection.
6	1, 4, 5, 6, 7, 8, 9, 10, 11	All shipments may be subject to random inspection.
7	1, 5, 6, 7, 8, 9, 10, 11	All shipments may be subject to random inspection.
8	1, 5, 6, 7, 8, 9, 10, 11	All shipments may be subject to random inspection.
9	1, 5, 6, 7, 8, 9, 10, 11	All shipments may be subject to random inspection.
10	–	No shipments to any other estuary permitted.
11	1, 5, 6, 7, 8, 9, 10, 11	All shipments may be subject to random inspection.

Dated this 29th day of November 2013.

Dr GEOFF ALLAN,  
Executive Director, Fisheries NSW,  
Department of Primary Industries  
(an office within the Department of Trade and Investment, Regional Infrastructure and Services)

## FISHERIES MANAGEMENT ACT 1994

### Sections 8 and 9 Notification – Urgent Fishing Closure

#### Ocean Waters off Ballina

I, GEOFF ALLAN, Executive Director, Fisheries NSW, with the delegated authority of the Minister for Primary Industries and the Director General of the Department of Trade and Investment, Regional Infrastructure and Services pursuant to sections 227 and 228 of the Fisheries Management Act 1994 (“the Act”), do by this notification pursuant to section 8 of the Act, prohibit the taking of all species of fish, by the method of otter trawl net (prawns) by all endorsement holders in the Ocean Trawl Fishery, in the waters described in the Schedule to this notification, unless under the direct supervision of an employee of the Department of Primary Industries or otherwise with the consent of the Executive Director, Fisheries NSW for the purpose of undertaking trials to determine the abundance and or size of fish (including prawns) and informing any decision to amend or revoke this fishing closure or parts thereof.

#### SCHEDULE

Waters	
<b>Area 1</b>	The whole of the waters within an area bounded by a line commencing at 28°48.318’S, 153°36.439’E then drawn east south east to 28°48.432’S, 153°37.836’E (north easterly corner of the juvenile king prawn closure), then north north east to 28°43.300’S, 153°38.860’E, then westerly to 28° 43.321’S, 153° 37.656’E then south south east to the point of commencement (references to directions are indicative only).
<b>Area 2</b>	The whole of the waters within an area bounded by a line commencing at 28°53.580’S, 153°37.360’E then drawn south south west to 29°00.000’S, 153°33.825’E, then westerly to 29°00.000’S, 153°30.988’E (south easterly corner of the juvenile king prawn closure), then north easterly to the point of commencement (references to directions are indicative only).

In this fishing closure, latitude and longitude coordinates are in WGS84 datum.

In this fishing closure:

**endorsement holder** has the same meaning as in clause 2 of the Appendix to the Fisheries Management (Ocean Trawl Share Management Plan) Regulation 2006.

**Ocean Trawl Fishery** means the share management fishery of that name, as described in Schedule 1 to the Act.

The provisions of this fishing closure in respect of endorsement holders in the Ocean Trawl Fishery have effect despite any provisions in the Fisheries Management (Ocean Trawl Share Management Plan) Regulation 2006.

This fishing closure is effective from 1 December 2013 to 1 March 2014, unless sooner amended or revoked.

Dated this 29th day of November 2013.

DR GEOFF ALLAN,  
Executive Director, Fisheries NSW,  
Department of Primary Industries

(an office within the Department of Trade and Investment, Regional Infrastructure and Services)

Notes:

1. The purpose of this fishing closure is to protect small king prawns for increased total yield and continued viability of the Ocean Trawl Fishery.
2. This notification is published under sections 9 (2) (b) and (3) of the Act.

**HERITAGE ACT 1977****ERRATUM**

IN *NSW Government Gazette* No. 162 of 29 November 2013, the notices on pages 5399 to 5401 under the heading of Heritage Act 1977 had the Order for Baronda Holiday House wrongly gazetted twice. The Order for Penders was left out, it is now gazetted hereunder:

**HERITAGE ACT 1977**

Order Under Section 57 (2)  
to Grant Site Specific Exemptions from Approval

Penders

SHR No. 1913

I, the Minister for Heritage, on the recommendation of the Heritage Council of New South Wales, in pursuance of section 57 (2) of the Heritage Act 1977, do, by this my order, grant an exemption from section 57 (1) of that Act in respect of the engaging in or carrying out of any activities described in Schedule "C" by the [owner, mortgagee or lessee of the land] described in Schedule "B" on the item described in Schedule "A".

The Hon. ROBYN PARKER, M.P.,  
Minister for Heritage

Dated at Sydney, this 1st day of September 2013.

**SCHEDULE "A"**

The item known as Penders, situated on the land described in Schedule "B".

**SCHEDULE "B"**

All those pieces or parcels of land known as Lot 106, Part Lot 107, Part Lot 135, and Part Lot 142 of Deposited Plan 752158, Parish of Tanja, County of Dampier, shown on the plan catalogued HC 2575 in the office of the Heritage Council of New South Wales.

**SCHEDULE "C"**

1. Works to buildings and structures
  - (i) All repainting to buildings and structures that employs the same colour scheme as an earlier scheme and maintains the general character.
  - (ii) Maintenance of any item (building, structure, relics or places) on the site, where maintenance means the continuous protective care of existing fabric.
  - (iii) Removal of non-significant fabric that is consistent with a Conservation Management Plan endorsed by the Heritage Council of NSW or its delegate.
  - (iv) All repairs to buildings and structures in the complex which:
    - a. are of a minor nature such as re-affixing, patching or replacing the missing, damaged or deteriorated fabric that is beyond further maintenance to match existing fabric;
    - b. do not involve damage to or the removal of other significant fabric; and
    - c. will not adversely affect the significance of the buildings and structures on site.
  - (v) Installation and maintenance of pump housing for reticulated water supply and sewage management where this has no material impact on existing significant fabric and the significance of the place.
3. Landscape management
  - (i) Routine horticultural maintenance and management.
  - (ii) Landscape management to implement the Plan of Management and other policies for Mimosa Rocks National Park prepared by the National Parks and Wildlife Service provided all works and programs are consistent with a Conservation Management Plan endorsed by the Heritage Council of NSW or its delegate.
  - (iii) Recording and removal of the orchard provided a representative sample is conserved for interpretation purposes.
4. Visitor services programs
  - (i) Installation of temporary facilities for various events for a maximum period of three calendar months consistent with a Conservation Management Plan endorsed by the Heritage Council of NSW or its delegate. Temporary facilities include fencing, temporary buildings, ancillary structures, exhibitions, artworks and sculptures, and signage.
  - (ii) Provision of facilities for access for people with disabilities consistent with the obligations of public authorities under the Disability Discrimination Act provided the works are consistent with a Conservation Management Plan endorsed by the Heritage Council of NSW or its delegate.

5. Management of interpretive, information and directional signage
  - (i) Maintenance, repair, installation, removal and alteration of interpretative, information and directional signage and labels in accordance with signage policies adopted by National Parks and Wildlife Service provided the works are consistent with a Conservation Management Plan endorsed by the Heritage Council of NSW or its delegate.
6. Protection of public safety & risk management
  - (i) Suppression of fire.
  - (ii) Removal or pruning of trees which are a danger to the public or staff.
  - (iii) Maintenance of the asset protection zone.
  - (iv) Prevention of catastrophic failure of geological formations and control of erosion provided the works are consistent with a Conservation Management Plan endorsed by the Heritage Council of NSW or its delegate.
  - (v) Waste removal.
7. Services/utilities maintenance and upgrading
  - (i) Maintenance and repair of existing services and public utilities including communications, gas, electricity, water supply, waste disposal, sewerage, irrigation and drainage.
  - (ii) Minor upgrading of services and public utilities including communications, gas, electricity, water supply, waste removal, sewerage, irrigation and drainage, provided the activity is limited to areas that have little or no archaeological potential, and is located such that it has minimal impact on the setting of the item, or is within the Area of an endorsed Aboriginal Heritage Impact Permit (AHIP) issued under the National Parks & Wildlife Act 1979.
  - (iii) Maintenance, repair and/or resurfacing of existing roads and pathways with similar materials without altering their location, dimensions or historic character.

#### HERITAGE ACT 1977

Notice of Listing on the State Heritage Register  
under Section 37 (1) (b)

PENDERS  
Haighs Road, Mimoso Rocks National Park  
SHR No. 1913

IN pursuance of section 37 (1) (b) of the Heritage Act 1977 (NSW), the Heritage Council gives notice that the item of environmental heritage specified in Schedule "A" has been listed on the State Heritage Register in accordance with the decision of the Minister for Heritage to direct the listing. This listing applies to the curtilage or site of the item, being the land described in Schedule "B".

Heritage Council of New South Wales

#### SCHEDULE "A"

The item known as Penders, situated on the land described in Schedule "B".

#### SCHEDULE "B"

All those pieces or parcels of land known as Lot 106, Part Lot 107, Part Lot 135, and Part Lot 142 of Deposited Plan 752158 in Parish of Tanja, County of Dampier, shown on the plan catalogued HC 2575 in the office of the Heritage Council of New South Wales.
