HERITAGE ACT 1977

ORDER UNDER SECTION 57 (2) TO GRANT SITE-SPECIFIC EXEMPTIONS FROM APPROVAL

Eveleigh Railway Workshops
Great Southern & Western Railway, Redfern

SHR No 1140

I, the Minister for Heritage, on the recommendation of the Heritage Council of New South Wales, in pursuance of section 57 (2) of the *Heritage Act 1977*, do, by this my order, grant an exemption from section 57 (1) of that Act in respect of the engaging in or carrying out of any activities described in Schedule “C” at the location described in Schedule “B” on the item described in Schedule “A”.

The Hon ROB STOKES, MP
Minister for Heritage

Sydney, 5th Day of March 2015

Schedule “A”

The item known as Eveleigh Railway Workshops, situated on the land described in Schedule “B”.

Schedule “B”

All those pieces or parcels of land known as Lot 501 DP 1033739, Lot 8 DP 1136859, Lot 9 DP 1136859, Lot 10 DP 1136859, Lot 12 DP 1136859, Lot 13 DP 1136859, Lot 52 DP 1001467, Lot 2 DP 1175706, Lot 3 DP 1175706, Lot 4 DP 1175706 and Lot 5 DP 1175706 in Parish of Alexandria, Parish of Petersham, County of Cumberland shown on the plan catalogued HC 2347 in the office of the Heritage Council of New South Wales.

Schedule “C”

1. All works and activities in accordance with a valid development consent in force at the date of gazettal for listing the Eveleigh Railway Workshops (SHR No 1140) on the State Heritage Register under the *Heritage Act 1977* (NSW).
2. Minor modifications to a valid development consent in force at the date of gazettal for listing the Eveleigh Railway Workshops (SHR No 1140) on the State Heritage Register under the *Heritage Act 1977* (NSW), where the Heritage Council of NSW or its Delegate is satisfied that:
 - The proposed works are substantially the same as the development for which consent was original granted, before any modifications to that consent, for the purpose of this exemption only; and
 - The Heritage Council of NSW has been notified in writing of the works proposed to be undertaken under this exemption prior to commencement of works, and the Heritage Council of NSW or its Delegate has provided written confirmation that the works are exempt.
3. Changes to operating hours.
4. Works and activities associated with the maintenance and upkeep of non-heritage fabric associated with the gardens and grounds, including mowing, tree surgery, removal or pruning of trees where works will have no adverse impact on heritage significance.
5. Works and activities associated with the maintenance and repair of existing external hard paving, including roads, paths, fences, garden edges, retaining walls and gates, where works will have no adverse impact on heritage significance.
6. All works to the exterior and interiors of buildings erected on the site since 1995, not including works which would significantly alter the exterior architectural appearance of the new buildings, including the:
 - Sydney Ambulance Centre and NSW Transport Management Centre Building;
 - Biomedical Building;
 - NICTA Building; and
 - 8 Central Avenue (Channel 7) Building.
7. External maintenance and minor repairs necessary to preserve and maintain the functioning of the buildings and landscape for their current uses and where works will have no adverse impact on heritage significance; including maintenance and minor repairs to:
 - Roofing sheeting and drainage;
 - Utilities including electrical, water and sewerage and stormwater drainage;
 - Road and footpath pavement resurfacing;
 - Road and pedestrian traffic management facilities, including gates and fencing;
 - Planter boxes and public seating;
 - Navigational signage and infrastructure;
 - Security infrastructure and gates;
 - Exterior lighting.

For works to qualify as maintenance and minor repair, any new fabric must represent like-for-like replacement of the existing fabric and must not require any new impacts upon significant fabric.
8. Removal of non-illuminated external signs and decorations, such as flags, rigging, banners, merchandising, holiday livery and associated decorations providing that the signs and decoration are not elements remaining from the significant periods of Eveleigh’s history.
9. Replacement of non-illuminated external signs and decorations, such as flags, rigging, banners, merchandising, holiday livery and associated decorations where the size, scale and impact of the new items is the same or does not exceed that being replaced and providing that the signs and decoration are not elements remaining from the significant periods of Eveleigh’s history.
10. Erection of temporary (three months duration) hoardings and scaffolding associated with maintenance or conservation of facades, windows and roof sheeting and drainage where no physical impact to heritage fabric occurs.
11. Changes to aluminium-framing and glass panels (non-heritage fabric) associated with doorways, entrances and airlocks, where such works do not materially affect the configuration of the opening.

12. Maintenance and repairs to the interior non-heritage fabric and finishes, including partition walls, internal glazing, lighting (non-original) and signage which is fabric added to the following buildings after their closure as Railway Workshops and conversion to Australian Technology Park:
 - Locomotive Workshops and annexes;
 - National Innovation Centre (former New Loco (Engine) Shop); and
 - International Business Centre (former Works Manager's Office).
13. Maintenance and renewal of floor finishes inside buildings, excluding the:
 - Interpretive carpet in the Locomotive Workshops central walkway (Bays 3 to 9);
 - New coverings in the Exhibition Hall; and
 - Floor finishes in the Blacksmiths Shops (Bays 1 & 2).
14. Internal changes to office spaces, retail and other tenancy spaces and recreational facilities which do not involve any new works affecting original building fabric.
15. Replacement, including upgrades, to internal security devices, such as electronic door locks and keys, security cameras and motion sensors, which do not involve any new works affecting original building fabric.
16. Installation of temporary and reversible structures for the operation of special events and activities lasting less than one (1) month duration (eg. for trade fairs, exhibitions etc).
17. Electrical, mechanical and hydraulic services maintenance and essential upgrades located within the building envelope and on the roof top within the envelope of the existing plant, including roof exhaust fans and associated support duct work, where there is little or no adverse visual impact on heritage significance, but excluding mobile telecommunications equipment and antennae.
18. Upgrade of mechanical equipment relating to lifts constructed since 1990.
19. Refurbishment of non-significant bathrooms, kitchens, kitchenettes and other service areas with no effect on original heritage fabric.
20. Changes to and development of internal layouts, fittings and furnishings for internal retail and commercial tenancies, which do not involve any new works affecting or concealing original building fabric or increase to the net-lettable area.
21. Removal or replacement of non-significant inter-tenancy walls.
22. Combination or subdivision of tenancies requiring the alteration of non-significant walls, where there is no change in overall net-lettable area.
23. Work or changes to interior non-significant fittings and furnishings with no effect on remnant heritage fabric.
24. Removal and replacement of temporary (three months duration) internal signs and decorations, such as flags, rigging, banners, merchandising, holiday livery and associated decorations where works will have no adverse impact on heritage significance.
25. Maintenance of internal non-significant paint finishes.
26. Changes to or development of existing roof access ladders, stairs and platforms required for safe access to these areas.
27. Changes to non-significant internal lighting, excepting historic lighting in Locomotive Workshops Bays 1 & 2.
28. Material conservation of historic fabric undertaken with appropriate heritage advice and supervision from a suitably qualified and experienced heritage advisor and in accordance with 'Australian Technology Park: Conservation Management Plan' December 2013, prepared by Godden Mackay Logan for Australian Technology Park Sydney Ltd (endorsed by the Delegate of the Heritage Council of NSW on 20 March 2014).
29. Replacement of non-significant carpet finishes within tenancies.
30. Relocation of Moveable Heritage items within the site precinct where such items will be kept undercover. Appropriate recording of the relocation activity must be undertaken and retained on-site.
31. Maintenance and repair to existing interpretation infrastructure and signage.
32. Works to maintain items of historic machinery.

HERITAGE ACT 1977

ORDER UNDER SECTION 57 (2) TO GRANT AGENCY-SPECIFIC EXEMPTIONS FROM APPROVAL FOR NSW TRANSPORT – RAILCORP

I, the Minister for Heritage, on the recommendation of the Heritage Council of New South Wales, in pursuance of section 57 (2) of the *Heritage Act 1977*, do, by this my order, grant an exemption from section 57 (1) of that Act in respect of the engaging in or carrying out of any activities described in Schedule "A" to items owned by NSW Transport – RailCorp.

The Hon ROB STOKES, MP
Minister for Heritage

Sydney, 2nd Day of March 2014

Schedule "A"

Railcorp Exemptions from s57 (1) of the NSW Heritage Act 1977 – Fixed Assets

Currently a number of minor activities are exempt from approval under the NSW *Heritage Act 1977* as standard exemptions. The following exemptions have been drafted specifically for activities related to railway sites listed on the State Heritage Register, to allow usual maintenance and some activities related to maintaining equipment associated with railways operations to go ahead without the need for Heritage Council approval or notification.

The following activities are proposed to be exempt from approval or notification under s57 (1) of the NSW *Heritage Act 1977*:

1. The following track infrastructure repair, maintenance and upgrading works, where works do not adversely impact the heritage significance of any known or likely heritage item (see note on 'no adverse impact'):
 - a) Pipe, surface and sub-surface drainage works;

- b) Ballast cleaning and replacement;
 - c) Sleeper replacement including replacement of timber, steel or concrete sleepers with a different type;
 - d) Rail replacement including replacement/upgrading with heavier rails;
 - e) Track reconstruction such as replacement of all or most components;
 - f) Turnout and derails repair, replacement, refurbishment or renewal (including associated auxiliary equipment such as cables, conduit and cable troughing, point levers and point rodding);
 - g) Replacement/upgrade of equipment on and attached to the track essential for train operations, including grease pots, data readers, track buffers, motors, and train monitoring equipment;
 - h) Replacement/upgrade of train detection equipment on and adjacent to the track associated with the signalling system;
 - i) Installation of emergency safety equipment, ladders, steps and stairs;
 - j) Replacement/upgrade of signage associated with train operation and track maintenance including survey pegs, km posts, warning boards and, speed boards;
 - k) Track slab repairs, removal and installation; and
 - l) Galvanised Steel Troughing (GST) installation, relocation removal and renewal.
- Note:** Work must be within ballasted areas only or within five (5) metres of the centre line of the track in respect to cables and troughing, detection equipment and signage. The exemption does not include removal of an existing track or siding. This exemption includes work on railway underbridges.
2. Excavation within and adjacent to the rail corridor for the purposes of drainage works, cable laying and/or erection of posts for signals, lighting, overhead wiring, signalling cables or signage; or excavation for geotechnical bore holes, hydraulic and soil testing where there are no known or suspected archaeological relics and where works do not adversely impact the significance of any known or likely heritage item (see note on ‘no adverse impact’).
- Note:** This exemption applies to the following land only: the disturbed track zone (ballasted rail formation), rail land within the fenced area adjacent to the disturbed track zone, car parks, platforms and depot sites.
- Note:** This exemption does not apply to built structures other than platforms (excluding brick retaining face).
- Note:** This exemption does not apply if archaeological relics are likely to be present as advised by a suitably qualified and experienced archaeologist.
3. The following signalling work where there is no adverse impact on heritage significance of any identified heritage item (see note on ‘no adverse impact’):
- a) Repair, maintenance and upgrade of signals, electronic trackside warning devices and auxiliary equipment, including removal of redundant signals and equipment, and replacement or upgrading of older signals with modern types;
 - b) Installation of new signals and warning devices including associated cables, conduits, troughing, handrails and fencing; and
 - c) Repair, maintenance and upgrade of signals, boom gates, signage and lights of level crossings.
4. Repair, removal or installation of overhead wiring structures where there is no adverse impact on heritage significance of any identified heritage item (see note on ‘no adverse impact’).
5. Fitting of safety walkways and stairs to signals, signalling equipment, overhead wiring structures and light poles.
6. Installation, repair, maintenance, removal or replacement (with like-for-like) of trackside communications and control systems, equipment and enclosures including small relay huts, electrical cabinets antenna masts, small poles and aerials that will not adversely impact the heritage significance of any identified heritage item (see note on ‘no adverse impact’).
- Note:** Where a hut is listed as a heritage item, approval will be required before works are undertaken (advice should be sought from an appropriately qualified and experienced heritage consultant to determine level of approval required).
- Note:** This exemption does not apply to the installation of new masts, poles and aerials exceeding five (5) metres in total height.
- Notes:** This exemption does not apply if visual impacts to adjacent and surrounding heritage items are anticipated.
7. Repair, maintenance, removal or replacement of culverts and drains that will not adversely impact on heritage significance of any identified heritage item (see note on ‘no adverse impact’).
- Note:** Where a culvert is listed as a heritage item, approval will be required before works are undertaken (advice should be sought from an appropriately qualified and experienced heritage consultant to determine level of approval required).
8. Installation of Rail Operations Telephone items at trackside locations and adjacent structures including signalling telephones, emergency telephones, emergency telephone location lights, emergency telephone signage, cable termination cabinets associated with signalling or emergency telephones.
9. The installation, relocation, replacement or removal of the following customer and staff information, amenity and safety systems where there is no removal of original fabric or adverse impact on heritage significance (see note on ‘no adverse impact’):
- a) Security, lighting and customer information systems and signage;
 - b) Telecommunication aerials and associated cabling work to buildings and structures;
 - c) Equipment related to public rail safety and access such as fire hydrants, hose reels, portable wheelchair ramps and cabinets, fire panels, smoke detectors,

- emergency lightings, illuminate exit lights and early warning and intercommunication systems;
- d) Customer environment facilities such as ticketing machines, rubbish bins, platform seating, public telephones, bicycle racks/lockers, Wi-Fi charge bars, and food and drink vending machines;
 - e) Non-significant modern water drinking fountains (bubblers);
 - f) Air conditioning units;
 - g) Bird or pest mitigation features such as netting, plugging holes, ‘eagle eyes’, small spikes, or fine electrical wire or similar;
 - h) Safety anti-fall line running lines and harness hooks on building roof sheeting for inspection purposes; and
 - i) Station staff control pod units (GACs).
- Note:** Installation of information (signage) does not include commercial advertising, but can include signage for heritage interpretation or commemoration.
- Note:** The removal or alteration of signage, lighting, customer information systems and seating identified as being of heritage significance is not permitted.
- Note:** Fixing of new signage or systems to masonry walls is to be undertaken with nonferrous fixings and to mortar joints only (or reuse existing fixing points). New conduits and cables are not to penetrate original surfaces and are to be discreet in colour and location. Works are to be undertaken with the principle of reversibility and minimal intervention.
- Note:** Installation of food and drink vending machines directly abutting heritage buildings is not permitted. Installation of food and drink vending machines is permissible in the vicinity of heritage buildings where there is no adverse impact on heritage significance (see note on ‘no adverse impact’).
10. Installation, repair, renewal or removal of the following fence work where there is no removal of original fabric or adverse impact on heritage significance (see note on ‘no adverse impact’):
 - a) Rail corridor and boundary safety fencing;
 - b) Standard station and platform fencing; and
 - c) Hoarding, scaffolding and safety fencing for temporary works.

Note: Does not include removal of existing fencing identified as being of heritage significance.
 11. The following works for steel bridges, where there is no adverse impact on heritage significance (see note on ‘no adverse impact’):
 - a) Installation of safety walkways and refuges on steel bridges for access by maintenance staff;
 - b) Attachment of cabling, conduits and troughing to bridges;
 - c) Painting of steel bridges using existing colour scheme; and
 - d) Installation of telecommunication aerials or equipment on bridges.

Note: This includes work to underbridges, overbridges and pedestrian bridges but only to those of steel construction.
 12. The following works for cuttings or tunnels, where there is no adverse impacts on heritage significance (see note on ‘no adverse impact’):
 - a) Repair, maintenance, upgrading or installation of lighting and warning systems and associated auxiliary cables, conduits and troughing;
 - b) Creation of maintenance personnel refuges or “safe places” in operational areas by excavating into cutting walls or tunnel walls;
 - c) Installation of emergency safety equipment, ladders, steps and stairs;
 - d) Repair, maintenance, upgrading/installation of leaking feeder cables and associated support systems;
 - e) Repair, maintenance, upgrading/installation of cutting or roof mounted radio antennas and associated support systems (not exceeding five (5) metres in total height); and
 - f) Slope stabilisation works to track cuttings including shotcreting and netting.

Note: Where cables, conduits or troughing exit tunnel portal they must do so at ground level or in a manner which creates least visual/physical impacts.
 13. Where essential for safety reasons and where there is no adverse impact on heritage significance (see note on ‘no adverse impact’), removal of small portions of damaged asbestos, lead based paints and other hazardous materials from buildings and structures and its replacement with similar or sympathetic modern materials.

Note: This does not include:

 - a) The disturbance of stable hazardous materials;
 - b) Removal of large areas of earlier paint layers (more than 10%) other than that which has failed by chalking, flaking, peeling or blistering;
 - c) Removal of significant fabric, whether it be hazardous material or not; and
 - d) Other associated repair or upgrade works required as part of a hazardous material removal project.

Note: Where removal of hazardous materials involves removal of significant fabric, approval will be required before works are undertaken (advice should be sought from an appropriately qualified and experienced heritage consultant to determine level of approval required).
 14. Upgrade of non–original toilet and bathroom facilities and finishes, and removal of lightweight partition walls where there is no adverse impact on heritage significance and no changes to original building structure (see note on ‘no adverse impact’).

15. The following platform work where there is no adverse impact on heritage significance (see note on ‘no adverse impact’):
- Resurfacing of existing bitumised and concrete platforms with similar materials;
 - Installation, repair, renewal or removal of surface tactiles and painted safety line;
 - Repairs to platform coping/edging; and
 - Excavation of service trenches and geotechnical borehole investigations where there are no known or suspected archaeological relics.
- Note:** This exemption does not apply to built structures other than platforms (excluding brick retaining face).
- Note:** Does not include platform surfaces other than concrete, bitumen or modern paved brick.
- Note:** Reuse existing service trenches wherever possible.
- Note:** Does not include permanent removal or replacement of platform furniture, gardens, signage and lighting.
- Note:** Works must ensure that features identified as being of heritage significance (such as building vents, brickwork and bubblers) are not affected by platform resurfacing works.
16. The following car parking and traffic management work where there is no adverse impact on heritage significance (see note on ‘no adverse impact’):
- Installation, repair, renewal or removal of kerbing/edging, signage, line work, traffic/pedestrian safety bollards, wheel stops and minor access ramps;
 - Resurfacing of existing bitumised car park surface; and
 - Excavation of service trenches, drainage and geotechnical borehole investigations where there are no known or suspected archaeological relics.
17. All community initiatives and special events where there is no adverse impact on heritage significance (see note on ‘no adverse impact’). This can include works such as public art initiatives/installations, filming works, fashion shows, music concerts, ceremonies, exhibitions, community events, promotions and launches etc.
- Note:** Works are limited to non-invasive, reversible, temporary change of use (not exceeding eight weeks in total timeframe), no permanent fixings and installation of self-contained units such as lighting, sound, ventilation, floating floors and temporary safety systems (such as stairs, handrails scaffolding etc).
18. The following advertisement work where there is no adverse impact on heritage significance (see note on ‘no adverse impact’):
- Removal of commercial advertisement;
 - Upgrade of existing advertisement panels to LED technology of the same size and scale of existing in same location; and
 - Installation of new advertisement panels in non-significant portions of station buildings (eg. modern built spaces only).
- Note:** Does not include the upgrade to LED or installation of new commercial advertisement on heritage fabric, buildings or significant spaces.
19. The following repair and conservation work where there is no adverse impact on heritage significance (see note on ‘no adverse impact’):
- Essential repairs to heritage fabric by replacing like-for-like, not exceeding 30% of one building element;
 - Complete replacement of non-significant fabric with like-for-like (eg. modern floor tiling, corrugated roofing, gutters, downpipes, modern glazing etc);
 - Cleaning and maintaining significant fabric using conservation methods such as gommage on sandstone and the temporary off-site conservation works of heritage elements (the location where the item will be moved to, and approximate timeframe, should be recorded and advice provided to the Heritage Council of NSW or its Delegate); and
 - Reconstruction of missing heritage features to match existing original heritage features (such as doors, windows, lighting etc) based on existing heritage fabric and detailed historical analysis.
- Note:** This exemption is to be used in the context of localised repairs. This does not include accumulative impact of heritage fabric or major alteration or major reconstruction.
- Note:** Repair and conservation work must be undertaken using conservation materials and methods detailed by conservation practitioner’s technical specifications/heritage repair guides.
- Note:** Works must be undertaken in accordance with the Burra Charter to ensure new works are identified through established recording methods.
20. The following minor work where there is no adverse impact on heritage significance (see note on ‘no adverse impact’):
- Minor rearrangement and fit out of non-significant staff offices and facilities and customer spaces;
 - Repairs to non-significant lifts including lift cabins and shafts;
 - Removal of later intrusive elements and accretions (such as redundant services, fixings, signage, and systems) and making good heritage fabric (advice should be sought from an appropriately qualified and experienced heritage consultant);
 - Installation of essential services that require limited cables, conduits and ducting;
 - Decommissioning of heritage buildings such as signal boxes without removal of equipment or changes to building fabric;
 - Site set-up works, stock piling, temporary hoarding and temporary amenities; and
 - Minor works consistent with recommendations set out in a current Conservation Management Plan.
- Note:** New cables, conduits and ducting to be fixed

with non-ferrous fixings and to mortar joints only (or reuse existing fixing points) and discreet in colour and location. Works are to be undertaken with the principle of reversibility and minimal intervention.

21. The following overhead booking office and footbridge work where there is no adverse impact on heritage significance (see note on 'no adverse impact'):
- Attachment of cabling, conduits and troughing to steel bridge structure;
 - Painting using existing or historically appropriate colour scheme;
 - Steel patch repairs to steel bridge structure;
 - Concrete repairs to stair treads, risers and stringers;
 - Minor raising of stair handrail and balustrade in same location and design; and
 - Installation, repair, renewal or removal of non-significant deck surface.

Note: Works do not include the removal of timber decking.

22. The following depot and substation work where there is no adverse impact on heritage significance (see note on 'no adverse impact'):
- Electrical upgrade to substations (replacements of electrical cabinets, transformers and minor wall penetrations to connect electrical cables to/ from adjacent transformers and overhead wiring infrastructures);
 - Installation, repair, renewal or removal of internal substation ventilation and communication systems;
 - Installation, repair, renewal or removal of security fencing and systems;
 - Blast wall construction in functioning substation transformer yards;
 - Installation, relocation, dismantling and removal of modern prefabricated office/storage/informal depot facilities where no removal of significant fabric or excavation is required; and
 - Minor re-arranging and upgrades to non-significant car parking and staff facilities.

Note: Works do not include permanent alteration to external building facades (such as installation of window louvres or roofing ventilation systems) or permanent alteration to original internal layout.

Modification or addition to the existing standard exemptions under the NSW *Heritage Act 1977*:

23. Standard Exemption 3: Painting

- Painting does not require approval under subsection 57 (1) of the Heritage Act or notification to the Director-General under Standard Exemption 3 if the painting:
 - Employs the same colour scheme and paint type as an earlier scheme or is painted in accordance with Engineering Standard ESB 010 Heritage Paint Schemes or other rail heritage colour schemes approved by the Heritage Council of NSW or its Delegate.

Note: Where painting proposes to remove earlier significant paint layers, an analysis of earlier

paint schemes is to be completed first and guided by the assessment and advice of a qualified and experienced heritage officer or consultant to ensure that any adverse impact on heritage significance is avoided (see note on 'no adverse impact').

24. Standard Exemption 12: Landscape Maintenance

- Landscape maintenance which is of the type described below does not require approval under subsection 57 (1) of the Act or notification to the Director-General under Standard Exemption 12:
 - Pruning (to control size, improve shape, flowering or fruiting and the removal of diseased, dead or dangerous material), not exceeding 30% of the canopy of a tree within a period of 2 years.
 - Relocation, alteration, renewal or removal of existing garden beds and pots, where there is no adverse impact on heritage significance (see note on 'no adverse impact').
 - Non-significant tree replacement or removal on safety grounds where there is no adverse impact on heritage significance (see note on 'no adverse impact').

25. Standard Exemption 13: Signage

- The relocation, alteration, renewal or removal of signage does not require approval under subsection 57 (1) of the Act or notification to the Director-General under Standard Exemption 13, if the signage is for the purposes of safety, staff or customer services or to assist in the interpretation of the heritage significance of the item.

Note: Signage of the kind described above must:

- Not conceal or involve the removal of signage which has an integral relationship with the heritage significance of the item;
- Be located and be of a suitable size so as not to obscure or damage significant fabric of the item;
- Have no adverse impact on the heritage significance of the item (see note on 'no adverse impact');
- Be able to be later removed without causing damage to the significant fabric of the item; and
- When installed, reuse existing fixing points or insert fixings within existing joints, where possible, without damage to adjacent masonry.

26. Standard Exemption 17: Movable Heritage Items

- The temporary relocation of movable heritage items, including contents, fixtures and objects, to ensure their security, maintenance and preservation, for conservation or exhibition, to ensure health or safety, the need for a controlled environment for those heritage items, or to protect the place, and which are to be returned to their present location within twelve months, does not require approval under subsection 57 (1) of the Act.

Note: Items to be relocated are to be adequately photographed in situ, tagged and recorded in

the s170 Heritage and Conservation Register prior to removal. The location where the item will be moved to should also be recorded in s170 Register.

Note on 'No Adverse Impact':

When the significance of a heritage item may be impacted by the use of agency-specific exemptions, work is to be guided by the assessment and advice of a qualified and experienced heritage officer or consultant to ensure that any adverse impact on heritage significance is avoided.
