NATIONAL PARKS AND WILDLIFE ACT 1974

Declaration of an Aboriginal Place Pursuant to Section 84

Euroka Clearing ‘Nye Gnorang’ Aboriginal Place
Blue Mountains National Park, Glenbrook

Pursuant to section 84 of the *National Parks and Wildlife Act 1974*, I, the Minister for the Environment, being of the opinion that the place known as Euroka Clearing ‘Nye Gnorang’ is, and was, of special significance to Aboriginal culture, declare the lands described in Schedule “A” as an Aboriginal Place.

Euroka Clearing ‘Nye Gnorang’, within the Blue Mountains National Park, has always been significant to the Darug people because of their continued connection to the area. They have visited the area in the National Park for many years for cultural ceremonies and to pass on their cultural knowledge to their younger generations. They have collected ochre, rejuvenated their sites, held their smoking ceremonies for mourning and healing, and naming ceremonies for children and adults.

In Euroka Clearing, on Appletree Flat, the Darug community and family members have for many years carved burial trees that represent their connection to their past. Carved trees have complex patterns cut into the tree, where a piece of bark is removed and the underlying wood is carved. When a carved tree is found next to a grave, it is usually a sign of family ties or the totem of the deceased person.

There are numerous hearths across the area, and there are also numerous mudstone and silcrete artefacts visible on the surface, which show occupation by the Darug people for thousands of years. Euroka Clearing ‘Nye Gnorang’ is also culturally connected to nearby Red Hands Cave, which local Darug people visit regularly.

Euroka Clearing ‘Nye Gnorang’ is a special place where the Darug people come to connect back to their people and their land, and it provides them the ability to protect and manage their cultural heritage, including their traditional practices.

Signed at Sydney this 10th day of September 2015

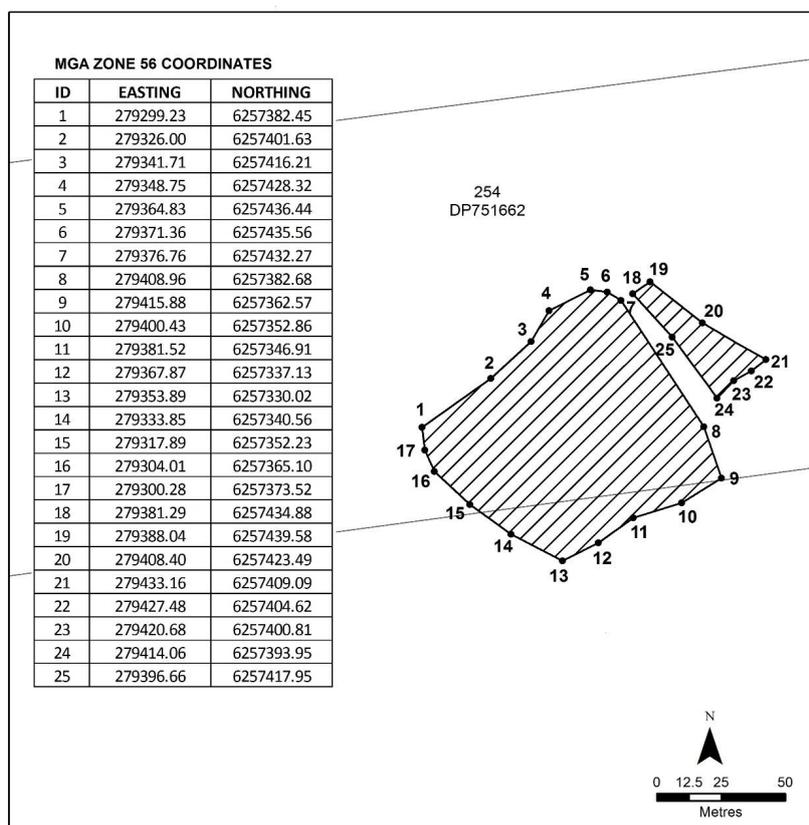

MARK SPEAKMAN SC, MP
Minister for the Environment

MINING ACT 1992

MINING NOTICE

Coal Allocation – Public Exposure Test

Glendell Tenements Pty Limited has sought consent from the Minister for Industry, Resources and Energy under section 13 (3) of the *Mining Act 1992* to apply for an exploration licence for Group 9 minerals (coal) over an area of 186 hectares, from the surface to 15 metres below the Bayswater Seam, as shown in the diagram below. The area is located approximately 15 kilometres north northwest of Singleton, overlying Coal Lease 382 and wholly within and underlying Mining Purposes Lease 343. An exploration licence is being sought that could allow the application area to be developed into an open cut mine as part of the larger existing operation, Mt Owen Colliery.

A direct allocation for this area is being considered as it has been assessed to be a minor addition to an existing mine.

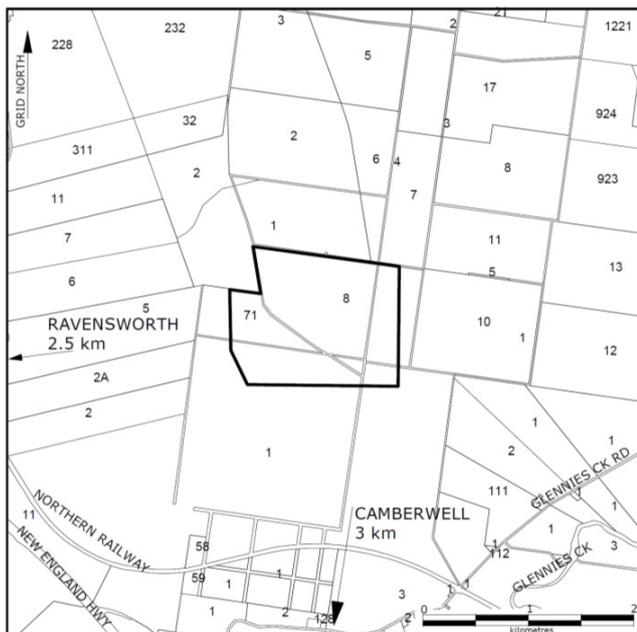

NSW Department of Industry has estimated the proposed area contains less than 20 million tonnes of in-situ coal and that it does not form part of a larger unallocated resource.

Any party that may have a legitimate interest in exploring the coal resources within this area may make a submission to the Minister. Submissions must be lodged within two weeks of

the publication of this notice and provide legitimate reasons in support of the interest being claimed. Submissions must be addressed to:

The Team Leader Coal & Petroleum Titles
NSW Department of Industry – Division of Resources
& Energy
PO Box 344
Hunter Region MC NSW 2310

Any submissions received by the required date will be considered by the Minister in deciding whether to consent to an application for an exploration licence being lodged by **Glendell Tenements Pty Limited**.
