

Government Gazette

of the State of

New South Wales

Number 23

Friday, 8 March 2019

The New South Wales Government Gazette is the permanent public record of official NSW Government notices. It also contains local council, private and other notices.

From 1 January 2019, each notice in the Government Gazette has a unique identifier that appears in round brackets at the end of the notice and that can be used as a reference for that notice (for example, (n2019-14)).

The Gazette is compiled by the Parliamentary Counsel's Office and published on the NSW legislation website (www.legislation.nsw.gov.au) under the authority of the NSW Government. The website contains a permanent archive of past Gazettes.

5. Control Zone

- (1) Pursuant to sections 62(1)(a) and 67 of the Act, the control zone to which control

Government Notices

measures are required to be implemented under this Control Order is Lord Howe Island.

- (2) The control zone is called the ***Rodent Control Zone***.

6. Control measures - registration

- (1) Pursuant to sections 62(1)(b) and 68 of the Act, persons to whom the control measures apply, must, by 22 March 2019, either:
- (a) register for the Lord Howe Island Board training in safe bait handling and bait station loading and replenishment; or
 - (b) register their permission with the Lord Howe Island Board for authorised officers to enter their premises (including any part of their premises used only for residential purposes), in order to undertake rodent control and eradication, and monitor for the presence of rodents.

(2) The persons or class of persons to whom the control measures apply

The control measures in clause 6(1) of this Control Order apply to all occupiers of premises in the Rodent Control Zone.

7. Control measures - rodent treatment

- (1) Pursuant to sections 62(1)(b) and 68 of the Act, persons to whom the control measures apply, must:
- (a) before 15 April 2019, undertake the Lord Howe Island Board training in bait station loading and replenishment;
 - (b) within 1 week of completion of the Lord Howe Island Board training in bait station loading and replenishment, clean up and remove all (human-made) rodent food sources from the premises they occupy that are capable of being accessed by rodents, including compost and manufactured pet, chicken and livestock food;
 - (c) within 1 week of completion of the Lord Howe Island Board training in bait station loading and replenishment, install bait stations by placing bait stations along gridlines approximately 10 metres apart, running approximately north to south, at approximately 10 metre intervals, throughout the premises (including inside and under dwellings and in accessible roof spaces). Bait stations are to be loaded with Pestoff 20R bait pellets or blocks or other pesticide appropriate for rodent control and approved by an authorised officer in writing. All pesticides must be used in accordance with APVMA label directions and permit conditions;
 - (d) within 1 week of completion of the Lord Howe Island Board training in bait station loading and replenishment, and at the direction of an authorised officer, install monitoring devices, including tracka tunnels, chew cards and chew blocks (including inside and under dwellings and in accessible roof spaces) as provided at, and in accordance with instructions provided at, the Lord Howe Island Board training in safe bait handling and bait station loading and replenishment;
 - (e) make and keep digital records demonstrating the installation of bait stations and monitoring device at all locations within the premises. Such records are to be provided to authorised officers at the Lord Howe Island Board and in accordance with instructions provided at, the Lord Howe Island Board training in safe bait handling and bait station loading and replenishment, within 24 hours of installation, and on request;
 - (f) check bait uptake by rodents, and replenish the bait in bait stations (including inside and under dwellings and in accessible roof spaces) at the following frequency:
 - (i) every third day, within the first week after initial loading,
 - (ii) after the first week after initial loading has expired, every week until no bait has been observed as taken for 6 consecutive weeks,
 - (iii) after no bait has been observed as taken for 6 consecutive weeks, every 14

Government Notices

days for a 3 month period. If there is bait uptake or any other sign of rodents noticed during this 3 month period, checking and replenishment of bait in bait stations must occur at frequencies referred to in clauses 7(f)(i) and 7(f)(ii) of this Control Order.

- (g) make and keep digital records demonstrating the checking and replenishing bait in the bait stations in accordance with the frequencies described in clause 7(f) of this Control Order. Such records are to be provided to authorised officers at the Lord Howe Island Board and in accordance with instructions provided at, the Lord Howe Island Board training in safe bait handling and bait station loading and replenishment, within 24 hours of checking and replenishing bait, and on request;
- (h) make monitoring devices available to authorised officers for inspection, on request;
- (i) undertake reactive treatment, through distribution of Pestoff 20R bait pellets (or other approved pesticide) in bait stations, as directed by an authorised officer.

(2) The persons or class of persons to whom the control measures apply

The control measures in clause 7(1) of this Control Order apply to:

- (a) all occupiers of premises in the Rodent Control Zone that elected to register for the Lord Howe Island Board training in safe bait handling and bait station loading and replenishment, in accordance with clause 6(1)(a) of this Control Order; and
- (b) any occupier of premises in the Rodent Control Zone that withdraws their permission with the Lord Howe Island Board for authorised officers to enter their premises (including any part of their premises used only for residential purposes), in order to undertake rodent control and eradication, and monitor for the presence of rodents, given in accordance with clause 6(1)(b) of this Control Order; and
- (c) any occupier of premises in the Rodent Control Zone that does not comply with clause 6 of this Control Order.

8. Control measures - owners

(1) Pursuant to sections 62(1)(b) and 68 of the Act, persons to whom the control measures apply, must:

- (a) provide notice of this Control Order to any occupiers of their premises, that commence occupation after 28 February 2019

ALTERATION OF PURPOSE/CONDITIONS OF A WESTERN LANDS LEASE

It is hereby notified that in pursuance of the provisions of Schedule 3, Clause 17 (6) of the *Crown Land Management Act 2016*, the purpose and conditions of the undermentioned Western Lands Lease have been altered as shown.

The Hon Paul Toole, MP
Minister for Lands and Forestry

Administrative District – Balranald

Shire – Balranald, County – Waljeers

The purpose of Western Lands Lease 8305, being the land contained within Folio Identifier 3865/766308 has been altered from “Grazing” to “Grazing & Cultivation (Irrigated)” effective from 27 February 2019.

As a consequence of the alteration of purpose/conditions rent will be assessed annually in line with the *Crown Land Management Act 2016* and Regulations.

The conditions have been altered by the inclusion of the special conditions following.

SPECIAL CONDITIONS ATTACHED TO WESTERN LANDS LEASE 8305

1. The lessee is authorised to cultivate (Irrigate) an area of 316 hectares as shown cross-hatched on the diagram below.
2. The lease shall only be used for the purpose of Grazing & Cultivation (Irrigated)
3. Sandhill's and other soils with a surface texture of loamy sand or coarser shall be left uncultivated unless specifically approved by the Department.
4. Texture contrast (or duplex) soils are soil types which have a sandy to loamy topsoil abruptly overlying a clay subsoil and are prone to scalding (producing claypans and hummocks). Land within 60 metres of any texture contrast or duplex soil area shall not be cultivated except in accordance with a plan approved by the Department.
5. Areas with a slope greater than 2% shall not be cultivated until any soil conservation measures documented in a plan approved by the Department have been implemented at the lessee's expense.
6. Incised drainage lines, other than man-made structures, which carry water after storms shall be left uncultivated in the channels and for a distance of at least 20 metres on either side of the banks of the channels except when the Department specifies otherwise.
7. The lessee shall ensure a monitoring regime of piezometers is established, in consultation with a suitably qualified engineer, to detect water logging of soils, rising salt levels in soils and/or rising groundwater levels.
8. The lessee shall undertake any appropriate measures at his/her own expense, ordered by the Department to provide rehabilitate and degraded cultivated areas.
9. The lessee shall establish windbreaks at his/her own expense as may be ordered by the Department to provide adequate protection of the soil.
10. The lessee shall ensure cultivation and cropping do not alter the natural flood regime. Crops are not to be protected by levees.
11. The lessee shall ensure no tail water or drainage water run-off will escape onto adjoining lands.

FLUORIDATION OF PUBLIC WATER SUPPLIES ACT 1957

Approval to Add Fluorine to a Public Water Supply (Sydney Desalination Plant Pty Ltd – Sydney Desalination Plant water supply)

I, Dr Kerry Chant, **Chief Health Officer**, NSW Ministry of Health, duly appointed delegate of the Secretary of the NSW Ministry of Health, pursuant to section 6 of the *Fluoridation of Public Water Supplies Act 1957*, do hereby approve Sydney Desalination Plant Pty Ltd, a water supply authority, to add fluorine to the water supply under its management and control supplied from the Sydney Desalination Plant (in this direction referred to as the “Sydney Desalination Plant water supply”).

This approval is subject to the following terms and conditions:

1. Sydney Desalination Plant Pty Ltd may only add fluorine to the Sydney Desalination Plant water supply in accordance with any provisions, directions or approvals made under the *Fluoridation of Public Water Supplies Act 1957*, the *NSW Code of Practice for the Fluoridation of Public Water Supplies* made under that Act as amended from time to time, and the *Fluoridation of Public Water Supplies Regulation 2017* or any subsequent Regulation made in its place
2. Sydney Desalination Plant Pty Ltd shall maintain the content of fluorine in the Sydney Desalination Plant water supply at a target concentration level of 1.0 mg/L (ppm) with an overall accuracy of +/- 5% and within an operating range of not more than 1.5 mg/L and not less than 0.9 mg/L and generally in accordance with the relevant provisions of the *NSW Code of Practice for the Fluoridation of Public Water Supplies*.
3. Sydney Desalination Plant Pty Ltd is prohibited from adding to the Sydney Desalination Plant water supply fluorine in a form other than hydrofluosilicic acid.
4. Sydney Desalination Plant Pty Ltd shall comply with the Conditions of Operation of the Sydney Desalination Plant fluoridation system, notified by Secretary of the NSW Ministry of Health in writing, as amended from time to time.

Signed this 7th day of March 2019.

GEOGRAPHICAL NAMES ACT 1966

Notice of Proposal to Amend Locality Boundaries
in the Warrumbungle and Dubbo Regional Local Government Areas

PURSUANT to the provisions of section 8 of the *Geographical Names Act 1966*, the Geographical Names Board hereby notifies that it proposes to amend the locality boundaries between Dunedoo, Goonoo Forest and Elong Elong to create the locality of Cobbora in the Warrumbungle Shire and Dubbo Regional Local Government Areas as shown on map GNB5396-2-B.

The Board is also proposing to amend the localities of Tambar Springs, Purlawaugh and Box Ridge to encompass the locality of Bomera in the Warrumbungle Local Government Area as shown on map GNB5396-2-B.

Bomera will be retained in the Geographical Names Register as ‘Rural Place’.

Copies of map GNB5396-2-B showing the proposed locality boundary amendments will be on display at:

- Warrumbungle Shire Council Offices located at 20-22 John Street, Coonabarabran and 59 Binnia Street, Coolah. You can also contact Council for additional locations.
