It is widely recognised as the oldest dated example of rock art in the Greater Blue Mountains World Heritage Area (GBMWhA).

Background

- A. The *Pesticides Regulation 2017* (Regulation) and pesticide control orders made under s 38 of the *Pesticides Act 1999* (Act), place training requirements on occupational pesticide users, specify training requirements needed to obtain licences for prescribed pesticide work and specify training requirements for persons using certain high risk vertebrate bait products.
- B. The COVID-19 pandemic is a public health emergency which has the potential to significantly impact the ability for those persons to access training courses to comply with the requisite training requirements under the Act and Regulation.
- C. Complying with the *Public Health (COVID-19 Restrictions on Gathering and Movement) Order 2020* and current advice from NSW Health in relation to social distancing is likely to prevent training facilities operating the necessary training courses for those persons.
- D. The Authority seeks to provide temporary relief from specific training requirements, in specific circumstances, while the COVID-19 pandemic is being managed.
- E. The Authority is satisfied that the current COVID-19 pandemic is an emergency, and therefore that it may grant an exemption under s 115 of the Act.

Exemption

By this Order, the Authority, in circumstances of an emergency, being the COVID-19 pandemic in New South Wales, grants the following classes of persons an exemption from specific provisions of the Act and the Regulation as specified below.

Terms used in this order have the same meaning as they have in the Act, the Regulation, or where they are used in this order in relation to a pesticide control order made under section 38 of the Act, the same meaning as they have in that pesticide control order.

Classes of persons to which this exemption applies

1. The classes of persons to which this exemption applies are persons who:
 - a. obtained a trainee permit for fumigation or pest management technician work from the Authority on or after 1 March 2020;
 - b. hold a recognised qualification that was issued on or after 1 March 2015 which qualified the person to use a pesticide under clause 31(1)(b) of the Regulation;
 - c. fall, as at 1 March 2020, within the definition of an Authorised Control Officer under the *Pesticide Control (1080 Bait Products) Order 2019*, *Pesticide Control (PAPP) Order 2016*, *Pesticide Control (Pindone Products) Order 2010* or *Pesticide Control (Rabbit Haemorrhagic Disease Virus) Order 2017*;
 - d. are authorised, as at 1 March 2020, to use a restricted chemical product to control vertebrates under a pesticide control order;
 - e. are unqualified persons using pesticides in connection with agricultural or forestry operations in accordance with clause 32(2)(e) of the Regulation;
 - f. unqualified persons required to use restricted chemical products to control vertebrates and who are unable to complete the Vertebrate Pesticide training course delivered by the Local Land Services by any mode that training is delivered.

Provisions the subject of this exemption

2. The EPA hereby exempts:
 - a. the class of persons described in paragraph 1(a) of this Order from clause 13(1)(b) of the Regulation;
 - b. the class of persons described in paragraph 1(b) of this Order from clause 31(1)(b) of the Regulation;
 - c. the class of persons described in paragraph 1(c) of this Order from section 39(4) of the Act in so far as a pesticide control order requires those persons to maintain the currency of their Australian Qualifications Framework level 3 Chemical Accreditation by completing refresher training every 5 years and to hold a current certificate of completion or statement of attainment for completion of the Vertebrate Pesticide accreditation course;
 - d. the class of persons described in paragraph 1(d) of this Order from section 39(4) of the Act in so far as a pesticide control order requires those persons to maintain the currency of their Australian

Qualifications Framework level 3 Chemical Accreditation or Vertebrate Pesticide training course delivered by Local Land Services;

- e. the class of persons described in paragraph 1(e) of this Order from clause 32(2)(e)(ii) of the Regulation;
- f. the class of persons described in paragraph 1(f) of this Order from section 39(4) of the Act in so far as a pesticide control order requires those persons to complete the Vertebrate Pesticide training course delivered by the Local Land Services.

Conditions of this exemption

- 3. The exemption in paragraph 2(f) of this Order is subject to the condition that the person uses the restricted chemical product under the direct supervision of a person qualified to use that restricted chemical product under the relevant pesticide control order.

Time Exemption is in force

- 4. This Order takes effect immediately upon the signing of this Order and has effect until 21 October 2020. The Order may be varied, revoked or renewed by further order made and published in accordance with s 115 of the Act.
