Following the granting of the lease areas, an inspection by a Fisheries Office will be completed and a Notice to Comply may be issued for the removal of any improvements. Any unauthorised structures present on the area will require removal by the successful tenderer(s) or authorisation by the relevant authority.

For any proposed leases in Port Stephens, the successful tenderer(s) will be required to apply for a Marine Parks Work Permit from Port Stephens-Great Lakes Marine Park, to undertake lease establishment work, in accordance with the Marine Estate Management (Management Rules) Regulation 1999.

The marine areas known as AL21/029, AL21/030 and AL21/031 require Landowner's Consent from Crown Lands and State Significant Development consent from Department of Planning, Industry and Environment as well as a NSW DPI Aquaculture Lease and Permit to authorise aquaculture.

Any lease granted, as a result of the tender, will be subject to standard covenants and conditions of an aquaculture lease and aquaculture permit as prescribed under the *Fisheries Management Act 1994*, including payment of prescribed annual fees and charges. Special conditions may also be applied to the marine leases if granted. Lease rent is charged annually, currently at \$60 per hectare (excl. GST), which is subject to an annual Consumer Price Index adjustment. Tenure of a lease will be up to 15 years.
