

Government Gazette

of the State of

New South Wales

Number 467–Other
Friday, 7 October 2022

The New South Wales Government Gazette is the permanent public record of official NSW Government notices. It also contains local council, non-government and other notices.

Each notice in the Government Gazette has a unique reference number that appears in parentheses at the end of the notice and can be used as a reference for that notice (for example, (n2019-14)).

The Gazette is compiled by the Parliamentary Counsel's Office and published on the NSW legislation website (www.legislation.nsw.gov.au) under the authority of the NSW Government. The website contains a permanent archive of past Gazettes.

To submit a notice for gazettal, see the Gazette page.

I, Andrew Gavrielatos, Acting Commissioner for Fair Trading, Department of Customer Service:

1. Revoke all previous Instruments in so far as they deal with the same matters as this Instrument; and
2. Determine, pursuant to section s20(2) and s25(2) of the Act, the possession of the qualifications and the passing of the examinations specified in Column 1 and 2 of both Table 1 and 2 or the possession of the qualifications and the passing of the examinations specified in Table 3 to be necessary to enable an applicant for a Certificate to do, or to supervise, the Disconnection and Reconnection of Fixed Electrical Equipment as specified in Schedule 1 of this Instrument.

This Instrument commences on the date on which it is signed.

Andrew Gavrielatos
Acting Commissioner for Fair Trading
Acting Better Regulation Division Deputy Secretary
Department of Customer Service

Date: 06/10/22

EXPLANATORY NOTES

The Commissioner for Fair Trading, Department of Customer Service is at the date of this Instrument the “Secretary” under the Home Building Act 1989 (NSW) and the Home Building Regulation 2014 (NSW). See paragraph (a) of the definition of “Secretary” in clause 1(1) of Schedule 1 to the Home Building Act 1989 (NSW).

INTERPRETATION

In this Instrument:

“**the Act**” means the Home Building Act 1989 (NSW);

“**Australian Recognised Trade Certificate**” means a tradesperson’s certificate within the meaning of section 25 of the former Tradespersons’ Rights Regulation Act 1946 (Cth), issued by Trades Recognition Australia for a trade identified in that Act recognising that the holder possesses qualifications equivalent to a completed Australian apprenticeship;

“**Certificate**” means a qualified supervisor certificate in respect of the Disconnection and Reconnection of Fixed Electrical Equipment;

“**Certificate of Completion**” means a certificate issued by the Queensland Department of Education, Training and Employment recognising that the holder has completed an apprenticeship or traineeship and has been awarded a relevant qualification by a Registered Training Organisation;

“**Certificate of Proficiency**” means a certificate issued by either (a) the NSW Commissioner for Vocational Training or (b) the former Vocational Training Review Panel of New South Wales recognising that the holder has gained industry experience and has been awarded a relevant qualification by a Registered Training Organisation;

“**Certificate of Recognition**” means a certificate issued by the South Australian Training and Skills Commission to a person who has not completed an apprenticeship but developed the skills and knowledge for a trade (either in Australia or overseas) through employment and training in a trade related occupation or an occupation that allowed the applicant to develop trade related skills;

“**Commencement Date**” means the date on which this Instrument is signed by the Commissioner for Fair Trading;

“**Craft Certificate**” means a certificate issued by either (a) the NSW Commissioner for Vocational Training or (b) the former Vocational Training Review Panel of New South Wales recognising that the holder has gained the necessary industry experience but has not been awarded a relevant qualification by a Registered Training Organisation;

“**Disconnection and Reconnection of Fixed Electrical Equipment**” means the category of specialist work prescribed by clause 14(c) of the Home Building Regulation 2014 (NSW) only and specifically excludes any work covered by clauses 14(b) and 14(i) of the Regulation and includes the extended definition provided in Schedule 1 of this instrument;

“**Electrical Installation**” has the same meaning as in the Gas and Electricity (Consumer Safety) Act 2017 (NSW);

“**Licence**” means an endorsed contractor licence issued to an individual in respect of the Disconnection and Reconnection of Fixed Electrical Equipment;

“**Qualification**” means a qualification issued to the applicant under an Australian training package qualification framework (AQF);

“**Registered Training Organisation**” has the same meaning as in the National Vocational Education and Training Regulator Act 2011 (Cth);

“**Relevant Application Form**” means the relevant application form for the Licence or Certificate that is being applied for, which is published on the NSW Fair Trading website, including the required attachments to that form. (Note – Applications are to be made in accordance with section 12 of the Licensing and Registration (Uniform Procedures) Act 2002);

“**the Regulation**” means the Home Building Regulation 2014 (NSW);

“**Work**” and “**work to be performed as detailed in the Relevant Application Form**” means work lawfully performed by the person and does not include the work of disconnecting and reconnecting fixed electrical equipment;

SCHEDULE 1

Extended description of disconnection and reconnection of fixed electrical equipment

Disconnection and reconnection work is limited to:

- disconnection and reconnection of electrical wiring at the equipment itself and only to the extent necessary to permit the non-electrical work to be performed on the equipment
- replacement of equipment on a “like for like” basis
- testing necessary for the safe isolation of the equipment to be disconnected and reconnected
- testing necessary for the safe operation of the equipment
- replacement of ‘blown’ fuses and resetting of ‘tripped’ circuit breakers
- equipment operation at voltages up to 1000V alternating current three phase and 1500V direct current.

Disconnection and reconnection work **does not include** work:

- that is otherwise defined by the Regulation to be the associated electrical work under the categories of Air Conditioning and Refrigeration
- on Electrical Installations or the alteration of fixed wiring
- where high fault currents are possible
- on complex electrical apparatus and circuits
- associated with fixed wiring other than disconnecting and reconnecting electrical equipment - this exclusion includes locating and rectifying faults of circuits at a switchboard or to general electrical accessories (including switches, socket outlets, circuit protective devices); or installation of or alteration to any part of the Electrical Installation or fixed wiring system (defined as electrical wiring work)
- on fixed wired smoke detectors
- on electric hot water systems except when carried by the holder of a plumbing (or water plumbing) endorsed contractor licence or qualified supervisor certificate
- on luminaires including pre-assembled neon signs
- installing lifts, inclinators and turntables, and
- in hazardous areas or on electrical equipment that is part of an explosion- protection technique.

Home Building Act 1989 (NSW)

Qualification requirements for an endorsed contractor licence or supervisor certificate for Air-conditioning Work and Refrigeration Work

I, Andrew Gavrielatos, Acting Commissioner for Fair Trading, Department of Customer Service:

1. Revoke all previous Instruments in so far as they deal with the same matters as this Instrument; and
2. Determine, pursuant to sections 20(2) and 25(2) of the Act the possession of qualifications or the passing of examinations, or both, specified in Column 1 and Column 2 of Table 1 or the possession of qualifications or the passing of examinations, or both, specified in Table 2 of this Instrument to be necessary for an applicant for the issue of an endorsed contractor licence or supervisor certificate for Air-conditioning Work or Refrigeration Work.
