**CHARITABLE TRUSTS ACT 1993**  
**NOTICE UNDER SECTION 15**  
**CY PRES SCHEME RELATING TO THE**  
**JOSH WOOLFSON SCHOLARSHIP**

Section 12(1)(a) of the *Charitable Trusts Act 1993* (**the Act**) permits the Attorney General to establish a cy pres scheme to alter the original purpose of a charitable trust. Section 9(1) permits the application of trust property cy pres where the spirit of the original trust can no longer be implemented.

The Josh Woolfson Scholarship (**the Scholarship**) was established by an *inter vivos* gift to the University of Sydney (**the University**) by Mrs B E (Liz) Woolfson (**Mrs Woolfson**) in 2012 to endow in perpetuity one or more named undergraduate scholarships for students undertaking their final year of study in the Sydney Medical School. As at 25 September 2022, the Scholarship was valued at \$211,831.00.

Under the terms of the gift, the Scholarship was to be awarded to undergraduate students in financial hardship in their final year of study in the Sydney Medical School. The Sydney Medical School has existed since 1856 and forms part of the Faculty of Medicine and Health at the University. In 2014, the University replaced the undergraduate Bachelor of Medicine and Bachelor of Surgery (**MBBS**) with a postgraduate degree of Doctor of Medicine. The last cohort of MBBS was in 2013. As the undergraduate MBBS is no longer offered at the University, the original terms of the trust have become impossible to fulfil.

The University holds the gift from Ms Woolfson on an express trust for the purpose of awarding a scholarship. Trusts for the establishment and award of scholarships for students at educational institutions or for study in a recognised field, such as medicine, are charitable as they fall within the charitable head of advancement of education.

As the University now offers medicine at a postgraduate level, a cy pres scheme is required to remove the requirement that a candidate or candidates must be an *undergraduate* student undertaking their final year of study in the Sydney Medical School. The proposed scheme would instead require that the candidate or candidates be undertaking their final year of study in the Sydney Medical School. The condition that the Scholarship would be awarded to a candidate or candidates in financial hardship would continue.

As the gift was expressly made for the benefit of medical students in their final year of study at the University who are in financial hardship, and noting it appears Ms Woolfson intended that the gift be for the benefit of medical students at the University, rather than any other University, the proposed new trust purpose is sufficiently close to the original purpose of the trust.

In these circumstances, the Solicitor General, as the Attorney General's delegate, has approved the establishment of a cy pres scheme to alter the original purposes of the

charitable trust so as to enable the Scholarship to be awarded to students in financial hardship in their final year of study at the Sydney Medical School.

Take note that within one month after the publication of this notice any person may make representations or suggestions to the Attorney General in respect of the proposed scheme.
