This **rebate** is not means tested and depends on the type of machine in use, and in some cases, the frequency of such use.
- A3.4 The Medical Energy Rebate is designed to provide assistance where an **eligible customer** or a person who lives at the same address as the **eligible customer** has an inability to self-regulate body temperature and the **eligible customer** holds one of the required concession cards. A4. Retailer obligations – all rebates and EAPA

- A4.1 A **retailer** must:

 - A4.1.2 include information on the availability of **social programs for energy** in all bills issued to **residential customers**, and **on-supply customers**
 - A4.1.3 include information relating to the availability of **social programs for energy** on its website;

- A4.1.6 publish links on its website in community languages to the relevant part of the **Department's website** which provides the following information in the relevant community language:
 - (a) the types and monetary values of **rebates** that are available for customers in NSW who are supplied **energy**;
 - (b) the eligibility criteria that applies to each type of **rebate**; and
 - (c) how an **eligible customer** can apply for or receive each **rebate**.

Note: Not all residential community, retirement village or strata scheme residents are on-supplied **energy**. Some residential community, retirement village and strata scheme residents are supplied **energy** directly by a **retailer** through a **market retail contract** or **standard retail contract** and are considered eligible for all **rebates** subject to meeting all eligibility criteria outlined in Parts B, C, D and F. **Retailers** must meet the obligations outlined in the **Code** for these customers.

A4.2 **Retailers** may promote the **social programs for energy** together with their own products as part of their overall marketing strategy but must, at all times, comply with clause A4.1.

A4.3 **White label partnerships**

A4.3.1 **Retailers** must ensure all requirements under this **Code** and the *National Energy Retail Law (NSW)* are met when engaging in a **white label partnership**.

A.4.3.2 **Retailers** engaging in a **white label partnership** must:

- (a) inform the **Department** of the arrangement in writing before marketing the partnership to **residential customers** and/or **on-supply customers** and placing **residential customers** and/or **on-supply customers** on contracts, with an assurance that the **retailer** is meeting A4.4.1;
- (b) explicitly inform any customer of the **white label partnership** who their **retailer** is;
- (c) ensure affected customers energy bills:
 - (i) comply with the *National Energy Retail Law (NSW)*;
 - (ii) explicitly identify the **retailer** as the licensed entity to sell energy (e.g. 'powered by' or 'authorised by' after the white label partner's name/logo); and
- (d) provide the **Department** with a template energy bill ahead of launching the **white label partnership**.

A5. General Information – Low Income Household Rebate, NSW Gas Rebate, Life Support Rebate, Medical Energy Rebate and National Energy Bill Relief Payments

A5.1 **Application of this section**

A5.1.1 In this section A5, references to **rebate(s)** applies to the Low Income Household Rebate, NSW Gas Rebate, Life Support Rebate, Medical Energy Rebate and National Energy Bill Relief Payments.

A5.1.2 **Retailers** must have systems in place to enable them to deliver all

rebates in line with the requirements contained in the **Code**.

A5.2 Information to customers

- A5.2.1 An **eligible customer** may receive one or more **rebates** concurrently, or more than one payment under the Life Support Rebate, subject to meeting the eligibility requirements for each **rebate**.
- A5.2.2 Where one or more **rebates** are payable, **retailers** must identify each **rebate** as a separate credit amount on the **eligible customer's** bill.
- A5.2.3 A **retailer** must use the following descriptions (as relevant) for each separate credit amount on the bill:
- A5.2.3.1 "NSW Gvt Household rebate" or "NSW Low Income Household Rebate";
 - A5.2.3.2 "NSW Government Gas Rebate";
 - A5.2.3.3 "NSW Government Life Support Rebate" or "NSW Government Rebate for the [insert specific machine type]";
 - A5.2.3.4 "NSW Medical Energy Rebate";
 - A5.2.3.5 "NSW Family Energy Rebate"; and
 - A5.2.3.6 "NSW-AUS Gov Bill Relief."

A5.3 Verification of new customers with Services Australia (SA)/the Commonwealth Department of Veterans' Affairs (DVA)

- A5.3.1 Where required under the eligibility criteria for each **rebate**, a **retailer** must verify the Pensioner Concession Card, SA Health Care Card or DVA Gold Card status of each new customer with SA before a **rebate** is applied to that customer's bill.
- A5.3.2 Despite clause A5.3.1, if a **retailer** verifies the eligibility of new customers with SA in weekly or monthly batches, rather than using a single enquiry to verify a customer individually, reasonable attempts must be made by that **retailer** to ensure eligibility is verified before the **rebate** is applied to a **customer's** bill.

Note: To avoid errors in entering the Pensioner Concession Card, SA Health Care Card or DVA Gold Card number in the system, **retailers** are encouraged to use the SA algorithm which verifies whether the SA customer reference number/DVA file number is genuine and prevents the system accepting incorrect numbers. To gain access to the SA algorithm, **retailers** must apply directly to SA.

A5.4 Notifying ineligible customers

- A5.4.1 A **retailer** must notify a customer who applies for a **rebate**, but is found to be ineligible to receive the **rebate** applied for, of their ineligibility as soon as practicable.
- A5.4.2 The notification given by the **retailer** must include the reason(s) for declining the application.

A5.5 Date of commencement

- A5.5.1 Once an **eligible customer** is assessed as eligible to receive a **rebate**, the **retailer** must pay the **rebate** from the date on which the application was made by the **eligible customer**.
- A5.5.2 Subject to clause A5.6, **rebates** must not be back-dated prior to the date on which an **eligible customer's** application is made.
- A5.5.3 Where an **eligible customer** is determined to be eligible to receive the relevant **rebate** but is subsequently supplied by a new **retailer**, the date the **eligible customer's** supply commences with the new **retailer** will be the date from which the new **retailer** is responsible for applying the

rebate. This will ensure that the **rebate** is continuously paid to the **eligible customer** during the transfer from one **retailer** to another.

A5.6 Ensuring eligible customers continue to receive the Rebate

A5.6.1 **Retailers** must ensure that **eligible customers** continue to receive the **rebate** without interruption (provided there is no change to their circumstances that would render the customer ineligible) in the following circumstances:

- (a) after changing contracts;
- (b) after changing **retailer**;
- (c) after moving residence; or
- (d) during the annual verification process.

A5.7 Retailer error and rebates to eligible customers

A5.7.1 If an action or inaction by a **retailer** results in **rebate** payments not being commenced correctly, or such payments being interrupted incorrectly, including for any of the reasons listed in A5.6, the **retailer** must reimburse the **eligible customer** for any amounts they would have otherwise been entitled to receive calculated from the date of the action or inaction by the **retailer**.

A5.7.2 For clarity, a **retailer** is permitted to calculate any reimbursement in these circumstances for any period determined in accordance with clause A5.7.1 without prior agreement of the **Department**.

A5.7.3 If a **retailer** makes a **payment error**, the **retailer** must reimburse the **Department** for any amounts the customer was paid but was not entitled to receive and any **administration fee** that the **retailer** received for administering the **rebate**.

A5.7.4 Without limiting clause A5.7.3 and subject to clause A5.7.5, a retailer must bear the cost of any payment error and must not seek to recover such costs from a customer, including by reversing a credit applied to a customer's bill as a result of the payment error.

A5.7.5 A **retailer** can reverse any credit applied to a customer's bill as a result of a **payment error** within 30 calendar days after a bill showing the **payment error** has been issued to the customer. To avoid doubt, from the date that is 30 calendar days after a bill showing a payment error has been issued to a customer, clause 5.7.4 will apply in relation to that **payment error**.

A5.8 Arrangements for retailer payment

A5.8.1 A **retailer payment** will be provided to **retailers** each month where **retailers** have provided an invoice and **acquittal statement** as required by this **Code** except as provided for in clause A5.8.7.

A5.8.2 The **retailer payment** for **rebates** must include:

- (a) the total value of the **rebates** paid to **eligible customers** during the month; and
- (b) the **administration fee**.

A5.8.3 The **retailer** must record the total value of the **rebates** paid by the **retailer**, the **administration fee** claimed by the **retailer** and the number of **eligible customers** based on the figures contained in the **retailer's** system records.

A5.8.4 Each **retailer** must submit the following documents to the **Department** by the 10th business day of each subsequent month:

- (a) a completed and certified monthly **acquittal statement**; and

- (b) a tax invoice for the **retailer payment** which complies with the invoicing procedures provided by the **Department to retailers** or otherwise published on the **Department's website**; and
 - (c) a completed **supporting documentation template** to substantiate the **retailer's** claims in the tax invoice and **acquittal statement**. The data used to complete the **supporting documentation template** must be sourced from the system records referred to in clause A5.8.3.
- A5.8.5 The **acquittal statement** must be certified and signed by an appropriately responsible person nominated by the **retailer**. Each **retailer** must communicate the name of the nominated person/s to the **Department** for verification purposes.
- A5.8.6 Any changes to the **acquittal statement** and/or **supporting documentation template** will be made by the **Department** only after appropriate consultation with **retailers**.

- (c) submit a valid application form as provided by the **Department** (which will be made available to customers on the **Department's** website), duly signed by a registered medical practitioner (who is not the applicant) to verify that either the customer named on the bill or anyone residing at the residence has an inability to self-regulate body temperature as defined at B4.1.2 below; and
- (d) hold a:
 - (i) Pensioner Concession Card issued by SA/DVA;
 - (ii) SA Health Care Card; or

- (a) Primary qualifying conditions:
 - (i) autonomic system dysfunction (Medical conditions in which the autonomic system has been damaged e.g. severe spinal cord injury, stroke, brain injury and neurodegenerative disorders);
 - (ii) loss of skin integrity or loss of sweating capacity (for example, significant burns greater than 20%, severe inflammatory skin conditions and some rare forms of disordered sweating);

- B4.2.7 In order to ensure continuity of the **rebate** where a customer changes his or her **retailer**, the date the customer's supply commences with the new **retailer** will be deemed to be the date the customer applied for the **rebate**. However, the customer must complete and submit an application to the new **retailer** before the **rebate** can be applied by the new **retailer**.

Note: This may cause some inconvenience to the customer but the **retailer** requires the relevant information in order to ensure ongoing eligibility for the **rebate**.

 - (a) notify the customer as soon as practicable after becoming aware of the error; and

- (a) the number of eligible Pensioner Concession Card holders, the SA Health Care Card and Gold Card holders in each category;

C1.4.4 **Retailers** must display the **rebate** on **eligible customers'** next available electricity bill after the date the **retailer** credits the **rebate** against accounts, after receiving the confidential data set from the **Department**, and to offset it against the **gross amount of the bill** before GST is applied.

- C1.6.2 A **retailer** must identify each **rebate** as a separate credit amount on the **eligible customer's** bill.
- C1.6.3 A **retailer** must use the following description – “NSW Family Energy Rebate” – when crediting the **rebate** to the bill.

C1.7 Arrangements for retailer payment

- C1.7.4 The **retailer** must record the total value of the **rebates** paid by the **retailer**, the **administration fee** claimed by the **retailer** and the number of **eligible customers** based on the figures contained in the **retailer's** system records.

- C1.7.6 Any changes to the **acquittal statement** will be made by the **Department** only after appropriate consultation with **retailers**.

C1.8 Credit balance

- C1.8.2 Where a customer with a **rebate** credit elects to change his or her **retailer** or close their electricity account with a **retailer**, that **retailer** must refund to the customer the credit amount at the date of transfer to the new **retailer** or the date that the customer closed the account with that **retailer**.

PART D

D1. Energy Accounts Payment Assistance (EAPA)

D1.1 Overview

D1.1.1 The **EAPA** Scheme is a NSW Government scheme designed to help **residential customers** who are financially disadvantaged and experience difficulty paying their residential **energy** bill owing to a crisis or emergency situation. The **EAPA** Scheme is administered by the **Department** and is aimed at helping these people stay connected to essential energy services.

D1.1A Retailer assistance to EAPA customers

D1.1A.1 The **EAPA** Scheme is a crisis program and is not intended to offer ongoing income support, nor is the **EAPA** Scheme intended to relieve **retailers** of their obligations to manage their customers' debts in a fair and equitable manner.

D1.1A.2 **Retailers** must consider whether it is appropriate to offer additional assistance to a **residential customer** who has been assessed as eligible for **EAPA** in accordance with the **retailer's** hardship program.

D1.1A.3 A **residential customer** may receive **EAPA**, concurrently with any **rebates**, subject to meeting the eligibility requirements for each particular **social program for energy**.

D1.2 Delivery of EAPA by EAPA Providers

D1.2.1 **EAPA** vouchers are generally issued by **EAPA Providers** using the **Department's** on-line application tool in the form of \$50 vouchers. These vouchers will be sent electronically to the customer's **retailer** by the **Department's** electronic system as a contribution towards the customer's energy bills.

D1.2.2 Rules and procedures for the administration of **EAPA** by **EAPA Providers** are outlined in the **EAPA** Delivery Guidelines.

D1.2.3 **EAPA Providers** are responsible for assessing eligibility for **residential customers** for **EAPA**. **EAPA Providers** can only provide **EAPA** vouchers to **residential customers**:

- (a) whose principal place of residence is in New South Wales;
- (b) who are the primary **account holder** of an authorised energy **retailer** and that account is active; and
- (c) who the **EAPA Provider** has assessed as being financially disadvantaged and experiencing difficulty in paying their **energy** bill owing to a crisis or emergency situation.

D1.2.4 **Retailers** must not inform customers that they will receive a certain amount of **EAPA**. The amount of **EAPA** provided to a customer is determined by the **EAPA Provider**.

D1.2.5 **Retailers** must also make all attempts to assist **EAPA Providers** in complying with the Guidelines (for example, by providing direct, dedicated, free call numbers to **retailer** hardship units and working cooperatively to resolve issues concerning customers).

D1.3 Acceptance of EAPA by retailers

D1.3.1 **Retailers** must have systems in place to process online applications for **EAPA** from the **Department**, including electronic systems as notified by the **Department**, to enable them to deliver **EAPA** in accordance with the **Code**.

D1.3.2 **Retailers** must process within two business days all **EAPA** for individual

residential customers of each **retailer** transmitted by the **Department** and:

- (a) credit the amount reported by the **Department** to the account of each **residential customer** as directed by the **Department**; or
- (b) advise the **Department** of any invalid **EAPA**.

D1.3.3 **Retailers** will report to the **Department** within two business days the outcome of processing of **EAPA** transmitted by the **Department** using the electronic systems provided by the **Department**. This includes vouchers that are approved or rejected under D1.3.4.

D1.3.4 Where a **retailer** identifies that the total amount of vouchers transmitted for a **residential customer's** account will place that account into credit, the **retailer** must reject as many vouchers as required to ensure the account is not placed into credit and inform the **Department** within two business days using the electronic reporting system.

D1.3.5 **Retailers** must accept all valid **EAPA** vouchers offered in payment of an account (except in any of the circumstances specified in clause D1.4).

D1.4 Circumstances where EAPA is not to be used

D1.4.1 **EAPA** vouchers must not be applied to a **residential customer's** electricity or gas account:

- (a) where vouchers would place a customer's account into credit as per D1.3.4; or
- (b) for payment of non-consumption related charges (for example, late fees, disconnection and reconnection fees).

D1.5 Retailers assisting EAPA Providers

D1.5.1 Each **retailer** must have in place a direct dedicated, telephone enquiry number for **EAPA Providers** to contact that **retailer** to confirm the details of a **residential customer** seeking **EAPA**. Calls to this line must be answered or call backs made as soon as reasonably practicable, as an inability to contact a **retailer** may cause difficulties for the **EAPA Provider** in assessing the customer for **EAPA**.

D1.5.2 These contact details must be provided to the **Department** by each **retailer** and any changes must be notified to the **Department** immediately.

D1.5.3 Current contact listings for **EAPA Providers** that are able to assess **residential customers** for **EAPA** are on the **Department's website**.

D1.5.4 **Retailers** are required to provide to their **residential customers** information on Government funded **rebates** and programs, including **EAPA**. This means a **retailer** can refer a **residential customer** to one or more **EAPA Providers** only if the assistance provided to a **residential customer** by the **retailer** is not sufficient to help a **residential customer** resolve their difficulty paying an energy bill or where additional assistance may be appropriate. **EAPA Providers** will assess **residential customers** under the Guidelines and it is at the discretion of the **EAPA Providers** whether or not **EAPA** will be granted to a **residential customer**.

D1.5.5 **Retailers** can also assist their **residential customer** to be assessed for **EAPA** by implementing an appropriate payment plan or making other appropriate referrals, for instance, to a financial counsellor.

D1.5.6 Where a **retailer** refers a **residential customer** to an **EAPA Provider**, the **retailer** must also inform the **residential customer** of the requirement to take their original bill when they attend an **EAPA**

assessment interview.

- D1.5.7 The “original bill” refers to the first issued bill for the current payment period, for which the **residential customer** is seeking **EAPA**. A copy of an original bill supplied by a **retailer** may be considered an original bill.
- D1.5.8 **Retailers** may be required to assist an **EAPA Provider** to establish the details of a **residential customer** seeking **EAPA** (for example, where a **residential customer** does not have an original bill). If a **residential customer** does not have their original bill or receives their bill via email, the **EAPA Provider** will be required to contact the **retailer** to confirm the **residential customer’s** account details.
- D1.5.9 It is generally not appropriate to refer **residential customers** with large debts that have been allowed to accumulate over a long period of time to an **EAPA Provider** without adequate consideration of other options and attempts to assist the customer in accordance with laws and internal policy and without discussing the matter with the **EAPA Provider**. In many cases, an **EAPA Provider** will not be equipped to handle such cases and other types of referrals may be more appropriate (for example, to a financial counsellor).

D1.6 Prohibition on disconnection during EAPA assessment

- D1.6.1 If a **residential customer** is awaiting assessment for **EAPA**, the **retailer** is required to defer electricity or natural gas disconnection until an **EAPA Provider** has assessed the customer.

D1.7 Residential electricity and gas consumption only

- D1.7.1 **EAPA** vouchers may only be used as payment towards electricity and natural gas consumption (cost of energy and standing charges or service to property charges) supplied under a residential tariff (or rural tariff for home electricity and/or natural gas), and only on behalf of the person/s named on the account.
- D1.7.2 If vouchers are presented for payment of non-consumption charges (e.g. late fees or disconnection charges), the **retailer** must advise the **residential customer** that the vouchers have not been applied to their account. The **retailer** must reject any such vouchers and report this to the **Department** within two business days using the electronic reporting system.
- D1.7.3 **EAPA** can only be used for **residential customers** residing in NSW, regardless of their retailer.

D1.8 EAPA vouchers issued by two or more EAPA Providers

- D1.8.1 A **residential customer** may be eligible to be issued vouchers by more than one **EAPA Provider** for each bill and the circumstances of such grants of vouchers will be managed by the **Department** using the **EAPA Delivery Guidelines**.
- D1.8.2 Without breaching the other provisions of the **Code**, a **retailer** will process all **EAPA** transmitted by the **Department** for an individual customer into the electricity or gas account of that customer.

D1.9 Fraud or misrepresentation

If a **retailer** suspects or has evidence that either an **EAPA Provider** or customer fraud or misrepresentation has occurred, the **retailer** must contact the **Department** immediately and then confirm the suspicion in writing, either by letter or email.

D1.10 Voucher storage

Retailers must retain **EAPA** vouchers presented by **residential customers** and

which were valid prior to 1 July 2017 for a minimum of seven years from the date of redemption and make these available for audits by the **Department**, or an agent of the **Department**, upon request.

D1.11 Recording EAPA usage

- D1.11.1 A **retailer** must use the following descriptions for each separate **EAPA** credit amount applied on the bill:
- (a) '**EAPA** Voucher';
 - (b) Date; and
 - (c) Dollar amount credited.
 - (d) For example: Payment History: "EAPA VOUCHER 12/07/2013 \$200".

D1.12 Acquittal statement

- D1.12.1 Reimbursement is made by the **Department** for valid **EAPA** vouchers applied by the **retailer** to **residential customers** accounts, during the previous month.
- D1.12.2 **Retailers** must provide the **Department** with a tax invoice and an **acquittal statement** corresponding to each monthly report. The **acquittal statement** is to state the amount for which the **retailer** is seeking reimbursement. Monthly reimbursement for administration costs must also be claimed at this time.
- D1.12.3 Administration costs are to be calculated based on \$0.80 per bill (per **residential customers** account) regardless of how many vouchers are presented in a transaction.
- D1.12.4 The **acquittal statement** must be certified and signed by an appropriately responsible person nominated by the **retailer**. Each **retailer** must communicate the name of the nominated person/s to the **Department** for verification purposes.
- D1.12.5 For clarity, a **retailer** cannot claim administration costs for **EAPA** vouchers that are not valid or were not applied to an account.

D1.13 Compliance and retailer obligations

- D1.13.1 **Retailers** must establish and maintain accounting procedures and records to enable periodic reports to be prepared to substantiate compliance with the **Code**.
- D1.13.2 **Retailers** must, upon request, provide such reports to the Minister, the **Department** or any auditor appointed by the **Department**.
- D1.13.3 **Retailers** must maintain records to substantiate compliance with the **Code** for a period of seven years.
- D1.13.4 **Retailers** are required to comply with the following obligations in relation to **EAPA**:
- (a) all obligations outlined in A4 of Part A above; and
 - (b) the following obligations in A5 of Part A above: A5.4, A5.7, A5.8, A5.11, A5.13 and A5.14.

All relevant references to rebates in these provisions should be read as a reference to **EAPA**.

- D1.13.5 In relation to **EAPA**, in the event of an inconsistency between the Part A and Part D, Part D is to prevail to the extent of the inconsistency.

PART E

F2.3.3 **The Department** will provide the details of **rebate swap participants** to their **retailer** prior to each **eligibility date**. **Retailers** must check the customer is a **rebate swap participant** and satisfies clause F2.1.1(a) and F2.1.1(b) on each **eligibility date**.

Note: The payment should be applied after the GST-inclusive total has been calculated.

F2.4 Application and Verification Process: Cohort 1B

F2.4.1 **Cohort 1B customers** will automatically apply to receive the **rebate** when applying for the Family Energy Rebate or Seniors Energy Rebate under clauses C1.2, C1.3, E.13 or E1.4, unless a Seniors Energy Rebate recipient indicates they are already receiving the **rebate**.

If the Family Energy Rebate recipient is also eligible for the **rebate** under any other eligibility criteria in clause F2.1.1(c)-(e), the **retailer** must continue to apply the **rebate** in accordance with clause F2.4.1 instead of applying the rebate as a lump-sum under this clause F2.4.3.

In the event of a discrepancy between the information provided by SA about **cohort 2 customers** and the **retailer's** records, **retailers** must use best endeavours to identify **cohort 2 customers** who are entitled to receive the **rebate**.

F2.5.3 **Retailers** must apply the **rebate**:

- (a) as a lump-sum of \$500 to a **cohort 2 customer's** electricity bill; and
- (b) offset against the **gross amount of the bill** after GST is applied.

F2.5.4 **Retailers** must apply the **rebate** to **cohort 2 customers**:

- (a) within 3 months of confirming a customer's eligibility to receive the **rebate**; or
- (b) by 31 July 2024;

whichever is earlier.

F3. NEBR Small Business Payment

F3.1 Eligibility criteria: NEBR Small Business Payment

F3.1.1 To be eligible for the NEBR Small Business Payment a business must be a small customer as defined in the *National Energy Retail Law* (NSW) based on total annual electricity usage across all sites included on that customer's account.

F3.1.2 Despite clause F3.1.1, the following entities are not **eligible small businesses**:

- (a) the Crown in right of New South Wales and the Commonwealth;
- (b) state-owned corporations;
- (c) local councils;
- (d) authorised deposit-taking institutions;
- (e) the Australian Postal Corporation;
- (f) **retailers**, distributors, electricity generators, and transmission operators as defined in the *Electricity Supply Act 1995* (NSW);

Note: the terms Crown, state-owned corporations, local councils, and authorised deposit-taking institutions are all defined in section 21 of the Interpretation Act 1987 (NSW).

F3.1.3 An **eligible small business** may only receive one **rebate** (whether paid through instalments or as a lump-sum), even if that business operates from multiple locations.

F3.2 Rebate amount

F3.2.1 For **eligible small businesses** the NEBR Small Business Payment is up to \$650 for the 2023-24 financial year.

F3.3 Verification Process

F3.3.1 **Retailers** must use their best endeavours to:

- (a) determine the eligibility of a customer by using a methodology in the **methodology document**; and
- (b) ensure that **rebates** are not paid to **ineligible businesses**;

A **retailer** must continue to apply the same methodology throughout the 2023-24 financial year unless otherwise directed by the **Department**. **Retailers** may apply a method alternative to that in clause F3.3.1(a) with approval from the **Department**.

F3.3.2 **On-supply customers** who are also **eligible small businesses** must apply to the **Department** for the rebate in the form designated on the **Department's website**.

F3.4 Application of the rebate

F3.4.1 For an **eligible small business** the rebate must be applied to that customer's electricity account:

- (a) in an instalment of \$162.50 as soon as practicable after an **eligibility date**; and
- (b) offset against the **eligible small business'** bill after GST is applied.

To avoid doubt, **retailers** must pay the **rebate** after an **eligibility date** in accordance with sub-clause (a), even if the methodology selected by the **retailer** does not require eligibility to be assessed at each **eligibility date**.

Note: The payment should be applied after the GST-inclusive total has been calculated.

F3.4.2 The **Department** will pay the NEBR Small Business Payment to **eligible small businesses** who are also **on-supply customers** as a lump-sum.

F3.4.3 A **retailer** must reverse a **rebate** applied to an **ineligible business**

when the **retailer** or **Department** identifies an error.

- F4.1.1 This part F4 sets out **retailer** obligations relating to payment of both the NEBR Household Payment and the NEBR Small Business Payment.

F4.2 Retrospective switching

- F4.2.1 This part F4.2 applies when an **eligible customer** or **eligible small business** switches from their **retailer (original retailer)** to another **retailer (destination retailer)**, and determines which **retailer** provides the **rebate** to avoid double payments.
- F4.2.2 In this part F4.2, **retrospective period** is the period of time between the customer entering into a contract with the **destination retailer** and the date that contract is backdated to.
- F4.2.3 If a customer is a **cohort 1A customer** or an **eligible small business** and the **retrospective period** includes an **eligibility date**, the **original retailer** will assess that customer's eligibility and issue the **rebate** on the next or final bill.
- F4.2.4 If the **eligible customer** is in **Cohort 1B** or **Cohort 2** and the **original retailer** receives a notification of that customer's eligibility or application (as applicable) during the **retrospective period**, the **original retailer** will assess that customer's eligibility and issue the **rebate** payment on the next or final bill.
- F4.2.5 The **destination retailer** will not make any **rebate** payments for or during the **retrospective period**.
