GAZETTE NOTICE

SUBORDINATE LEGISLATION ACT 1989

Stock Medicines Regulation 2024

Notice is given in accordance with section 5 of the *Subordinate Legislation Act 1989* of the intention to make a regulation under the *Stock Medicines Act 1989*.

The draft Stock Medicines Regulation 2024 (the draft Regulation) is proposed to replace the Stock Medicines Regulation 2019 (the SM Regulation) which will automatically be repealed on 1 September 2024.

The SM Regulation is the main instrument used to support the *Stock Medicines Act 1989* (the SM Act). The SM Act sets the foundation for strategic and coordinated management of stock medicines used to treat livestock and other animals for the purposes of protecting the health and safety of humans, protecting the environment, safeguarding the health of stock and other animals and to maintain access to international markets. This legislation is also guided by the *Agricultural and Veterinary Chemicals Act (NSW) 1994* and the *Commonwealth Agricultural and Veterinary Chemicals Code Act 1994*.

Stock medicines play a crucial role in improving productivity and boosting the gross value of production across various agricultural commodities in NSW. In 2022-23, the total gross value of livestock production that made use of stock medicines to maintain animal health and productivity was estimated at \$8.41 billion (\$3.4 billion for beef, \$1.1 billion for wool, \$1.42 billion for sheep and goat meat and \$1.27 billion for poultry meat and eggs).

The draft SM Regulation remakes the SM Regulation with a small number of minor improvements to existing clauses to adhere to current plain English drafting guidelines and to make the regulation clearer. These changes do not alter the function or outcome of the regulation.

The draft Regulation and Regulatory Impact Statement can be accessed via the NSW DPI website at <https://www.dpi.nsw.gov.au/agriculture/chemicals/animal-chemicals/stock-medicine> and the Have your say website at [Draft Stock Medicines Regulation 2024 | NSW Government](#).

Written submissions on the Regulatory Impact Statement and the draft Regulation can be submitted via email at dpi.cabinet@dpi.nsw.gov.au

Closing date for submissions

Submissions close at 11:59 pm on 3 July 2024.

SUBORDINATE LEGISLATION ACT 1989

Fisheries Management (Aquaculture) Regulation 2024

Notice is given in accordance with section 5 of the *Subordinate Legislation Act 1989* of the intention to make a Regulation under the *Fisheries Management Act 1994*.

The proposed *Fisheries Management (Aquaculture) Regulation 2024* will replace the *Fisheries Management (Aquaculture) Regulation 2017* which will automatically be repealed on 1 September 2024.

The *Fisheries Management Act 1994* aims to conserve, develop and share the fishery resources of the State for the benefit of present and future generations, and has among its objectives, the promotion of viable commercial fishing and aquaculture industries, and support for quality charter, recreational and cultural fishing opportunities.

The Regulation allows for the management and administration of the NSW aquaculture industry, which includes the administration of aquaculture leases and permits. It provides details on lease and permit application requirements, annual contributions and lease security requirements, oyster movement controls for biosecurity and the operation of committees.

Amendments to the Regulation are being proposed which aim to:

- Support improved business efficiencies and administrative service provisions, including online transactions.
- Amend annual research contributions to ensure that NSW attracts the full benefit of complimentary Commonwealth research funding.
- Include provisions for commercial farm development plans.
- Change requirements for notification and record keeping of movements of aquaculture stock and equipment, including the removal of restrictions on Pacific Oysters movements.
- Make annual CPI adjustments to fees and charges an automatic process.
- Clarify, streamline and improve the Regulation, including refining administrative processes and timeframes, and introducing new terminology and definitions.

Changes have also been made to ensure that the Regulation is written in line with current standards. These changes do not alter the function or outcome of the Regulation.

The proposed Regulation and Regulatory Impact Statement will be available for public comment and can be accessed via the DPI website at www.dpi.nsw.gov.au/fishing/aquaculture/permit-holder-information/latest-news/aquaculture-regulation or by emailing aquaculture.administration@dpi.nsw.gov.au.

GAZETTE NOTICE

SUBORDINATE LEGISLATION ACT 1989 Agricultural Industry Services Regulation 2024

Notice is given in accordance with section 5 of the *Subordinate Legislation Act 1989* of the intention to make a regulation under the *Agricultural Industries Services Act 1988*.

The draft Agricultural Industry Services Regulation 2024 (the draft Regulation) is proposed to replace the Agricultural Industry Services Regulation 2015 (the AIS Regulation) which will automatically be repealed on 1 September 2024.

The AIS Regulation is the main instrument used to achieve the objectives of the *Agricultural Industries Services Act 1988* (the Act). The regulation currently applies solely to the Wine Grapes Marketing Board, which is trading as Riverina Winegrape Growers (the RWG).

The Act provides for the constitution and functions of agricultural industry services committees. The committees may provide a range of services for primary producers of agricultural products in specified areas of NSW such as marketing and promotion, and information for the control of pests. The RWG is the only agricultural industry services committee constituted under the Act.

The AIS Regulation is due for staged repeal on 1 September 2024. It is proposed to re-make this regulation with minor amendments by updating a small number of existing provisions to:

- Change the corporate name of the Wine Grapes Marketing Board to Riverina Winegrape Growers
- Change the definition of a meeting quorum of the agricultural industry services committee to improve flexibility
- Remove an outdated reference to the former Greater Sunraysia Pest Free Area Industry Development Committee.

Some other minor amendments have been made in the draft AIS Regulation 2024 to adhere to current plain English drafting guidelines and to make the Regulation clearer.

The draft Regulation and Regulatory Impact Statement can be accessed via the NSW DPI website <https://www.dpi.nsw.gov.au/about-us/legislation/list/agricultural-industry-services/draft-agricultural-industry-services-regulation-2024> and the Have your say website at [Ag Industry Services Regulation 2024 | NSW Government](#).
